

COMMANDER'S SPECIAL REPORT ON CHICAGO

I'm dead, dog tired after the sixteen hour drive back from Chicago as I pound out these words myself on the typewriter, but I can't turn in until I've done my best to pass along the best news in six years to those who have stood by me so long and so faithfully through so much discouragement.

On Sunday, August 21, 1966, everything we have hoped for, sacrificed for, suffered and worked for came true!

Never have I seen such a fantastic "blackout" in press, TV, etc., nor such arrogant lies when the press did say something about what happened in Chicago last Sunday. Literally hundreds of newsmen, cameramen, etc. were there and know the truth of what I shall write, yet not one word of the amazing facts has been allowed to get out.

You'll understand why when you finish this letter!

About three weeks ago, Martin Luther Coon started it all. For the first time that I know of, he led his black scum and White trash into all-White neighborhoods in Chicago, demanding that the blacks be allowed to make more slums out of White areas.

The Whites replied the only way they knew how, -with rocks and bottles and jeers. They've never been organized as WHITE people, -as a RACE, -by the so-called right-wing, by the "conservatives" who are afraid to mention race and are still babbling about "the constitution", "states' rights" etc, when it is RACE, and RACE ALONE which deeply concerns the masses of working Americans!

America has plenty of Negro leaders -Coon, Carmichael, McKissick, Wilkins and the rest of the arrogant black agitators. There are plenty of Jew leaders for the Jews. And every other group, from national groups to trade associations has its recognized leaders. It is only the White people who have no nationally known leaders who stand up responsibly for the WHITE RACE.

(Do not reply that George Wallace is such a White leader, -although I know he's the best we've had so far. But Wallace makes the mistake of joining the Jews, negroes and conservatives in parroting the Jewish line, (as Wallace does all the time), by saying, "Racism is evil!" --In other words, Wallace is saying Whites aren't superior to blacks, and it is "evil" to say so. Instead of admitting the truth that the White race IS superior, Wallace tries to hide his racism as "States' Rights", "Constitutionalism", etc. But the people see through this, and instinctively know that a leader who will not dare tell them the truth they all know will never really FIGHT.)

I proved, last Sunday, that the people, the good, White working people are sick to death of any more of this sort of hiding and disguise and sneaking of racism. They want to see a fighter for the Great White Race stand up and face the liars and blacks and Jews with the FACT that the White Race IS superior, and will not tolerate being mixed with inferior Africans. They want a fighting leader not afraid to come out in public and state what everybody can see, that the blacks, for the most part, are the lowest kind of semi-animals who will destroy White Christian America unless we stop them.

(And don't tell me that Robert Shelton, the Klan leader, is such a nationally known White leader. He's known, sure, and he's for the Whites, -sure. But he has not and he will not step out onto the battlefield personally and fight for his people, as the masses know I do every day. Where was Shelton when the Commie Viet Cong flags were flying all over the Country? Where was Shelton in Chicago? Cleveland? -a thousand other places?)

The American people do not want any more empty talk, petitions, cross-burnings, bed-sheeted collection-gatherers or anything else except old-fashioned American FIGHT! Klan groups with whom I have met all over the Country have complained to me that Shelton won't fight, and won't let anybody else fight.

The fact is that the White working people of Chicago FINALLY have been attacked in their very homes by the black scum, and have risen up in their righteous wrath to hand us THE opportunity of a lifetime.

But their wrath, until we came along, was undirected, aimless, violent and often harmful to their own cause. They have been abandoned by "leaders" afraid to stand up for the WHITE RACE. While the black savages have been howling through the streets screaming "Black Power!"-burning, looting, beating, raping and murdering, --the "conservatives" and even Southern leaders have been responding with "The Constitution!", "States' Rights!" and, most defeatist of all, "Never!"

So, without any leadership at all, the strong, God-given instincts of our healthy, wholesome people reacted to the naked challenge hurled at them by the blacks howling "Black Power!"

"WHITE POWER!" came from a hundred thousand White throats, as they attacked the invading blacks with rocks, bottles and anything else handy. With no leadership and no organization, only violence was left to them, and they used it.

