"WE BELIEVE that Adolf Hitler was the gift of an inscrutable Providence to a world on the brink of Jewish-Bolshevik catastrophe, and that only the blazing spirit of this heroic Man can give us the strength and inspiration to rise, like the early Christians, from the depths of persecution and hatred, to bring the world a new birth of radiant idealism, realistic peace, international order, and social justice for all men."

## Three-Year Plan Now Past Half-way Mark!

Thanks to the tremendous response of Party supporters throughout the Nation, the Three-Year Plan surged ahead during the month of April with a total of \$3,824.36. Of this, \$993.93 was raised before the special appeal, and \$2,830.43 after the appeal, making our new total \$47,732.70. Comrades from 29 states and four foreign countries gave money to the Plan during this 30-day period.

Despite this great response, the Three-Year Plan is still lagging behind nearly \$7,000. With only one year left to our target date of 20 April, 1978, we have raised only 54% of our goal of \$88,888. We should have raised 61%, or \$54,222, by this time. In order to get caught up we must raise over \$10,000 to meet our goal of 14,000 by 16 July.

If all comrades would endeavor to give money to the Plan on a regular monthly basis instead of just when a special appeal is made, it would help greatly.

Another factor to consider is the approach of summer. Ordinarily Party contributions decline during the summer months, as people take time off for their vacations. Be sure to plan ahead, so that you don't neglect the Cause in your planning. It would be helpful to make your donation *before* your vacation. If you are a bit short right now, perhaps you could consider applying for a low-interest loan from the credit union at the company where you work.

Enclosed with this Bulletin you will find the reproduction of the cover of a recent issue of *Interracial*, a magazine openly working to promote White/Black marriages. Look at the picture on it very carefully. Read the "letter from the President" on the back. These scum are working night and day to push race-mixing. They are sparing no expense to spread their interracial filth. Are we National Socialists going to do less? Of course, there may be some who call themselves National Socialists who would rather complain than *do* anything about the problem. They would rather put forth the excuse that they cannot afford to help out more. Many times this is the case, but other times this is just a hollow excuse. Each National Socialist should ask himself not whether he can afford to give more to the Three-Year Plan, but whether he can afford not to! Look at the wedding picture of that charming interracial couple once again — *and then make your decision.*

We realize the burden this places on everyone, but it is absolutely necessary for the Party to have this financial base if we are to succeed in the difficult months and years ahead.

The Party extends its sincerest thanks to those who have contributed to the Three-Year Plan during the last month, and especially to those who have made two or more contributions. Their initials and amounts of each contribution are listed on the next page.

## 'ONE RACE — ONE MOVEMENT — ONE LEADER!'

Commander Koehl has announced that the theme for the Eighth Continental Congress of the National Socialist White People's Party will be: 'ONE RACE — ONE MOVEMENT — ONE LEADER!' Unlike past congresses,

attendance to the Eighth Congress will be highly restricted. Only those selected by National Headquarters as official delegates (and a small number of observers) will be allowed to attend.

As previously announced, this year's Congress will be taking place in Arlington, Virginia, the cradle and spiritual center of post-War National Socialism. Those selected as delegates should start making their travel plans immediately, as the Congress is less than three months away.

Further details concerning the Congress will appear in the Bulletin as they are announced.

### National Socialists Gather to Celebrate the Birth of Adolf Hitler

During the week of 16-23 April, National Socialists around the world met to pay homage to the immortal spiritual Leader of the National Socialist movement - Adolf Hitler. Below are a few of the major celebrations held in the United States:

**ARLINGTON:** Commander Koehl gathered with Party comrades from the Eastern Seaboard on 23 April for the National Headquarters Hitlerfest. Soul-stirring ceremonies at an outdoor location were led by the Commander, which included a march by the Stormtroops, an address by the Commander and the lighting of a tremendous bonfire.

**CHICAGO:** Comrades gathered on 20 April, the Leader's birthday, to view the National Socialist film masterpiece, *Triumph of the Will*.

**LOS ANGELES:** Comrades from the Los Angeles North, Los Angeles South and San Diego units met on 16 April for a full day of National Socialist activism. During the day, an ST march and demonstration were held in downtown Pasadena. That evening, a public meeting honoring the Leader was held, which was well attended.

