"This self-sacrificing will to give one's personal labor and if necessary one's own life for others is most strongly developed in the Aryan. The Aryan is not greatest in his mental qualities as such, but in the extent of his willingness to put all his abilities in the service of the community. In him the instinct of self-preservation has reached the noblest form, since he willingly subordinates his own ego to the life of the community and, if the hour demands it, even sacrifices it."

FALL BUILDING CAMPAIGN PASSES GOAL !

National Headquarters is pleased to announce that the Party passed its Fall Building Campaign goal of \$11,111 in mid-November — less than half-way through the drive! Last month Party supporters and members together raised exactly \$8,726.20, which breaks October's record amount of \$7,496.36. This gives us a total of \$16,222.56 in the Campaign, as of 30 November. This, of course, is not the final tally. There is still one month left to go in this drive and we expect an even higher total. In any event, this is the most successful Fall fund-raising drive in Party history.

This success is largely due to the \$5,000 contributed by one generous comrade from New Mexico. Also, 21 National Socialists helped out considerably by giving \$88 or more last month. Altogether, comrades from 28 states and two Canadian provinces, as well as countries overseas, gave to the Campaign in November. Their initials and amount of their contributions are listed at the bottom of page 2.

Adding the November results to the overall tally for the Three-Year Plan gives us a total of \$36,878.54, or 41% of the goal of \$88,888. Despite the overwhelming success of the Fall Building Campaign so far, we are still behind schedule, although the gap is steadily decreasing. At this point — with 45% of the time allotted for the Plan passed — we should have raised \$40,000. Those comrades who were unable to give as much as they would have liked during the Fall drive may still do their share by helping to get the Plan back on schedule after the Campaign ends on 31 December.

Jews Interrupt Appearance by Commander on Network TV

The producer of the Tom Snyder "Tomorrow" show had invited Commander Koehl to appear in a half-hour segment on its 24 November program to discuss the National Socialist movement today, after which he was to debate John Toland, author of the book, *Adolf Hitler*.

But as the TV cameras rolled and an estimated six million viewers watched the Commander calmly demolish, one by one, the standard stereotype allegations against National Socialism, the Jews in the studio became uneasy. When the Commander declared that National Socialism today had the actual and potential sympathy of 10 to 20 million persons across the country and as he was about to elaborate, moderator Tom Snyder got a quick cue from the Jew producer, *Fred Friendly*, and the Commander was abruptly "thanked" — after appearing less than 15 minutes and without having been asked one single question about the Party or the contemporary Movement he represents.

And instead of the scheduled debate, John Toland, the pseudo-objective, self-appointed, Jew-anointed phony (who apparently succeeds the discredited Alan Bullock and William L. Shirer as the newest "expert" on National Socialism) was given the Commander's unexpired time and the rest of the show to spew forth unchallenged his lies and insults against the Leader, National Socialism and its Commander. Apparently this impostor and his Jewish sponsors realized that his half-baked conclusions and transparent arguments could not survive direct confrontation with a genuine National Socialist.

Commander Visits Chicago Headquarters

On 28 November, Commander Koehl spoke before a gathering of National Socialists at the Midwest Regional Headquarters in Chicago. Noting the considerable progress that was made since his last visit, he congratulated Capt. Syrdahl and the Chicago comrades on their outstanding accomplishment. He told them that what they had achieved was the result of loyalty, discipline,

hard work and sacrifice, and that it was nothing short of a small miracle.

The Commander went on to describe the desperate situation confronting America and the White race today. Pointing out that at a time when our people are facing an organized attack from our enemies, the White race itself is confused, disorganized and divided in a materialistic, rat-race society. To survive, he said, will require a unity based on an idea that transcends all individual differences — that idea being National Socialism. He defined National Socialism as very simply the organized will of our Race.

The Commander went on to declare that there was much to be done, particularly in the Midwest, where the Party must intensify its political efforts. With this in mind, he called upon every comrade to help form a solid foundation in the White community.

In conclusion, the Commander announced a new goal for the local Party unit, namely, to pay off the mortgage on the Chicago headquarters building by the end of 1977. Although this is a tremendous undertaking, he expressed his confidence that just as our comrades had accomplished miracles in the past, so they would meet this newest objective. To assist the local National Socialists and to get them started, the Commander presented Capt. Syrdahl with a check for \$5,000.00 toward the building, adding that the local unit would have the full support of the national Party in its new task.