And "White Power" is precisely what I have been preaching all these years! (And for which I have been getting cussed and reviled by my own side). I have said again and again that telling our people that all we want is "more individual freedom and a better world" and "states' rights", etc. is a lot of hogwash.

In order to DO what the Conservatives are always babbling about, we need POWER, WHITE power!

The moment I realized what was happening in Chicago as the rocks and bottles were flying at the nigger marchers, I dropped almost everything else and called a dedicated patriot in South Carolina. With his help, I flew John Patler out there to Chicago with ten thousand "WHITE POWER" swastika signs which were printed in an all-night marathon effort in our little "hen-house" plant in Southside Virginia.

I knew exactly what would happen when I turned those signs loose in Chicago. Those decent, peaceable, hard-working people were MAD, mad clean through, and under naked attack by black mobs trying to invade their neighborhoods and turn them into more nigger slums. They don't give a damn about all the Jewish anti-Nazi lies and propoganda of the last twenty years. They are fed up to here with the phony, dead "six million". And they want to SHOW how angry they are, -they want to be tough, rough and FIGHT!

The swastika ALONE gives them what they want and need, because it is truly the very symbol of "WHITE POWER"!

And another benefit of this symbol which the Jews have so thoughtfully been publicizing all these years is that anyone can draw one on a wall, on his helmet, on a poster! (Who can draw a Confederate Flag, for instance? Good a symbol as it is, it is too complex.) The swastika is simple and POWERFUL! That's why Adolf Hitler chose it as the symbol of our Great White Race!

The NSRP had already been passing out thousands of their very good paper, "The Thunderbolt" to the crowds. But the people in Chicago did not want to read any more papers about how bad the situation was and is, they want to FIGHT! We saw the streets littered with thousands of the paper.

Instead of newspaper or literature, I sent Chicago the swastika and John Patler to organize them and help them reply to "Black Power" with "WHITE POWER".

And how it worked!

Within hours after Captain Patler landed, our White Power swastika signs were being brandished at the niggers and on national TV, all over the city! Patler leaped on a bench in Marquette park, scene of one of the worst nigger invasions, and gave a rip-roaring NAZI speech which burned its way into the living hearts of thousands of White Men who, only hours before, had been leaderless and disorganized.

"ROCKWELL IS COMING" he shouted, and the crowd took up the cheer!

The papers and TV covered some of this reaction, (which you may have seen) because they apparently still thought it was some kind of juvenile outburst and that we could be made fools of, or they could jail me for "inciting to riot". But Captain Patler has been carefully and well trained at HQ and in his leadership activities all over America with the American Nazi Party. He was scrupulously careful not to say anything which could support charges of "inciting" no matter how the papers, TV and other media lie and misrepresent. (If he HAD "incited to riot" you can be sure he and I would both be locked up long ago).

He announced to the vast throng of Whites that I would be in Chicago to speak in the same spot next Sunday (August 21), at 2 PM, just as in the old days we used to speak every Sunday in Washington.

Meanwhile, the reactions from all over America began to pour in! Our kind of people are fighters, and they could feel it in their souls that, at long last, the fight for White Christian America had been joined! I got calls from Oregon, San Diego, Iowa, Dallas, Florida, Seattle, Kansas, from everywhere! -even from people who had long ago lost faith and abandoned us.

I decided the best way to let the politicians know that the Whites were fed up was not to throw rocks and bottles, but to MARCH ON THE NIGGERS who were causing the trouble! If the blacks have the right to "march" on our White neighborhoods, we assuredly have the right to march on their BLACK neighborhood.

As soon as I announced this to the press, the police and politicians were forced to admit that they would have to give us "police protection" too, just as they had been giving it to the chimps and baboons loping into the White neighborhoods.