**MILWAUKEE:** On 16 April, 40 Party activists and supporters gathered in Milwaukee to commemorate the birth of Adolf Hitler. Stormtroop Chief-of-Staff Cedric Syrdahl led the ceremonies. A special collection was taken for Party building purposes, and \$1,750 was raised. Afterwards there was a showing of *Triumph of the Will*.

**SAN FRANCISCO:** On 17 April, National Socialists and guests from the San Francisco and Tracy-Stockton units met in San Francisco for a Hitlerfest. Nearly 50 people attended this meeting. Several movies were shown, including a film documentary produced by the Party on its local activities in Northern California, and *Triumph of the Will*.

# RICHARD JOHANSON

April 30, 1945 - April 29, 1977

On 29 April of this year Party Comrade Richard Johanson, who was serving as Corresponding Secretary at National Headquarters, was killed in an automobile accident outside Arlington. Comrade Johanson was born in Oakland, Calif., on 30 April, 1945, where he grew up. After high school, he attended the University of California at Berkeley, where he earned a baccalaureate in zoology. Following graduation, he worked as a security officer, a salesman, and a school instructor in Northern California. Five years ago, he joined the National Socialist White People's Party, and from that time, until his death, he was a dedicated, loyal and persistent fighter in Matt Koehl's army.

Comrade Johanson is perhaps best known for his race for San Francisco school board last November, when he won nearly 8,800 votes, the highest vote-total ever received by a Party candidate. Shortly after the election, he relocated to Party National Headquarters, where he worked until his death.

We will miss Comrade Johanson in the days and years to come, but we will never forget him.

## Pasadena Mayor, Police Chief Vow Protection for Local Reds

Pasadena Mayor Glenn White has joined with Pasadena Police Chief Robert McGowan in promising to protect the local headquarters of the Trotskyite "Socialist Worker's Party" from the Los Angeles North Unit of the NSWPP. The SWP has issued a series of whining, cry-baby complaints that the Party has been harassing them. Evidently the Pasadena Reds received death threats over the phone and have had their front windows broken out, among other things. What they don't seem to realize is that these acts have not been committed by the Party, but rather by the good White people of Pasadena who are disgusted and outraged by their anti-White, nigger agitation.

Unable to defend themselves, the Marxists have turned to the System for protection, and the corrupt anti-National Socialist politicians of Pasadena have been only too glad to use this excuse to harass the L.A. North Unit.

Despite what the Communists and the System lackeys allege, the Party's activities against the SWP have all been of a strictly legal and non-violent nature. Reproduced to the right is a front page article from the *Pasadena Star-News* showing the collaboration between the City of Pasadena and the Socialist Worker's Party.

## Socialists promised 'protection'

By SCOTT HERHOLD  
Staff Writer

Pasadena Mayor Robert Glenn White, responding to charges the local Socialist Workers' Party (SWP) has been harassed and threatened, said Wednesday the city "does not countenance actions of violence from any quarter."

In a letter to Holbrook Mahn, an SWP representative, White affirmed the city intends "to use all of its law enforcement and other resources to ensure full protection of the law" to all citizens.

The letter came after a meeting Monday that was attended by White and representatives of the SWP, the police department and the city's human relations committee.

SWP leaders say their headquarters at 226 N. El Molino Ave., Pasadena, has been vandalized several times by members of the

National Socialist White People's (Nazi) Party.

In late February, they claim to have received a death threat from a man who identified himself as a Nazi.

A district leader of the Nazi Party in Pasadena, Martin Kerr, has denied the charges, saying his organization does not practice violence.

Although White's letter did not mention the Nazis by name, it did say "any group that incorporates violence and physical intimidation as a part of its program, such as the group that has apparently threatened, if not actually committed acts of violence against your offices and individuals there, is not welcome in this city."

Meanwhile, the Pasadena Board of City Directors has scheduled a 15-minute period next Tuesday to listen to speaker supporting the Socialist Workers' claims.

The SWP has complained the police investigation into vandalism at its headquarters is inadequate.

Deputy Chief Thomas Winders, however, has said that a substantial probe failed to uncover evidence warranting prosecution.