Ralph and Dolores Baisley

National Headquarters was saddened to learn of the tragic deaths on 10 November of Party Supporters Ralph and Dolores Baisley of Oroville, Calif., who were senselessly murdered following a long-standing land dispute with a hostile neighbor. Mrs. Baisley, who is survived by her sons, Paul and Wayne Raymond, of Tracy, had long been active with the Party and was present at the famous anti-busing demonstration before the San Francisco Board of Education in January 1974.

On behalf of the entire Party, we send our deepest condolences to the family and relatives of the Baisleys. They will be greatly missed by all comrades who were fortunate enough to know them.

Chicago Activists Demonstrate Against Reds, Zionists

On 23 October a team of ST from Chicago drove to Milwaukee in their White Power van to participate in a leaflet distribution there. While passing through the city, the troopers came upon a group of creeps carrying provocative Marxist picket signs. Unable

A SPECIAL REQUEST

To the person who recently sent in a poem written circa 1922 by Adolf Hitler: Please contact National Headquarters as soon as possible.

to pass up the opportunity, the ST men leaped out of the van and tore up the placards, sending the creeps scurrying. The team joined Milwaukee Unit activists afterwards, and participated in a successful literature distribution to thousands of White people.

On 31 October Chicago activists held demonstrations against both Communism and Zionism. Starting off with a picket of the Chicago hotel where the Socialist Labor Party candidate for president, Jules Levin, was speaking, the demonstrators carried signs with the slogans "FREE AMERICA" and "SMASH COMMUNISM." None of the Reds took any action against the National Socialists, but several of them were seen peering out of windows inside the nice, warm, safe hotel.

Later, the NS activists held a march to the Bank of Israel in the downtown business area. Because of exceptionally fine weather that day, the National Socialists were seen by large numbers of people as they carried signs reading "NO ARMS FOR ISRAEL," and "SMASH JEW-CONTROLLED BANKING."

As the Holiday Season approached, unit activists made merriment in the streets with an NS Santa Claus — much to the delight of local Aryan children. (See photo above.)

Northern California ST Scatter Communist Counterpickets

Learning that the "world famous Nazi hunter," Beate Klarsfeld, was to speak at a San Francisco hotel on 27 October, the Tracy and San Francisco units decided to protest the appearance of this anti-Aryan slut.

On the appointed evening, two teams of ST formed up and marched toward the demonstration site. As they approached the hotel, they could see that Communists and the media were out in force. About 20 Reds were marching up and down the sidewalk, each carrying Red flags on heavy poles and chanting "Death to the Fascists!" Without hesitation, the ST column marched right into them — and the battle began. The ST started by taking away the Communists' flag poles and using them to "persuade" the Reds to run for safety. The Marxists tried to make a stand, but were quickly put out of action by the troopers. After the interruption, the National Socialists got back in formation and held their planned demonstration without further incident.

TV cameramen from three stations filmed the entire action and footage of the fight was shown on the next day's news broadcasts.

Milwaukee Unit Pickets Pro-Red Motel

Earlier this year, the Milwaukee Unit secured a written contract with the Downtowner Motor Inn for the use of one of its meeting halls for an anti-integration rally. Various Jewish groups subsequently got wind of this and got the owners to break the contract, denying the Party the use of the facility it had rented. Since then, however, the motel has repeatedly let various Marxist groups use its halls — which shows where the management's political sympathies lie.

The Milwaukee Unit decided to expose the hotel's pro-Red bias to the general public and potential patrons by launching a series of picket demonstrations. The first of these took place on 11 November, and gained publicity in the *Bugle American* and on local radio stations.

The next night, the Unit held another picket of the motel, with the uniformed demonstrators carrying signs pointing out the owners' pro-Communist, pro-Jew and anti-White bias. After a short time, a ridiculous herd of Hebrews from the so-called Concerned Jewish Citizens showed up, carrying tattered signs and shouting such absurd chants as "the Nazis are anti-White!" Needless to say, the kosher group did not impress very many White passersby.

On 20 November local activists participated in a third picket of the inn. As the ST blocked the entrance to the motel, urging Whites to boycott the establishment, the CJC gathered across the street, trying to tell people to patronize the pinko establishment. In yet another demonstration of insanity, the CJC sent most of their members to the same side of the street as the National Socialists, thus thickening the sidewalk so as to make it nearly impassable to any potential motel guests. Not long after, a motel employee came out from a side entrance and asked the Party demonstrators if they would please leave, because the NSWPP was hurting their business!

Further demonstrations are planned against the motel as long as it maintains its pro-Red, anti-White stance.

