National Socialist White Peoples Party AND THE National Socialist Youth Movement

No. 237

1 March 1978 YL-89

"North America, whose population consists in by far the largest part of Germanic elements who mixed but little with the lower colored peoples, shows a different humanity and culture from Central and South America, where the predominately Latin immigrants often mixed with the aborigines on a large scale. By this one example, we can clearly and distinctly recognize the effect of racial mixture. The Germanic inhabitant of the American continent, who has remained racially pure and unmixed, rose to be the master of the continent; he will remain the master as long as he does not fall a victim to the defilement of the blood."

— Adolf Hitler, *My Struggle*, I:11

THREE-YEAR PLAN STILL GOING STRONG

With less than two months to go until its completion, the Party's Three-Year Plan is still going strong. As of 28 February, a total of \$79,591.30 had been raised. The total for February was \$1,575.78.

With 94 percent of the time elapsed, only 90 percent of the goal of \$88,888 has been raised. This means we are behind by just under \$4,000.

All comrades are strongly urged not to let their contributions to the Plan fall off just because the Plan is so near completion. Although it is all but certain that we will reach our goal, this doesn't mean we can sit back and rest. The goal of \$88,888 is the *minimum* we need. Every dollar we raise above that means we will be able to do that much more!

Those Party comrades who have already given to the Plan "above and beyond" what can reasonably be expected are to be congratulated. They are the kind of White men and women who make our Race the Master Race!

Comrades from 23 states and three foreign countries gave to the Three-Year Plan in February. Their initials are listed on

Party Answers Smears

The Party is constantly being smeared in the Jewish-controlled news media, in one manner or another. Many times these smears are outright lies, deliberately calculated to give our fellow White Americans a negative impression of us. Other smears are simply the result of shoddy reporting and poor research on the part of the mass media — which, in any case, is not overly concerned with truth and facts.

Usually the Party is given absolutely *no* opportunity to answer its critics. Recently, for example, the *Washington Star* ran an editorial denouncing the Party as (among other things) unAmerican. We wrote a letter to the paper answering this charge. A number of letters to the editor on this editorial were printed by the *Star* — but the Party's was not among them. As usual, we had been attacked by the media, and were given no opportunity to defend ourselves.

It can easily be imagined, then how pleased we were when two chances to respond to our detractors were offered to us in the second half of February.

In the first instance, WHITE POWER editor Martin Kerr was allowed to respond to the charge made on a New York City radio broadcast that the Party is made up of "kooks, jerks and idiots." Comrade Kerr's rebuttal, made on 17 Feb., is reproduced here.

In the second instance, a Milwaukee television station showed films of Milwaukee ST men while describing the activities of a "Nazi"-like splinter group from another city. Milwaukee Unit II contacted the station in question, and demanded that they air a retraction — which they did.

(On January 27, 1978, on the Alex Bennett program broadcast over WMCA radio in New York, Alex Bennett described Party members as being "kooks, jerks and idiots." The following is the Party's rebuttal to that statement, aired on WMCA on February 17, 1978.)

"Hello. This is Martin Kerr of the National Socialist White People's Party, headquartered in Arlington, Virginia. On January 27th of this year, Alex Bennett made reference to this Party on his program. He stated, and I quote: 'The American Nazi Party members are kooks, jerks and idiots,' unquote.

"Actually, nothing could be further from the truth. Party membership is composed of a broad spectrum of individuals, including professional people, white and blue collar workers and students. Rather than being composed of the social misfits which Alex Bennett envisions, Party members are, in reality, nothing more than average American citizens who are united by their love of America and their concern for the welfare of

(retraction by Milwaukee TV station)

"Last week we ran a story on a Nazi march to take place in Skokie, Ill. In the background were pictured members of the National Socialist White People's Party from Milwaukee at a rally here in Milwaukee. Although both groups use the Swastika, they are unaffiliated with each other, and the National Socialist White People's Party is the only Nazi group recognized by the World Union of National Socialists as the American Nazi Party."

their White racial brothers and sisters.

