### Jimmy Carter Is Left Of McGovern

**Carter Supports Busing, Intergration Of Private Christian Schools,  
And Public Housing In Suburbs!**

#### Only Reagan Can Beat Carter In November

##### REAGAN SAYS WHAT PEOPLE WANT TO HEAR

When Henry Kissinger promised economic aid to the communist countries and even the guerrilla forces fighting White Rhodesia, the intellectuals thought that this was what the voters wanted to hear. That was just before the Texas primary which saw President Ford wiped out.

Again they thought that Reagan had made a fatal mistake when he said he would send U.S. troops to Rhodesia to keep the peace if called on by Prime Minister Ian Smith. Ford forces kept the T.V. and radio ads filled that ex-cowboy movie star Ronald Reagan was "trigger happy." When the votes were counted in the June 8 election Reagan had once again taken the lead and not only carried California but made deep inroads into Ford's expected "safe" state of Ohio.

It seems as if old fashioned virtues of putting America first have not gone out of style. Our people are not ready to give away the Panama Canal. This has certainly been a plus with voters sick and tired of the Ford-Kissinger surrender at the drop of a hat policy. Not only that but Reagan is the only presidential contender to demand that America be No. 1 militarily.

##### REAGAN — "AMERICA IS SECOND RATE"

Ronald Reagan has detailed exactly how far behind America is when compared to the growing might of communist Russia. President Ford has countered with the claim that the "U.S. is unsurpassed militarily."

Where does the truth lie? A study of Secretary of Defense

RONALD REAGAN  
A remarkable uphill fight.

Donald Rumsfeld's arguments for a larger defense budget have him stating that the Soviets are spending a rising outlay of money on their armed forces. Their military budget rose from \$107 billion in 1965 to \$144 billion today. U.S. defense spending has dropped from \$110 billion in 1965 to \$101 billion today. Rumsfeld says that if Congress does not approve production of such new weapons as the B1 long-range bomber, we will be at a serious disadvantage.

Sen. Childs of Florida initiated a survey which indicates that American disenchantment over the loss of Vietnam is waning and that 58% of the people now want a strong U.S. military posture. More and more voters have turned away from Ford in the Republican primaries

##### Jimmy Carter Has Lied To The American People

Recent polls have found that some people have voted for Jimmy Carter because they believed that he was against abortion. Others voted for him thinking he favored abortion. Some voted for him because they think he is against busing; others voted for him because they think he is for it. The same goes for the Right To Work Law, ERA, Open Housing, etc., etc. Carter may go down in history as the slickest double-talking politician to ever come on the scene.

The truth of the matter is that Jimmy Carter is an extreme leftist and always has been. He has always spoken vaguely on the issues so that the masses will read into his statements the belief that this "simple Georgia farmer" feels just like they do. Through sheer trickery and subterfuge Carter has been able to hoodwink millions of normally conservative Americans into voting for him.

##### Carter Drives For Jew And Negro Votes

Addressing a black caucus meeting in North Carolina on May 2, Carter asked the black leaders to "draw up a list of positions to which you would like to see blacks appointed to if I become president." They responded with requests for the Secretary of Health, Education and Welfare (HEW). They included positions in foreign affairs. Carter responded that: "We're putting together a list of those positions we think we will appoint blacks to, from the Cabinet to other high echelon jobs." He also promised to appoint black federal judges throughout the South.

At a Washington, D.C. meeting of black clergymen which negro "Jet Magazine" reported, Carter pledged that: "When I'm elected there will be black members in my Cabinet. You can depend on it." The magazine lauded him because he would be the first president in

CARTER hugs Martin Luther King, Sr. in a typical interracial display.

U.S. history to have more than one negro seated in the Cabinet at the same time. It said this promise was made to the blacks in response to their bloc vote giving him the victory edge in Pennsylvania, North Carolina and Florida.

##### Carter All Out For The Jew Vote

Besides having his campaign staff loaded down with Jews as reported in The Thunderbolt (Issue #205) Carter has taken the strongest pro-Israeli position of any candidate. He is the only candidate to state that Israel should not give Syria back the Golan Heights and supports Jewish colonies in West Bank Arab territory. This has been the cause of recent Arab rioting.

##### Carter Favors Segregation For Jewish Schools Only

In an article which only appeared in the Jewish owned "New York Times" on May 26, Jimmy Carter told a Jewish group that he supports forced busing of White Christian children and negroes. He stated: "I believe that private schools should be required to admit blacks."

NOTE CLOSELY THE FOLLOWING: AT the same time Jimmy Carter carefully

promised the Jews that "narrow purpose schools such as Jewish yeshivas should not have to integrate. All other private schools should be required to have an open admissions policy whether or not the school receives Federal funds or had tax free status," declared Carter.

No politician in history has gone as far as Carter in appeasing the minorities. He openly has promised them positions and favors which blatantly discriminate against White Christian citizens! George McGovern never went this far to the left. Carter may be from Georgia but he is a scalawag and traitor to the South and the White people of America. He is actually Anti-White.

Carter has called the war in Vietnam an evil "racist war." He told leftist groups in California that "we would never have committed similar indiscriminate killings in World War II that we did against yellow people in Vietnam." Carter is a former submarine commander but apparently he ignored the fact that the allies deliberately bombed residential areas of Hamburg killing over 75,000 men, women and children just to create panic and terror among the German civilian population. With the war all but over, British and American planes bombed the open city of Dresden when it was filled with refugees fleeing from the communists in the East. For two days and two nights they rained tens of thousands of fire bombs down upon the defenseless city of Dresden, slaughtering around 400,000 men, women and children in history's worst mass atrocity.

Carter ignores all the facts of history to twist the truth and say any war in which non-Whites die is "racist." In other words Jimmy Carter is actually anti-White! He is one of those leftists who has been filled with the poison of "White self-hate" and has a guilt complex because

of the color of his skin. He is not a true leader and not representative of White Christian America. Jimmy Carter owes his very soul to the Jews and negroes and should he become president, our Republic would be in the hands of a dangerous, mentally twisted, individual who actually hates his own race. His support of forced busing, open housing and all forms of race mixing means that he would do all within his power to mongrelize the White Race — while at the same time insuring the preservation of the Jewish race by allowing them to remain segregated.

One little known fact from Jimmy Carter's history is that he was personally picked to be a nuclear submarine commander by Rear Admiral Hyman Rickover. This is the Jew who has headed our Naval atomic defense projects for many years. Rickover is a Jewish socialist and privately quizzed all the men he appointed to be sub officers. After a one hour talk in which he went into Carter's social views, he picked him as a submarine commander. Rickover knew that here he had a man who was personally devoted to the leftist philosophy of the Jew Karl Marx.

## Only Reagan Can Beat Carter—

because they believe that Reagan would make American number 1 again.

### THE REAGAN APPEAL

A typical Ronald Reagan meeting was held in Boise, Idaho. Reagan opened it with the singing of "God Bless America." Then he ripped right into the gut issues that all other politicians avoid. He told of the Chicago welfare woman who used 80 names to collect \$150,000 a year. Reagan promised to dismantle the welfare bureaucracy and turn it over to the states. He calls Fidel Castro a "tinhorn dictator" in contrast to Kissinger's use of the term, "Prime Minister Castro."

Reagan warns the people that peace does not come through weakness. "The time has come to stop giving in to dictators be they in Panama or the Soviet Union!"

Reagan promises to balance the budget, hold down public spending and taxes. Transfer social programs to the states and cut taxes. Slash regulatory programs which discourage private enterprise, stop busing and gun controls. The crowd always cheers when Reagan says; "Maybe if we get Washington out of the classroom, we can get God back in."