We rigged the camper for a "combat" speech (see photo I took myself in Chicago about an hour before the speech, before the crowd had gathered) and headed for the Battlefield in Chicago. I fully expected to be arrested, since all the papers had been running stories that the Nazis had "incited" the White mob which stoned and burned nigger cars, (although all this happened long after Capt. Patler's speech, although the same kind of thing and worse had been going on for days before we ever got there, and although we carefully did NOT urge any such illegal action).

Instead of being arrested, however, when I arrived in Chicago I was surrounded by the press and asked, "What is your comment about the National States Rights party, which has asked for Police protection against you and the American Nazi Party?" I was flabbergasted!

Since Fields settled my court libel suit against him by paying \$1,000 and apologizing for his lies on the front page of his paper, and ended the disgraceful squabbling between fellow White leaders, I have not only not done anything to hurt the NSRP, but I have called him a dozen times to offer help, (which was always declined, -politely by Fields, with hatred and cursing by Stoner). Now with the greatest opportunity in history for the White Race, -out of a clear blue sky, Stoner of the NSRP (I believe) was starting more crazy battling between the NSRP and ANP, with this insane PUBLIC attack, implying that I was going to attack the NSRP and they would need police protection from ME!!!

You can't imagine the way the Jewish reporters were laughing about THIS!

So I wired Fields, begging him to stop the insanity of more quarreling in public by White leaders, and even offering him the use of our facilities. (See photostat of telegram). But it did no good. I tried to call him, but got only Stoner raving that I was working for the "Federal Bureau of Integration!" The vile lies from the NSRP continued to make the Whites look foolish.

But we were all too busy to pay much more attention to such madness by the NSRP, and I did nothing to hurt them or "get even". They announced a rally for the same time and place we had already planned to speak and had spoken the previous Sunday, but I simply moved our rally over.

Finally it was two PM, Sunday, August 21, 1966 in Chicago, Illinois. The weather was sticky and overcast. A crowd of more than two thousand had gathered, with many more at the windows of the neat, two and three-storey apartments and houses around the park.

Just as we were ready to begin, the radio announced that anyone speaking in the Park would be jailed for "speaking without a permit"! My Chicago leaders had spent two and one half hours, several days earlier, making sure everything was legal, however, so Captain Patler climbed up the ladder to the roof of the camper and began to speak.

He was greeted by round after round of applause!

Lt. Chris Vidnjovich, our Chicago leader, followed him and was showered with more applause.

Then Capt. Patler introduced me. I climbed up through the hatch to more applause than I have heard in all the years I've been fighting for America!

I began to speak.

It was an emotional experience such as I have never yet had. It was hard not to choke up, sometimes. As I spoke to that giant crowd, IT CAME ALIVE! I could FEEL it, and so could they!

When I asked a question such as, "ARE YOU WITH ME?" --the answer would come roaring out of thousands of throats with such passion and power that it moved me beyond words.

I told of the Jewish money and Jewish communism behind the black hell-raising! They applauded and cheered that somebody had the nerve, at last, to tell them the TRUTH! I told of the rottenness and ugliness of the black scum which was attempting to invade their clean neighborhood and turn it into another nigger slum where their wives, sisters and daughters would be helpless before the black savages. They cheered and hollered, for they knew I spoke the truth! I was soaking wet with perspiration, but my heart was so full that the words poured forth in a torrent directly into two thousand or more hearts of my White brothers and sisters! The mutual love and bond between White Brothers and sisters became a warm, breathing thing for all of us! Even now, as I write these words, my throat tightens up as I think of all the years all of us have suffered and sacrificed, and how all of it became gloriously worth-while in that hour during which I won over the hearts and souls of the White people who have been told for so long that I am a "monster" and a "bigot", etc!

I announced that on September 10, I would lead a march of Whites into the blackest and rottenest section of Chicago. I asked again, "are you still with me? Will you MARCH?"

The thunderous response was a volcano and an inferno of roaring approval, rebel yells and unmistakable war cries of WHITE WARRIORS!

When I could be heard again, I asked them to give me "WHITE POWER" so Martin Luther Coon could hear it on the other side of town!

"WHITE POWER"!!!

It wasn't organized and united enough, so I told them I would shout "WHITE", and they should respond with "POWER!"

