"What is even more extraordinary and amazing, however, is the ability of Adolf Hitler to exert a continuing charismatic effect on generations which were not even born during his mortal lifetime! . . . It is as though we are confronted by an awesome presence, by a timeless charisma. Indeed, there is a certain enigmatic aura surrounding the figure of Adolf Hitler which seems to transcend all barriers of time and space. When we mention his name, we sense that we are speaking of more than a historical phenomenon; we allude to something which is eternal and infinite. We have the feeling that we are referring not only to the past, but to the present and the future as well. Instinctively, we sense that here was more than just another man, that here was someone quite extraordinary.

—Matt Koehl, *Hitlerism: Faith of the Future*

Adolf Hitler's Birthdate Marked

This year, as every year, National Socialist in every Aryan country on the globe celebrated the anniversary of the birth of Adolf Hitler the third week in April.

Local Party units in a number of cities held formal gatherings in honor of the occasion. In Arlington, comrades from all over the Northeast came together for a full day of National Socialist activism on 17 April. The day began with a mass WHITE POWER distribution in Washington, D.C. Uniformed ST men were assisted by other comrades in White Power T-shirts and street clothes in selling and giving away the Party paper in the nation's capital. Later that day, a picnic and showing of the White racist film classic *The Birth of a Nation* were held.

In Cleveland, a highly successful Hitler Festival was held which featured a showing of the National Socialist documentary *Triumph of the Will*. Similar commemorations were held in Indianapolis and Chicago.

Many people — including most National Socialists — were startled to read reports in the Jewish-dominated news media of an attempt by Russian National Socialists to hold a public rally in Pushkin Square in Moscow on 20 April. The Russian National Socialists battled with anti-NS elements in the crowd that gathered until the police moved in and broke up the demonstration.

Other overseas Hitler Festivals were held in Dublin, Ireland (for example), and of course in Occupied Germany. In Austria, Movement comrades placed flowers at the doorway to Hitler's birthplace in Braunau am Inn.

A Note from the WUNS General Secretariat

Comrades from the United States and Canada who wish to become Associate Members of the World Union of National Socialists must submit a completed membership application form

to the World Union General Secretariat in Denmark, along with one year's dues of \$30. Those comrades who were previously accepted as Associate Members must reapply at this time and submit a new application in order to retain their former status.

Researcher Seeks Bund Information

The Movement was recently approached by a graduate student who is writing her master's thesis on the German-American Bund. Although this individual is by no means a National Socialist, we feel that she is interested in writing an accurate and unbiased account of the Bund. Existing accounts of the Bund tend to be hostile and distorted. Accordingly, we have decided to aid this writer in her research.

Anyone receiving the NS BULLETIN who was formerly associated with the German-American Bund and who is willing to answer a sheet of questions concerning the organization and their involvement in it should contact National Headquarters.

We will withhold the identity of anyone answering the question sheet who wishes to remain anonymous. Information from both Bund leaders and rank-and-file members is sought.

WHITE POWER 102 Just Off the Press!

WHITE POWER 102 is now in the mail to all Party members and supporters, and any comrade who hasn't received his or her copy yet should expect it within the next week or so. This timely issue features a page-one editorial by Matt Koehl on the high cost the U.S. pays for supporting Israel. Other articles include an examination of Israeli brutality against Palestinian

children and a look at Israeli espionage efforts directed against the United States.

Bulk quantities are available at the following prices:

10 copies	\$6
100 copies	\$40
500 copies	\$100
1,000 copies	\$130

Purchaser pays postage on quantities of 500 and above. Local units are eligible for standard 25 percent discount.

Addressograph Multigraph Headliner, R.I.P.

After nearly 14 years of faithful service to the National Social-

ist movement, the Party's Addressograph Multigraph headline machine has given up the ghost.

Until such time as National Headquarters has the funds available for a new headline machine, we will be forced to have headlines for WHITE POWER and other Party publications set elsewhere. Sometimes this can have disastrous results — such as the embarrassing misspellings in two headlines in WHITE POWER 102.

Those comrades interested in helping NHQ raise the monies necessary for a new headliner should send their contributions to Arlington, specifying that their donations are to be used for this purpose.

ACTIVITIES IN BRIEF

• Organized door-to-door distributions of WHITE POWER and other Party materials were reported during April by local units in Indianapolis, Minneapolis and Rockville (Md.).

• The NSWPP was one of a number of pro-White organizations represented at a forum held in Howell, Mich., on 24 April. The forum, which was hosted by Bob Miles, was convened to discuss the methods and possibilities of fostering a spirit of cooperation and unity among the various White racist groups active today.

• The Richard Biederman Unit in Minneapolis received 970 pages of the 1,300-plus pages of FBI files maintained on Party activities in Minnesota in April. Although heavily censored, the file shows that the FBI has not been adverse to using informers and dirty tricks to disrupt the growth of the Movement in the Twin Cities area.

