"As I researched into the subject of Zionism, I found the Jew not even bothering to cover up this aim of World Domination. With the most monumental disdain for the boobs they call the Goyim, they openly declare that they spurned offers of much better national 'homes' for the Jews than Palestine — places where it would not have been necessary to exile and make homeless a million helpless Arabs — but the Jews arrogantly demand Palestine 'because it is the center of the world'! . . . their chosen seat of eventual world power."

## 1975 Fall Building Fund Announced; Major New Plan Starts

All National Socialists should have received by now direct word from the Commander concerning the Party's new three-year-plan to bring the Party to the attention of hundreds of thousands of new people and to make it an American political force. The success of this plan will lay the basis for a mass-movement phase by 1978 — the third of a four-phase blueprint for gaining National Socialist power in America.

Commander Koehl emphasized that the first priority of the Party in readying itself for this immense "tooling-up" operation would be the securing of qualified personnel, and especially married individuals whom the Party has up till now been financially unable to hire. This is the crucial problem that must be solved before all others, he said. In addition, a number of local electoral campaigns and special ST operations in different cities are to be launched.

To accomplish these aims, it is essential that we raise at least \$88,888. The quota of the 1975 Fall Building Campaign — which ends 24 December — is just \$11,111. The attainment of that goal will represent one-eighth of the total three-year amount sought. There should be no real difficulty in reaching the \$11,111 goal (several thousand less than the 1974 Fall Building Fund goal), provided all National Socialists pitch in.

All comrades are asked to do their best, and unit leaders are asked to make every effort to ensure the success of this campaign. The performance of each unit will be shown in the coming NS Bulletins. As Commander Koehl said, "The important thing is that you do all you possibly can to make this drive an overwhelming success."

## University of West Virginia Hosts National Secretary

On 21 October, National Secretary Cliff Ward spoke at the University of West Virginia at Morgantown. The great NS film, *Triumph of the Will*, was shown. Many students were attracted to the movie and stayed to hear the National Secretary explain the National Socialist movement. During the engagement, several new subscribers to *WHITE POWER* were signed up as Official Supporters, and several other students took out subscriptions.

## L.A. Unit Draws Wrath of Reds & System

On 16 October, TL Martin Kerr attempted to speak to an audience of 350-400 students (mostly Black), at the invitation of the Student Government at the Los Angeles Harbor College.

The speaking engagement had received considerable advance publicity, allowing anti-Party opposition time to organize. Prior to TL Kerr's arrival on campus, a Red group named the Communist Labor Party had been agitating Black and Jewish students, and passing out leaflets calling for "oppressed peoples" and "workers" to "smash the Nazi Party."

After considerable hesitation, Comrade Kerr and ST Hummer were allowed on stage. Despite the immediate howls and chanting from the niggers and the Reds, Comrade Kerr attempted to speak for nearly a half-hour. By that time, the opposition had worked up their courage and began to push past the campus security force and onto the stage. At this point, TL Kerr and ST Hummer were hustled off stage and off campus.

Later that day, Comrade Bruce Mathews spoke to a predominantly Mexican audience at East L.A. College. A standard talk on the history of the Movement, as well as its aims and goals, was given, followed by a lengthy question and answer period.

Despite the hostility of a few Black and Mexican students, the speaking engagement was otherwise uneventful, and most of the

The same day, Unit Organizer Martin Kerr wrote an answer to Chief McGowan's anti-National Socialist letter, which is herein shown.

## Scuffle Erupts as Nazis Picket

A scuffle erupted in the 600 block of East Colorado Boulevard in Pasadena Saturday afternoon as members of the National Socialist White People's Party (Nazis) picketed an adult bookstore. Five anti-Nazi demonstrators were arrested.

The incident occurred as eight uniformed Nazis, wearing swastikas on their sleeves, circled in front of the Lil Bit of Heaven bookstore before a tense and angry group of about 35 people.

Pasadena police said they made one arrest after a woman in the crowd deflected a Nazi placard and shoved it into a Nazi member's chest. Other arrests, officers said, involved a man who spit at the Nazis, a man and a woman who interfered with police, and a man who used offensive language.