Ronald Reagan has gotten out the largest and most enthusiastic crowds of any candidate. It is not just nostalgia, but a keen desire on the part of young and old alike to retain the old values which have been lost by today's Washington crowd.

### ONLY REAGAN CAN BEAT CARTER

President Ford was brought into power by Nixon. He has continued Nixon's Detente and big deficit spending programs. Carter would tear Ford apart because he has inherited the many years of Washington mismanagement that will never be approved by the American people. Ford will lose no matter who the Democrats nominate.

With Ronald Reagan it is different. He proved that he can get the democratic and independent vote in California. In his first race for governor in that democratic state, Reagan won by over 1 million votes. In his reelection bid he got 600,000 votes more than his opponent. Reagan is not a negative Goldwater because he knows how to relate to the people and even the worst smears of Ford and the daily press have built up a strong wave of sympathy for the former cowboy movie star. He is the only candidate who does not have to live down Watergate, and the masses of the American people like his patriotic, common sense approach. That is why this new face on the national scene has gone so far despite the fact that his campaign is more than \$1 million in debt.

## Kissinger Decides Foreign Policy

### Kissinger Backs Up Ford

President Ford has the benefit of being able to use all the members of his Cabinet and GOP favor-seekers to campaign for him. Jew Henry Kissinger has come up with the completely false story that Cuba is pulling its troops out of Angola. He says that this is a victory for his foreign policy (now that Angola is solidly within communist hands). At the same time we have received reports that Cuban troops are being rushed into the bush country to fight spreading pro-Western guerrilla activity. Late-breaking news tells of thousands of communist Cuban settlers being moved to Angola. In other words that country is now being "colonized" by the communists who are taking the place of the Portuguese who were forced to flee that country.

Ford and Kissinger brag that "no more American boys are fighting in foreign wars!" This sounds good but the communists have now taken Angola, Laos, Cambodia and Vietnam in the past 18 months. Ford even says that we dare not use any of our Marines to try and keep the Panama Canal because that tiny country might start "guerrilla warfare against us." In other words, even the weakest nations of this earth can kick Uncle Sam around because they know that we are afraid to fight! We do not believe that many American people buy the Kissinger-Ford "Detente" policy of surrender every time the communist bear growls at us. Sooner or later the time will come when we will have to draw the line and tell the Reds that we will accept no more of their aggression. Defending the Panama Canal, and aiding the White people of Rhodesia and South Africa to protect themselves is as good a place as any to halt the march of the communist enemy.

### Max Fisher — "Ford Is Israel's Best Friend"

Max Fisher is the powerful Chairman of the Jewish Agency's Board of Governors. The Jewish Agency is a branch of the Israeli government and operates worldwide to keep Jews posted on the official Zionist line. Fisher also was the intermediary between Nixon and the Jewish community. Now he states that: "Ford and Kissinger are the best friends that Israel has in presidential politics. While other contenders might sound friendlier, they might act with less resoluteness in support of Israel." He also said that Jews have ready access to their fellow Jew Kissinger while it was more difficult for them to get in to see Dulles or Dean Rusk.

It should also be remembered that most of Ford's speeches are written by Milton Friedman, his chief writer. Friedman was correspondent for 21 years for the "Jewish Telegraphic Agency" which is owned by the Israeli government. But prior to promotion as "special assistant" to Pres. Ford, Friedman was press secretary of Sen. Jacob Javits.

Sen. Dick Clark of Iowa is spearheading Kissinger's promise of \$85 million in aid to the black nations which surround Rhodesia and South Africa. All this is part of their plan to bring down these two advanced White civilized countries. Ronald Reagan has criticized the new policy of aiding black Africa for the purpose of putting pressure on the White ruled

nations. Sen. Jim Allen of Alabama has promised to filibuster against the bill.

There can be little doubt that Kissinger runs U.S. foreign policy and the dimwitted Ford meekly follows his lead. Ford has actually said that he would plead with Kissinger to stay on as Secretary of State should he be elected president. How shallow minded Ford is when it comes to the operation of government is emphasized by his recent statement intended to fool the people on busing. Jimmy Carter style, he told a Columbus, Ohio news conference that he thought Atty. Gen. Levi should review the 1954 Brown Vs. Topeka, Kansas Board of Education case. He said this was the busing decision. Ron Nessen quickly had to rush out and say that the president was "confused" and that the Brown case was the landmark Supreme Court decision which first ordered the integration of White public schools throughout America. He said Ford was for the Brown decision. The NSRP wants that ruling reversed along with the busing ruling but Ford does not even know the difference between the two cases! He has to have Lvi and Nessen (both Jews) explain it for him. Perhaps he has bumped his head on helicopter doors too many times, but regardless, we do not need such a brainless idiot in Washington who cannot move without the Jews pulling his puppet strings.

## Ford Is For Forced Busing

### — Why Patriots Cannot Support President Ford

President Ford has deliberately sought to misrepresent the truth and mislead the American people in his attempt to defeat Ronald Reagan for the Republican nomination. Just before the Kentucky and Tennessee Primaries, President Ford asked his Jewish Attorney General Levi to investigate and determine whether or not the Justice Department should intervene to see if busing had gone too far. He carried both states because many people in Louisville, Nashville, and Memphis thought that Ford would take action to stop forced busing. No sooner had the election ended than Atty. Gen. Levi announced his decision not to intervene because the federal judges had not been out of bounds. The following is President Ford's real record on busing.

In Dover, N.Y. on Feb. 20th he was asked by reporters to explain his stand on busing. Ford replied that since 1954 the Supreme Court had tried to end segregation. He stressed that it was the obligation of the federal government to use all the force at its command to "end

segregation." Asked about long distance busing of children Ford replied that "I support what has been done. I took an oath of office to uphold the law of the land ... whether I agree with a court decision or not, it is immaterial."

Ford was further queried about the Detroit busing order by Judge Robert DeMascio requiring the busing of 35,000 children. (Some 4,000 have left the Detroit school system since September and more are leaving daily.) Ford replied that Judge DeMascio "understood the problem and the net result of his order seeks to achieve quality education and end segregation is responsible and moderate."

The people of Michigan do not agree with this but Ford was protected by the daily press in his own home state and nothing was printed on his pro-busing statements. Believe it or not, even after the people of Tennessee and Kentucky were tricked by Ford, Ron Nessen went to work to hoodwink the people of California before their primary. He said that Levi was now considering the possibility of intervening in the Pasadena, Calif., school busing case. This time it was too late for Ford to steal that state's 167 delegates away from Reagan.

# Carter's Jew Relatives Say He Places Israel First

## Jewish Cousin Influenced Carter

**SAMUEL BRAUNSTEIN**  
— Jimmy Carter's close cousin.

### Carter Has Jewish Kin

CLEVELAND — James Carter had a Jewish uncle and has a cousin who considers himself Jewish.

Jerry Barach, editor of The Cleveland Jewish News, learned of the Democratic candidate's Jewish relations when he appeared here.

Louis Braunstein was married to Carter's aunt, his mother's sister. He recalled to Barach his frequent visits to the Braun-

#### Carter on "Ethnic Purity"

Jimmy Carter does not make his vague statements on the issues by mistake. His "ethnic purity" proclamation was made to trick ethnic groups in White neighborhoods to vote for him in Philadelphia and Pittsburgh. As soon as the Supreme Court laid down its own ruling that public housing had to be built in White suburbs Carter said that "suits me fine!"