• Jerry Falwell, head of the Moral Majority, is apparently still suffering from a guilty conscience because of his cowardly refusal to accept Matt Koehl's challenge to debate him on the topic of U.S. aid to Israel. At an appearance in Minneapolis on 9 April, Falwell denounced a crowd demonstrating against him as "homosexuals, feminists and 'Nazis'." There were no National Socialists present.

• An amazingly accurate and fair-minded interview with National Organizer Martin Kerr appeared in the 23 April issue of *The Hoya*, the student newspaper of Georgetown University in Washington, D.C. This article is reprinted here in its entirety.

A New Swastika Flies Over Arlington

by Paul Sutphin
Associate Editor

The red, black and white Nazi battle flag flies daily in Arlington, Virginia, over the headquarters of the National Socialist White People's Party (NSWPP). The storefront office, just off Wilson Boulevard near the Arlington County Courthouse, is home to a political and racial thinking assumed to have died in a Berlin bunker in 1945.

"We sometimes refer to ourselves as Nazis on an informal, humorous basis; but the correct term is National Socialist," said Martin Kerr, the group's "National Organizer," in a recent interview with the HOYA.

A White People's Republic

The office is small and cramped. The ruddy-faced, middle-aged receptionist, sits facing three portraits: Adolf Hitler, Matt Koehl, "Commander" of the NSWPP, and George Lincoln Rockwell, the founder of the American Nazi movement in 1959 (murdered later by a disaffected former follower).

Two newsracks, one on either side of the desk, overflow with leaflets, books, and other paraphernalia, most of which are for sale. Available are

such titles as *Jewish Ritual Murder, Hitler Was My Friend, SS Marching and War Songs* (a record album), as well as classics like *The Song of Roland, Beowulf, and Thus Spoke Zarathustra*, by Nietzsche.

As the receptionist exits through a door at the back of the front office,

"You have racial peace only when you have a separation of the races. Once the races are apart, then we can have mutual respect, mutual cooperation, and it would be better for all concerned."

a sawed-off shotgun and a couple of billy clubs were seen mounted on the wall.

White People's Republic

The Nazi goal, Kerr asserts, is to "completely destroy the whole system... our party is working for the establishment of a white people's republic on the North American continent—a country for white people [which]... will be racially homogenous." According to the "Official Program" of the NSWPP, "An Aryan is a white person of Baltic, Celtic, Nordic or related descent, who has no non-white ancestry."

"Racialism," as Kerr terms it, is at the heart of National Socialism. "National Socialism is the application of the laws of nature to human affairs." When asked how a system of ideas that grew out of a physically and economically battered post-World War I Germany applies to the

United States, Kerr responded, "We take the basic underlying political ideals of Adolf Hitler... [and use] these eternal truths... to interpret the political situation and racial situation here in the United States."

To the Nazis, Kerr says, the "races aren't equal. The entire equality thinking is entirely fallacious. You have racial peace only when you have a separation of the races. Once the races are apart, then we can have mutual respect, mutual cooperation, and it would be better for all concerned."

Living On the Fringe

The NSWPP will not provide any specifics as to its size, composition, or sources of funding, only admitting the group is "small." These details are "classified for the reason of self defense," Kerr insists, as the group is a constant target of persecution by "the government and people who don't like us."

The group's finances, it appears, are less than solid—the Internal Revenue Service threatened to seize the Arlington building for \$26,000 in back taxes, according to *White Power*, the NSWPP's small tabloid newspaper.

There are "only three of four" National Socialist faction organizations currently active in the United States, the Nazi spokesman maintained. The different groups have cooperated in the past, but do not always work together. The factionalism, he explained, does "not run along ideological lines... it's a problem of tactics and personalities." He referred to the well-known controversy over a group of Illinois Nazis who, with the help of the American Civil Liberties Union, sought permission to march through the Jewish neighborhood of Skokie, a suburb of Chicago that is home to many survivors of World War II

Nazi concentration camps. "The focus of the movement's activities should not be on attacking non-whites or non-Aryans." The function of his party, Kerr says, is to "prepare, to build a cadre of political leaders for the future," since "we are a revolutionary party in a prerevolutionary society."

The members of this cadre could conceivably include members of the Ku Klux Klan; although Kerr noted that his group has no official "political allies in the United States," the Nazis are "willing to cooperate with anybody." He confirmed that the NSWPP had worked with some factions of the Klan in the past that hold beliefs very similar to those of his party.

A Nazi View of History

The Nazis take a radical and, by conventional standards, distorted view of history. They approach it, for lack of a better term, from a standpoint of "racial determinism." In their scenario, the Aryan race becomes the prime mover and culture-creator for mankind. As an example, Kerr provides the Islamic revival of "700 to 1000 A.D.," which the Nazis believe grew out of the Visigoths settling in North Africa after the collapse of the Roman Empire. "If it hadn't been for the strong Aryan element in North Africa, there would have been no Islamic upsurge."

