"I regret nothing. If now I stood at the beginning of my career I would act again as I did act, even if I knew that what awaited me was the stake at which I was to be burnt alive. Whatever men may do to me, the day will come when I will stand before the judgment seat of the Eternal: to Him I will give an account of my actions, and I know that He will pronounce me innocent."

— AN EDITORIAL —

40 Years Ago

It has been 40 years since those tragic concluding months of a great, heroic struggle in which—amid smoldering rubble and ruin—the hopes and dreams of Aryan mankind for a better future seemed extinguished forever. Indeed, the defeat of National Socialist Germany was supposed to destroy our sacred Cause for all time to come.

With their overwhelming superiority of material means, the victors certainly did succeed in defeating our vastly outnumbered and under-equipped forces militarily. And they did succeed in demolishing all vestiges of the National Socialist state as the political manifestation of our will.

But in one significant area, their victory was incomplete. They did not succeed in destroying our faith and our will. In other words, they failed to defeat us *spiritually*.

They tried, of course, and to be sure they did succeed in crippling, twisting and maiming the minds of millions. But they did not *totally* succeed, and for our purpose, that is all that counts. *Today the Idea lives, and has been transmitted to a younger generation.*

* * *

During the next several months, we shall be hearing much about the military and political defeat of National Socialism 40 years ago. In consequence, we shall be devoting coming issues of the NS BULLETIN to an examination of the implications of that particular event and how it applies to the realities of our modern world.

Among other things, we shall endeavor to show the uniqueness of the NEW ORDER as a living

WAS PEACE A CRIME ?

National Socialists from four mid-Atlantic states posed that question to thousands of persons visiting the annual Pageant of Peace outside the White House in Washington on 22 December. They were not demonstrating for some latter-day Marxist cause, but were part of a silent vigil on behalf of a man who risked his life and sacrificed his freedom in an ill-fated attempt to stop the bloodshed of World War II.

For his heroic efforts, this man—*Rudolf Hess*—continues to languish in a West Berlin prison 44 years later, where during the so-called Season of Goodwill he is not allowed to receive so much as a single Christmas card. All the pacifists, all the churchmen, all the Jews and Reds who are always in the forefront of more popular 'peace' demonstrations become conspicuously silent in his case. Indeed, this 90-year-old man—the longest-held prisoner of conscience in the modern world—is an acute embarrassment to them, because his case exposes their utter hypocrisy and moral bankruptcy. It tears away all their lies and deceit. He opposed genocide against the Aryan peoples, whereas that happens to be their very purpose.

The reaction of the public was mixed. Many had little or no knowledge of the Prisoner of Peace. Some were hostile. Some were indifferent. But there were also those who were distinctly sympathetic and receptive.

National Socialists call public attention to the plight of Rudolf Hess outside the White House in Washington.

What's ahead

Prison to be destroyed? Britain has secret plans to tear down crumbling Spandau Prison in West Berlin within 48 hours of the death of its only prisoner, ailing Nazi war criminal Rudolf Hess,

HESS

according to British newspapers. Hess, 90, who has been the prison's only resident for the past 18 years, is reportedly in poor health.

The London Times quoted unnamed military sources in West Berlin as saying bulldozers will destroy the prison as soon as the four doctors who attend Adolf

Hitler's former deputy confirm he has died. Reports in the Times and the Daily Mail said the prison would be destroyed, and that Hess' ashes would be scattered after cremation in order to leave no rallying point for neo-Nazis.

During the demonstration, NEW ORDER Commander Matt Koehl went over to the White House to present to the President a letter calling for the release of Rudolf Hess. (The text of that letter is reproduced on the following page.)

YULEFEST AN UNFORGETTABLE EXPERIENCE

All those who took part in the White House vigil were invited to an area German restaurant afterwards for the annual Yulefest sponsored by National Headquarters. It proved to be an unforgettable evening of good fellowship and *gemuetlichkeit*.

Following a sumptuous roast goose dinner, which was accompanied by the strains of appropriate seasonal music, there was a special drawing. First prize was a boneless ham, second prize was Juergen Spanuth's *Atlantis of the North*; and third prize was a can of imported Nuremberg gingerbread.

Rounding out the evening, a specially-created Yule cake with NS decoration was served. The celebration concluded with group singing of both traditional songs and old NS favorites.

EASTERN PENNSYLVANIA COMRADES HOLD GET-TOGETHER

National Socialists in Eastern Pennsylvania met on the premises of one area comrade for a pre-holiday get-together on 9 December. It was the first of a series of meetings and social events planned for the area.