Carter went even further in advocating black housing in White neighborhoods by emphasizing his support of "affirmative action by the Government to prevent discrimination in new housing financed with Federal assistance."

The Dow-Jones' "National Observer" in the May 1, issue, page 15, gave their opinion of Jimmy Carter's definition of "ethnic purity" by stating: "The Observer hears that Jimmy Carter really believes in ethnic impurity." In other words, Carter believes in the mongrelization of the White Race by forced integration of schools and neighborhoods.

On this page is a report from the "Jewish Post" which states that Jimmy Carter has a Jewish uncle and a Jewish cousin. Carter's mother's sister married the Jew Louis Braunstein from Chattanooga, Tenn. The family has long maintained a close relationship with their Jewish relatives and this could explain why Carter takes such a strong pro-Israeli stand that it makes him act like a Zionist activist — which he actually is!

By ROBERTA BRANDES GRATZ

Samuel Braunstein remembers it well.

It was Jimmy Carter who put him on his first horse, made him wear a mask to protect him from the dust in the peanut factory, taught him how to scale a fish and took him to lunch with the Georgia Governor who preceded Carter, Carl Sanders.

Sam Braunstein, who has the same blue eyes and broad smile as the presidential candidate, is Carter's kid cousin.

He remembers how many years ago they spent an evening sprawled on the living room floor in Plains, Ga., burning midnight oil discussing politics, injustice, Judeo-Christian differences and the survival of Israel, a cause young Braunstein took for his own while in college.

Braunstein is a Jewish member of the vast family Carter tree. His mother, Mary Elizabeth, and Carter's mother, Lillian, are sisters.

Braunstein's father, Louis, who died two years ago, was a religious Jew from Atlanta who in the 1930s moved to Chattanooga for a job with the railroad.

Sam Braunstein followed his father's path and is "very much" a practicing Jew.

stein home in Atlanta before they moved to Chattanooga.

One of the sons of the Braunsteins has become an Orthodox Jew, according to Carter and lives in Englewood, Conn. Another son does not consider himself Jewish.

Young Sam Braunstein spent almost every summer romping through the woods of Plains and living in the Pond House on the rolling acreage where the Carters lived, and still live, in the Proper House.

#### 'The Greatest'

If Braunstein waxes ecstatic over the presidential candidate now, admitting it "sounds like campaign propaganda," he can't help it, he says, because Carter is "really the greatest." He remembers Jimmy as "always caring about some underdog, always trying to buck the system," whether the home town issues involved local

schools, treating black and white farm labor as equals

Carter, Braunstein says, "thinks Israel has to remain a viable state," and believes this country "must do anything within reason to keep it alive and on equal footing."

Today, the Braunstein's oldest son, David, is traveling in Europe, then will settle for a while to work on a kibbutz in Israel.

What Braunstein had learned about Israel while still in college was passed along to Carter. "He probably knew more than I did to start, but I made damn sure he knew all that I had found out," Braunstein says.

## Carter Supports Busing For Private Christian Schools But Not For Jewish Schools!

### Carter on Busing

By CHARLES MOHR

PROVIDENCE, R.I., May 25— Jimmy Carter told a new conference here that if he were President he would not ask the Attorney General to seek a Supreme Court review of busing to achieve school integration, as President Ford has done.

## Carter Says Ruling About Housing Aids Equal Opportunity

Special to The New York Times

PITTSBURGH, April 20 — Jimmy Carter, a candidate for the Democratic Presidential nomination, said today that the Supreme Court's decision on public housing in the suburbs "suits me fine."

**JIMMY CARTER** will win Democratic nomination.

**Frank Mankiewicz**

**BOBBY KENNEDY'S** favorite Jew joins Carter team.

### More Jews Join Carter Campaign

Jew political mentor Frank Mankiewicz has joined the Carter campaign. He led the Carter drive in California and is working with others to line up national Jewish influence to obtain the presidency for Carter. Mankiewicz was a top aide to Sen. George McGovern in his 1972 presidential race. He also was a top assistant to the late Bobby Kennedy in 1968. If Carter wins, Mankiewicz will be working out of the White House. It should be noted that last year Mankiewicz went to Cuba and interviewed Fidel Castro in an attempt to have the U.S. recognize the communist dictator. No doubt this will come about if Carter becomes president.

### Two Alabama Jews Back Carter

They are not ordinary "Southern Jews," and The National Observer referred to them as "abrasive, obnoxious!" This is indeed descriptive of the average Jew but Morris Dees is the most successful mail-order fundraiser in America. He is responsible for raising most of Jimmy Carter's campaign money. He and fellow Jew Joe Levin operate the "Southern Poverty Law Center." They are the ones who raised \$300,000 for the legal defense of Joanne Little who murdered a White jailer with an ice pick in North Carolina. No doubt they will take Levi and Pottinger's places in running the U.S. Justice Department should Carter become president.

One of the most powerful Jews in the world is optometrist Dr. William Wexler, who is the former international president of "B'nai B'rith", the secret Jewish businessmen's organization. Very few Georgians realize that this influential Jew lived quietly in Savannah, before moving to Israel. Recently he held the important position of B'nai B'rith's official representative in Israel. "Jewish Week" reports that Wexler will come back to head up the "Jews For Carter" organization if he wins the Democratic nomination. The Jewish publication describes Wexler as an "old friend of Carter."

BELOW REPRINTED from the "Jewish Post."

## Carter Supports W. Bank Colonies

NEW YORK — The strongest pro-Israel position of any candidate for the nomination for the presidency came from former Governor Jimmy Carter who said he favored Israel settlements in the occupied territories. When it was called to his attention that the Ford Administration was opposed to such settlements, he responded, that if he were Premier of Israel he would not give up the Golan Heights or East Jerusalem,

He told a questioner that he believed private schools should be required to admit blacks.

He later adopted his present stance when in Cincinnati early in May, he said that except for a few "narrow purpose schools" such as Jewish yeshivas, all private schools should be required to have an open admissions policy whether or not the school receives Federal funds or had tax-free status.

But he also emphasized his support of affirmative action by the Government to prevent discrimination in new housing financed with Federal assistance.

Today, he viewed the Court's decision as a victory for equal opportunity.

"I've said that when Federal money is spent in a community, there ought to be an affirmative action program enforced.

# Genocide Treaty Would Destroy Bill Of Rights

By E. SCOTT ROYCE

*Mr. Royce holds a B.A. in Government from the University of Virginia. Employed full-time as a researcher for a conservative legal defense foundation in Northern Virginia, he is also active in Young Republican affairs. He edits a monthly newsletter, Southern Libertarian Review.*

The Senate Foreign Relations Committee has, once again, issued a favorable report on the United Nations, "International Convention on Prevention and Punishment of the Crime of Genocide." This treaty, killed in 1974 by a filibuster led by Senators James Allen (D-Ala.) and Sam Ervin (D-N.C.), will be much tougher to defeat this time. If ratification is to be successfully blocked, conservatives and libertarians will have to begin working now.

It was drafted following passage in December 1946 of a UN resolution condemning attempts to destroy "racial, religious, political and other groups . . . entirely or in part." After much diplomatic hassling, including deletion of all reference to "political" groups at the insistence of the Communists, the proposed treaty came before the UN General Assembly and was unanimously approved in December 1948.

President Truman submitted the Genocide Convention to the Senate on June 16, 1949.

President Eisenhower's Secretary of State, John Foster Dulles, opposed the treaty; and for years it lay buried in the Senate Foreign Relations Committee.