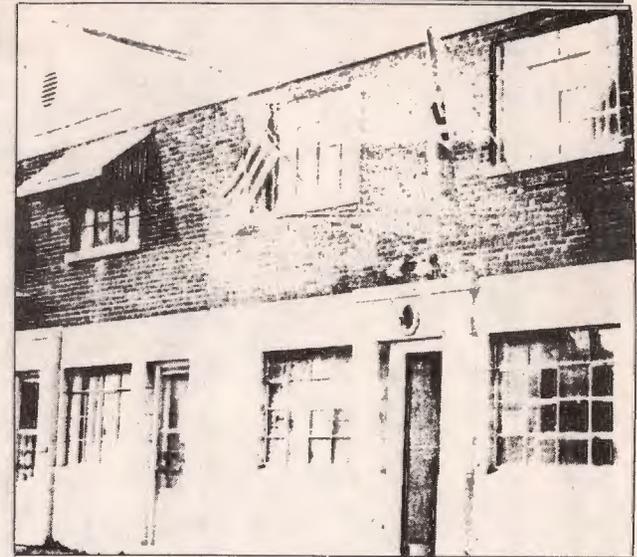

The ancient Greeks are also a part of the Nazi historical scheme. "The ancient Hellenic people, the ancient Roman people, were certainly Aryans... the ancient Hellenic people were tall, blue-eyed, and fair-haired." He did not specify as to how these Mediterranean civilizations were related to the "Baltic, Celtic, or Nordic" peoples.

Jews Still a Target

"National Socialism is not built on the hatred of other races. This is a misconception many people have," Kerr offered. Judging from the leaflets the NSWPP distributes, and the articles in *White Power* (which Kerr edits), this is an unusual and apparently contradictory assertion.

White Power, which capitalizes the word "race" when it refers to whites or Aryans, has articles about "The Race-Treason of Richard Nixon," the "Israeli Mafia" in the United States, and how the Libyan hit squad story was started by the Mossad (Israel's secret police).

As in Hitler's Germany, Jews are a favorite target of Nazi propaganda.

National headquarters of the National Socialist Party located in Arlington, Va., prominently displaying the Swastika next to the Stars and Stripes.

Many NSWPP leaflets are blatantly anti-semitic. One cartoon shows Uncle Sam advising white America to "Buy Aryan" and to "Boycott Jew Stores." Uncle Sam blames the Jews for fostering "degeneracy in art, literature and movies," and "work[ing] together to squeeze out Aryan businessmen." Another leaflet, entitled "Three Jewish Contributions to Western Civilization," singles out the Jews as having sole responsibility for developing the atomic, hydrogen, and neutron bombs.

Blacks are also a target. One flyer shows a photo of a black man in a leather jacket who appears to be stoned. The large caption next to it reads, "He may be your equal, but he sure isn't ours."

The Holocaust

Kerr claims that the murder of some six million Jews during World

War II by the Nazi government, in what has come to be known as the Holocaust, is, in essence, a fiction.

"During the war... Jews were persecuted, they were put in concentration camps, many Jews were killed... for no other reason than the fact that they were Jewish. The conditions in the concentration camps were horrendous... But what *didn't* happen is that six million Jews did not die... There was no systematic attempt to exterminate European Jewry... They could have done a lot better job if that had been their policy."

"From the very earliest time," the American Nazi spokesman concludes, "world Jewry declared economic and propaganda war against the Reich. And in defending themselves against this, the Germans only did what anybody else would have done."

Career Opportunity

NATIONAL HEADQUARTERS currently has a limited number of openings for staff positions for qualified comrades interested in making a full-time, long-term commitment to the Movement. Specifically, we are looking for intelligent, dedicated National Socialists who wish to make working for the Cause their career in life.

WE ARE NOT INTERESTED IN those who view the Movement as a hobby which they pursue in their spare time. We are not interested in insecure losers who are attracted to the Movement because its Hollywood "macho" image makes them feel like big men. We are not interested in misfits who project their own deeply-rooted self-hate onto Jews, Blacks and other non-Aryans. We are not interested in alcoholics, homosexuals or pot-heads, or in pampered mothers' boys who have never had to pick up after themselves. And we are especially not interested in anyone who is dishonest or lazy.

THIS IS WHO WE *ARE* INTERESTED IN: clean-living, level-headed, hard-working White men of any social background and of any age who put their desire to serve their Race ahead of their desire to make money. We are interested in White men who are not afraid to get their hands dirty, who are not afraid of long hours, low pay and difficult working conditions. We are interested in men who know how to take the initiative or how to take instructions, as the situation demands. We are interested in men who are capable of being loyal and doing their duty, even in the face of extreme adversity or danger.

AT THE PRESENT TIME the Movement is facing a number of serious problems. We are looking for people to help us solve these problems – not for people who view the Movement as a vehicle to resolve their own personal hang-ups. Anyone on an ego trip need not apply.

IF YOU FEEL YOU MEET the above qualifications, please send National Headquarters a copy of your resume. Office skills, military experience and training in graphic arts are preferred but not required. We will train the right person(s).

AT THIS CRUCIAL PERIOD in the history of our Race, we are looking for a few good men who are willing to step forward and make history, instead of excuses.