Tracy National Socialist Makes Appearance on Local TV

On 17 November, Tracy Unit Secretary Rick Cooper represented the Party on the "Morning Scene," a half-hour talk show put on by a Stockton, Calif., television station hosted by a light-skinned Negro. In the time allotted to him, Comrade Cooper was able to give a complete and candid rundown on the Party — from its program of racial separation and repatriation to the difference between the NSWPP as a legitimate political organization and crack-pot, government-sponsored pseudo groups posing as "National Socialist." In the latter part of the show, a viewer call-in session took place, in which many people asked questions about the Party and expressed their opinions.

As Comrade Cooper left the station, a White technician said that although many people secretly agreed with the Party, they could

not come out in the open yet. Later in the day, other Whites, who did not know Cooper personally, said they recognized him from the TV program and that they were impressed by his presentation.

The "Morning Scene" has many thousands of viewers in the northern San Joaquin Valley, and many new sympathizers were attracted to the Party.

NS Activists Continue Picket of Porno Theater in Houston

National Socialists do not easily scare — they stand their ground and demand their rights! To prove this, local Party men picketed the "Academy Adult Theater" in downtown Houston — the same smut house that three ST men were falsely arrested for picketing at an earlier date. (See NS Bulletin no. 209 for details.)

Local Organizer Jimmy Clendennen described the activity, which took place on 6 November: "On this night we decided to totally defy the Jews and the System and picket the same spot again. Our demonstration was held on the sidewalk in front of the theater and lasted about an hour. A crew from the local ABC television affiliate covered our entire activity. The news media and ourselves were prepared for action, but except for the usual heckling there was no trouble or incidents."

The uniformed personnel in the activity carried an American flag and signs reading "WHITE POWER" and "BAN JEW SMUT," which won the approval and support of many passing Whites. While the picketing was in progress, Party newspapers and "Race-Mixing Stinks" leaflets were distributed.

+++++

On 18 November, Party activists picketed the Zionist "Israeli Chassidic Festival" in downtown Houston, with signs reading "WHITE POWER!" and "DUMP ISRAEL!" Although a large police contingent was nearby keeping an eye on the demonstrators, the order and bearing of the National Socialists won the respect of the White police. Except for the usual heckling and obscene gestures from upset Jews, there were no incidents or disturbances.

Louisville National Socialist Denounces Abortion of Whites

On 30 November Party activist Irvin Halbleib represented the Party before an audience of 200 at a public hearing concerning the expansion of the city hospital's abortion clinic.

In his remarks, Comrade Halbleib denounced the abortion movement as a Jewish and Communist-inspired conspiracy against the White unborn. He suggested that instead of aborting White babies, we should abort the cancer of Jewish Communism from our political and social fabric.

After the Party spokesman delivered his address, a reactionary representative of the local Right-to-Life group rushed to the platform to assure the audience that the Jews were indeed not behind abortion, and took elaborate pains to explain that the National Socialist views were in no way representative of his group's stands. Comrade Halbleib subsequently denounced the kosher conservative for his cowardice in failing to acknowledge that the Jews are the chief antagonists of the pro-life cause — except in the case of Jewish fetuses. He supported his statement by pointing out that a large number of Jews had spoken earlier in the hearing, all of them unanimously in favor of abortion.

The National Socialist's participation in the event had a significant impact on the broad cross section of the community present, and received mention in the city's two daily newspapers the next day.

Important Note on Chicago Address

All persons corresponding with the Chicago Unit or the Midwest Regional Headquarters should send their communications to Box 5865 — Chicago, Ill., 60680, and not to the local street address.

Notice to NSYM Personnel

Because of increased costs in printing and mailing of Party publications, NSYM personnel will be required to pay yearly dues of \$5 as of 1 January 1977.

From the Membership Secretary

1. New Official Supporter cards for 1977 will be issued in the last half of January. Supporters are reminded that their status will continue after the 1976 card expiration date as long as their obligations are met. A new card will be issued as soon as pledges for the first three months of 1977, or \$30 (whichever is less) are remitted.

2: Current Party membership cards are good through 31 December 1976. To receive a 1977 card, members should be sure that their dues are paid up and that they send in a front-view passport-type photo.

A Note to Fall Building Campaign Contributors

We ask the patience of those Fall Building Campaign contributors who have given \$88 or more and have not received their special photo of the Leader or their copy of *The Hoax of the Twentieth Century* as a token of appreciation. The supply of these items are already exhausted, but are presently being re-ordered. Those entitled to receive the book and/or the photo can expect them sometime after the first of the year.

WHERE THE ACTION IS!

The Eighth Congress of the National Socialist White People's Party will be held over the Labor Day weekend, 3 — 5 September 1977. The location will be announced in a future issue of the NS Bulletin. This notice is given well in advance to enable everyone to keep that weekend open and plan to attend.
