Dear Friend:

It has come to our attention that Robert Lewton, the former Secretary-Treasurer of the Western Division of the AMERICAN NAZI PARTY has been sending out appeals to the many friends and supporters of the party whose names and addresses he learned while working as Secretary.

A word of warning: Mr. Lewton is not only a fraud and a traitor but is a coward of the vilest stripe. He was knocked out and injured by the Communists while he picketed with his former comrades at the Red's citadel of subversive literature, the notorious Progressive Book Store. While his friends, some of whom were injured much worse than he was, gritted their teeth and made ready to fight all the harder for their ideal of National Socialism, Lewton looked for the first opportunity to sneak out and somehow make a profit out of the whole thing to boot. He secretly took \$140.00 of the Party's funds that had been entrusted to him and used this to move into a new three bedroom house.

While it was true that Lewton was evicted from his old house because of his party activities, this sum represented the hard work and savings of many small and faithful supporters of National Socialism, and while no one else in the party felt that he had the right to take anything from this sum to compensate them for the losses they suffered because of their party activities, Lewton apparently thought he had a priveleged status.

Lewton has since used a trumped up excuse to resign from the party, apparently so he can "start his own party"; in other words, extend his financial dealings on a freer and wider scale.

We can't warn you too strongly to look behind the flowery phases and high sounding words that this man puts in his letters and appeals. We, too, were once fooled, now we can only say look at his record and benefit by our own sad experience.

We urge you to stand behind Commander Rockwell and the AMERICAN NAZI PARTY, the only fighting outfit in the Rightwing and the only outfit that can win.

Yours for a White, Gentile America!

Sieg Heil!!