The purpose of the informal gathering was to allow National Socialists to get to know one another on a personal basis, and at the same time to afford an opportunity to explain various points of NEW ORDER doctrine and policy. Light refreshments were served, and National Organizer James Ring was on hand with videotapes from the First Congress of the NEW ORDER. Later, the comrades were given a preview of

An Appeal to Ronald Reagan

The following letter was personally hand-delivered to the White House by Commander Koehl on 22 December:

*President Ronald Reagan
The White House
Washington, D.C.*

Dear Mr. President:

I am writing to you about a 90-year-old man in failing health now languishing in prison this Christmas season. He has been held for over 43 years, the last 18 of which have been spent in solitary confinement--which sets a record for political imprisonment. This man is being held because the Soviets insist that he must never be allowed to leave prison alive.

You and I both have come to expect such behavior as typical on the part of the Soviets. What is extraordinary in this case, however, is that the United States itself has acted--and is acting--in collusion with the Soviet Union in the perpetuation of this moral barbarity.

The man I am referring to, of course, is Rudolf Hess, the famous prisoner of Spandau. I am sure that you are familiar with his name. During the Second World War, he undertook--at great personal risk and sacrifice--a dramatic peace initiative to bring an end to the hostilities between Germany and Great Britain. Had he succeeded, countless thousands of American lives would have been spared in that tragic conflict, and international Communism would no longer exist as the threat you claim it now poses for mankind and human freedom.

For his brave and valiant efforts, Hess was unfortunately not heard. Instead, this emissary of peace was seized by British authorities, incarcerated, and eventually forced to appear at the judicial spectacle known as the "Nuremberg War Crimes Trials"--which, ironically, convicted him of "crimes against peace." The fair, objective and impartial nature of those proceedings may best be judged by the fact that there sitting in judgment was one I.T. Nikitchenko,

the top operative of Stalin's terror courts and celebrated show trials!

The inhuman treatment accorded Rudolf Hess has long been a universal topic of discussion among eminent jurists, humanitarians and persons concerned with justice in this world. It has now reached the proportions of an international scandal.

It is sometimes claimed that Hess' release can only be secured by Four Power agreement, and only the Soviets refuse such an act of clemency. Technically, this may be true. But there is a larger moral issue here--an imperative, in fact, which must govern the conduct of relations in dealing with an amoral power capable of the brutal and wanton massacre of innocents, whether aboard a Korean jet airliner or in the forests of Katyn. In such an instance, the claim that the United States can only take action with Soviet approval becomes a particularly gross and odious form of moral evasion.

By continuing to condone and be party to this monstrous barbarity, the United States itself becomes morally culpable. Certainly it thereby forfeits any claim to conduct according to a different set of standards.

During the month of December, U.S. military forces have control of the Spandau Prison where Rudolf Hess is being held. Accordingly, Mr. President, I call upon you to employ the full powers of your office to direct the immediate release of a lonely old man during this Season of Goodwill, not only as a symbol of justice and compassion, but as a message to godless tyranny that its barbaric behavior is unacceptable to decent and civilized men and women.

*Sincerely yours,
/s/ Matt Koehl
Commander/NEW ORDER*

As of this date, there has been not so much as the courtesy of a response or any indication of any kind that Ronald Reagan is in the slightest interested in the plight of Rudolf Hess.

special, new audio-cassette tapes featuring the Commander's talks before the Congress.

A voluntary donation box was set out for the Fall Building Campaign, and \$68 was collected.

In reporting on the gathering, Comrade Ring noted: "Social events such as this draw people closer to the

Movement, and make them feel they are really part of a greater whole, and not just a name on a list."

Similar gatherings are scheduled for 1985, and are designed to strengthen the National Socialist community by building a bond of comradeship among adherents of the NEW ORDER and reinforcing their dedication to the Cause.

Fall Building Drive Rolls Over Top

During December, \$2,384.65 was raised toward the Fall Building Campaign, bringing the final total to \$10,147.26. This is just slightly more than its projected goal of \$10,000.

To all those who took part in this vital effort, we want to express our sincere appreciation. Through your generous participation, not only have you helped the Movement immeasurably, but you have set a standard for all National Socialists.

We want to especially thank seven comrades, without the help of any one of whom we would not have been able to meet our goal. They are: T.F. (Va), J.R. (Pa), A.S. (BC), P.S. (Ill), R.S. (Va), A.V. (Va) and M. (Ohio).

