FINAL PARTY CONGRESS PREPARATIONS BEING MADE

The Eighth Continental Congress of the National Socialist White People's Party is only weeks away. All those attending, either as Registered Delegates or Official Observers should be finalizing their travel plans and all other arrangements at this time. These things should be taken care of right away, and not let go to the last moment.

Below are some guidelines and regulations that should be noted by those planning to attend.

ARRIVAL:

In order not to miss the opening events, all those attending the Congress should try to arrive in Arlington on Friday, 2 September — the day preceding the Congress.

REGISTRATION:

All attendees, both delegates and observers, must register at National headquarters before they may attend the Congress. Registration times at NHQ will be as follows: Friday, 2 September, 2–12 p.m.; Saturday, 3 September, 8–12 a.m., and 4–8 p.m.

NATIONAL HEADQUARTERS:

To reach National Headquarters, go to the 2500 block of Wilson Blvd. in Arlington. NHQ is located right on the corner of Wilson and Franklin Road. If you have problems finding NHQ, call the Headquarters phone number, (703) 524-2175, for directions. In case you forget this number, remember that it is in the white pages of the phone book in bold-face letters.

TRANSPORTATION:

Those still in need of transportation to the Congress should contact National Headquarters *immediately*. Comrades driving from various parts of the country may be able to provide rides to those who need them.

FILM:

A special film will be shown on the evening of Friday, 2 September, to those Congress attendees who arrive early. This film is free.

GROOMING AND APPEARANCE:

All National Socialists are expected to look and act like members of the Master Race. Matters such as grooming and appearance should not be taken casually. Attending a Party Congress is a *privilege*. This privilege requires that all attendees adhere to certain basic National Socialist standards relating to appearance and dress, as well as conduct and attitude.

Hair Length — All male attendees must have proper haircuts. This means that hair is to be not more than four inches on the top, evenly tapered off on the sides and back, with sideburns not extending below the lower opening of the ear. Under no circumstances is the hair to touch the ear or collar.

Mustaches — Mustaches on ST personnel, and all others taking part in the public demonstration, must be neatly trimmed and are not to extend over the lip or below the corner of the mouth. All attendee's mustaches must be well groomed.

Beards — All ST personnel and all those attending the public demonstration must be clean shaven. Other male attendees may have beards, provided they are well-trimmed and groomed.

Male Dress — All attendees taking part in the public march and rally should have a basic ST uniform. At the Congress site, only full Party members, full NSYM members, and regular members of the ST* are to wear the brown shirt. All other male attendees (including Official Supporters and probationary members) are to wear an ordinary shirt and tie. All delegates should have a suit coat available. No freak or garish attire, including blue jeans, bell-bottoms or sandals will be allowed. Similarly, no German military paraphernalia will be permitted to be worn.

Armbands – No armbands are to be worn off the Congress site premises.

Female Dress – NSWO members should wear proper NSWO dress. Women attendees should wear a dress or skirt and blouse in good taste. Miniskirts (anything over 3" above the knee), "hot pants," shorts or slacks are not proper attire for this occasion, and will not be allowed.

** A regular member of the ST is anyone who has submitted an ST application to National Headquarters, and who participates regularly – either on an active or reserve basis – with a local ST unit.*

ST MARCH AND RALLY:

All ST personnel, as well as all other male attendees who wish to take part in the ST march and rally, should have an ST uniform with them. The basic ST uniform consists of brown (khaki) shirt (no epaulettes), combat boots (or black oxfords), black straight-cut trousers, silver buckle garrison belt, black tie (no wider than 3½"), swastika armband, and ST helmet. These last two items will be available at NHQ.

INTERVIEWS:

There will be NO membership interviews conducted during the Congress (3-5 September). Those who desire an interview for any purpose with the Commander or any other national officer, before or after the Congress, should contact Headquarters no later than 25 August.

AUDIO-VISUAL

Those desiring to help with the official recording of the Congress with film or sound should contact NHQ no later than 25 August. No unauthorized photography or recordings at the indoor Congress sessions will be allowed.