In January 1974, twenty-five years after submission to the Senate, that body commenced debate on the proposal. Only after liberal proponents of the agreement failed twice to invoke cloture against the Allen-Ervin filibuster did they give up hopes for passage that year.

Why is a treaty dealing with such a heinous thing as genocide as controversial as this agreement is? One basic cause for concern lies in the language of Article VI, Clause 2, of the U.S. Constitution:

"This Constitution and the laws of the United States which shall be made in pursuance thereof, and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land. . . ."

Basically, this means that the "supreme law of the land" consists of three things—the Constitution itself, laws made pursuant to its provisions, and treaties. The way that the courts have interpreted this section, treaties need not be made "in pursuance of" the Constitution. They may override it and domestic laws, and this fact emphasizes the need for caution.

Specifically, what does the Genocide Convention provide that is so dangerous? Under the agreement the "contracting parties" proclaim their intent "to prevent and punish" commission "both in time of peace or in time of war" of the crime of genocide.

The major problem lies in the definitions subsequently set forth, or lack of such, in Articles II and III. According to Article II, genocide is defined as "acts committed with the intent to destroy, in whole or in part, a national, ethnical, racial or religious group as such. . . ."

These acts include: (b) Causing serious bodily or mental harm to members of the group; (c) Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part; [emphasis added]

Add to this the fact that under Article III punishable acts include "conspiracy to commit genocide" and "direct and public incitement to commit genocide," and you begin to grasp the nature of the difficulty.

One of the major objections to the pact is that none of these terms and phrases is itself further defined or clarified. What constitutes "mental harm"? Under an extreme interpretation, anyone using racial slurs or passing on an ethnic joke could be accused of causing "mental harm" to "members of the group."

Does the treaty effectively rule out use of capital punishment against members of minority groups? Could a senator's speech attacking black radicals, an article critical of the tactics of Cesar Chavez, be construed as "direct and public incitement to commit genocide"?

How does one interpret the section about "deliberately inflicting . . . conditions of life" in the light of our economic system?

Some of the interpretations cited above may sound far-fetched—until one recalls some of the recent actions of the Third World-Communist bloc at the United Nations. And it is the UN or a UN-established tribunal with which we would be dealing.

Another serious question arises over jurisdiction for trials of individuals in cases arising under the convention. According to Article IV, trials are to be held in the State where the offense was committed or before an international tribunal.

Over the years Communist governments and domestic radical groups have repeatedly filed with the UN or issued to the press charges that the U.S. is engaged in genocidal policies.

Consider just a few of many examples of the trouble this country might be buying through ratification:

- In 1951, a 1,000-person delegation led by leftist Paul Robeson presented the UN a petition charging the U.S. government with "genocide against the Negro people."

- During the Indochina War, the Vietnamese Communists repeatedly charged the United States with pursuing a genocidal policy. Some treaty critics have charged that under the agreement American GIs who were captured could have been tried and convicted of genocide by North Vietnam.

- In June 1970 a group of blacks and Indians headed by Dick Gregory took a petition to the UN charging violations of the treaty by "savage police activities,"

"murderous attacks on black youth," and the like.

SEN. GEORGE MCGOVERN and Sen. Jacob Javits pushed Genocide treaty through Foreign Relations Committee.

- In November 1970 several thousand people marched at the UN in protest of alleged genocide against non-white peoples at home and abroad by our government.

Just how dangerous the murky definitions of the convention really are becomes clear when one reviews a speech delivered in early 1970 by Walter E. Fauntroy, currently the non-voting Democratic member of the House of Representatives from the District of Columbia, on behalf of Dr. Ralph Abernathy.

Fauntroy charged that "traditional forms of unconscious genocide are being supplemented in our nation today by conscious and systematic repression of the leaders of the black and the poor." The phrase "unconscious genocide" included, Fauntroy explained, such things as denial of "a poor or minority-group mother prenatal care," failure of the government to spend larger sums of tax money to eliminate hunger in the U.S., and sending minority group members to fight in Indochina.

The 1976 battle against the Genocide Treaty will be much rougher for opponents than the one in 1974.

For one thing, the American Bar Association finally caved in earlier this year and endorsed the pact—reversing the policy it had pursued since 1949. The ABA shift may prove convincing to some senators who voted against cloture two years ago.

In addition, eight of those members who voted against cutting off debate on the treaty in 1974 have since retired or been defeated for re-election. Only two or three of those elected since the 1974 cloture roll-calls appear likely at the moment to oppose the pact.

**To guarantee defeat we will need the votes of all those who voted "right" in 1974 and are still present in the Senate, plus the votes of several newer members.**

There is far more to the treaty than its stated purpose. Its dangerous vagueness of language, the potential for overriding constitutional liberties, the threat of further erosion of American sovereignty and prestige, are each good reasons for opposing the pact. Taken together, they comprise an overwhelming case against ratification. Write, wire or call your U.S. senators today to ask them to oppose this treaty.

# Stop Genocide Treaty

— DANGER —  
Genocide Treaty  
May Pass

There is a serious flaw in the U.S. Constitution. It allows a treaty with a foreign power, in this case the United Nations, to supersede American law and even the Bill of Rights. For years radical leftists have been trying to get the Genocide Treaty passed. Minority groups, especially Jews, are lobbying for it daily. The great threat in the bill is that if adopted it would make it illegal to cause or conspire to cause "mental harm" to a member of a minority group. It would nullify the Bill of Rights. This means that if you wrote, spoke, or acted in any way that upset any member of a minority group, you could be prosecuted for violating the Genocide Treaty. Under the provisions of the Genocide Treaty, even the Holy Bible could be outlawed. Why? Because it criticizes Jews! The Jews hope to use this treaty to outlaw the Thunderbolt, National States Rights Party and every other organization and publication which dares to stand up for the preservation of the White Race! Also, all honest Christian ministers could be silenced under the Genocide Treaty. It should be noted that this treaty would not stop negroes and Jews from continuing their verbal and physical attacks upon the White Christian majority.

## CONTACT YOUR SENATORS IMMEDIATELY

It is urgent that you write both of your senators today, and even senators from other states and urge them to vote against ratification of the Genocide Treaty. Tell them to uphold the Bill of Rights of the United States Constitution by voting against the Genocide Treaty. Remember, the treaty does not go before the House and does not have to be signed by the President again. It only needs a two-thirds vote in the United States Senate. A number of Senate seats have changed in recent years placing the measure close to passage.

Georgia's late Senator Richard B. Russell always opposed the Genocide Convention. He was replaced by Sen. Sam Nunn. We have phoned the office of Georgia's Senator Sam Nunn and his aide said that he would vote for it. Sen. Sam Ervin of North Carolina always actively fought against it but he has now retired from the Senate. How will Sen. Morgan, his successor, vote? Sen. Gurney of Florida was against the Genocide Convention, but due to the opposition vote being divided, he was replaced in the following election by the Zionist Jew, Senator Richard Stone, who will vote for ratification of the Genocide Treaty. Senator William Fulbright of Arkansas was against it, but he is no longer in the Senate. Senator Dale Bumpers now has that Senate seat, but how will he vote?

This is not something we can sit back and let "George" fight! This is urgent and every loyal patriotic American should act now — TODAY! Write or wire both your Senators to vote against the Genocide treaty. Tell them you want to know where they stand for or against this measure because this is a matter of saving freedom and liberty in America.