As promised, all those who contributed \$100 or more will be receiving their special silver pins as a small token of gratitude.

The fall campaign—which officially ended on 31 December—was part of a larger drive to raise \$25,000 by 30 June 1985, and thus enable the Movement to proceed with its Midwest relocation plans. All monies contributed after 31 December will accordingly be credited toward the \$15,000 still needed for this important purpose.

MILWAUKEE COMRADES HONOR RUDOLF HESS AT YULE GATHERING

Milwaukee-area National Socialists gathered on 22 December at the home of one of the comrades for a bit of Yuletide fellowship. Starting out with an afternoon

of camaraderie and entertainment, they sat down afterwards to a hearty homecooked meal.

In the evening after dinner, they held a meeting at which special tribute was paid to Rudolf Hess. A candle was lit before a huge picture of Comrade Hess, and Sandra Osvatic gave a short address, in which she recalled his heroic bid for peace in 1941. She went on to score the decadence in the West, which has allowed the imprisonment of a man whose only 'crime' was a mission of peace.

Following the meeting, the comrades engaged in informal discussion before breaking up to go back to the 'real' world of Christmas commercialism and spiritual emptiness.

EDITORIAL CHANGES GO INTO EFFECT

With this issue of the NS BULLETIN, the NEW ORDER is inaugurating a change in its publications format. Inasmuch as the focus of our editorial program at this time is on internal instruction and National Socialist development, the NS BULLETIN is being revamped and modified to serve as the regular, periodical publication of the Movement.

For 18 years, the NS BULLETIN has consistently and faithfully chronicled and transmitted information of the National Socialist movement. It has appeared regularly since January 1967, and is the oldest National Socialist publication in the English language. As such, it is uniquely suited for its expanded role.

Up until now the NS BULLETIN has served primarily as a vehicle for the transmission of internal news and information of the Movement. With this issue, we shall begin dealing with broader contemporary topics, and offer editorials and other features essential to an understanding of those issues and forces affecting our destiny.

WHITE POWER shall henceforth be issued as a *non-subscription* publication for introductory and mass-circulation purposes.

Incongruity of Aryan Man and a Jewish Bible

I greatly enjoyed the informative article exposing the role that the Christian church plays in promoting racial disintegration in America by aiding illegal non-White immigrants [WHITE POWER 109]. The accompanying short item, "Mistaken Identity"—which helped deflate the absurd notion that the White peoples of Europe are descended from the ancient Israelites—was also right on target, and, indeed, overdue.

However, there was one crucial aspect of the "Aryan Identity" hoax that was not explored: the spiritual values and attitudes revealed in the Bible (especially in the Old Testament) are completely foreign and repugnant to the traditional religious feelings and practices of the Aryan race.

Each people creates its god or gods in its own image. The divine personalities that a people worships are a reflection of that people's innermost nature. Thus it is hardly surprising that the god of the Old Testament is a sort of super-Jew: he is a cruel, vain, jealous, arbitrary, arrogant, irrational tyrant—in short a typical Levantine despot. The essence of the spirituality of the Bible lies in prostrating oneself in complete humility and submissiveness before this Big Jew in the sky, and in placing his irrational, unnatural demands before every other responsibility, consideration or obligation. How utterly un-Aryan!

The spiritual attitudes of our ancestors were quite different from this. The religious feelings of the ancient Greeks, Romans, Celts, Teutons, Eastern Aryans and others stand out in bold relief from the Semitic world view of the Bible. Honor, courage, self-respect, health, proportion, productive work, beauty, an appreciation of the creative faculties of man, and a sense of responsibility to Nature—these were the values extolled by our ancestors—values which are conspicuously absent from the Bible. They are a manifestation of the soul of a pure-blooded warrior race, whereas the Bible reflects two entirely different spiritualities: in the Old Testament, that of a tribe of Semitic bandits and parasites; and in the New Testament, that of slaves and of the human refuse of urban civilization.

Seen in this light, the "Aryan Identity" movement is revealed to be a grotesque absurdity. It consists of well-meaning, racially-conscious White people who clearly recognize the pernicious nature of world Jewry, but who—because of some psychological dislocation or spiritual deformity—are unable to junk the book which they have been taught from childhood on is "holy."

I am sure that the intellectual and spiritual contortions of the "Identity" Christians provide the Jews with endless hours of side-splitting laughter.

Q&A

Have a question about the NEW ORDER, its doctrine, or views? Why not let us hear from you?