Over and over and over it thundered out of that historic park, --all over America!

"WHITE..." ----"POWER!"

"WHITE..." ----"POWER!"

"WHITE..." ----"POWER!"

Until YOU hear this mighty roar of YOUR people, united at last in brotherly love for our Great White Race, you simply can't FEEL what happened out there in Chicago last Sunday! For the first time in the history of our perishing America, thousands of White Men and Women stood up openly as RACISTS, proud of their White Race, and cheered a supposedly "hated" Nazi, who stood over two giant SWASTIKAS, ---cheered and cheered and cheered. And hundreds of them were waving swastika placards they had made themselves!!!

Two Jews started to scream at me. They got only a word or two before I saw them being dragged into the crowd and their feet disappeared. For seven long years, I have had to suffer these vicious Jews breaking up our speeches by force and violence, only to appear later in court as innocent lambs, weeping piteously over the poor "six million" barbecued Hebes. But I can guarantee that the two Jews who came to bust up THAT meeting will NEVER try it again! That crowd was not made up of "conservatives" and Buckley, tea-party types, but tough, powerful working men who won't stand for any Jew hanky-panky while they are listening to a White Leader.

When I climbed back down the ladder inside the camper, it was immediately swamped with a huge crush of people who wanted to see me. The others inside the camper cautioned about going out into such a mob, but I knew I had to. I did. I was almost pressed flat. Women hugged and kissed me. Hundreds of hands reached out to grab me and shake my hand, often nearly crushing it. We were told it was illegal to take up a collection in the Park, but these wonderful people PUSHED money at me, fives, tens, twenties, -stuffed it in my pockets, filled my hands, until I was able to work my way near enough to the camper again to pass the wads of bills inside. (More than five hundred dollars was pushed upon us in about THREE minutes!)

By this time, I could not help pouring tears for pure joy, for the first time in my life. I had seen women cry for happiness before, and never understood it. Now I did!

After eight, long, bitter, heart-breaking years of starvation, desertions, lies, loneliness and stupid hatred, here were vast masses of my fellow, White Americans taking me into their hearts, and with such power and love that I cannot describe the emotional storm in any words.

These wonderful people were not pouring out their love and gratitude because I am so handsome, because I can give a good speech, because I am a "big shot" or because I "hate niggers". They were overwhelmed, as I was, because at long, long last SOMEBODY was giving them responsible but FIGHTING leadership such as America once knew from our forefathers. Those good people knew that I understood them, loved them, knew how to reach their hearts, and will FIGHT TO THE DEATH FOR THEM!

All of this I have long known and predicted would happen. But with so many years passing with so much misery and so few sticking with me, I have often wondered if I could keep going. I had actually forgotten the great vision for which we fight, OUR PEOPLE! I have been forced to spend so much time fighting poverty, treason, treachery and stupidity by my own side, that I had forgotten, emotionally, what it is like to be a part and a leader of a GREAT PEOPLE!

But it all came pouring over me last Sunday in a great wave which I will never forget, and I knew with the surity of religious knowledge that WE WILL PREVAIL! Those few thousand wonderful people in Chicago are just a tiny sample of the MILLIONS out there, waiting just as desperately for WHITE LEADERSHIP.

The reaction of those people was SO overwhelmingly favorable to us that it was all I could do to prevent a riot, when the Assistant Chief of Police of Chicago showed up after my speech and handshaking. They had been broadcasting that anybody who spoke in the park without a permit would be arrested. So, when the Assistant Chief showed up, I expected the usual "pinch". I heard the crowds beginning to roar, "The cops!" just as I got into the camper to drive off. I knew what would happen unless I did something right away.

I jumped back out of the car and hollered to the crowd to leave the police officer alone.

I told them that it would hurt, not help, if they mobbed the policeman. I told them that if I were arrested, I would go peacefully, but that they should then go and make a mass demonstration at the jail to let the politicians know they would not stand for Whites to be locked up while Martin Luther King broke every law in the books and got away with it.

