PREFACE

The AMERICAN NAZI PARTY is not any different, fundamentally, from the original concepts of the Republican and Democratic Parties. All parties seek political power in order to carry out their ideas of how best to secure the most wholesome social, economic and political organization of their people. Actually, this is all the AMERICAN NAZI PARTY seeks to do, by lawful means.

But because the AMERICAN NAZI PARTY recognizes the vicious subversive and parasitic nature of many Jews and does not fear to tell the truth about this dangerous subject, the Party is brutally and unfairly attacked by every organ of public opinion and information, and ruthlessly persecuted by almost every social and governmental organization in America. Many of these attacks are not the result of sincere hostility to the AMERICAN NAZI PARTY. Most non-Jewish Americans hate Communism, race-mixing and moral subversion as much as we do. But, because of what the Bible calls "fear of the Jews", non-Jewish officials in all sorts of organizations seek to save themselves from the wrath of the Jews by persecuting us. The more they unfairly send us to jail, lie about us and even attack us physically, the more they are praised in our Jew-ized newspapers, magazines and TV.

For this reason, the AMERICAN NAZI PARTY is forced to organize along military lines to DEFEND itself from this constant illegal and immoral harassment. When we are trying to express our honest opinions in public, as is our most fundamental right as Americans, we are almost always attacked by screaming mobs of hysterical Jews. They seek to prevent our public exposures of Jewish treason to the United States. Their pose as lovers of "tolerance" and "free-speech" disappears in an instant whenever anybody asks why so MANY of our convicted spies, traitors and Soviet sympathizers have been racial Jews (More than 85%).

When we are thus attacked with fists, clubs and tire irons, etc, it is impossible to hold a committee meeting to decide how to fight back. Our response to Jewish violence must be immediate and effective. For this reason, and others, we maintain an iron chain-of-command, with stern discipline and absolute responsibility up and down the line.

It is important for the new Trooper to notice that we are NOT Germans; we do NOT wear German uniforms or insignia, and there is no "Goose-stepping" or use of German titles, etc. Such things are strictly prohibited in the AMERICAN NAZI PARTY. This is not because we do not greatly admire the Germans and the German Nazis, -- but because we are AMERICANS. Most of us have fought in the Armed Forces for America. Our admiration for Adolf Hitler and the principles of his magnificent National Socialism do not make us Germans any more than a belief in Jesus Christ and Christianity make one a "Hebrew".

The AMERICAN NAZI PARTY is actually the SHOCK TROOP of Americanism. Although the ignorant and blind "patriots" don't realize it yet, we are the vanguard of the "right wing revival" all over the world. In fact, we are the CAUSE of that revival. The opposite of Communism is NOT "Conservatism". Conservatism is almost pure reaction, and we can never win a mighty political battle against world Jewry with the defeatist slogan of worn-out old women, "Back to the old days!" The opposite of Communism is NAZI-ism, --as the Communists themselves recognize by their constant hysterical screaming about "Fascism"!

In spite of unbelievable persecutions from both the Jews and our own people, (the terrified and small-minded "conservatives" who imagine we are working for the Jews or Communists) -the AMERICAN NAZI PARTY is relentlessly driving to POWER. Nothing can now stop us, and the Jews are already talking about "smelling the gas".

Our motto is "The Jews Are Thru In '72!" -And with the help of our growing Storm Troop of dedicated American White Men, we will sweep into National Power in the elections of 1972!

Then the traitors and human scum will be swept into the garbage can of history with an iron broom, and our America will once again be a clean, wholesome, and HOLY place for AMERICANS. Our cities will be WHITE, our youth will be strong, healthy and full of FIGHT, and no red rat anywhere on the globe will dare lay a hand on our sacred American Stars and Stripes, or the holy Swastika banner of the WHITE RACE!

Heil Hitler!

Lincoln Rockwell, Commander
American Nazi Party, WUFENS

A little over forty years ago there arose in the heart of Europe a political movement that was to shake the entire world. That movement was founded by a German Lance-Corporal who returned from the front to find a very sick Europe. This mere German Corporal was one of the greatest men to walk the earth in twenty centuries. With his great wisdom and insight he recognized the nature of this disease which had engulfed Europe. To attack this disease he developed a political system of such naturalness and simple brilliance that it will endure as long as the white man walks this earth.

That German Lance-Corporal was Adolph Hitler, and his movement was National Socialism.