Booked on suspicion of battery and resisting arrest was Patricia B. Silva, 21, of Montebello. In addition, police said, Charles K. Sheedy, 29, of Monterey Park, and Charlotte Miller, 25, of Santa Monica, were booked on suspicion of interfering with an arrest.

Also booked on suspicion of battery was Isaac Richard, 18, of Navarro Avenue in Pasadena. A final man, Vincent Perkins, 20, of Summit Avenue, was booked on suspicion of disturbing the peace.

### Los Angeles HQ Bombed

At 3:05 a.m., on 29 October, a pipe bomb was exploded in front of the L.A. HQ, Damaging a small corner of the building.

The explosion, which followed threats by local Reds, was immediately reported to the local police, who arrived shortly thereafter along with fire department personnel. Upon further investigation, pieces of bent pipe and gasoline containers were discovered on the yard around the HQ. No injuries were sustained from the incident, and damage to the HQ was incidental and easily repairable. District and police officials are continuing their investigation into the incident.

### Sacramento NSYM Organize!

On 22 October, NSYM personnel in Sacramento received wide-spread television coverage of their activities in area high schools. Channel 13, on its evening news program, aired a feature on the "sudden increase in Sacramento schools of Nazi hate literature." It interviewed the principal of one school, who blamed the Party for "creating a chaotic situation in my school," and who read portions of Party leaflets for the benefit of the viewers. At the conclusion of the report, a camera zoomed in on the "White Power!" slogan on the reverse side of one leaflet.

Dear Chief McGowan:

This is to acknowledge receipt of your letter of 23 October. Please be advised that the National Socialist White People's Party has no intention of abandoning its program of activities designed to help the white people of Pasadena because of threats or intimidation either by City or Police Officials.

Furthermore, we do not recognize your authority to speak for the citizens of Pasadena, many of whom -- including police officers -- are supporters of ours, or have expressed sympathy with our point of view.

Also, we do not recognize your authority to tell a legitimate political party such as ours that it is "not welcome" in Pasadena.

You have my personal assurance that all of our activities in Pasadena, as elsewhere, will be of a strictly legal nature.

On a different note, I would like to take this opportunity to give my highest commendation to the manner in which Pasadena law enforcement officers behaved at the anti-pornography demonstration held by the Party on Colorado Blvd. on 25 October. Their professional and fair-minded behavior should be a source of pride to you and the City.

For a White America,

*Martin Kerr*

## Chief Advises Nazis to Stay Out of Pasadena

PASADENA—Police Chief Robert H. McGowan has advised the American Nazi Party that it never will be welcome here under any conditions.

In a letter to Martin Kerr, one of the leaders of the party's western unit in El Monte, McGowan noted that the National Socialist White People's Party (the Nazis) on several occasions over the last 18 months has "directed their attention to matters in the city of Pasadena."

McGowan said, "I am writing this letter in order that you and your associates may be personally advised that you are never welcome in this city by the Pasadena Police Department under any conditions."

McGowan's letter comes in the wake of concern in the black community over threatening letters which were received by eight community leaders, and the reported stringing-up in a tree last month of a retired black minister.

McGowan did not specify what in-

cidents the Nazis have been involved in over the last 18 months. However, some Nazi members were ordered off the Pasadena High School campus several months ago. At the same time racist pamphlets were being distributed on the campus and since have been distributed in some white neighborhoods.

The Nazis have announced the intention to concentrate on the school integration issue in Pasadena.

McGowan's letter said, "Your extremely unpopular political views are of great concern to the citizens of Pasadena and inherently create the potential for disruption in our city."

"Should your organization appear in Pasadena in spite of the fact that you are not welcome here by citizens or law enforcement, you may be assured that we will insist on compliance with the law in the strictest sense and that any violations will be strictly prosecuted."

Within a couple of days after the initial publicity, two other school activists in Sacramento ordered quantities of Party literature for distribution in their schools.

## ST Return to San Francisco; Picket Jew Porno Shops

On 18 October, a group of Northern California ST staged an anti-porno demonstration in the heart of San Francisco, scene of a recent riot when ST men conducted a similar demonstration there on 27 September.

