## **THREE-YEAR PLAN MAKES SIGNIFICANT GAINS**

The Three-Year Plan made a significant stride forward in September, with \$5,146.12 being raised. This makes the new total for the Plan \$62,519.02. Of the money raised, \$3,485 was raised at the Eighth Party Congress, and \$1,661.12 was received in general donations to the Plan.

Although this does not put the Plan entirely back on schedule, it is a giant step in that direction, and reflects new enthusiasm and optimism among Party members and supporters nationwide. We are now less than \$6,000 behind schedule, as compared with being \$8,400 behind schedule last month. With 77 percent of the time elapsed, we have raised 70 percent of our goal.

National Socialists from 24 states and three foreign countries gave to the Plan in September. Those comrades who gave so generously at the Congress as well as those who mailed in their donations are to be thanked. With continuing dedication and self-sacrifice such as was shown in the past month, there is no doubt that the Three-Year Plan will be successful!

## **Second Anti-Busing Rally Held in Milwaukee**

On 24 September, Milwaukee Unit I, assisted by Milwaukee Unit II, held a second public anti-busing rally, this time in Jackson Park, Milwaukee. Also participating were comrades from the Chicago, Detroit and Arlington units.

The National Socialists at the rally were made up of 21 uniformed Stormtroopers and members of the NSWO. Upon arrival at the park, they disembarked and marched to the rally site. With the Stormtroop perimeter established and the speaking platform set up, the anti-busing rally began. There were seven speakers: Mrs. Sandra Osviatic, one of this year's Party candidates for school board; Art Jones, Party candidate for mayor in the 1976 elections; unit leaders Tony Schmitt and Rick Prohaska; Team Leader Scott Mosby; national Organizational Secretary Harold Mantius; and national Membership Secretary Louis Griffin.

The Party speakers attacked the anti-White, pro-busing schemes that were being forced on that city, and called for a White people's revolution. As with August's anti-busing rally, a large number of creeps and street scum of various descriptions tried vainly to disrupt the rally. Many White people came to listen to the Party speakers, and stood conspicuously apart from the bizarre side-show put on by the anti-Party misfits.

This time there were only 200 "counter-protestors" present, roughly one-third the number at the last anti-busing rally. Before the rally ended, more than half had left. This motley group of "anti-Nazis" included Communists, Jews, niggers, lesbians and queers (some of which carried signs, "Dykes Unite Against the Nazis" and "Queers Unite"). Though the ST and NSWO were outnumbered 10 to 1, the creeps had no stomach to attack.

When the rally ended, the ST formed columns of twos and marched away without incident. Some of the publicity received as a result of the rally is reproduced here. There was also extensive TV and radio coverage.

## **Comrade Convicted in Frame-up**

As was reported in the last *NS Bulletin*, Comrade Robert Bukowy was arrested on 3 September in Arlington, after he was assaulted by a race-mixing nigger and his White-trash wife. TL Bukowy had stopped at a local gas station with other comrades for a soda after the outdoor rally at the Eighth Party Congress. All the comrades were in ST uniform. While seated in a car, Comrade Bukowy was approached by the woman, who insulted

As a result of this, the two comrades were taken into custody by the police. Comrade Bukowy was later convicted on the perjured testimony of the nigger and his wife, and faces up to six months in jail. He has appealed the decision. Comrade Verduin's case has yet to be decided. The NS BULLETIN will continue to cover all developments in the case as they occur.

# Nazis hold rally in Jackson Park

By Dale Gralkowski  
For the Post

The National Socialist White People's (Nazi) Party held their second Milwaukee rally Sept. 24 amid noisy protest from a number of anti-Nazi groups surrounding the speakers platform in Jackson Park.

Although the number of people at the rally was not as great as another rally, held at Humboldt Park in August, over 150 Milwaukee police were present this past weekend to prevent violence.

The purpose of the rally was to protest the current integration of Milwaukee's schools, according to a Nazi party member, Sandra Enders. "This integration is the main reason why we are speaking, but it is only one of many issues that we are out to correct," said Enders.

The police began setting up an area for the rally nearly five hours prior to the 1 p.m. starting time. The area was in the midst of a large, grassy section close to the Kinnickinnic River. Ropes were attached to trees surrounding the section, acting as a fence. Police were then stationed behind those ropes to ward off intruders.