This pamphlet is prepared for new converts to National Socialism so they can better understand its inner beauty, and deflect the ideological attacks of its enemies. Following you will find a list of questions which will help you understand National Socialism. Each question will be followed by an answer so the student can know the exact position the great American NAZI Party holds on each question. The student need not know every answer word for word, but he should, before his acceptance into the movement, know the substance of each answer.

Questions and Answers

Why are we nationalists?

We believe that one of the functions of a man is to have pride in, and protect his home and tribe. We do not however, believe in a narrow nationalism which pits German against Frenchman or Englishman against Italian, etc. The white man can no longer afford the luxury of self annihilation.

Why are we socialists?

We believe that no man is entitled to be a parasite who exists on the sweat of others. In a National Socialist state each individual, must contribute to society whether he contributes manual labor, managerial ability, or risks his capital. We believe that free enterprise is essential to a healthy state, and a man is entitled to the fruits of his contributions. In this we differ from the Marxists. They use the banner of social justice to conceal the chains they have forged for the proletariat.

How do we differ from the Marxist socialists?

The main difference between the ideologies are that the Communists do not recognize race, are against private ownership, and do not recognize individual genius. National Socialism recognizes that the races are greatly dissimilar, and that the Aryan race is the only truly creative race. National Socialists recognize that free enterprise is necessary for a happy and healthy

people. We also recognize that great deeds have never been accomplished by a mass, but only by individuals. Nature requires, nay begs, for great leaders to direct humanity.

Why do we believe in struggle?

Struggle is an elemental part of nature. Without struggle civilizations wither and die. To remain young and virile, civilizations must be watered by blood and tears. Moreover, in struggle, the weak fall to the wayside and the natural elite arises.

Why are we against democracy?

Democracy denies responsibility by spreading it. Democracy is rule by mobs, and mob rule means rule by the mediocre. The mob never recognizes greatness in a leader, in fact they are repelled by it.

What form of Government do we believe in?

We believe in an Authoritarian Republic as the founders of this country intended. This means a natural leader selected by an electoral college composed of the elite of the nation. This elite, of course, will be chosen by popular vote. Once this leader is given a mandate he accepts full responsibility for his actions as President.

Why are we against Liberalism?

Liberalism is a doctrine of weakness and effeminacy. Liberals are sympathetic to Communism, and they aid and abet it.

Why are we organized along military lines?

The Nazi Party has no aggressive intentions. The vicious nature of the enemy makes strong defensive measures required. Therefore we are organized along paramilitary lines with uniforms. Uniforms also give a feeling of solidarity.

Do we favor dictatorship?

Absolutely not! We believe that no man can successfully play God. One man alone can not direct a complex modern state, but one man must assume responsibility for government.

Why are we "against" Jews?

We are only against Jews who have committed treason to this country or the White Race or who have condoned or concealed it. The Communist movement is and has always been directed by international Jewry. Zionism is also treason, because it makes the Zionist loyal to a foreign power. When the majority of a group of people are hostile we must assume all are hostile until such time as the power of the hostile group is broken. At such time investigations may be made to ascertain the guiltless. Any Jews who are not guilty of any treason will be protected by all resources of the American NAZI Party from the wrath of an aroused public.

Why do we advocate gas chambers for traitors?

The extent of traitorous conspiracy requires a large scale method of execution. Also the tradition exemplified by gas chambers drives traitors frantic, and helps expose them.

What is our position on the Negro?

The American NAZI Party holds no animosity toward the Negro. Blind hatred of the Negro will not be tolerated in the American NAZI Party. Our feeling is that the Negro will never be happy in the U.S., where he must always remain a second-class citizen. We believe the Negro's destiny lies in Africa, where he can realize his full potential. We will enable our Negroes to go to Africa with economical aid which would normally be wasted on trying to buy friends with foreign aid. We will, however, allow Negroes to remain in the U.S. if they wish. The unworkable laws which gave citizenship and the vote to Africans will be repealed by constitutional means. Those blacks who wish to remain here will be strictly segregated on reservations with the classification of subjects rather than citizens.

There is a movement among the Black Men that has similar views on the racial question. The Black Muslim Movement of Elijah Muhammed also favors strict separation of White and Black. His Black Men want only a land they can call their own, without White interference. The ANP hopes that all Black Men will one day follow the honorable Elijah Muhammed. It is by working with and through these Black Men that the ANP expects to solve the race problem.

What is our position on religion?

The Party is not a religious organization, but a political one. *The Party favors absolute religious freedom.* Religious hatred will not be tolerated in the A.N.P. Religious controversy only divides the white man. The Party favors the Christian traditions of the west, but atheists and agnostics are admitted to the movement.

