OFFICIAL INTERNAL ORGAN OF THE
National Socialist White Peoples Party AND THE National Socialist Youth Movement

No. 13

January 1968 YF-79

"The Aryan is greatest not in his mental qualities as such, but in the extent of his willingness to put all his abilities in the service of the community. In him the instinct for self-preservation has reached its noblest form, since he willingly subordinates his own ego to the life of the community and, if the hour demands, even sacrifices it."

(Mein Kampf, Vol. One, Chap. XI)

National Socialism in the New Year

The year 1968 presents itself as a challenge to every National Socialist. The next 366 days offer us an unparalleled opportunity to come significantly closer toward our goal of White Power.

In the December issue of our Party newspaper, WHITE POWER, the objectives of a Second Phase of the National Socialist Struggle are carefully explained. Essentially, these involve the complete professionalization of the Party and the building of a hardcore NS organization.

We are now in the process of taking the first concrete steps toward achieving these objectives. With the unstinting help and support of every Member and Supporter, and with the blessing of Providence, we shall succeed in our endeavors and emerge at the end of the next 12 months inwardly and outwardly strengthened, as we continue along the road to Victory.

New National Headquarters

As a key to the professionalization of the Party during Phase Two, the establishment of a new National Headquarters is absolutely imperative, and this task has accordingly been assigned No. 1 priority.

For the past two years, the Party headquarters has been housed in an old, dilapidated frame house--which the Party does not even own--certainly not very satisfactory premises for an organization claiming to hold the key to the future of our race. At the moment, for example, one of our editorial offices is situated in an old linen closet, while our bookkeeping section is confined to an unused bathroom, from which the bathtub has been removed!

Obviously, it is impossible to expect efficient operations under such

cramped and unreal conditions, despite the best of intentions and the most dedicated and conscientious efforts. It is further impossible to attract the responsible, professional personnel we so desperately need in a makeshift, tumbledown structure and a "gashouse" environment.

What we urgently require is a solid office building in the Washington metropolitan area, which will not only be able to house our extensive headquarters facilities, but also project a serious, businesslike, professional image. Unless we take the necessary steps in this direction, we shall never accomplish any of the objectives of NS Phase Two. We have therefore resolved to concentrate all our immediate efforts on obtaining a satisfactory Party headquarters, which will provide adequate space for our present operations, and at the same time anticipate future expansion.

To accomplish this objective is no small undertaking. There may be some who will question the possibility of making this big move. But we know it can be done, and that together, through mobilized and concerted National Socialist effort, we have the means to do it. The acquisition of the Brown House by the NSDAP in the '20s gives us a clearcut illustration of how something like this can be achieved. All the members pitched in, despite the economic distress of the time, and contributed an assessed amount in addition to their regular dues. As a result, the German party was able to acquire the Brown House.

We are similarly requiring that every Member give at least \$20 besides their regular dues (\$10 in the case of those on the monthly half-rate) for the new headquarters, which in the most real sense will be your headquarters. (Only those who have contributed \$20 or more at one time since 1 December will be exempted--IF they notify us accordingly.) With everyone doing his or her part, we can and will secure a new headquarters, one which every Member can be proud of. We shall demonstrate conclusively to the Jews and their hacks, as well as to the chronic defeatists and Party obituarians, that not only is the Party alive, but that it is on the move and has taken a decisive step forward!

National Leader on Organizational Tour

National Leader Matt Koehl recently met with Party officials, members and supporters in various areas of the country, including New York, New Jersey, Pennsylvania, Ohio, Indiana, Illinois, Texas and California. Particularly evident everywhere was a spirit of National Socialist dedication and determination--the vital stuff out of which great revolutionary victories are made.

Capt Forbes to Join Headquarters Staff

Capt Ralph P. Forbes, who has headed the Los Angeles Unit, is transferring to National Headquarters in Arlington later this month. His new duties will include editing THE STORMTROOPER Magazine and supervision of Party publishing.

New Los Angeles Leader

On 31 December the National Leader commissioned SL William G. Kirstein a First Lieutenant in the Stormtroops and named him Leader of the Los Angeles Unit, to succeed Capt Ralph Forbes.

Lt Kirstein (Nordic-Aryan, not Jewish), originally from Fresno, began his Party career at the Los Angeles Headquarters. Upon the request of Commander Rockwell, he was transferred to Arlington for special leadership training in

November 1966. While attached to National Headquarters, Kirstein accompanied Commander Rockwell to numerous college speeches and represented the Party himself at one university function. He was with the Dallas Unit from July to November 1967.

