On this page we reproduce a few of the pictures appearing in SOME newspapers after the Philadelphia riot. Boston hurt the Jews so badly they went wild to stifle all news of us on the major press wires, and the Phila. riot was called a "scuffle", -with only minor coverage. But this only exposes the Jewish power of the press, not only to the public, which wonders what happened to the news, but to thousands of newspaper reporters who have been told they are working for "honest" papers.

JULIE CHRISTINE  
... anti-Nazi arena!

already know what's going on. It is time to FIGHT the Jew terrorists, with their negro half-apes trained to kill in the streets. We intend to insist upon our plain rights to speak and picket and distribute literature in public, -as the Constitution provides, and if they come and try to beat and kill us, the police have the duty to PROTECT us, -not lock us up and free the thugs carrying the weapons. We can never, never win back that sacred right by passing papers to each other or holding private meetings, but only with the blood and guts of these fighting YOUNG AMERICANS who step into the street and DEFY the Jews and their murderers.

We have won over many officials in the Post office, --and we can tell you WE GET OUR MAIL, --even letters addressed just "Lincoln Rockwell, Washington D. C. --or Nazi Party, - Washington". If every American who gets this appeal will put what he can afford into an envelope NOW, --and mail it immediately, we can not only get our lads out of that vile jew-run black prison, we can PUNISH the Jews who have stolen Philadelphia from our kind of people and are using the Police to persecute the White Christian Americans who BUILT this wonderful Country they are now abusing.

You can show these filthy scum that the days when nobody dared stand up to them are OVER. Our young men are trained, disciplined and eager to protect our rights to SPEAK to AMERICA! We have the Jewrunning scared now. With your help, we will drive them back into the sewers where they belong!

No matter what you are doing, won't you please stop long enough NOW to put some cash in an envelope and send it to box 1381, Arlington, Virginia? It will mean the difference between life and death to your Country, your race, your Christian Republic, --and three brave Americans who are now at the mercy of the enemy.

I personally pledge every contributor that we will deliver more FIGHT per dollar, --and more progress toward a free WHITE America, --than can be gotten anyplace else on earth. And in the next few days, we will send every contributor a carefully gotten up brochure showing EXACTLY how we work these Truth Attacks on cities like Boston and Philadelphia! You will laugh as you read of the confusion we spread in the ranks of the enemy with phoney phone calls, you will thrill as you read of the blazing courage of our lads as they charge into mobs of thousands, - and survive! --you will feel chills up and down your spine as you realize that we are WINNING at last, --we are all done TALKING and hoping, --we are BASHING them when they come to kill us, and teaching them that the WHITE MAN IS STILL MASTER!

In dedication to White Christian America,

*Lincoln Rockwell*