Although countless barbs were thrown by both sides, the rally remained relatively peaceful. Only two incidents of minor note occurred and both were handled with ease by police.

Near the end of the rally, three youths began throwing eggs and a bag of sauerkraut at the Nazi speakers. But none of the missiles reached their targets, and police quickly arrested those responsible.

According to Sandra Osvatic, a spokesperson for the Nazis who recently ran for the Milwaukee School Board, the rally was a success.

"We had a lot of good, white people out here at the start of the rally but they were scared off by those demonstrators. We have gained considerable support since our last rally so we feel the rallies have been successful."

The main body of the Nazi speakers arrived in a red truck shortly before the rally. The truck was used as the platform for the speakers. Demonstrators chanted anti-Nazi slogans throughout the rally and generally made the speakers inaudible. A group of 21 uniformed Nazis ringed the platform at all times.

"These demonstrators follow us around like puppy dogs. I doubt that many of them are representative of the people from the South side. They are mainly Jews and minorities that are trying to keep us from getting the message to the white people," said Osvatic.

Milwaukee has been chosen by the Nazis for rallies because its citizens have indicated a strong interest in the Nazi message, according to Enders. "We've had an exceptional response from Milwaukee and it showed in the last school board election. We got 8,000 votes which proves the interest is here and we are here to stay."

During the later part of the rally the protestors began holding a rally of their own with various members of their group speaking against the Nazis.

The most vociferous of the Nazi speakers was local party head Arthur Jones who blasted Milwaukee School Superintendent Lee McIlurrih, Judge John Reynolds and others generally connected with the integration program.

The Nazis were generally pleased with the protection given them by the police but said that even without the police their lives would not be in danger. "It's their duty to represent those creeps and they are doing an adequate job," said Enders. "But even if one of those long-haired, dope smoking, stoop-shouldered fags got through their line our men would stop them."

The demonstrators gathered in the area where the truck would have to pass to exit the park at the end of the rally

but the police prevented any incidents.

According to one observer at the rally, Greenfield Police Chief Chester Kass, the situation was well in control the whole time.

"They really handled the situation well. I know how rough those demonstrations can get because I was struck with a picket sign once while I was guarding a rally in Wauwatosa in the 60s. The Milwaukee police did an excellent job," he said.

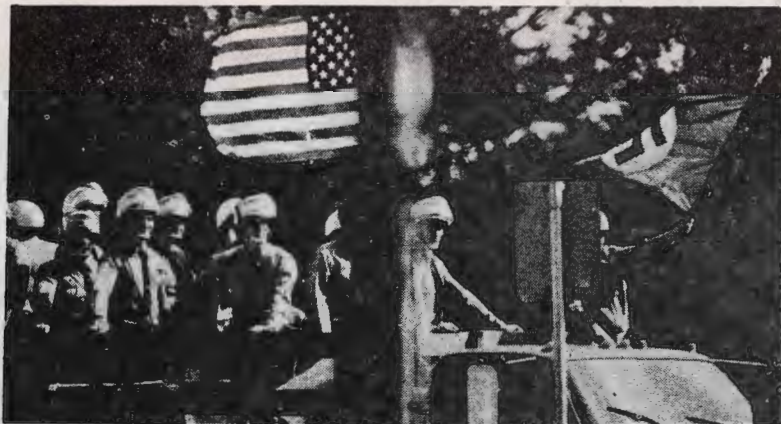

Kass attended the rally to study security strategy at rallies because there were rumors that the next Nazi demonstration next spring may be at Whitnall Park.

If the rally is held there, Greenfield would have to have some of their men on the scene. The Nazis would neither confirm or deny whether the rally would be held at Whitnall.

# POLICE BEAT AND ARREST ANTI-NAZI PROTESTERS

## OVER 500 CONFRONT NAZIS IN MILWAUKEE

(Milwaukee, Wisc.) — Over 500 people came out to demonstrate against a Nazi rally here recently which was held under the heavy protection of local police who beat and arrested several demonstrators.

The Milwaukee Chapter of the National Socialist White People's Party (NSWPP), 15 strong, staged a rally here in Humboldt Park and was guarded by over 150 riot-trained police. Outside of an area cordoned by cops, hundreds of anti-Nazi demonstrators staged a counter rally.

