

FLASH- May 1, 1964, -even as we were folding and mailing this issue of the Rockwell Report, calls from California are coming in which turn my stomach. Our people do not DESERVE to survive! They are running like RABBITS before the very FIRST attack by the Jews!

As mentioned in the newsletter, California patriots ran a full page ad for the March on Washington in the local papers, and USED THE SAME POST OFFICE BOX AS THE WHOLESALER FOR MY BOOK "This Time The World". Naturally, the Jews saw THAT in a flash, and jumped all OVER the sponsors of the ad. LA papers had screaming headlines of the "tie-up" between the Nazis and the patriots! Names were spread all over the press, radio and TV.

Instead of closing ranks, as the Jews, niggers and reds would do, OUR people are issuing statements of denunciation and ABANDONING the March!!!! Listen to how it was DONE, by the vile Jews and agents.

Patriots were told that the "March" is a huge plan to get all the right-wingers together in D. C. all at once, and that gigantic "concentration camps" have been built IN VIRGINIA, --to herd all the "suckers" who join the "March". The idea was implanted that the "enemy" set up the March to get the right-wingers all together for this "round-up". On the strength of this utterly unfounded report, California patriots QUIT!

Not only that, but a RAT of the WORST sort is acting as SPOKESMAN for the "March", and DENOUNCING the American Nazi Party as having no part of it. A Man called Keith Thompson in New York, who also operates under the name of "George Copeland" in Seattle, *is trying to insinuate himself into the March and* is representing himself as the "spokesman" for

Jim Venable, who is a GOOD MAN, whom I trust. But Thompson was a Vito Marcanonio man in 1953, on the RECORD, and Marcanonio was a COMMUNIST congressman! Thompson was the REGISTERED agent

of the "GERMAN SOCIALIST PARTY" in the United States (Socialist Reich's Party"), and endorsed the statement that the U. S. needed to be militarily CONQUERED by the Soviet Union to be "invigorated"! In spite of all this MADNESS, I now expect patriots all over the USA to be told that I wrecked the March on Washington by "linking myself" with it, --altho I had NOTHING to do with it until AFTER the California patriots used Ray York's post office box for the ad, which also sells my book!

I have two things to say in all this tragic cowardice, foolishness and retreat!

There was NO REASON whatsoever for ANYBODY to RUN when the Jews came out with their usual attack! We are doing NOTHING WRONG, --and if we SPIT IN THEIR EYES, they would have had to BACK DOWN! I should have flown out there the FIRST DAY, -and DEFIED Mr. Mosk(owitz), the California Attorney General, to indict ME, as he was threatening to do to the patriots backing the "March", -but we could not afford it, as usual, and if I had, I would have been deserted. The ONLY reason these damnable Jew attacks ALWAYS work is that our kind of people ALWAYS run! DAMN! I am so hurt and frustrated and MAD as I write these lines I can hardly type!

The second thing I want to say is that this lost skirmish must NOT lose us the war. That March is a GREAT idea, and I do not for ONE MINUTE believe the garbage about their "concentration camp", - and even if it were true, the HELL with them! Bring the enemy on! If YOU, who get this mailing, are SICK of this damnable losing and running and disgrace for our side, year after year, YOU FIGHT! Stand UP! If the White Race is FIT to survive, we MUST find some FIGHTERS, not talkers. God grant us just a FEW! --and send them here to HELP!