This is an out and out attempt by the communists, Jews, black militants and radical leftists to silence all of their opposition in one simple vote in the U.S. Senate. The time for you to act is now. Please send the reply you receive from your senators to this office so that we will know where they stand. And by all means get your relatives, friends and neighbors to rush their letters against passage of the Genocide treaty in at once. This is of the essence because this matter will be voted on before the end of this session of the Senate. It has already been approved by the Senate Foreign Relations Committee and is right now on the floor of the Senate for a vote.

## JEW'S SUPPORT GENOCIDE TREATY

Jewish groups are actively working for the passage of the Genocide treaty. They fully realize that its provision banning any act, word, or deed which would cause "mental harm" to a member of a minority group would effectively silence all who oppose them. No longer could one criticize Jewish activity promoting racial integration and other Marxist schemes in America.

Passage of the UN Genocide Treaty will require a vote of 2/3 of those senators present and voting—a maximum of 67. In order to assure the treaty's defeat, we need to muster at least 34 "nay" votes. The most likely "nay" votes will come from those who opposed cloture in 1974 or from those who have entered the Senate since that time. The following 31 senators voted against cutting off debate in 1974:

Allen (D.-Ala.)	Dole (R.-Kan.)	Hruska (R.-Neb.)	Scott (R.-Va.)
Baker (R.-Tenn.)	Domenici (R.-N.M.)	Huddleston (D.-Ky.)	Sparkman (D.-Ala.)
Bartlett (R.-Okla.)	Eastland (D.-Miss.)	Johnston (D.-La.)	Stennis (D.-Miss.)
Brock (R.-Tenn.)	Fannin (R.-Ariz.)	Long (D.-La.)	Talmadge (D.-Ga.)

## hate literature spurs demand for law

By GEORGE DOURIS

Councilman Matthew J. Troy Jr. called for quick City Council action today on a resolution by an Astoria civic leader asking the State Legislature to enact a group criminal libel law.

The measure was drawn up by Peter F. Vallone,

According to Vallone, swift enactment of the law is needed because the National Renaissance party — "has recently increased its scurrilous activities in Astoria and throughout the City of New York."

At a press conference at City Hall, Vallone was flanked by Troy, Queens Democratic leader, and Ralph Sherman, Queens Jewish War Veterans commander, as he called for a halt to "hate literature."

SHOWING COPIES of "white power" hate literature, Vallone called for legislation to "nip this type of action before it gets rolling in our city."

Vallone said the peace had been breached and public disorder raised by the appearance in public of some members of the NRP in uniforms.

"It is inconceivable to me that a state such as New York, with its large ethnically mixed population, does not yet have such a statute — barring criminal libel of people in such groups — on its books."

"Wilful purveyors of falsehood concerning racial and religious groups promote strife in a metropolitan polyglot community."

## White Victory In Maryland

Former Sen. Joseph Tydings has failed in his bid to recapture a seat in the U.S. Senate. Tydings was defeated by the people of Maryland when he came out for licensing and registration of all guns. This year he ran in the Democratic Primary for the right to take on GOP Sen. J. Glenn Beall in the November election. Tydings was the darling of the Baltimore and Washington daily press and they predicted he would win the primary and would go on to defeat Sen. Beall. Well, their pipe dreams went crashing down last month when Paul Sarbanes trounced Joseph Tydings by more than 100,000 votes! This victory for all pro-gun people should serve as a warning to other politicians who want to disarm citizens.

The following 11 Senators have been elected since the 1974 voting and might be persuaded to oppose the treaty:

Bumpers (D.-Ark.)  
Culver (D.-Iowa)  
Durkin (D.-N.H.)  
  
Ford (D.-Ky.)  
Garn (R.-Utah)  
Glenn (D.-Ohio)  
  
Hart (D.-Colo.)  
Laxalt (R.-Nev.)  
Leahy (D.-Vt.)  
Morgan (D.-N.C.)

The St. Louis Post-Dispatch" which is owned by the Jewish Pulitzer family has a lead editorial urging the Senate to adopt the Genocide Treaty. They wrote in their April 18 issue:

"More than 27 years have passed since the General Assembly of the United Nations unanimously adopted a convention making genocide an international crime. Today, 82 nations, including the Soviet Union, have ratified the genocide treaty — but the United States is not one of them . . .

"Now the U.S. Senate faces another opportunity to ratify the genocide convention. It had its first serious opportunity two years ago but a filibuster by Southern and conservative senators choked off consideration and an attempt to invoke cloture lost on a vote of 55 to 38 . . .

"Recently the Foreign Relations Committee again sent the treaty to the Senate floor, and in 1976 the chances for approval should be more favorable. Some of the original opponents have left the Senate. Moreover, the cloture rule to stop filibusters was altered in 1975. (Note: To make it easier to get the Genocide Treaty passed.) It now requires a three-fifths vote of the Senate, or 60 votes, which should be easier to obtain than a full two thirds or 67 votes as previously required."

"Human Events" magazine in Washington contacted the White House on the subject. His office said that President Ford has no stand on it but that Atty. Gen. Levi and the Justice Department along with Kissinger's State Department "have been providing aid to new York Sen. Jacob Javits on the legislation."

On this page we reproduce a newspaper clipping in which the Jews hysterically called for "anti-hate laws" to silence their opposition. Such laws exist in France and West Germany and many sincere right wing Patriots have been arrested simply for exercising their right to freedom of speech. If the Genocide Treaty should be passed in America the Jews and their allies would move quickly against all Right Wing Christian Patriots in an effort to silence all who would dare to raise their voices against the activities of these subversive elements in our midst. Just read their vindictive, undemocratic statements, and you will understand that the Jews would not hesitate one moment to use the Genocide Treaty to take away our right to Freedom of Speech, Freedom of Press, and Freedom of Assembly.

You can help today by ordering extra copies of The Thunderbolt to awaken your friends and get all you know to rush letters to both of your Senators while there is yet still time to stop the Genocide Treaty.

# Ex Vice Pres. Agnew Says Jew Control Of T.V.

## The Masters Of The Media

By Dr. William Pierce

There is no greater power in the world today than that wielded by the manipulators of public opinion in America. No king or pope of old, no conquering general or high priest ever disposed of a power even remotely approaching that of the few dozen men who control America's mass media.

### Big Brother Is Watching You

Their power is not distant and impersonal; it reaches into every home in America, and it works its will during nearly every waking hour. It is the power which shapes and molds the mind of virtually every citizen, young or old, rich or poor, simple or sophisticated.

The mass media form for us our image of the world and then tell us what to think about that image. Essentially everything we know — or think we know — about events outside our own neighborhood or circle of acquaintances comes to us via our daily newspaper, weekly news magazine, radio, or TV.

### Thinking Fashionably

The way in which the news is covered: which items are emphasized and which are played down, the reporter's choice of words and the commentator's tone of voice, the choice of headline and illustration — all these things profoundly affect our attitudes.

On top of this, of course, the analysts and editors remove any remaining doubt from our minds as to just what we are to think about it all.

They guide our thoughts and opinions so that we can be in tune with the in crowd, the beautiful people, the smart money.

### Permissible Opinions Only!

The really insidious thing about this form of thought control is that even when we realize the news is biased, the media masters are still able to manipulate most of us. This is because they not only slant the news they present, but they establish tacit boundaries and ground rules for the permissible spectrum of opinion.

As an example of opinion boundaries, consider the way the media treat news of the Middle East. Some editors, columnists, and commentators are slavishly pro-Zionist in their every utterance, while others have adopted a stance which is only moderately pro-Israel.