Wenberg Leaves for Canada

Eric R. Wenberg, the Australian National Socialist attached to the NSWPP, who was ordered deported by immigration authorities four months ago, voluntarily left the United States for Canada 7 January. Wenberg was free under \$5,000 cash bond while fighting an immigration department order to deport him for the "crime" of working in a local restaurant last summer. (Presumably there would have been no such order had he been on public welfare like so many of our good Negro citizens!) Wenberg plans to work with the Canadian National Socialist Party in Toronto.

Membership Cards

New Party and NSYM membership cards for 1968 will be issued to all members in good standing by early February at the latest.

WHITE POWER Newspaper

The December issue of WHITE POWER has been delayed, but will be released shortly. Due to the lateness of this issue, the January and February issues will be combined, to enable us to get back on schedule. The necessary adjustments will be made in subscriptions so that 12 complete issues are received.

Delays Due to Move

In the process of moving to our new headquarters, there will inevitably be delays until we are once again set up in a smooth working routine. These delays will be most noticeably felt in our publications, correspondence and membership processing. We are sure all of you will understand this, and your patience and consideration in these matters during the coming months will be deeply appreciated. We guarantee that the end result will be well worth any temporary upset.

James K. Warner: A Notice

We have lately received a number of inquiries concerning one James Konrad Warner. We hereby serve notice that this individual has nothing to do with the National Socialist White People's Party or any of its auxiliary organizations.

Mr. Warner was briefly associated with the Party in 1959, before stealing its mailing list and publishing a crude diatribe against the Commander, the Party and National Socialism entitled "Swastika Smearbund," which he peddled for \$1 each, and which he has never repudiated. Since that time he has revealed a tendency to switch ideological brands every few months, appropriating every accessible mailing list in the process. Among his numerous affiliations have been the National States Rights Party, the American States Rights Party, THE NEW PATRIOT Magazine, the Odinist religion, the Christian Identity movement and the California Ku Klux Klan. He has variously posed as a Christian "Reverend," an Odinist "Hofgod," and an atheist "Doctor." Throughout his varied career, however, one thing has remained constant: his unswerving devotion to a money-making mail-order business which operates under the label, "Sons of Liberty."

Warner now claims he is a National Socialist once again. The extent of

his National Socialism however, may be judged by his overweening ambition to possess a great, big Mercedes limousine, which he can then "impress" the populace with by riding around like a grotesque Hollywood "Nazi" prop, complete with jackboots and monocle! Perhaps this sham National Socialism explains why Warner would intrigue against Commander Rockwell a short time before the assassination, and why he has deliberately done everything in his power to undermine the Los Angeles Party headquarters ever since.

NSYM Activity

A California NSYM Member recently demonstrated what just one person could do to promote National Socialism. Within one month's time he: (1) organized a sales campaign for Party publications and the book, White Power; (2) gave several classroom speeches on National Socialism and related subjects; (3) held several recruiting meetings among his friends; (4) organized a demonstration against local peace-creeps; (5) held a New Year's Eve bookburning of Communist, Jewish and other obscene and un-American matter; and (6) organized a teacher-sponsored anti-Communist front group, under which recruiting for more militant National Socialists can be conducted.

A Date to Remember

On 30 January 1933 Adolf Hitler became Chancellor of Germany in a decisive blow to the forces of international Jewish Marxism. That date marks one of the great turning-points in Western history. Had Hitler and his National Socialists not come to power on that day 35 years ago, the spread of Communism across the face of Europe--and the world--would have gone unchecked, and we in America today would be living under the Soviet heel.

Activity of the Month

As the activity for January members are urged to get Commander Rockwell's book, White Power, into their various local libraries. In some cases all that will be necessary will be several requests for the book. In other instances more strenuous effort may be required; and it may be necessary to beat down the anti-NS opposition by determined argument, organized demonstrations or persistent telephone calls requesting that White Power be carried.

White Power

Many public libraries boast a "freedom of inquiry" policy, to justify their inclusion of various Marxist and obscene titles. In browsing through the library shelves, in fact, you will probably have no trouble finding books by Karl Marx and other Communist authors, as well as books on "Black Power." You may also discover that they already carry Mein Kampf. All of this can be used as a powerful argument to show that there is absolutely no valid excuse why White Power should not be carried.

Libraries may obtain hardbound copies of White Power for \$5.95 less the regular library discount from: Ragnarok Press--Box 22071--Dallas, Texas 75222.

Heil Hitler!