Police officers dressed as hippies arrested several people. While Nazi leader Arthur Jones addressed a very small crowd. "Seven times as many Negroes," said Jones, "have I.Q.'s below 70 or in the feeble-minded category."

As in other parts of the nation, Nazis in the Milwaukee area are becoming increasingly active, concentrating their anti-Black, anti-poor rhetoric in the city's deteriorating White working class neighborhoods. As a mayoral candidate last year Jones pulled 44,000 votes.

In Milwaukee, the Nazis have been visibly active for several years, reports *In These Times* and the *Milwaukee Courier*, incit-

ing Black-White fights in schools, defacing synagogues and demonstrating at Jewish events.

Supposedly this rally was an attempt to forge links with the racist anti-busing movement of the German and Polish community of southside Milwaukee.

The demonstration in opposition to the Nazi rally was organized by an emergency coalition of progressive organizations, and representatives of the Black, Jewish and other minority commu-

nities. The coalition was unified around the theme that the Nazis must not be allowed to organize in Milwaukee.

The protest was non-violent although tension mounted at the end of the Nazi rally when the bigots left on foot marching behind a van carrying their sound equipment.

Police began pushing the crowd back and several people were beaten with nightsticks. No Nazis were arrested. □

## Nazi Rally Noisy, but Not-Violent

Three persons were arrested for egg throwing, but otherwise a rally Saturday afternoon by the National Socialist White People's (Nazi) Party and a counterdemonstration by anti-Nazis in Jackson Park on the South Side was a noisy but nonviolent affair.

About 150 uniformed police were at the scene, and 50 more were nearby in private automobiles and squad cars. About 300 persons in a recently organized Emergency Committee Against Nazism and Racism drowned out the speeches to the 21 Nazi Party members present.

A permit for the Nazi rally issued by the County Park Commission had become the subject of controversy.

Those who threw eggs at the Nazis were ordered into court on city disorderly conduct charges, minor offenses that sometimes require a small fine.

The Nazis, dressed in boots, brown shirts and red armbands that had swastikas on them, arrived by truck. The rally site was roped off and police allowed only reporters into the area. The counterdemonstration was on the other side of the restricted area.

Nazi speakers referred to the demonstrators as garbage and influenced by Marxists. Police escorted the Nazi truck out of the park at the end of the rally as the anti-Nazis swarmed around it.

## Nazis, foes stage confrontation

BY DAVID M. NOVICK

It might as well have been a million years ago that Martin Luther King Jr. preached love and mass civil disobedience as the best way to overcome the evils of bigotry. That's how it seemed to several observers at Saturday's National White People's Socialist Party (Nazis) rally in Jackson Park on the city's southside.

Ghandi gave way to counterprotest chants of "Death, death, death to the Nazis," "Break Jones' Bones" and claims that the local fuhrer dines on excrement.

A positive expression of concern about the resurgence of open Nazism at a late August Nazi rally at times transformed itself into exchanging hatreds from side to side as several hundred riot-equipped police separated the forces of good and evil.

The Nazi contingent was roughly the same in size as before; their supporters were everywhere, including bullish

pseudo-bohemian undercover narcotics agents and the "Red Squad."

The anti-Nazi coalition's counterprotest group, about 200 persons, was smaller in number, younger and whiter than it was at the Humboldt Park protest.

A seemingly endless series of Nazi speakers spewed racist babble and waved arms from a flatbed truck protected by a roped-off area larger than at the earlier rally. They were surrounded by a solid wall of uniformed police who were quick to put a riot stick to the chest of anyone who pressed too close.

Jess Kleinert, a free-lance journalist, was the only news person barred from entering the roped off area. His denial, police said, was on orders from above. They ignored his display of press credentials from the Bugle-American and Courier newspapers until Assistant District Attorney William Gardner III escorted Kleinert

inside.

Two counterprotesters were arrested for throwing eggs.

The hot, tense afternoon in an otherwise attractive park ended two hours after it began when the Nazis, arms outstretched, engaged in a call-and-response match of "White Power!" and "F...you!" with the protest group.

As the Nazis boarded their truck to depart, both sides agreed they'd be back in the spring. The next meeting may come sooner. Several of the counter-protestors shouted, "We know where you live...we're going to get you."

