Mr. Lawrence Goldman

Dear Mr. Goldman:

Enclosed is a requested brief comment from the American Nazi Party on the kidnapping of Eichmann.

Your letter appears eminently reasonable and if you are as sincere as I have found some Jews to be, it may be worthwhile for me to ask you to add one additional bit to the piece I have written at your request. I would appreciate it if you would make it clear to your readers that the American Nazi Party does not recommend or believe in the extermination of Jews, as is so often claimed in the press. It is traitors to the American Republic and people whom we intend to gas after they have been proved guilty in jury trials, as were the Rosenbergs. The fact that perhaps as much as 80% of those whom we believe will be proved as having been committing treason are Jews does not make us guilty of recommending extermination of Jews any more than recommending the extermination of Mafia murderers would constitute a recommendation for exterminating Italians.

Very truly yours,
Lincoln Rockwell, Commander
American NAZI Party

The following is a commentary on the Eichmann trial written especially for the JUSTICE by Lincoln Rockwell, Commander of the American Nazi Party.

It is my belief that international Jewry was well aware of the location of Adolf Eichmann for many years past and that he has been suddenly dredged up from obscurity to counter the surging wave of Nazism which we have launched across the entire face of the earth from our National Headquarters in Arlington, Virginia.

It is impossible for Jewry to answer our arguments. Their first line of defense, therefore, has been what they call the "silent treatment", or "quarantine". We have smashed this filthy Jewish censorship to bits with our super-dramatic tactics and our sacrificial gambits. The Jews have tried economic, legal and journalistic persecution to do away with us and have met with universal failure. Finally, when violence failed to scare us back into line the Jews decided that it was worth the risk of violating international law to seize Eichmann and put on an international "object lesson" to stir up passionate and unthinking anti-Nazism in the world's masses, before we could win them.

Brainwashing

Accordingly, he was illegally seized and kidnapped, flown to Israel, where Soviet and Pavlovian techniques of scientific brain-washing are being employed to convert him into a trained zombie to back up the phoney Jewish claims that the Germans gassed six million Jews.

Now these brilliant international propagandists are going to put their pitiful trained zombie in a sound-proof glass cage where he will, upon cue, send forth the words which have been pumped into him which will then be duly amplified and pumped into millions and millions of helpless, stupid, unthinking Goy "brains". Should the brain-washing prove to have been less than perfect and Mr. Eichmann succeed in trying to say a few words of his own into the microphone inside his glass cage, the Jew manipulator will, of course, simply open the switch and isolate this poor creature in utter helplessness within his glass prison.

It should work.

But it won't.

Wave of History

No human being can really change or reverse the great waves of history. The surface can be agitated and little cross currents set up but the giant ground swells of human affairs simply cannot be manipulated. By murdering millions of Germans and trying to suppress Nazism the Jews have been attempting to halt one of the most fundamental ground swells of all in human affairs — the inevitable awakening of the non-Jewish world to the parasitic nature of the Hebrew tribe and the resulting inevitable throwing-off of the parasites.

No tricks or games or musical comedies in Israel can stay the gigantic forces of history and humanity. The days of the Jews and their blood-sucking parasitism are over. Period.

All the anti-Nazi pictures, all the anti-Nazi newspaper articles, all the anti-Nazi TV, and all the raving and ranting of 10 million Jews and Jewish-dominated scribblers, babblers and haters cannot and will not stay the mighty hand of destiny which is raising us to inevitable world domination.

As with every other attempt of the Jews to short circuit history and stay history's sentence of death upon the Jewish tormentors of humanity, this latest Eichmann extravaganza will backfire.

The whole thing can be summed up in the few words of Shakespeare, the Jews "doth protest too much, me thinks".

ARE JEWS PEOPLE ???