RESERVATIONS:

To avoid the confusion and delay of past Congresses, NHQ has decided to have all attendees make their own hotel or motel reservations. All attendees will be receiving a list of area motels which are both of good quality, and near National Headquarters.

DISPLAYS:

Unit leaders and local organizers should send in their display plans immediately. Upon arrival at the Congress site, those with displays will be given further directions on setting them up by the Congress coordinator, Director Harold Mantius.

\$9,900 Raised as Spring Appeal Falls Short

The Spring Appeal for the Three-Year Plan officially ended on 14 July, falling short of the goal of \$14,000 by just over \$4,000. \$2,550.13 was raised towards the Appeal in July, making the final Appeal total \$9,933.48, which is \$4,066.52 less than we had hoped to raise.

Additionally, \$826.58 was raised towards the Three-Year Plan in July after the Appeal had ended. The total for the Plan during the month of July was \$3,376.71.

This means that our total for the Three-Year Plan to date stands at \$55,612.33, as of 1 August. 71% of the time has passed, with only 63% of our final goal of \$88,888 having been raised. We have only nine months left to our deadline of 20 April 1978 to raise the remaining \$33,275.67.

Although it is disappointing that we did not meet the Appeal goal as planned, this does not mean that we cannot still get the Three-Year Plan back on schedule. Those comrades who did not have enough time to respond to the Appeal can still send their donations in now.

As things stand now, the situation with the Plan is serious, though certainly not critical. This is *your* Party. *You* make it what it is. Complaining won't build the Party. Sacrifice will. The success or failure of the Three-Year Plan rests entirely on your shoulders. Don't let down the mighty Cause that Adolf Hitler and Lincoln Rockwell, along with millions of other White men and women, died for! *It's up to you!*

The Commander wishes at this time to extend his personal thanks to the comrades from the 33 states and two foreign countries who gave to the Plan during July, as well as to all others who donated during the Spring Appeal. Those who gave \$88 or more will be receiving their large, high-quality photograph of the Leader shortly, if they have not already received it. A map showing which states gave during July, along with a list of contributors, is on page 3.

Midwest ST Encampment Huge Success

The annual Stormtroop encampment held in the Midwest this year was an unqualified success. 18 Stormtroopers, under the command of ST Chief-of-Staff Cedric Syrdahl took part in the two-day event, 23 and 24 July. Troopers from National Headquarters, Baltimore, Chicago, and Milwaukee joined with the ST from Detroit, which hosted the event. The encampment was officially dedicated to the memory of our fallen comrade, ST Richard Johanson, who was killed in an automobile accident earlier this year while working at NHQ.