"If is true, there are mental defectives and psychopaths in this country whom the news media occasionally find it convenient to refer to as 'Nazis.' But to categorize members of the National Socialist White People's Party — upstanding men and women who have gathered together under the Swastika banner to fight for White Power — as kooks, jerks and idiots is both misleading and unfair."

National Socialists Picket Porn Shop

A dozen National Socialists from the National Headquarters area picketed a pornography shop in Washington, D.C., on 18 Feb. The shop is located on 'M' Street in the heart of the fashionable Georgetown area, which has become the favorite stomping grounds for the decadent bourgeoisie and corrupt politicians of our nation's capital. Just a few minutes' drive from the White House, Congress, the Supreme Court and many national monuments, this porno parlor deals in obscene materials of the most disgusting variety, including those glorifying interracial sex.

The troopers picketed and chanted for an hour, drawing much attention from the degenerates and empty-headed liberals who frequent the area. Evidently responding to a complaint by the manager of the shop being picketed by the troopers, several squad cars of police showed up — but they had only friendly comments for the National Socialists. There were no other incidents.

Minor news coverage of the picket was received in the form of the photograph reproduced here from the community paper, *The Georgetownner*.

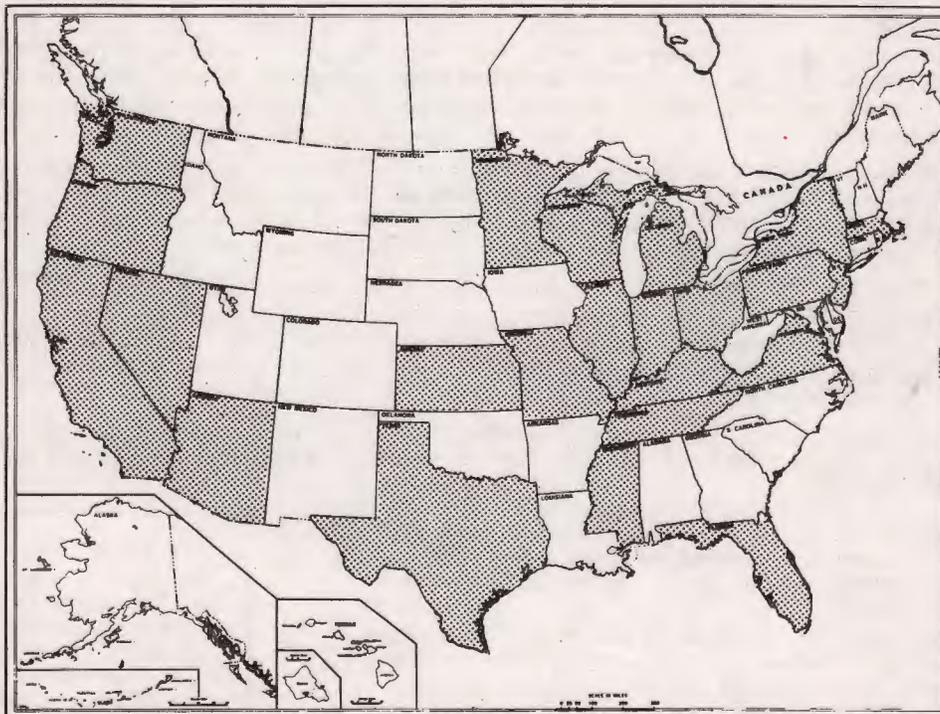

Is Georgetown's Quality of Life Changing?

If you were on M Street in Georgetown last Saturday afternoon, you would certainly have wondered. Representatives of the National Socialist White People's Party (American Nazis) were seen picketing our porno parlor...

ACTIVITIES IN BRIEF

● A videotaped interview of National Headquarters staff member Harold Mantius was supposed to be aired over the George Washington University television station on 27 Feb. However, the local chapter of the "Committee Against Racism" (a front group for the Progressive Labor Party) threatened violence if the interview was televised as planned. The cowardly "program board" of the station then backed down in the face of the Reds' threats and refused to air the show. The story has a happy ending, though: The entire text of the interview was printed, word for word with no deletions, in the next issue of the University's newspaper, *Hatchet*. Thanks to the threats of the Reds, and the cowardice of the program board of the station, many more students were exposed to the Party's viewpoints and in a more lasting manner than had originally been planned.