So the crowd let the officer through. He looked miserable and horrified when he got to me.

"Can I talk to you a minute" he asked.

"Go ahead and arrest me," I replied. "I'll see the crowd is peaceful."

"No! No! No!" he hollered, as the crowd moved in, "I'm not going to arrest you!"

The crowd relaxed and became silent. Microphones from a dozen reporters were poked between us. Then this top policeman said something incredible. We had been in the park for almost three and a half hours, by now, setting up the camper with an eighteen-foot sign, "WHITE POWER" and two giant red-white-and-black swastikas. There had been music which police made us stop. There had been three speeches. Hundreds of police had come and gone, some taking our names, etc. Nevertheless here is what this Assistant Chief of the Chicago Police said to me.

"You've broken the law. I didn't know you were speaking, or you would have been arrested. I just got here, so I didn't know you were breaking the law."

When he started talking about "breaking the law", the crowd began to get restless and ugly again, and the police officer continued in a hurry, "This is a warning! You can't speak again without a permit! Next time, get a permit!"

I replied that I would, if I spoke again. Then I turned to the crowd and yelled, "Do you want me to speak again?"

The crowd roared "YES!"

The Assistant Chief of Police in Chicago scurried away.

This time, the power of the mob saved me, (rather than the niggers) from an arrest for what they said was an unlawful act, (which I doubt, since our leaders were told it was OK by police HQ). But if it WAS illegal, then it is WRONG that I should have gotten away with it just because of that mob, and it is this kind of hanky-panky with the law which has loosed the black terror in our streets.

No man should be arrested who does not break the law. Nor should any man NOT be arrested if he does break the law, even if the police have to use tanks and machine guns to enforce the law. This time, it was I who benefitted from "mob rule", because now it is no longer just the niggers who have "mobs", --we can have them too. But just because this mob was on MY side, doesn't change the principle that NO mob should ever deter police from doing their duty. And no politician should give orders which make such a monkey out of a professional Police Officer.

The full injustice and wrongness of it all was shown in a pitiful way, a few moments later, when a miserable little group of three sheeted Klansmen were arrested for trying to speak, just as I had already done, -except they had no platform, no loudspeakers, no signs, --nothing, --including no mob. It had begun to pour down rain just as I finished speaking, and they had nobody out there to listen to them. So they were arrested and jailed for "speaking without a permit"!!!

And as we were driving the camper by a statue at the other end of the park, (still in a pouring rain) we passed a soaked and soggy little group of about thirty people being addressed by a man with nothing but a little portable loud-speaker. It turned out to be Connie Lynch addressing the members of the NSRP. Mr. Lynch, too, was arrested, for doing what we did without being arrested! He had no mob, either.

Surely this ought to be sufficient evidence to anybody that MOB RULE has taken over our America! With a mob behind you, the law is what you want it to be. Without a mob, you get the "business".

What madness!

I feel sorriest for the police, in the middle of this insanity. They HAVE to obey their orders, and often these orders don't come from police officers, but rotten politicians who cater to the mob. Just last week, 125 good police officers quit in Chicago, because of the rampaging black mob rule. It's happening everywhere because a nigger can't be arrested anymore without all of niggerdom turning out to riot, burn, loot, and terrorize the whole city.

It's wrong for niggers to be able to break the law with impunity, and it's wrong for us, too.

But we didn't produce this rotten situation, and we do have to stop it. And to stop it, we must use SUCCESSFUL tactics, -which means that the only real answer to BLACK mob rule and black power is WHITE POWER!

Some papers in Houston and California headlined that I "incited" a riot.

Had I any intention of doing any such a thing, indeed, had I not PREVENTED a riot, that policeman who came in there would have been mashed to a pulp, and that crowd would have roared off to start the riot of the century and kill them carloads of niggers. Instead, I showed them a constructive, legal way to show the politicians that the black, bloc vote isn't worth losing the much larger WHITE BLOC VOTE, -and showed that crowd that we could do it with a march on the nigger section in an orderly and legal manner.