For over three years, now, we have had an unprecedented opportunity to observe the Jews as they really are, rather than as they make themselves appear to our brainwashed boobs. We have seen them struggle with the damning facts of the Jew-Communist-race-mixing conspiracy as we drove the truth into our Goy audiences and they tried to maintain the Jewish pose that we are, "beneath reply". We have seen them howling for our blood in the streets as they turned out by the tens of thousands to kill us. We have seen them cloak-ed with the majesty of the Courts, like monkeys in wigs and robes, as they viciously used the law, particularly in Philadelphia, to terrorize and persecute us and prevent us from exposing them. We have seen them as individual Jews who come to the headquarters full of holiness and compassion as they sought to convince us that there ain't no such animal as a Communist Jew, because Jews "are religious" -and "Communism, you know, is atheistic". We have, we must truly admit, seen many Jews who really and truly don't know what the tribe is really up to, -but who nevertheless follow their herd leaders blindly in their hatreds like birds in a flight which wheels and turns with a single purpose although only the leader knows where he is going.

Most of all, we have seen the Jews driven to despair by the inexorable force of our facts and our logic, until they have exclaimed that logic itself is "illogical", --anything to escape the inevitable conclusions which must follow once the basic premises of Jewish history and activities are admitted.

Finally we have crystallized the incredible porridge of Jewism into a clear idea of what it IS, and discovered the KEY to understanding Jews.

Jews, as a group, are insane, -crazy. They are PARANOIACS!

The key piece in assembling the puzzle of the Jew we found in a brilliant teen age Jew who first began coming here two years ago, in fear and trepidation -believing that we are really the terrorists and "hate-crazed" idiots the Jews and the Goy boobs try to pretend. As he learned that we are, above all, reasonable people, anxious only to stop certain developments, such as Communism and race mixing, -and therefore understandably anxious to isolate and correct the fundamental CAUSE of these anti-social developments, --this young Jew began to feel the full horror of the historical position of his people.

He bared his soul to us, and the soul of the Jewish people, --and there is no room for hatred in one's heart when one realizes the pitiful situation of what we call a "Jew". They are sick, desperately unhappy moral lepers, darkly conscious of their plague, but nevertheless helpless to stop their own madness. This one, fine little teen-age kid has had the unbelievable courage to face up to himself and the truly AWFUL situation of his people, and the even greater courage to admit the truth. We found his diagnosis corresponded EXACTLY with ours; The Jews, as a group, have made a religion out of paranoia.

The symptoms of paranoia are (1) delusions of grandeur, and (2) delusions of persecution. The Jews in general, religious or not, believe themselves superior, and often have mental grounds for this belief, I must admit. But the religious Jews actual fetishize this idea as "God's Chosen People". Imagine that, --as a scientific FACT! This is indeed delusion of grandeur. Then they have made a super-fetish of being "hated" and "persecuted". I never even thought about them as a separate group until I was thirty years old, and then I noticed them only because THEY howled so mightily about being "hated".

An individual who went about demanding that people believe he was "God's Chosen Person" and who complained eternally that everybody always hated him for revealing this truth, would be quickly locked up and medicated.

But the Jews have gotten millions of Goy into imagining that the test of their OWN sanity and decency and "tolerance" is whether they believe the same kind of nonsense about the Jews! If you don't love Jews and coons, you are nuts!

The article on the other side is more evidence of the pitiful, compulsive nature of these tragic paranoiacs! The editors of the paper, are, in a sense, sincere: They are so "way out" in their paranoia that they really believe their own propaganda about the six million dead Jews. They gravely publish my analysis of the Eichmann situation, and their own "death warrants", hypnotized by our sheer audacity and arrogance.

Like the religious nut who accomplishes his undoing by walking naked, preaching in the streets because it is the 'will of God', the Jews here parade their own guilt in a pitiful, sincere sort of paranoiac compulsion. Were it not for their eternal attempts to murder me, starve families, mix us with negroes, Communize us and lie about us most foully, I would simply feel sorry for them.