● Activists from National Headquarters and the surrounding area held a special literature distribution on 28 Feb. The National Socialists hand delivered complimentary copies of WHITE POWER to the office of each representative and senator in the Senate and House of Representatives Office buildings in Washington, D.C. National and international news media housed in the National Press Building also received hand delivered copies of the Party paper.

● The Chicago Unit reports that uniformed paper sales were held on 18 and 25 Feb. in their city, and door-to-door literature distributions were held on 15 and 22 Feb.

STOCKTON RECORD, February 22, 1978

● Two distributions were held in Minneapolis during the second half of February (19 and 26 Feb.). Local organizer Steve Martinson reports that a total of 621 WHITE POWERS and 1424 leaflets were distributed in the actions.

● The Spring issue of the newsletter of the Southern California units of the Party has just been printed. Comrades who would like a copy of the SOUTHERN CALIFORNIA COMBAT REPORT should write to:

● A controversy has been brewing in San Francisco recently over the Party's use of municipal buildings to hold meetings in. The Party had been meeting in various city-owned buildings for several years, with no problem — until a city supervisor named Quentin Kopp decided to make an issue out of it in order to get himself some publicity. During the ensuing investigation, it was determined that the Party's use of the buildings was perfectly legal and acceptable. A news clipping on the matter is reproduced here.

2 Nazi Groups Legally Rent S.F. Park Facilities

SAN FRANCISCO (AP) — Two Nazi groups have been quietly and legally renting city recreation and park facilities for regular meetings limited to whites only, a park official has disclosed.

The groups have paid the standard \$15 fee to the city Recreation and Park Department for occasional use of a clubhouse in a public park "at least five or six times," according to Bernice Rodgers, the department supervisor who issues permits.

She said the permits were issued to both the National Socialist White People's Party and the National Socialist White Workers Party.

The meetings have been held in Stern Grove, originally donated to the city in 1931 by Mrs. Sigmund Stern, widow of a prominent Jewish businessman. Her bequest stipulated that the

park be used "only for recreational and cultural purposes," according to city archivist Gladys Hansen.

Supervisor Quentin Kopp, informed Tuesday of the meetings, said he was "appalled" and vowed to ask the city attorney's office for a "full and expeditious" inquiry.

But Deputy City Attorney Burk E. Delventhal, who handles legal problems for the Recreation and Park Commission, said the two groups are completely within their rights to hold meetings in park facilities — even if the proceedings are closed to the general public and limited to a single racial group.

Even if a black man shows up at a Nazi meeting and is barred at the door, the Nazi's action would be protected by constitutional guarantees of freedom of assembly and freedom of association, in Delventhal's opinion.

A Message from the Editor

THE FUNDAMENTALS OF SUCCESSFUL PROPAGANDA — Part 2

In the last issue of the bulletin we discussed the basic rules of propaganda (simplicity and repetition), and the need to apply them in a concentrated manner. In the next few issues, we would like to show how to apply these abstract principles in practice to local organization and activism.

Before beginning a propaganda campaign, local activists should sit down and plan the campaign thoroughly. They should not dash off in a burst of enthusiasm striking out in twenty different locations on a dozen different issues. Rather, they must select a specific location and determine what issues can be exploited by the Party best in this area. Many times, a location will be selected simply because the situation there offers a great opportunity to make Party propaganda.

Here are the five first steps in mounting any propaganda offensive, whether in an area with no organized Party unit or in an area with an operating Party unit:

1. List the resources at your command.
2. Pick a suitable target area.
3. Decide on the issues you wish to hit, and how you wish to treat them.
4. Consider the obstacles in your way.
5. Work out a "game plan" of how to run your propaganda campaign.

Let us imagine a very tiny group of Official Supporters — say, two or three of them — in a large or medium size American city that has no local Party unit. How should they go about promoting the Party and getting a unit formed?