I told them that if I could muster only a few thousand White Men to march on nigger town, the political bosses would have to sit up and take notice and listen, at last, to the voice of the White Man who has lost patience with all the catering to nigger marches, riots, crime and laziness.

I told them it is not petitions, talk, literature, meetings or even the truth which moves cynical politicians today, -but MASSES OF ANGRY PEOPLE.

The niggers are getting away with HELL, simply because they can muster hundreds or thousands of bloody rioters; and every commie, every Jew agitator, every politician, every lefty and liberal liar and sneak is THREATENING us that if we don't give up our rights and all they demand, they will loose upon us the black terror!

Well Sunday, I showed those politicians that he who sows the Black wind shall reap the WHITE WHIRLWIND!

With only one rally, I can now muster many thousands of White Men to march into nigger-town on behalf of "Back to Africa"!

And these will be no "nice" "conservative" marchers. These will be the toughest men in Chicago; which is no sissy city. We've got 'em with us 100%, regardless of the silence or the hisses of the Jewish vipers in the press, TV, radio etc.

If the niggers attack, the cops will have the right, (and the pleasure) of beating the living hell out of those burrheads. And every White cop in Chicago will be fighting for a chance to get a free crack at the black hell-raisers who have made their lives so miserable. If nigger cops can beat the brains out of Whites who try to stop nigger marches into White neighborhoods, then White cops can certainly enjoy to the fullest pounding the thick, wooley skulls of the black apes who might try to interfere with our march into THEIR neighborhood.

The march will, in short, be a "Birmingham" -in reverse!

The only problem we have left is logistics.

Unless I can ORGANIZE these thousands of tough, White people, we will still have nothing but MOBS. In order to keep our march orderly and lawful, with such huge numbers over such a large area, (so the police can "take care of" black attackers and we won't all go to jail), we need "monitors", with helmets, boots, uniforms, armbands, etc. We need all the equipment to insure rapid and positive communication over the mile or so of the march, including Citizen's Band radio, walkie talkies, etc. We must give cohesion and a feeling of unity to all the participants.

Here's some of the vital things we must have to keep this march orderly and make it effective.

500 uniforms, boots, helmets and armbands for "monitors" to maintain order.
Radio command car, with Citizen's Band radio, plus substations and walkie-talkies.
10, 000 placards, "Back to Africa", "White Power", etc.
100, 000 printed sheets with instructions, cautions about legality and order, etc.
chartered busses, travel expenses, etc.

All of this, with the other inevitable expenses of such a huge operation, will come to about \$41, 000, minimum. (In case that sounds extravagant, the niggers spent over a million dollars on their Washington march alone).

When I first arrived at this sum here, the other officers shook their heads and said it would be impossible. "Can't be done" they said.

I believed differently. I have faith in our kind of people. I believe they will understand that once we have begun to win over the masses of Americans, as we have prayed and worked so hard to do all these years, we've got to "GO FOR BROKE"!

We have PROVED, by what we did in one small section, that we can now organize a MILLION people in Chicago, once we have the funds to work with. And surely, you don't need an electronic calculator to tell you the amount of support we can raise from such an unimaginably large group in just one city, even though they are mostly working people and poor people. They proved what they can and will do, in just three minutes, when they surrounded me and stuffed all those five hundred bills at me!

I know that every addressee has already performed financial miracles for the Party and our Cause. Now I must ask you to do it again, and I believe you WILL! I believe that you will agree with me that it would be wicked for us to ignore these many thousands of people given to us at last to lead, and to fail to do a GOOD JOB OF IT! We can not, we must not let this march turn into a rabble and a riot because we don't have the equipment and funds to maintain order and effectiveness!

What I am specifically worried about is lack of discipline and order. These people who will march behind me are TOUGH, --FIGHTERS from the streets of Chicago. They are itching to beat the niggers to death. If they cannot be controlled during the march, -if a brick flies and they start a fight, I will surely be accused of starting a riot at the very least, and spend years in prison, or more likely get killed. I'm not afraid to die for my people, but not uselessly, in a miserable mess caused by lack of preparation.