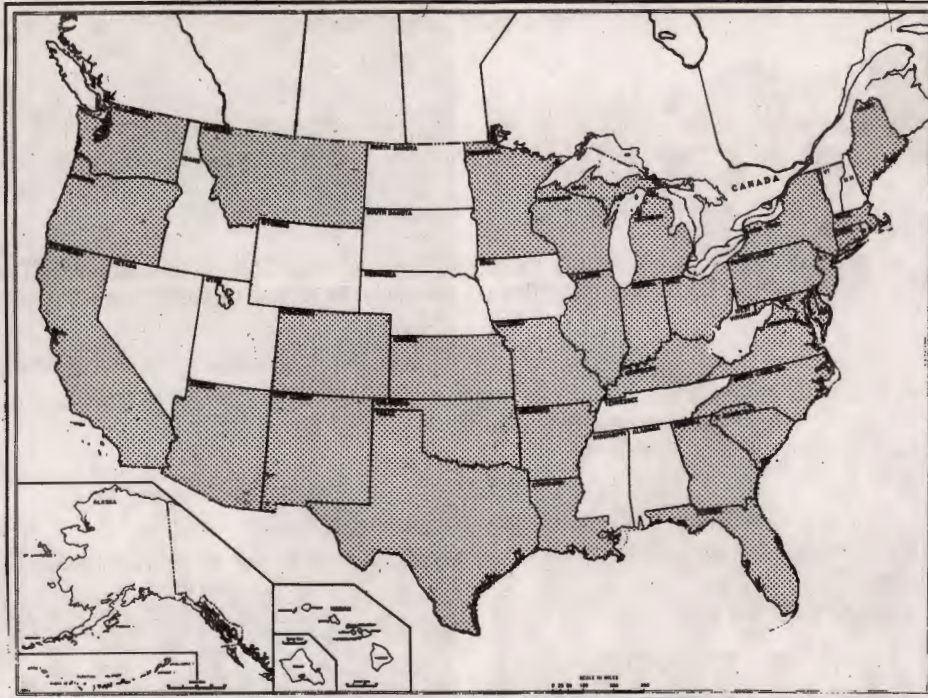

Prior to the two days of internal training that comprised the encampment, the troops held a joint uniformed literature distribution in a White neighborhood in East Detroit. While four teams of ST distributed copies of the Party newspaper door-to-door, a fifth team stationed itself at a busy intersection. The White Power van from Chicago continually circled the area in the meantime. The ST were greeted with a friendly response from the citizens they encountered. The only negative incident occurred when one local policeman, who was a bit overwhelmed at having such a large number of uniformed National Socialists converge on his beat, asked the troopers to please leave. Since it is the policy of the ST to obey all reasonable requests of the police, the ST departed from that area.

Upon returning to the campsite, tents were pitched, and an opening flag-raising ceremony was held, during which the American

IS YOUR STATE MISSING?

The areas shaded in the map below indicate the states that have contributed to the Three-Year Plan during the month of June. If your state is missing, YOU can put it on the map next time by sending in a contribution to this important Party project.

flag and the Party banner were raised, to the accompaniment of the National Anthem and the Party battle song, respectively.

The remainder of the daylight hours of the first day were filled by intensive close-order drill conducted by Captain Syrdahl.

After chow, as night fell, the troops gathered around an open bonfire for informal talks by various ST leaders from around the country. Following this, special ST ceremonies were held, and one trooper, Steve Martinson from Chicago, was promoted to the rank of Team Leader.

Sentries were posted throughout the night to make sure that no intruders disrupted the campsite, but no incidents occurred.

At 6:00 the next morning, the troopers were awakened by the sound of a drum beating out reveille. The first part of the morning was devoted to physical fitness. Rigorous calisthenics were followed by fighting exercises. Next there was a resumption of close-order drill, during which different NCO's were given a chance to drill the troops. This was followed by a cross-country run in formation.

The afternoon started out with instruction in hand-to-hand combat and fighting formations, conducted by Captain Syrdahl. The final activity of the encampment was a contest between two groups of ST, each of which was trying to move a tractor tire to the side of the encampment field defended by the opposite group. Although such a description may make such a game sound relatively easy and harmless, it was not! During the grueling, exhausting ten minutes or so the contest lasted, numerous minor injuries were sustained. Teamwork, stamina, physical strength, and will-power were shown by both groups, one of which eventually overpowered the other.

After this, closing ceremonies were held, and the flags lowered. As camp was being broken, the few troops who had failed to fin-

ish the formation run held earlier ran the course again, and the encampment was over.

Special thanks must be given to the comrades who hosted the encampment, as well as to members of the National Socialist Women's Organization. The NSWO prepared each of the hearty, excellent meals enjoyed by the troopers during the encampment.

The overall theme of the encampment, which was the same thing which made it so successful, was the concept of *teamwork*. The ST is not a bunch of little groups all across the country, each owing its allegiance only to its local unit. Rather, it is one unified team, a revolutionary political army owing its only allegiance to Commander Matt Koehl. The entire conception of the ST rests on this foundation of cooperation and teamwork.

The comrades who attended this year's encampment proved by their actions that they understand and believe this. The results of this positive, unified attitude will be shown to the world in the years to come as the ST and the Party win revolutionary victories for the White race, and Commander Koehl.