### "Heads I Win, Tails You Lose"

Thus, even the citizen who complains about "managed news" falls into the trap of thinking that, because he is presented with an apparent spectrum of viewpoints on each major issue, he can escape the thought controllers' influence by

ABC BOSS GOLDENSON

believing the editor or commentator of his choice. He doesn't realize that it's one of those proverbial "heads I win, tails you lose" arrangements. The media masters do not leave him any options except the ones they don't mind him choosing.

### Wirepullers Exposed

And who are these all-powerful masters of the media? For a partial answer, consider the TV-news broadcasting industry. This is probably the single most influential mass medium, and the answer we find here provides the clue to all the other media.

Virtually all national and international TV news in the U.S. is filmed, edited, and broadcast by just three corporations: American Broadcasting Companies, Inc. (ABC), Columbia Broadcasting System, Inc. (CBS), and National Broadcasting Company (NBC).

### ABC

The president and chief executive officer of ABC is Leonard Goldenson, who has held those positions since 1953. The general manager of ABC News, which produces all of ABC's radio and TV news programs, is Martin Rubenstein, and under Mr. Rubenstein, as executive producer of ABC's television news programs (since 1969) is Avram Westin.

### CBS

The top man at CBS (since 1948) is Chairman of the Board William S. Paley. The CBS News subsidiary is run by President Richard S. Salant, who has had that job since 1966.

### NBC

The president and chief operating officer of NBC is Herbert S. Schlosser. Under Schlosser, as president of NBC News, is Richard Wald.

### Alien News Monopoly

The major broadcasting corporations employ hundreds of persons in executive positions, but the seven men named above are at the key control points. They are the ones who have the ultimate decision-making

CBS BOSS PALEY

authority. They dictate what 210 million Americans shall learn of what has happened in the nation and in the world each day. All seven of them — Goldenson, Rubenstein, Westin, Paley, Salant, Schlosser, and Wald — are Jews.

### Newspapers Too

After television, daily newspapers are the most influential mass medium in America. Sixty-two million of them are sold (and, presumably, read) each day.

Those 62,000,000 copies are divided between some 1,700 different publications. One might guess that the sheer number of different newspapers would in itself provide a guarantee against minority control of this important medium. Unfortunately, such is not the case.

Today, more than half the daily newspaper circulation in America is controlled directly, and the remainder indirectly, by Jews, a minority group which makes up only 2.9 per cent of the total population. This extraordinary and dangerous situation has come about as a consequence of the fact that newspapers are not paid for by their subscribers but by their advertisers. It is advertising revenue — not the nickels or dimes paid by a newspaper's readers — that largely pays the editor's salary and yields the owner's profit.

### Selective Advertising

Whenever the large advertisers in a city choose to favor one newspaper over another with their business, that newspaper will prosper and its competitors perish. Since the beginning of this century, when Jewish mercantile power in America became a dominant economic force, there has been a steady rise in the number of American newspapers in Jewish hands, accompanied by a steady decline in the number of competing Gentile newspapers — primarily as a result of selective advertising policies by Jewish merchants.

Furthermore, even those newspapers still under Gentile ownership and management are

NBC BOSS SCHLOSSER

so thoroughly dependent upon Jewish advertising revenue that their editorial and news reporting policies are largely constrained by Jewish likes and dislikes. It holds true in the newspaper business as elsewhere that he who pays the piper calls the tune.

As Jewish control over American newspapers has grown, so has the newspaper business lost its original competitive-free enterprise nature and become monopolistic. This process has advanced so far that today in 97 per cent of the American cities which have a local daily newspaper there is no local competitor.

Only in fifty-five of the nation's largest cities does there still exist daily newspaper competition, and in most of these cities the competition is only nominal, as between morning and afternoon papers, which are often under the same ownership. Examples of the latter are the morning New Orleans Times-Picayune and the evening New Orleans States & Item, the morning Springfield Union and the evening Springfield News, Portland's morning Oregonian and evening Oregon Journal — all owned by Jewish newspaper czar Samuel Newhouse.

### Instrument of Jewish Policy

Thus, in nearly all cases a newspaper editor may print what he pleases (or, rather, what his employers and advertisers wish him to print) without fear of contradiction by a competitor. It is this lack of effective competition which has resulted in the press in America becoming, for all practical purposes, an instrument of Jewish policy.

The use of the press by the Jewish minority to set the policies which affect the lives of all Americans could hardly be better illustrated than by the examples of the nation's two most prestigious and influential newspapers: the New York Times and the Washington Post.

### New York Times

The New York Times is the unofficial social, fashion, entertainment, political, and cultural guide of the nation. Its

"The people who own and control the mass media are Jewish and, through their actions, Jews, helped create a disastrous economic policy. All you have to do is look at the actions of the makers and owners and you will find a concentration of Jewish people in the population.

"By national impact media include major news wire services, Newsweek magazines, The Washington Post, and the New York Times Tribune.

"For example, CBS' Mr. Leonard Goldenson is Jewish. Mr. Julian Goodman is Jewish. Mr. Leonard Goldenson's daughter, Katherine Graham owns the Washington Post. Mr. Sulzberger the New York Times is Jewish!

"You go down the line in the ownership but go down the line in the ownership and discretionary posts — through their aggressiveness they now dominate the media.

"Not only in the media, but in the financial communities, the financial communities, in all sorts of highly influential services that involve the public, they have a tremendous voice.

"Our policy in the Middle East is disastrous, because it's not only a disaster, but the reason why nearly half the Jewish population has to give goes to Israel, except for this Zionist lobby."

Barbara Walters is the highest paid news anchor on T.V. She is a Jew. She makes a million per year on ABC. Spiro Agnew defended himself against her criticisms and was able to get her off the air over the air waves. He stated

influence and ideas reach into every stratum of American life. It is sold in virtually every community in the United States.

The New York Times (originally New York Daily Times) was founded in 1851 by Henry J. Raymond (1820-1869) and George Jones (1811-1891).

Shortly after Jones' death in 1891, the newspaper experienced a drop in advertising revenue that forced it near bankruptcy. As a consequence Adolph Ochs, a wealthy Jewish publisher, was able to purchase the paper from Jones' estate in 1896 for a modest price. After Ochs' acquisition of the New York Times, advertising revenues rose dramatically.

*"There's no doubt that there has been a certain amount of Israeli imperialism taking place in the world. There has been an invasion of the West Bank. The Israeli Parliament is talking about settling on the Golan Heights, on the Gaza Strip, and I feel that because of Zionist influences over our news media allows these matters of aggression to be routinely considered to be permissible.*

*"I think the Saudi Arabians, for example have been our very staunch friends over a period of sixty years, and yet we regard them and Mr. Sadat in Egypt, who has been trying to fight the battle of balance between the Palestinians . . . have been ignored by our close attachment to Israel."*

*"I think the power of the news media is in the hands of a few people . . . it's not subject to control of the voters, it's subject only to the whim of the board of directors."*

On the Bill Buckley T. V. program, "Firing Line" Mr. Agnew stated: *"The media is heavily controlled by people interested in Israel and Zionism. Some of these people are Sulzberger, owner of the New York Times, Mrs. Graham of the Washington Post, Paley of CBS and Goodman of NBC." (All are Jews.)*

In his novel, "The Canfield Decision" Mr. Agnew refers to "Jewish Cabals" and "Zionist Lobbies" which control American foreign policy.

Mr. Agnew is the most prominent man in America to speak out openly on the Jewish power which has taken control of our State Department (run by the Jew Kissinger) and the other bodies of governmental power (Levi heading the Justice Department and FBI). More and more Christian Americans are becoming concerned over this great power of the Jews and the time has come for us to demand that Israel no longer come first. Our one sided Jewish policy must be changed so that we can win back our Arab friends and settle the Middle East conflict by forcing the Jews to give back the territory stolen from the Arabs. Jewish financial control of America must be ended as fore told to us by Benjamin Franklin.

