**MEMBER OF THE WORLD UNION OF NATIONAL SOCIALISTS
POST OFFICE BOX 5505, ARLINGTON VIRGINIA, 22205**

Fellow White American:

Enclosed is an Official Supporter's Application Form, similar to thousands of others being sent to persons like yourself who have given both their moral and financial support to this Party in the past.

For this help we are deeply grateful. Without it we could not have survived and grown and built the powerful image of total, uncompromising opposition to Communism, Race-Mixing, Jewish domination and Black terrorism. Without it we could not have established that force which today represents the only real hope for millions of concerned Americans.

In the past the Party has emerged from countless jailings, beatings, suppressions and setbacks stronger than ever and inwardly steeled to assume its role in the vanguard of the revolutionary struggle for White Power. Through its role in the streets, through its bold activism, through the self-sacrifice and dedication of its Members, it has demonstrated over and over again its determination to accomplish the mighty tasks set before it. The recent martyrdom of Commander Rockwell has only served to strengthen and intensify that determination.

In the coming months and years we anticipate many new opportunities for expanded action and growth. The NATIONAL SOCIALIST WHITE PEOPLE'S PARTY (American Nazi Party) has numerous plans to exploit these opportunities. Needless to say, we need your continued support to carry out these plans.

Not only do we need your support as in the past; we need it on a regular basis. What we specifically require is a broad base of unfailing, consistent financial support coming in each month, which will enable us not only to meet our existing commitments, but also to expand our activities and launch many new and vital projects.

Party income in the past has been erratic. As a result, it has been impossible to effectively plan out long-range programs of organization and action. Most of our operations have been undertaken on a financial shoestring. Other operations have had to be canceled because of financial uncertainties. Money has tended to come in

spurts--usually following large-scale publicity in the newspapers or on radio and television. However, in recent months the Jews who control the nation's news media have succeeded in blacking out almost all important news of Party activity.

Our only hope for overcoming this news blackout lies in mobilizing our many supporters into an effective National Socialist corps, alongside the membership of the Party. We must depend on those of you who understand what we are trying to do to resolve to make an even greater effort to back the Party--ESPECIALLY during this time when the Jew-controlled propaganda media have threatened to smother the movement with silence. What we need is a pledge, a commitment, to give whatever sum you can--large or small--faithfully each week or each month throughout the year, regardless of what the Jews permit you to see or hear.

This is not just another appeal for some momentary need. This is something far more. This is a call to help provide the Party with a steady source of income which will put it on a stable and professional basis so that it will have the necessary funds for paper and ink, for postage, for transportation, for halls, for bail, for legal assistance, for election expenses, and for all the things that are needed for the success of a serious political movement.

Those of you who have responded in the past have already shown that you realize that it takes more than just talk to win out over the entrenched enemy we face; that moral support is meaningless if it is not reinforced by a spirit of sacrifice.

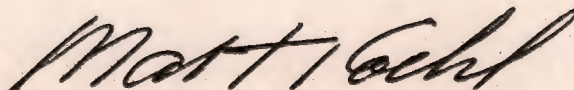

We accordingly ask that you complete the enclosed Official Supporter's form, and return it with your initial contribution. We shall be most grateful for any sum you pledge. An attractive Supporter's card will be issued to you with your name inscribed; and each month you will receive a reminder and self-addressed envelope, along with an acknowledgement of your previous month's contribution, plus an informative monthly bulletin containing the very latest news of Party activity.

May we count on your support today ?

White Power!