## NOTICE TO ST PERSONNEL

There will be a Stormtroop Encampment held in the Midwest on the weekend of 23-24 July. If you are interested in attending this event, you must first contact the ST Administrative Secretary at National Headquarters. NHQ will then send you all the information concerning the whereabouts of the encampment, items you will need to bring, and other pertinent information. All ST personnel are invited to attend, and if you need transportation, indicate this in your letter to NHQ, as some arrangement might be worked out.

## Chicago Unit on the March!

Unit Organizer Steve Lynch reports that the Chicago Unit's regular program of activities has been meeting with much success in recent months. Below are the activities conducted by the Chicago Unit during the month of April alone:

- 2, 9, 16, 30 April — WHITE POWER newspaper street sales
- 6 April — Monthly ST meeting
- 13, 27 April — Literature distributions
- 17 April — Stormtroop march and demonstration at Madame Curie High School.
- 30 April — Rudolf Hess demonstration in downtown Chicago (see photo)

The response received by the Chicago Unit to these activities has been increasingly favorable, and very encouraging. Comrade Lynch reports: "The sight of Stormtroopers on local street corners is something people now take for granted in Chicago, and the support continues to grow."

## Organizational Secretary Addresses Students

On 1 April, 1977, Organizational Secretary Harold Mantius spoke before the "The Jefferson Society" of the University of Virginia in Charlottesville. Before a gathering of between 80 and 100, Mr. Mantius lectured on the intellectual and spiritual foundations of National Socialism, contrasting them to those of liberalism. Summing up, Mr. Mantius noted: "Whereas National Socialism is grounded in the Laws of Nature, liberalism floats on the sea of insanity. Whereas National Socialism is the highest and purest expression of the Aryan spirit, liberalism represents a perversion of the Life Instinct." Overall, the speech was well received.

On 12 April, the Organizational Secretary spoke before a political science class entitled "Survey of Political Theory" at Westchester Community College in Valhalla, N.Y. Once again the subject was a comparison between National Socialism and liberalism. Once again Mr. Mantius was well received, being pressed to answer questions after the class was over.

## 1976 Congress Photos Still Available

NS Publications still has a limited supply of the official set of 1976 Congress photos.

Unlike previous years when several small black-and-white snapshots were offered as official Congress sets, the 1976 selection consists of four impressive, 5"x7" color photographs suitable for framing, in keeping with the historic importance of the occasion. This includes two shots taken at the outdoor rally and two of the indoor session. These make an appropriate souvenir of America's Bicentennial and the Party's Seventh Continental Congress. Every National Socialist who took part in this important event (and those who missed out) ought to have a set. And remember, these are shots no one else has, as only official Party photographers were allowed to record the event on film. If you haven't gotten your set already, now is the time while they last. Just \$10. (Note: All proceeds from the sale of the photos will go towards financing the Eighth Party Congress)

## Notes From NS Publications

1. The two record album, *Triumph of the Will*, is now back in stock and still priced at \$10, ea.
2. The leaflets, "Boating, Not Busing" and "Special Rights for Black Savages?" are out-of-stock and out-of-print.

## New Books From NS Publications

1. *The Busing Coverup* by Edward P. Langerton. Without a question of doubt, this is the best book to date on the busing issue. In a simple, straightforward manner, Mr. Langerton firmly establishes the three pillars upon which the intellectual superstructure of the busing program is based — stupidity, cowardice and outright deceit. (We may add: stupidity on the part of liberals, cowardice on the part of the academic community by and large, and outright deceit on the part of the Jews.)

The book affords a revealing glimpse at the power of the "free" press, the publishing houses and the so-called intellectual establishment in stifling honest work. To the author, these are the major culprits behind *The Busing Coverup*. (Close, but not quite true. The major culprit is the international mushroom of humanity which stands behind the "free" press, the publishing houses and intellectual establishment.) This book should be considered an absolute must. Excellent. \$2.50.

2. *The Celts* by Nora Chadwick. Nora Chadwick has spent over fifty years studying the Celtic peoples, their history, their religion, their culture, their institutions and their way of life. This thoroughly engrossing book is a summary of that work. A very rewarding purchase for those interested in one of the most colorful chapters in Aryan history. Only \$3.25.