### AGNEW SAYS JEWS CONTROL T.V.

The daily press has carried vague news reports stating that former Vice President Spiro Agnew has criticized the "Jewish Lobby" and "Zionist Cabal" in America. Without going into any of the exact wording of Mr. Agnew's charges the news media has begun another national smear campaign against him.

William Safire (a Jew) of the New York Times, whose column is syndicated to newspapers throughout America, calls Agnew a "bigot" who has become embittered because of three Baltimore Jewish businessmen who forced his resignation. They were given immunity for their testimony against Agnew. They claimed he accepted bribes while in the White House, and he has always denied this. Nixon pressured Agnew into resigning. Agnew has long been anti-Zionist and has favored the return of Arab lands occupied by Israel. Gerald Ford was picked to take Agnew's place by Rockefeller because Ford was the most pro-Zionist Congressman in the House.

Max Lerner, Jewish writer for the New York Post, has viciously attacked Agnew. This paper is owned by Jewess Dorothy Schiff who says she had an affair with President Roosevelt at the time the Jews were working to get America into the war against Germany. It was her banker father, Jacob Schiff, who financed the Marxist Jew Leon Trotsky in overthrowing the Christian Czars of Russia, and establishing communism over the Christian people of Russia who were then murdered by the millions.

The Jew Max Lerner says that it makes him "shudder to contemplate" how close Agnew came to becoming president. He says he is

Former Vice President — Honorable Spiro Agnew.

"aghast at what might have happened" if this anti-Semite had become president.

All across the land Spiro Agnew has been smeared and vilified for daring to criticize the Zionist lobby in America which has turned this once great nation into a puppet for Israel. Mr. Agnew has appeared on the Barbara Walters NBC "Today" show in which she sought to embarrass and discredit him over the charges by the three Jewish businessmen. He also went on the Merv Griffin and William Buckley TV programs. In all three cases he has exposed the Jews as the masterminds behind the drive to use the power of the news media of this great nation to obtain our support of Israel. It is against our interest to make enemies out of our former Arab friends in the Middle East. The essence of his message is that Jews, who owe their loyalty to the Zionist State, dominate the channels of communication in America, brainwash the American people and manipulate elected politicians to support Israel.

publisher.

### Spiking the Competition

#### Washington Post

A close second to the New York Times in national influence is the Washington Post, which, by establishing its "leaks" in most governmental agencies in Washington, has an inside track on news involving the Federal government.

The Washington Post was founded in 1877 by Stilson Hutchins and purchased from him in 1905 by John R. McLean. Later inherited by Edward B. McLean, the paper was forced into bankruptcy during the Great Depression and was sold at auction in June 1933 to Eugene Meyer, a Jewish financier, for a trifling \$825,000.

As World War II approached a feud was waged between the Washington Post and one of its chief competitors, the Times-Herald. The Post's policy, of course, was internationalist and pro-war, while the Times-Herald, owned by Eleanor Patterson of the Patterson-McCormick clan, was non-interventionist and "America First."

Eleanor Patterson's cousin, Colonel Robert McCormick, particularly enraged the Jews in 1941 by publishing in his Chicago Tribune secret government documents proving that President Roosevelt was deliberately attempting to embroil America in the war then raging in Europe. ### NSRP MEETINGS ACROSS THE NATION

The National States Rights Party held another large and successful meeting in Louisville, Ky. last month. Once again we had a packed hall with many having to stand. Dr. E. R. Fields, NSRP Secretary lashed out at busing and told the people to hold on in their struggle. This fall many more school systems are scheduled for forced busing. As this hits home in more and more areas of the nation the people will join with those in Boston and Louisville and other cities to fight against this unnatural race mixing menace which has never worked yet. Dr. Fields said that we will not allow the federal government to sacrifice our children in their experiment which we all know will not work.

Middletown, Ohio was the scene of our next meeting. We had a very pleasant time renewing old friendships with supporters who have been with us over the years. The film "Triumph of White Race Unity" was shown. It is the story of the Dixmuide, Belgium international gathering of Patriots which takes place the first of July every year. The various groups from different White countries meet and march to the

great Flemish monument.

Another meeting was held in the Metro-Atlanta area. Again our film was presented along with talks by J. B. Stoner and Dr. Fields. We introduced our new uniform and more members purchased these, sharp, good looking shirts. They are advertised on this page. By the time you receive this paper Mr. Stoner will be in North Carolina for another round of meetings and Dr. Fields will soon be speaking in Houston and Dallas, Texas. It was just last month when Attorney Stoner addressed NSRP supporters in Baltimore and Philadelphia. The Baltimore Chapter is outfitting a uniformed guard for the Party right now. More meetings in the New England area are planned before school opens and the NSRP will always be ready to lead the White people in their struggle against forced race mixing wherever we are needed. This is our country and we are going to give this battle for the very survival of the White race our all. We count on your continued support and powerful movement which can eventually return this great nation back to the White people.

**Christian Judge Calls For Death Penalty**  
Judge Fred G. Suria of the criminal court in Chicago states that he has positive evidence that the Supreme Court ban on the death penalty encourages criminals to murder witnesses. Judge Suria says that "I am appalled at the increase in killing solely for the purpose of eliminating witnesses. It is beyond my comprehension."

Judge Suria was referring to two convicted murder-rapists. James Brimmer, 19, a negro, and

Ricardo Noralis, 21, a Puerto Rican negroidal raped a 16 year old girl and her mother. They robbed them of \$13 in their apartment and then shot them both in the head. Fortunately, the young girl lived and identified the killers. She survived after being shot four times, in the abdomen, legs, and head. Her mother died! Today she suffers from recurring nightmares and becomes hysterical when she thinks back on her ordeal.

Judge Fred Suria sentenced both to 100 to 200 years in

prison, but admitted that this would not keep them in prison for the rest of their lives. Suria said that under Illinois law, both would be eligible for parole after 11 years and three months. He said that had the Supreme Court not banned the death penalty, he would have sentenced both to die in the electric chair. Suria stated: "I believe they kill victims because they have no fear of the death penalty. The reinstatement of capital punishment would be a positive deterrent to such heinous crimes."

## Jews Control Media

when McCormick purchased the Times-Herald from his cousin's estate after her death in 1948, Washington's Jewish merchants conducted an advertising boycott against him. By 1954 the Times-Herald was losing more than a million dollars a year, and McCormick was finally forced to sell out to Meyer, who promptly closed the paper down.

The Washington Post is presently run by Katharine Meyer Graham, Eugene Meyer's daughter, who is the principal stockholder and board chairman of the Washington Post Co., and Larry H. Israel, who is the president and chief operating officer.

The Washington Post Co. also owns Newsweek magazine and a number of radio and television broadcasting stations.

### Instinct for Power

And the situation is even worse — if that is possible — in the motion-picture industry and other media. Jews, with an uncanny instinct for power, insinuated themselves into every nook and cranny of the communications industries decades before the profound influence of the media on public opinion and the democratic political process was generally recognized.

During the early part of this century they established their

bridgeheads in the press, motion pictures, and radio broadcasting. By World War II they were already in a commanding position. In the period since 1945 they have so tightened their grip on the mass media that they exercise a virtual monopoly control.

### Leading America by the Nose

Coordinating their business interests with their political interests, they have not only profited financially from their control of the media but they have used that control like a ring in America's nose to build a power base for themselves which few dare oppose. They can make Congressmen and Presidents and — as Watergate has so clearly shown — break them at their pleasure.

