

AN EMERGENCY MESSAGE FROM KARL R. ALLEN . . . . .

Dear Friend:

THE WHITE PARTY will meet this Sunday, April 21, 3:00 PM, in what will be one of the most inspiring meetings we will ever hold. About two dozen leaders of the White Race from around the nation will be present. They will be in Washington for the ASSEMBLY OF RACIST MOVEMENTS, and I have invited all of them to stay over for our own WHITE PARTY meeting, so that you will have a chance to get acquainted with them personally.

There have also been other important developments.

As a result of the Joe Pyne Show, and because of a growing demand for a positive White reaction to the King assassination and its savage aftermath, there has been an increased interest in THE WHITE PARTY across the nation. By the time you read this, I will have met with groups in Dallas, Texas, and Lexington, Kentucky, to work out details of a unified WHITE FRONT from coast-to-coast. My travel expenses have been paid by the out-of-town groups, which shows how concerned they are! And how sincere.

There is mass nausea from one end of the country to the other as a result of the over-done funeral arrangements and tear-jerking oratory following the King assassination -- especially because of LBJ ordering the American flag FLOWN AT HALF-MAST FOR A KNOWN COMMUNIST STOOGES! I wish you could have heard some of the remarks I ran into on my recent travels, just after the shooting -- and from everyday working people, not from activists such as ourselves who already hold strong viewpoints. In fact, YOU WILL HEAR THESE OBSERVATIONS. I will report them to you on Sunday.

In the meantime, I hope you will be able to help with two problems:

1) THE WHITE PARTY is acting as host organization for the ASSEMBLY OF RACIST MOVEMENTS. This is costing us about \$100.00, in addition to regular expenses. It is one of the best investments we have made in a long time--not just for ourselves, but for the entire White Racist movement. I hope all of you will dig as deeply into your pocket or purse as you can, and will send your donation as soon as possible, since all the bills for the Assembly must be paid by Sunday.

2) I have promised delegates attending the Assembly that I will do my best to arrange sleeping accommodations in the Washington area. If you can house one or more men for the night of Saturday, April 20th, please let me know. The arrangements do not have to be fancy: all of them have been informed to expect minimal accommodations. IF YOU CAN HELP WITH THIS, call me Saturday morning, between 8AM-12NOON. Telephone: 549-9371. You may call earlier if you wish, but since I will be on the road til late Friday, I can't guarantee that there will be anyone at the office to answer the 'phone. I assure you that you will get an answer Saturday morning, however.

Note that the time of our scheduled meeting is ONE HOUR LATER than usual. But PLEASE BE PROMPT, as we will begin immediately at 3:00PM. This will be a courtesy to our guests, and I hope you will cooperate.

See you Sunday at: *"Palm Room" Continental Hotel  
420 N. Capitol St., Washington, D.C.*