The ONLY way to maintain order and discipline is the same way its done in the army, by building and maintaining a strong feeling of group UNITY and loyalty. Most of the youth "gang" leaders are with us, including many with motorcycles. These extremely tough boys look up to me as a "great man" as many of them told me day before yesterday in Chicago. This gives me the strength to maintain command and order, providing I have the TOOLS such as radios, etc. Remember that these same lads have been beating and killing each other in the streets until I got them to see the insanity of fighting each other and managed to get them to unite against the common, black enemy. To teach these rowdy, tough fighting men to obey the law, respect police officers and maintain discipline and order even under nigger attack, --all in two weeks, --is going to take a miracle of leadership. I can do it, as I have all my life, -but I MUST have help, --uniforms, helmets, signs, symbols, radios, and the rest of the equipment which makes a living, disciplined ORGANISM out of a rabble.

We can't take advantage of this blessed opportunity with a few hundred or even a few thousand dollars. It will take a minimum of FORTY-ONE thousand dollars. You just can't pull off such a gigantic operation on guts and will as we have been doing, and you certainly can't save a whole Nation and eventually win the race war ahead with a few hundreds or thousands here and there.

I am now prepared to ask you, in good conscience, to do just as much for the White March on Chicago as you would if your wife, your mother or your kids were dying in the hospital. Because your race and your nation ARE dying. This march may cost me my life, -and I am glad and eager to risk that life for the tremendous power it will give our side at last! My willingness to risk my life gives me the clear conscience to ask you to GO THE LIMIT! And then more.

If I have managed to reach your heart with a clear understanding of the earth-shaking power which has at last been put in YOUR hands, you will be just as eager to find the BIG money we now must raise, as you would be if your kids were dying and you needed the money for the doctor.

I know there are some of us who can come up with five or ten thousand dollars. I also know there is NOBODY on our list who can't do something significant.

THIS IS IT! --this is the time for the White Man to start the march to POWER! We've already got it in Chicago, and the niggers will soon be marching into White neighborhoods everywhere. I have proved we know how to reach the hearts of the masses and organize them. We're ready to go to work, but we must have the funds to operate!

I have been warned by everybody that I will almost surely be shot, leading the march into the toughest black section of Chicago. Nobody can watch all the windows and rooftops, etc.

I am well aware of that.

But the very courage which impells me to march and lead my people at last also gives me the moral courage to push you to do YOUR share, --and the share of the "conservative" fakers who are too scared to do anything but talk and petition and go to meetings.

I am going to march in there September 10th, alone, or with thousands, rich, poor or in between.

But if you do your share, we will show the black scum and their Jew communist masters what WHITE POWER on the march looks like. With your help, there will be hundreds and hundreds of uniformed, booted, helmeted "monitors", flags, banners, "Back To Africa" signs by the thousands, squads of sharply uniformed motorcycle riders, radio command cars, organized singing and cheers and thousands and thousands of marching men.

If the blacks attack, the police will strew the streets with them. If police are overwhelmed, WE will pile up the coons like cord wood, which is our right of self-defense.

And if the blacks do NOT attack, as I expect, the morale of the black scum will be smashed by a White March into the heart of their territory, while White morale will soar into the skies. And the "stock" of the American Nazi Party will zoom up to produce a hundred more White marches and millions of new members and adherents. Now is the time to either organize and resist as the people of Chicago are ready to do, --or give up our country to niggers, scum, communists and Jews.

I repeat, **THIS IS IT!**

There are only about two weeks left before I march into that black stronghold leading thousands of the toughest White people in Chicago. (We had to set the time so soon because that's the only way to strike while the situation is "hot"!)

Please send \$ 10, 000, \$ 5, 000, \$ 1, 000 or whatever you would raise in a desperate emergency to save the life of your mother, your wife, your kids or other kinfolks.

That's exactly, precisely what you will be doing.

I'm DEPENDING on YOU in this God-given opportunity!

Lincoln Rockwell, Commander,
American Nazi Party.