The uniformed contingent proceeded in the Tracy Unit's personnel carrier to the downtown staging area. The contingent disembarked and began picketing in front of one porno store. After awhile, a crazed Jew lunged at the contingent's banner. Two ST men quickly pinned him up against a wall while a third contained his filthy remarks by grabbing his throat. A policeman then jumped into the action and hauled the Jew away. This was the only incident throughout the demonstration, which attracted great numbers of onlookers and received objective treatment on TV channels 4, 5 and 7.

## Jews Push for New Nazi Curbs

By Jean K. Carney  
of The Journal Staff

In an effort to find a constitutional way to stop Nazis from passing out hate literature, the Milwaukee Jewish Council has proposed an addition to the city's disorderly conduct ordinance.

Sol Sorrin, the council's executive director, said in a letter released Tuesday by City Atty. James B. Brennan that the Milwaukee Jewish Council Board would support an ordinance opposing Nazis that it feels has a better chance of being held constitutional than an ordinance suggested by Brennan.

A group of Jewish attorneys proposed the following amendment to the city's disorderly conduct ordinance:

"Abusive conduct includes, but is not limited to, the expression by any means of contempt, ridicule, or derision of a race, color, religion, national origin or ancestry of any person, group, organization or members thereof."

The city attorney's office has been unsuccessful in prosecuting Nazis distributing literature in schools under the present disorderly conduct ordinance. Under that law, a person faces a \$200 fine for engaging in violent, abusive, indecent, profane, boisterous, unreasonably loud or otherwise disorderly conduct under circumstances in which the conduct tends to provoke a disturbance.

After failing to convict the Nazis under that ordinance, Brennan's office suggested an ordinance that would prohibit

distributing items exposing any race, color, creed or religion to contempt or derision that could lead to a breach of peace or riots. An attorney for the League of Wisconsin Municipalities has called that ordinance unconstitutional. Sorrin's group agrees.

The Jewish Council's proposal would authorize police to arrest Nazis when violence was threatened, whereas Brennan's proposed ordinance requires actual violence before an arrest, Sorrin's letter said.

Brennan's ordinance has not yet been scheduled for a hearing before the Common Council's Judiciary and Legislation Committee.

Brennan said the Jewish community here had been split on whether discussion of a proposed ordinance would do

more harm than good by publicizing Nazism. He said Sorrin's letter indicated that the Jewish community here wanted a hearing on proposals to curb Nazi conduct.

### Nazi Charged

The city attorney's office Tuesday charged Dale Enders, 21, of 3049 W. Lisbon Ave., a member of the Nazi Party, with battery as a result of a street confrontation Oct. 18 in the new Mitchell St. mall.

Enders was accused of striking William Neufeld, 4108 N. 97th St., in the face with his fists and kicking him in the leg with his military boots.

Witnesses said Nazis were passing out literature and taunting members of the Concerned Jewish Citizens and some Polish war veterans when a struggle broke out.

## Notes From NS Publications

1. Due to the Postal Service's announced rate increase, effective 1 Jan. 1976 all orders to NS Publications should include 10% postage instead of the present 5% on books and records.
2. Swastika stickers, bumper stickers and super stickers have been reprinted and are again available in quantity at the same prices.
3. Readers are again reminded that effective 1 Jan. 1976 WHITE POWER subscription rates will increase to \$4 for a one-year subscription, \$7 for a two-year and \$65 for a lifetime subscription. Persons thinking of signing up new subscribers or giving gift subscriptions should do so now to take advantage of the present rates before they change.
4. We have a problem: In past years we have been swamped with requests for photos of our congresses. To accommodate similar requests this year — and to raise badly needed funds for the Party — we went ahead and placed orders against anticipated requests for both black-and-white photos and color slides, all at a considerable cash outlay. So far, the response — particularly on the slides — has been negligible. It would seem that everyone who attended the last Congress, as well as many who could not attend, would want a photographic souvenir of this historic event. In any event, it is imperative that we move the limited supply we have. Unless we do, there is some question whether we shall again make this particular service available at future congresses. The black-and-white prints are \$10, and a set of color slides cost \$16. Both sets go for \$24.