How do we intend to attain power?

We intend to educate and win the hearts of our fellow countrymen, and show them that it is safe to fight for their race and nation. When the sleeping white giant awakes in America we will be swept to power by popular acclaim. This will be accomplished, naturally, through elections.

Why is National Socialism necessary in America? Can not the Conservative movement save our country?

For forty years the right wing in America has waged a losing rear guard action. Conservatism has appealed to only the Bourgeoisie and the old people. The Nazi movement in America, has reached the youth and the working class. The workers are always the strength and substance of a nation. Revolutionary movements must eventually win the workers or they will fail.

Nature and National Socialism

One of the things that makes National Socialism so beautiful is its adherence to nature and nature's laws. Man has never conquered nature. At best he has learned a few of her secrets. Nature has been very generous to man, but she is also absolutely ruthless. If man presumes to tamper with the forces that caused him to be the supreme animal on this planet, it will certainly lead to but one fate, the disappearance of Homo Sapiens from this planet. Man must remember he is only an "intelligent" animal, and thus subject to natural laws. If man denies his animal nature we will say to him: Ignore your natural needs! Go without food and drink, for you say you are above natural laws. We shall see how long an individual can defy nature's laws.

Any society functions better when it adheres to natural laws. A society that abides by nature's laws can be referred to as an organic society. As in the human body the organic society is directed from a central point for the benefit of the whole. If the fingers refused to gather food because the stomach was the recipient of the direct benefits it would end in disaster. Likewise if the stomach withheld nourishment from the limbs the whole organism would perish. The brain, however, by having the function of a central command makes such bodily anarchy impossible. In human affairs also, a central director means natural and efficient operation.

Tactics

Many people criticize the use of that "terrible" Swastika. They say without it we will be much more successful. In actuality the Swastika is the secret of our success. The Swastika has an almost magical power, because so much blood has been shed for it. The main weapon of the enemy is press control. They control all the media of communication (this will be covered more fully under the heading *Methods of the Jew*). Their vicious "quarantine" treatment keeps the Right Wing from reaching *the masses*. Our tactics are so radical we *can not* be ignored. If they try to conceal our activities they reveal their ruthless methods to the public. Even more, however, the Swastika, having dealt so effectively with Jewish-Bolshevism in Germany, represents to the enemies of mankind nothing less than their deserved retribution. This drives our normally clever adversary into rash and foolish acts that play into our hands.

One of the great jokes of modern times is the way National Socialists utilize the institutions of liberalism to destroy said institutions. An example

is our "use" of the American Civil Liberties Union. The ACLU is forced to give us legal aid. If they do not help us it makes it apparent that they are only interested in defending the "liberties" of left wing groups. The sword with which we smite the ACLU is double-edged. Firstly they have to give legal aid to Nazis whom they hate, and secondly they lose much support. A good deal of their contributions come from Jews. It can be well imagined that Jews do not relish paying legal fees for Nazis. Therefore contributions to the ACLU drop.

We even utilize individual liberals. The Communists have conditioned these people to accept calmly the most radical activities. Now these conditioned liberals can not see why their Jew tutors try to deny Nazis their constitutional rights. These sincere liberals become quite a burden to their Marxist instructors.

Hatred Not a Handicap!

We are often asked, "How can such a "hated" movement as Nazism succeed?" Two thousand years ago the most hated doctrine was Christianity, and the most hated man was Jesus Christ! His symbol, the Cross, was even more hated — and his followers found it necessary to use a "fish" as the symbol of Christianity in lieu of the Cross, until it was "safe". The masses do not really hate us, but they are being misled by emotional Jew propaganda. Apathy is harder to overcome than hate. When a man hates you he has an interest. When he has no feeling it is difficult to arouse interest. Future generations will look upon Adolf Hitler as the White Saviour of the twentieth century, and the Fuhrerbunker in Berlin as the Alamo of the White Race.

Stormtrooper's Conduct

Many people erroneously believe that Nazis are brutes and bullies. A Stormtrooper must demonstrate to the public that a Nazi is courteous, manly, just, courageous, honest, etc. — but above all that he is DISCIPLINED and organized to PROTECT society, not destroy it. At the same time, a Nazi Stormtrooper must be utterly fearless and ruthless in prosecuting his enemies and carrying out his duties, by all legal means.