Q: How does the NEW ORDER feel about Nicaragua and El Salvador? Shouldn't we do something about the Communists down there?

A: As National Socialists, we are more concerned about Ronald Reagan and all the Jews/Zionists who control *this* country. They are a bigger threat to the White race than any half-breed peasants running around with red flags.

Q: Are you saying we should just let the Communists take over Central America?

A: We're not the ones in charge. Ronald Reagan and his Jewish/Zionist advisers are—and we don't expect them to do any better than was done in Korea, Vietnam, Cuba, or wherever. And why should we want to join the same kosher conservatives who helped the Reds to destroy the one true anti-Communist force in the world 40 years ago?

Q: If Central America falls to the Communists, won't the Russians invade us next?

A: While we are worrying about the hypothetical possibility of "the Russians" invading us, millions of non-White Salvadorans, Guatemalans, Mexicans and other Latinos are already doing just that! Why travel thousands of miles to "fight Communism," when we can't stop an invasion by millions of non-Whites? Better we should fight right here to overthrow those responsible.

movement with historical and spiritual links to a glorious past and the promise of an even greater future.

In the process, we shall come to a better understanding of what we mean when we say that the NEW ORDER represents a revolutionary, new faith here on Earth.

We shall come to a fuller knowledge and appreciation of that extraordinary Figure who sacrificed his life in 1945. And we shall come to learn more completely not only the meaning of his life and death, but of his *resurrection* as well. For we are talking here not only about someone who lived and died, but about someone who—Phoenix-like—arose and is alive today!

This is the good news of the modern age. And this is something we want to share with you and all our Aryan brothers and sisters. We want to discuss what this means and what its implications are for our struggle today.

As you can see, just as the NEW ORDER is no ordinary movement, so the NS BULLETIN is no ordinary publication. And in coming issues, we shall be exploring these and other pertinent questions relating to the establishment of a great New Order here on Earth. We trust that you will stay with us to find out more—and that more importantly, you will decide to become a part of this, *the greatest Cause of all time.*

NewsBriefs

BEHIND ANTI-APARTHEID—In the wake of the U.S. presidential election, the attention of the mass media suddenly found a new focus: the campaign of demonstrations against the embassies and consulates of South Africa in protest against that country's system of racial apartheid. Was it a spontaneous happening? The answer is contained in some news headlines that have been appearing: "Jews, Blacks Find Common Cause," "Jews, Blacks Reuniting Over South Africa," etc. Behind all the hullabaloo is this fact: The Jews are trying to revive their "civil rights" alliance with Blacks. The old coalition has been deteriorating in recent years, and all but fell apart after Black separatist leader Louis Farrakhan gave his support to Jesse Jackson in the last election.

'HOLOCAUST' REPARATIONS SCAM—Felicia Grunfeder, 45, is a Polish Jewess who claims she was severely damaged psychologically by her wartime experiences in an internment center. Until 1974, she had been collecting Supplemental Security Income benefits under the Social Security program. Then she was cut off, when it was found that she was already receiving "reparations" (!) payments from the West German government. A court of appeals in San Francisco has now ruled that those "reparations" payments cannot be treated as income, and has ordered Social Security benefits restored to the Chosen One. Meanwhile, an additional 20,000 to 30,000 parasites are reportedly waiting in line to collect.

NUCLEAR GOODIES FOR ZIONIST STATE—The Zionist gangster state in the Middle East is currently negotiating secretly with France to buy two nuclear-power reactors. Under the deal, Israel won't be required to sign the International Nuclear Nonproliferation Treaty, which would give international inspectors the right to examine its nuclear facilities. The price tag is a cool \$3 billion—which the Israeli economy is in no position to absorb. So guess who will be picking up the tab?

TOUGH LUCK FOR FARMERS—Ronald Reagan is more concerned about the survival of the parasitic state of Israel than he is about the survival of America's family farms. So instead of getting billions of dollars in new aid like the Israelis, U.S. farmers are facing a cut of \$7.4 billion this year. And tens of thousands of them are facing bankruptcy and the auction block. But Ronald Ray-gun doesn't care. What's a little shake-out? Supply and demand, isn't that the American way? Of course, if you are a big bank like Continental Illinois, no sweat—there's always a multibillion-dollar bail-out. The truth is, a government that can afford \$600 toilet seats for the Air Force and a Martin Luther King birthday party that costs \$14 billion each year—not to mention all the open-ended largesse for Israel—can certainly afford to do better by those who provide the country's food.