Commander Concludes WUNS Tour

Commander Koehl has just completed an important organizational tour for the World Union of National Socialists (WUNS) in Europe. The Commander spoke to a number of organized gatherings, and established many important contacts essential toward strengthening the foundations of the international organization of the Movement. A comprehensive report on the Commanders WUNS tour will be delivered at the upcoming Congress in Arlington.

Stormtroops March in Arlington Parade

For the third straight year, Arlington/Baltimore ST Group One marched in the Arlington County Fourth of July parade. Last year, parade officials allowed only ten ST to participate in the parade, but this year no such restriction was imposed, and a larger contingent was present.

Led by a color guard bearing the American flag and three ST drummers from the NS Band, the troops from Arlington and Baltimore marched the entire length of the parade without incident. As the ST column passed the reviewing stand and the name of the Party was announced, it was greeted with applause — and a smattering of cat-calls from assorted Jews who were furious that their efforts to prevent the Party from participating had been unsuccessful.

The appearance, bearing and discipline of the Stormtroops resulted in much admiration from observers, with one local newspaper going out of its way to comment on the "uniform precision" with which the troops marched.

The presence of the Party in this year's parade upset not only the Jews, but also leftist-leaning liberals and reactionary hoo-rah patriots. In the first case, for instance, the Arlington-Chapter of the feminist "National Organization for Women" (NOW) had the scheduled order of the parade changed so that it would not have to march near the ST detachment. On the right-wing side of the political spectrum, Arlington board member John Purdy refused to take part in the parade because of the Party's participation.

Actions such as this, which focus on positive, community activity (in addition to confrontation with our racial enemies), serve to make the Party both more respectable and more accepted in the eyes of our White brothers and sisters. Local leaders and activists everywhere should constantly be on the lookout for ways such as this to increase support and acceptance for the Party in the communities in which they are located.

Their presence caused Arlington board member John Purdy to refuse an invitation last week to ride in the parade.

"With a little imagination we should be able to figure out a way to exclude this group," Purdy said after the parade. "It is an insult to the celebration of our nation's heritage and birthday to have people who wear the Nazi symbol parade with us."

Newsmedia Showers Kosher "Nazi" With Publicity

During the months of June and July the Jewish newsmedia showered one of their racial brothers with publicity, as they like to do every now and then. This time it was not Henry Kissinger or some talentless Hollywood actor, but an obscure Chicago Jew named Frank Cohn. Frank Cohn does not sing or tap-dance, he is not a big international banker, and does not give money to plant memorial trees in Israel. No, Frankie Cohn has a much better act. With astonishing kosher chutzpah, this yid claims to be the leader of Adolf Hitler's National Socialist movement!

Yes, as preposterous as it may seem, this little Jew from the south side of Chicago actually says that he is the new "commander" of the movement, and the rightful heir of Lincoln Rockwell.

Cohn, who uses the pseudonym "Frank Collin," has been widely touted by the newsmedia in this country as the "new American fuhrer." Why the newsmedia have decided to give Frank Cohn/Collin millions of dollars of free publicity isn't quite

Jew Poses in His 'Nazi' Regalia

clear. It may be nothing more than a ploy to sell newspapers — or it may have a more sinister meaning.

Faced with the growing success of the NSWPP, the Jews may have decided to resort to the old tactic of "If you can't lick 'em, lead 'em!", and play Frank Cohn and his buddies up as the great White hope.

Cohn's so-called NS party, the "National Socialist Party of America" has been around on the fringes of the movement for a few years, but has never gotten anywhere. Now, so the newsmedia tells us, Cohn not only heads the "mighty" NSPA, but also a so-called "National Socialist Congress," which, they say, embraces all "U.S. Nazis," as well as National Socialists in three foreign countries.

Knowing that there are always gullible *goyim* who will fall for every piece of Jewish propaganda they are fed hook, line and sinker, the newsmedia has given Cohn the full treatment.

Reproduced on the previous page are some photographs of Frank Cohn/Collin. Notice the overwhelming Jewish features — hooked nose, sagging jowls, bags under the eyes, sloping shoulders. And yet, incredibly, despite his appearance, he claims to be an Aryan!

Notes From NS Publications