FBI and Police

Some of our wild-eyed Right Wing associates call us spies because of our friendly relations with FBI and police. We have found that the majority of FBI and law officers are honorable and honest. By co-operating with them we show our good faith and avoid persecution which stealth and "sneaking" ordinarily produce. Our co-operation with the FBI has gone so far that at one

point the American Nazi Party was instrumental in breaking one of Russia's biggest spy rings in this country. We have never found a *documented* case of the FBI mistreating innocent people. They only "bother" lawbreakers and sneaks.

One thing that causes much understanding of the FBI is their work in the south. The job of the FBI is to enforce Federal laws. Instead of attacking the FBI for doing its job, people should attempt to change the bad laws which the FBI must enforce.

Loyalty

The most important quality in a National Socialist is neither intelligence nor strength. The all-important quality is loyalty. Loyalty in the Nazi Party works both ways. Each man must give his loyalty to both his superiors above him, and his subordinates below him. Without this loyalty the Party could not function. Any disloyalty when found will be crushed ruthlessly. It is the duty of every Party Comrade to report any disloyal talk or acts immediately. When the Party attains power those men who have demonstrated their loyalty will receive their just reward. The early front fighters can be assured that their sacrifices will be remembered. It is essential to the safety of the leadership of the Party that they be surrounded by loyal old fighters. Only thusly can the leadership be protected from opportunists, adventurers, and usurpers. That is why the position of the old fighter is secure.

Phases of Our Power Struggle

The first phase of our struggle is to make ourselves known to the masses. In this first stage people hear of the organization, but hear mostly the lies and vilifications of the enemy. As the Master, Adolf Hitler, said: "It matters not what they say, so long as they concern themselves with us."

The second phase entails the dissemination of our program and the truth about the Party.

The third phase entails organizing the people who have been converted to our propaganda.

The fourth phase is the attainment of power through the votes of the newly won masses. A most important part of the fourth phase is the solution of the Negro problem. When we have solved the Negro question (covered earlier) the gratitude of the white masses will sweep us into power.

Mass Psychology

The mass is decidedly feminine. They admire strength and force. The masses say no, but what they mean is force me to say yes to what I really want but won't admit. The more aggressive and forceful a movement is the more easily it can seize the imagination of the masses.

The mass has little interest in logic or reason. That is why the Right Wing with all its documents and evidence leaves the mass unmoved. If one wishes to reach the masses, one must appeal to them on an emotional plane. Masses can only be influenced and led through emotions. At present the mass is manipulated by the Jews for evil purposes. We will direct the mass for good purposes.

Jew Methods

The most deadly weapon in the arsenal of international Jewry is the control of the media of communication and information. This is especially dangerous in a democracy. In a democracy the unthinking mass is vulnerable to the attacks of an organized minority, especially when this minority has control of the press, radio, TV and movies. The Jews have two ways of influencing news and information. The first method is outright ownership. Here the hand of the Jew is clearly seen, and therefore is the least desirable from their standpoint. The second method is diabolical and efficient. This method is "economic sanctions". The major advertising accounts are department stores and supermarkets. Here the Jews clearly dominate the field. By using their advertising as a "lever" the Jews have dropped the heavy curtain of censorship

on this land. No criticism of Jews is permitted. This censorship is especially vile, because so few realize its existence.

The Jewish Motivation

The hardest thing for the newly enlightened to understand is the "why" of the Jewish question. What motivates these people? An intelligent observer can easily see that if the Jew schemes for Marxism and race-mixing are brought to fruition, mankind, including the Jew will perish! The startling answer to the Jewish enigma is that the Jews are insane. The Jews as a race are *paranoic*. They clearly manifest the traits of paranoia, which are delusions of grandeur and delusions of persecution. The Jews call themselves "God's Chosen", and scream "anti-semitic" at every shadow. This sick people must be stopped before they drag the world down with them.

Economic Policy

We have already dealt briefly with the economic question in question 2. It is, however, of such importance that we discuss it here at greater length. As we have said earlier we are socialists, but only in the sense that we believe in social justice and "the common interest above private greed". But we must emphatically state that we are in favor of private property and free enterprise.

Marxist Utopias simply do not work, and the dictatorship of the proletariat leads to the darkest and vilest tyranny, at the hands of which the workers are even more enslaved.