One observer watched the foreboding Nazi truck depart, Swastika and U.S. flags flapping, and speculated how soon it will be before vigilante justice will produce an exchange of gunshots.

The positive force of moral superiority that transformed lifestyles a decade ago seemed dim indeed at last week's negative confrontation.

#### **Arlington ST Protest Canal Giveaway**

On 7 September, members of the Arlington ST, under the command of GL Jerry McGhee, demonstrated at a right-wing rally on the U.S. Capitol steps. The right-wingers had gathered to protest President Jimmy Carter's plan to give the U.S.-owned Panama Canal to the pro-Communist government of Panama. The National Socialists, carrying a large sign reading KEEP THE CANAL – DUMP CARTER, marched up to within a few feet of the speakers' platform, and were visible to the entire crowd. Some of the idiot politicians who addressed the gathering decided to cut short their remarks on the canal situation, and attack the presence of the NS demonstration. Evidently these so-called political leaders feel more of a need to attack National Socialism than to attack the sell-out regime in the White House.

The NS protest received only brief mention in area newspapers, but was widely covered on CBS-TV national news that night.

#### **Stormtroopers Picket Jew Porno in D.C.**

On 17 September, the Arlington/Baltimore ST Group, under the command of GL Jerry McGhee, picketed one of the largest pornography shops in the world, located on putrid 14th Street, in the heart of the Washington, D.C., cesspool. While GL McGhee handed out literature to the few decent White people unfortunate enough to be in that area of the city, the troopers picketed with signs such as GAS SMUT PEDDLERS; SMASH JEW FILTH; and HITLER BURNED PORNO. A small crowd of street scum, sexual degenerates and other riff-raff gathered to gawk at the National Socialist demonstration for decency, but evidently lacked the courage to openly challenge the Stormtroopers. After picketing for over an hour, the troops left. There were no incidents, and an overall favorable response was received both from the Whites who saw the demonstration and from the police.

# ACTIVITIES IN BRIEF

● Baltimore Party activists report an upsurge of Party activity in their city. Besides out-of-uniform literature distributions, two uniformed WHITE POWER distributions were held in September. The first, held on 17 September, received local media coverage. The second, held on 24 September, was assisted by Northern Virginia comrades who drove up to the area for the occasion. The comrades report that the reaction was generally favorable.

● A paper sale held in Hollywood, California, on 24 September was cut short when a heckler foolishly attempted to singlehandedly assault the ST men. The speedy arrival of five police cars containing eleven officers saved the attacker from getting what he deserved. The troops then left at the request of the officers.

● Milwaukee Unit II has been increasing the tempo of its own activities, while continuing to assist those of Milwaukee Unit I. In addition to massive plainclothes literature distributions, unit members have been attending right-wing and union meetings to seek out suitable recruits and increase the Party's acceptance in these circles.

● The Milwaukee National Socialist Women's Organization unit has also been active in that city during the past month. In addition to door-to-door distributions announcing the Jackson Park rally, NSWOW Sandra Osviatic participated with Comrade Art Jones in an interview on WHA-Radio. A number of huge banners and armbands, which NSWOW comrades had been working on for National Headquarters, were also finished early this month.

## Activity of the Month

It is absolutely essential that we enlarge the circulation of the Party newspaper, WHITE POWER. The Party is planning to increase the size and the frequency of the paper as soon as possible. But to make it possible, the number of paid subscribers must be likewise increased. To aid in this, the *Activity of the Month* in the coming months will be aimed at various ways to get new subscribers.

This month, the objective is to get public, high school and college libraries to subscribe. You can accomplish this in a number of ways:

- a) Ask the librarian if the library subscribes to WHITE POWER. Tell the librarian you are interested in political science, and you would like to read what the "Nazi Party" has to say for some research you are doing. Imply that others in the school or community would also be interested. If a library feels that there is sufficient interest in a publication, judging from requests it receives, it will usually subscribe to it.
- b) Make an appointment to see the head librarian, and give him or her a free copy of the latest WHITE POWER. Explain that the library is filled with pro-Jewish, pro-Black, anti-National Socialist publications and books, and that in the interests of "free speech" and "equal time," the NSWPP should be allowed to have its newspaper available to the public. Suggest that the library send in the subscription blank in the issue you just gave them.
- c) If all else fails, you can buy a gift subscription for the library yourself. Most libraries will accept such free subscriptions. If enough interest in the paper is shown by library patrons, the library will renew the subscription itself when the gift subscription runs out.