NOT TIME FOR ARMED STRUGGLE—It was with deepest regret that National Headquarters learned of the tragic death of Robert Mathews of the White American Bastion. Mathews, 31, was killed by federal agents on Whidbey Island, Wash., on 8 December. Information received indicates that he was betrayed by a government plant. As we have stated before, this is not the time for armed struggle. We should be working instead to create an *infrastructure* for the ideological, moral and spiritual mobilization of our people. Without such an infrastructure and such a mobilization, there is no chance for a successful struggle of any kind. As far as Comrade Mathews is concerned, he was a softspoken, dedicated and sincere idealist who only wanted a better future for his race. In his last letter to us, he stated: "My son must have a future—a future where he can stand tall and say, 'I am White, I am proud, and I am free!' Towards victory—88!" While we may disagree with his methods, we recognize Robert Mathews as a brave and honorable soldier, and we salute him. He shall be missed in the struggle ahead.

We're subjected to an illusive, artificial economy. Under Ronald McDonald Ray-Gun, the whole set-up in Amerikka is similar to a Hollywood movie set—a big, flimsy facade of papier-mache, held together with scrap lumber and baling wire.

It is also a 'polka-dot' economy. If one lands on the 'right' polka dot, one enjoys the good life of California hot tubs, imported goodies, high-tech electronics, gourmet foods, interesting diversions, travel to exotic places in the sun and renewed opportunities at almost every turn to get-get-get and have-have-have and say gimme-gimme-gimme.

Naturally, if one happens to be on the 'wrong' polka dot—such as a factory worker in an abandoned steel mill, a farmer in hock to a bank, a small business owner driven to ruin because the "neighborhood's changed"—then, as the self-chozzin say, "You're just a dumb shmuck." Too bad, stupid White American—better get on with the business of perishing.

Did you know that the \$1 bill carries a motto which reads in Latin, NOVUS ORDO SECLORUM? Translation: "New Order of the Ages."

Historically, of course, it is not an endorsement of the National Socialist cause, but a cheap 18th-century advertisement slogan to lure English citizens to live in the American colonies. Nevertheless, I would like to think that it may yet be an ironic vision of the state of things to come. If so, it would later be a cause of wry amusement to historians and of great pride to those who laid the foundation of National Socialism today.

After reading the December issue of the NS BULLETIN, I was trying to think up a way to help the Building Campaign a little more than what my husband and I have already done. I came up with this idea: If everyone would send in at least \$1 with each piece of correspondence they send in, the Building Fund would continue to grow. The dollars would add up quickly, and enable us to further advance the Cause.

So enclosed please find my \$1. I would like to be the one to initiate this.

What Is the NEW ORDER?

The NEW ORDER is a National Socialist community representing a revolutionary, new faith and a great historic movement.

We are comprised of White men and women of all ages and social backgrounds who are committed to building a better world for future generations of their race.

Our program is in our name: We stand for a revolutionary *New Order* in American life.

Today we live under an Old Order which is corrupt, decadent and diseased--a mad, psychotic system of mindless materialism, self-indulgence, drugs, pollution, pornography, race-mixing, filth, chaos and alienation. It is the way of Death, and more and more people are coming to recognize it as such.

But there is a better way, a way of *Life*. That way calls for the elimination of the egocentric/materialistic outlook. It calls for a new awareness and understanding. It involves a spiritual awakening, and calls for a rebirth of idealism and natural values.

It begins with the realization that we are part of something much bigger than our individual selves; that Man is part of a great Natural Order; that to be healthy and whole, he must act in accordance with its laws; and that among its ordinances are the laws of *Race* and racial conservation.

As National Socialists, we see ourselves as part of a world Aryan community and a new folk in formation. No multiracial society can be viable in the long run. That is why we want to build a separate, all-White society, with its own unique culture and way of life.

Toward that end, it is the function of the NEW ORDER to provide a focus for the *moral and spiritual mobilization* of our race. Our task is to give it a sense of common identity, common purpose and common direction, and to furnish it with a set of common values and ideals essential for survival in an increasingly chaotic and disoriented world.

Ours is more than just another organization. We represent a cause--*the most sacred cause of all time*.

We are the Movement of *Adolf Hitler*. We are his heirs. He has given us a great commission, which it is our duty to discharge.

For it was Adolf Hitler who came into the world to remind modern man of Nature's eternal laws, and to make them the basis for a miraculous regeneration in human affairs. That is why we proudly recognize him as the greatest figure of the age, and why we regard his Cause as the one great hope for Aryan mankind on this earth.