There is, however, a definite evil existent in capitalism. One of Hitler's greatest contributions to politics was his discovery that Capitalism and Marxism are but two of the heads of the Jewish Hydra. Both these doctrines are manipulated by Jews for the benefit of Jews. First the Jew mistreats his workers and creates a need for reform, then other Jews haul up the Red Banner and sound the call for revolution. The Jew trade unionists always keep their demands unreasonably high. In this way they delude the Proletariat into believing they are their champions. These high demands make it impossible for owners and workers to reconcile. When the Jew and speculators are removed, it is possible for free enterprise and social justice to co-exist.

A Short History of the Party

A sick Europe awaited Lance-Corporal Hitler when he returned from the front in 1918. The Red Banners were flying in the streets, and prostrate Europe was being raped by speculators and profiteers.

Adolf Hitler did not leave the army immediately. He was employed by military intelligence to watch political groups. One group he reported on was Anton Drexler's German Workers Party. This organization sent Hitler a postcard asking him to join. Hitler made a decision that was to alter the history of the world. He put aside his field gray tunic, and became member No. 7 in the German Workers Party. The master had begun his work.

Adolf Hitler became propaganda director of this little group and he changed the name to National Socialist German Workers Party. He adopted the old Aryan sign, the Swastika, as his emblem. Later he became the leader through popular acclaim.

Hitler went out and won his beloved people to his banner by his oratory and the greatness of his ideas. His truth broke the lies of the Red Front, as the fists of his Stormtroopers broke the red terror. The Reds had millions marching in the street before the advent of Hitler.

On the 9th of November, 1923 Hitler made a premature attempt to seize power. The attempt failed and Hitler received a prison sentence of several months. The mistake was to make a revolution against the power of the state instead of with the power of state. In Landsberg Prison Hitler wrote the immortal book "Mein Kampf".

After his release the Nazi Party grew steadily in strength. Every election gave them more seats in the Reichstag. The Nazi Party became the largest in Germany.

On January 30, 1933 President Hindenberg appointed Adolf Hitler Chancellor of Germany.

Hitler and his followers rooted out Communism in Germany and brought happiness and prosperity to this once sad land.

A great future lay ahead for Germany and Europe, but international Jewry had other plans. To destroy this great movement, international Jewry mobilized the entire world to crush National Socialist Germany.

The Jew-assembled forces defeated National Socialist Germany, but from the ashes of Europe, National Socialism has risen like the eternal Phoenix that will never die.

At the present time all over the world National Socialism is undergoing a renaissance. In 1958 there arose in the USA, independent of any foreign influence, a virile National Socialist movement. The American NAZI Party, under the dynamic leadership of Commander Lincoln Rockwell, has become a major political force in the USA, and the vanguard of National Socialist groups throughout the world.

As National Socialists, you will not be an isolated and chauvinist little local group, but part of a world-wide movement which is growing like wild-fire wherever there are Nordics and **White Men**.

On July 1, 1962, the great Colin Jordan led the British National Socialist Movement in a giant battle with Jews in Trafalgar Square. For many years our Swedish Nazi Comrades, led by Party Leader Orredson, have been gaining strength in spite of all the Jews can do. National Socialist Stormtroopers have been marching in the streets of Reykjavik, Iceland and we have won many of the government officials of that superb Nordic Nation. The Fascists in Italy have made many raids on Jew-Communist ghettos, and recently filled town squares with thousands of Party Comrades giving the ancient salute of the Roman Legions at the funeral of a Fascist general under Mussolini. Even in Japan our ideological comrades, wearing the swastika, have fought bloody battles with the red bullies and traitors in the streets. The Jew-ized world press is making herculean efforts to hide the rise of the world National Socialist movement, but the effort is in vain. The TRUTH, defended with the lives of your heroic Nazi comrades all over the earth, is smashing the Jew-Zionist-Communist-Plutocratic empire of lies and terrorism.

The mighty Vikings from whom we are descended were such heroic **MEN** that lesser humans everywhere used to tremble and pray, "Lord, **SAVE US FROM THE FURY OF THE MEN OF THE NORTH!**"

So shall it be once more as the **MEN OF THE NORTH** throw off the cowardly Jewish morality of weakness and effeminacy. National Socialism stands tall with its sword unsheathed across the path of the mutinous inferior dark mobs of the earth led by the Communist-Zionist-Plutocratic Jews. Already they tremble as the Nazi giant rises. There is fire in the eye of the **White Man**, granite determination in his heart, -and steel in his growing muscles. Let the traitors and scum fall to their craven knees and pray, like their cringing forebears, "Lord, save us from the fury of the **MEN OF THE NORTH!**"

WE ARE COMING!

Heil Hitler!
