

## GEORGE LINCOLN ROCKWELL

April 26, 1962

### LAST MINUTE NEWS, --AND SPECIAL OFFER!

Since the "Storm-Trooper" was printed, Mr. Roy Frankhouser, the National Organizer of the National States Rights Party has resigned from that organization and become a fighting Stormtrooper in the American Nazi Party. That makes TWO, so far, of the top five officers of the National States Rights Party who have seen that the NSRP's disguised Nazi-ism just won't work and have joined us to FIGHT.

The first, Matt Koehl, who was the National Security Officer of the NSRP, has been commissioned a Lieutenant in the American Nazi Party and is second-in Command of the big Headquarters Unit of the ANP in Chicago. His recent official resignation to Dr. Fields of the NSRP is a masterpiece of logic and composition.

These are only two of the multiplying evidences that the American Nazi Party is "over the hump" on the way to victory. With major headquarters operating successfully now in Washington, Chicago and Los Angeles, --and four others in the works and soon to be commissioned, the Party is well past the point where it can be crushed or stopped by the Jew traitors, no matter WHAT they do. If they kill me and other top officers, I have trained men who have already demonstrated their ability to move into position to continue without a hitch. Even more important, we have "sleepers" in many other organizations ready to go into action when ordered or in case of emergency. The Jews were unable to stop us with their terrorism and lies when we were tiny, laughed-at, and relatively helpless. Now their vacillating tactics reveal that they are, themselves, terrorized and disheartened at our obvious and growing success. With three and a half years of brutal experience in dealing with these apostles of brotherhood and tolerance under our belts, we are ready for an assault on treason and race-mixing such as the Jews have never yet imagined!

But we can't even begin to make USE of our capabilities until we can get our finances out of the desperation and emergency state, and onto the solid foundation of a BUDGET. Like a highly trained and eager army without ammunition, we are unable to fight without bullets, no matter how excellent our soldiers, battle-plans and weapons.

Many of our friends and most of our enemies imagine we have "money", because our printed material is so well gotten-up and because of our tactical successes around the Country.

But we DON'T have money. Like our early American forbears, we have learned to improvise and MAKE-DO with what we have, --which is GUTS, INTELLIGENCE KNOW-HOW and the dedicated support of a tiny band of not more than ONE HUNDRED MEN AND WOMEN who have provided most of the ammunition so far!

This issue of the "STORM-TROOPER", for instance, and this letter, would cost any other outfit thousands of dollars to produce. But we have done it for the cost of the paper, supplies and mailing costs, --because I myself have done the writing, the organizing, most of the layout and art work, the lithographic photography, the stripping, the printing and even some of the folding, --which is all done by hand by the dedicated young FIGHTING men living here on beans and powdered milk.

Anybody who has been here and seen how we live and fight off the attacks will tell you that that is the TRUTH!

But we can't make our own electricity, paper, gasoline, telephone service and the rest of the "ammunition" for the FIGHT we are putting up, no matter how much guts and energy we put out. For this we need CASH, -and the struggle to get just enough to survive from month to month keeps me personally in poor health and a nervous exhaustion which often cuts down the strength I need to lead the desperate BATTLE going on here and everywhere we have fighting units.

I cannot help but reflect that there are FIVE THOUSAND people who write to us and tell us how they admire our courageous battle, etc. If EACH ONE of these would help only a relatively little bit, the result would be a MIRACLE!

So we have scraped up everything we could muster to send out this first issue of the "STORMTROOPER" to the whole list of five thousand people who say they are for what we are doing, along with this letter. Just materials, costs and stamps will cost us over five hundred dollars!

And to do our part, -and my part, -to produce the miracle we need to save our perishing race and nation, I am contributing the ORIGINAL, hand-corrected manuscript of my book, "THIS TIME THE WORLD", for which we have received very generous offers from collectors. The book itself is selling RIGHT NOW, at the Benjamin Franklin Bookstore, on Pennsylvania Avenue opposite the Justice Department in Washington, -for \$ 25 a copy, believe it or not! It is a COLLECTOR'S ITEM ALREADY!

Every person who sends in the coupon below with at least ten dollars for the fight will receive an autographed original, hand-corrected page of the original manuscript of "THIS TIME THE WORLD", as long as they last, and I will acknowledge each such contribution personally, even after the three-hundred and forty pages are gone. (These pages are certified GENUINE and ORIGINAL, under the severe penalties for Mail Fraud).

Every person who sends in at least five dollars in response to this appeal will receive an autographed and hand corrected carbon copy, --the only one in existance, of the original manuscript of "THIS TIME THE WORLD".

If you can't muster up the five or ten, fill in the coupon, send at least two dollars, and we will save the page you request for one month, and forward it upon receipt of the remainder of your pledge.

If only one person out of five who receive this responds, -it will mean we will be able to ASTOUND THE WORLD, literally! You will not only have the very real cash value of the collector's item page for your contribution, -but you will see what brave, intelligent and FIGHTING men can do with the "ammunition"! You will see the results of your help in HEADLINES, --and before too long, in dead traitors and a CLEAN, STRONG, WHITE AMERICA!