NOTICE!

Sharon Mathews is no longer a member of National Headquarters Staff and is not now associated with the Party in any way. Any comrade having contact with her from this time on should report such contact to National Headquarters.

First of all, before they actually do anything, they should sit down and *think*. They should list their resources: the number of people they have available for activities, the amount of money they are willing to put into a local propaganda campaign, and any other miscellaneous factors.

Then they should consider just what it is they are trying to do. They should consider the obstacles they will be facing. Since they have very limited resources, they will have to make sure their initial goals are likewise very limited.

It is usually best to pick out a single geographic area, and concentrate all activities within it. A unit in a large city should single out a specific neighborhood. Other units may wish to concentrate on an entire town. *The key here is not to bite off more than you can chew.* Three activists in a city of several hundred thousand will be wasting their time if they don't concentrate all of their energies in a single locale.

Once an area has been selected, the activists should try to determine what issue or issues will appeal to the local White population. For example, a city with no Mexican aliens will not want to push the Party's "Close the Border!" stand. An area that is experiencing or menaced by busing or integration is a prime target area. In a farming area, the activists can support the farmers' strike. Big cities are almost always concerned with Black crime. And so on.

The point is to pick an area with a good White population that is in need of the Party to help it solve its problems. Generally speaking, middle class neighborhoods and towns (both white collar and blue collar) have proven to be the most receptive to Party propaganda. (Wealthy and upper middle class Whites usually do not feel threatened enough to turn to the radical alternative that the Party offers. Residents of impoverished areas usually have more pressing concerns than revolutionary politics to deal with.)

After all of this — after local activists have sat down to discuss what it is they want to do, what resources they have to do it with, and where they are going to start — *then* they are ready to begin their propaganda campaign.

Notes from the Membership Secretary

1. All full Party Members and Probationary Members are required to submit a copy of their birth certificate to the Membership Office. Those who haven't done so already should do so at the earliest possible moment.
2. All Official Supporters are reminded that the minimum monthly pledge is \$5. The only exceptions are retired persons with limited incomes, full time students and housewives. These comrades are required to pay a minimum of \$3 a month.
3. Any Official Supporter who has not yet received a 1978 OS card is delinquent in his or her pledge payments. In order for comrades who are behind in their pledge payments to receive their 1978 OS cards, they must first get caught up on these payments. If back pledges are not paid, the individuals in question will be dropped as Official Supporters.

Any comrade having a question on any of these matters should contact the Membership Secretary at National Headquarters.

NSYM Uniform Changes

NSYM National Secretary Bruce Mathews has announced that effective immediately, the tie previously worn with the NSYM uniform will be replaced by a black neckerchief. The following NSYM uniform parts are available from NS Publications in Arlington:

NSYM Cap	—	\$5 (specify size)
NSYM Armband	—	\$5
NSYM Neckerchief	—	\$2
Slide for NSYM Neckerchief	—	\$1.50

All NSYM members are urged to obtain their neckerchief and slide — as well as any other uniform parts they are missing — at the earliest possible moment.

The Franks: A Critical Study by F. J. Los

NS Publications is now offering this recently published work. In this scholarly study, the author, a well-known Dutch historian and ethnologist, describes the emergence and history of the Franks from the last days of the Roman Empire to the time of Charlemagne and his sons. He notes particularly their relationship to the Frisians, Saxons, Alemannians, Bavarians, Thuringians, Langobards and Slavs. Not only does he score the tragic misuse of power and religion to destroy the Aryan traditions of the early Teutons, but he also hails the Vikings as the redeemers of Germanic honor. Softcover, 112 pages, illustrations, maps and a chronology. Price: \$2.

WHERE THE ACTION IS!

22 APRIL — Nationwide — National Socialists across the country — and around the world — will be gathering to honor the birth of Adolf Hitler. Contact your local unit for details on the celebrations in your area.

2-4 SEPTEMBER — ARLINGTON — The Ninth Continental Congress of the National Socialist White People's Party will be held. Those comrades chosen as delegates and observers will receive further details by mail at a later date.