Getting the paper into libraries this way can be done by one comrade acting alone. If you can get other Party comrades or your non-political friends to help you out, it will be even easier. The more requests for and interest in a publication or book that is shown, the more readily a library will carry it and renew its subscription.

Having the Party paper in libraries will do more than just add a few subscriptions to our mailing list. Thousands of library patrons will be exposed to our ideas, many for the first time. Many of these in turn may subscribe, creating a snowball effect.

Be sure to let us know of your attempts and successes in obtaining new WHITE POWER subscriptions in your monthly Activity Report to National Headquarters.

### NS Pilgrimage Tours Being Considered

National Headquarters is presently considering the possibility of special group tours to Europe. Such tours would cost \$888, and would take participating comrades to locations in Germany and Austria which are of particular interest to National Socialists. A National Socialist tour guide who speaks both English and German would lead each pilgrimage. All transportation and lodging costs (including most breakfasts) are included in the price.

Among the NS shrines that would be visited would be Munich; Nuremberg; Berchtesgaden; Branau-am-Inn (the Leader's birthplace), and many more.

Comrades who would be interested in such a journey should contact National Headquarters and specify when they would be able to make the trip. The first tour is being considered for July or August of 1978, with a second taking place a year later. The entire \$888 must be paid *in advance*, no later than April of the year the pilgrimage is being made, so that the proper accommodations may be arranged.

All those who are interested and feel they are able to afford the tour should contact NHQ at their earliest convenience.

### Change of Address for ST Correspondence

ST Administrative Secretary Jerry McGhee has been transferred from National Headquarters in Arlington to Midwest Regional Headquarters in Chicago. Accordingly, all ST correspondence should be henceforth sent to the Party's Chicago mailing address, which is also the Operational Headquarters mailing address for the ST. It should also be noted that this change of address applies only to the ST. All other Party mail should be sent to National Headquarters in Arlington.

The new address is:

ST Administrative Secretary  
P.O. Box 5865  
Chicago, IL 60680

### Notes From NS Publications

1. NS Publications is now offering beautiful, full-color sets of photographs or slides from the Eighth Continental Congress. There are 20 photos or slides to a set. The photographs are \$12.00 a set and the slides \$16.00 a set. Photos: 3½ inches by 5 inches; slides: 35 mm. Besides being inspirational souvenirs of this historic National Socialist gathering, they make a great propaganda weapon. Only a limited number of the slides and photos are being produced, and they will be sold on a first-come, first-served basis. Order your set or sets today!

2. *Camp of the Saints*, the exciting and frightening new novel by Jean Raspail, is now available in paperback, for \$1.95. Translated from the French, this book is a gripping fictional account of the end of the White world. Set in the near future, it deals with the invasion of France by a "peaceful" horde of mud mongrels from the banks of the Ganges River, and the catastrophic consequences this invasion has. Also available in hardback for \$9.00.

3. "FREE BOB MILES!" bumper stickers, measuring 15" by 3", are now available. These stickers are illustrated on page 12 of the September-October WHITE POWER. Black lettering on a brilliant orange or green background. Don't let Bob Miles down! Price: 25 cents.

4. Is your collection of WHITE POWER newspapers missing an issue? Single copies of the following back issues of WHITE POWER are available for \$1 each:

57, 58, 59, 60, 61, 62, 63, 65, 66, 67, 68, 72, 73, & 74.

Bulk orders of these same issues for mass distribution are available for only \$10 per 100!

5. WHITE POWER superstickers and the smaller stickers reading WHO NEEDS NIGGERS? are out of stock indefinitely.

### WHERE THE ACTION IS!

ARLINGTON — Saturday, 12 November. There will be a special showing of the film "Swastika," with a professionally produced 1974 half-hour film on the Party as a second feature. All National Socialist comrades are invited to attend. Place: National Headquarters. Time: 7:30 p.m. There will be a \$2.00 contribution by those attending to help defray costs.