American mass media is the single most important fact of life, not just in America, but in the whole world today. And there is nothing: famine, inflation, fuel crisis, war — more dangerous to the future of our people.

Until this Jewish control of American public opinion is broken, continued misfortune, confusion, and decadence shall be our lot, and there can be no national liberation or regeneration.

# Negroes Murdering Whites Out Of Pure Hatred!

**DENISE WATSON** burned 15 Whites alive in Chicago nursing home.

**LEROY JOHNSON** killer of Miss Vickie McKinney.

**Vickie McKinney**  
**THIS POOR** innocent victim could have contributed so much to White society. Now she lies in a grave!

## HEINOUS NEGRO ATROCITIES COMMITTED AGAINST WHITES

Never in history has America witnessed such a wave of "hate murders" which are sweeping this land. Negroes are now actually committing over 95% of all murders in our central cities. More and more Whites are being slaughtered simply because they are WHITE! Police departments report more "motiveless" killings today than ever before. An increasing number of the victims are innocent White people.

On this page we list just a few of these horrible crimes which have been brought to our attention by our readers.

Denise Watson, 21, a nurse's aide, has been indicted in the worst mass murder in Chicago's history. She deliberately set fire to the Wincrest Nursing Home because she hated taking care of the elderly Whites residing there. The fire claimed the lives of 15 infirm patients.

Charlotte, N.C., Vickie McKinney, 19, was considered one of the most beautiful coeds at Central Piedmont Community College. Her nude and bloody body was found spread-eagle near a parking lot. Her throat had been cut and her eyes gouged out. She had also been shot once. The police have charged negro Leroy Johnson, 32 with the dreadful slaying.

Another North Carolina killing which only the local news media reported on is reproduced on this page. Mrs. Jackie Lou Webb was killed right in the Baptist Church where she worked for no known reason at all except that she was White.

A fiendish rapist has been arrested in Miami. Negro Donald Brundidge, 19, has admitted to police that he has raped 80 to 100 young girls. He was caught after he raped, beat, and robbed a 7 year old girl of her lunch money while on her way to school. He said most of his victims were aged 6 to 9 years of age. Police said that many parents had not reported the crimes because they didn't want their children to be forced

to go through the ordeal of a trial.

In Chicago three young negroes used charcoal lighter fuel to set fire to a young boy who they caught on his way home from school. They dragged him from the street into a vacant garage where they burned him to death.

Also in Chicago police have charged negro Melvin D. Parker with murder for the death of a 9 year old boy named Jessie Swoope. He beat the youth in his apartment and forced the terrified child to jump out of the 12 story window to his death.

In Castro Valley, California a White youth who must have been brainwashed with equality propaganda picked up a negro hitchhiker. Ronald Blunt, 16, was shot in the back of the head and his car was stolen. Sheriff Madsen said "there was no provocation for the shooting."

White people throughout America do not know that this carnage is taking place because the Jewish owned news wire services refuse to carry such news. If Whites were doing these things to blacks it would be on the front page and the president would order the FBI and U. S. Army out to put down the crime wave. We Whites are supposed to tolerate these excesses without protest!

Yes, America has a murder crime wave that has been created by the people who film "hate whitey" movies which are shown regularly in negro communities. In these films the Whites are always the bad guys and the negro hustlers, pimps, and dope pushers are the heroes. Whitey is always the bad guy and must be killed. Also all the promises of the civil rights leaders that the blacks should have everything the Whiteman has, including our White women, has inflamed the negro into a crazed hatred for ALL Whites. This is why our land is being swept with such atrocious crimes.

The time has come for White people to awaken to the fact that the crime problem in America is a RACE PROBLEM. Negroes are the cause of the growing threat and only the National States Rights Party has a solid program to end this deadly menace. If the blacks can run all the White people out of South Africa why can't we ship them back to the jungles of Africa where they can continue their bloody carnage among one another as they have always done in the past? Yes, that is right, the NSRP stands for stripping all negroes of their citizenship and deporting them, one and all, back to Africa!

### Adams Charged In Rape-Murder

VICKSBURG — A 19-year-old Vicksburg man is in jail here charged with the rape-murder of a 31-year-old Edwards woman, Warren County Sheriff Paul Barrett said today.

Barrett said Terry Adams was arrested in the Warren County Courthouse Wednesday afternoon in the death of Ruth Morgan.

"He confessed to the incident and led us to the woman's decapitated body on Riley Road east of Vicksburg," Sheriff Barrett said.

Barrett said the woman had been missing from her home since May 2. Relatives, the sheriff added, reported the woman's disappearance to authorities.

Several suspects were interrogated in the case, Barrett said.

## Negro Murders White Woman In Church

By **BILL ALLEN**  
Staff Writer

A Lumberton construction worker has confessed to stabbing a Holden Beach woman to death in a church last Wednesday afternoon, Sheriff Herman Strong reported.

Howard Dowlass McNeil, 20, was charged with murder in the brutal death of Mrs. Jackie Lou Sullivan Webb, 25, of Rt. 2, Supply in the Sabbath Home Baptist Church building. She was stabbed eight times with a six - inch pocket knife.

"This is the most senseless murder I have ever investigated." said Sheriff Strong, who reported that no motive for the crime has surfaced. "It was the first time in 22 years of law enforcement work that I have

investigated a murder in a church."

She was reportedly within about two feet of the door when she was stabbed in the back the first time. She was stabbed once more in the back and six times in the chest. Her body was dragged into the nursery.

## New Leaflet Ready On King

### EXPOSE COMMUNIST MARTIN LUTHER KING

Five states have declared Martin Luther King's birthday (Jan. 15) a holiday. Rep. Parren J. Mitchell (D-Md.) is urging blacks to press Congress to make that date a national holiday. The cost to the American taxpayers of one federal holiday with all branches of the government closed is \$140 million.

In Atlanta that negro dominated city has named three streets after King. In Richmond, Va., they want to name a city bridge after the communist agitator.

In order to aid our supporters in bringing the truth to the American people, The Thunderbolt has prepared a new leaflet for mass distribution which exposes the communist background of King. You can easily mail or pass this documented handbill on to others. Order as many as you can use to expose Martin Luther King's Communist Record: 20 copies for \$1. Order from The Thunderbolt, Box 1211, Marietta, Ga. 30061

### HERE IS THE MINORITY BLOC VOTE

The U.S. Census Bureau states that there will be a 10 percent increase in the black vote this year over 1972. It states that 15 million negroes will cast ballots. They elected almost 2,000 negroes to various local and national offices over the past two years and seek to increase their political leverage even further.

A New York Times-CBS poll found that America's Jews are concentrated in several key urban industrial states "with large electoral votes. Up to 90% of eligible Jews actually go to the

polls giving them a voting strength equal to that of blacks who outnumber Jews four-to-one in population." Percentage wise this compares to only 40% of White Christians, who turn out to vote, versus the 90% for the Jews.

This all means that it is urgent that all White people register and vote. There must also be a national voter registration campaign conducted for White people. Negroes have voter registrars who go door to door registering them, but Whites do not. This trend must be reversed if Whites are to regain control of our own nation.

# Non-White Immigrants Flood America

THIS IS a typical Sunday morning in a tribal African village after murderous drunken fighting. Will this be a common street scene in a future America?

## Ethiopia Threatened

Ethiopia states that Soviet forces have successfully captured its northern neighbor, Somalia, and begun a "war of subversion" to conquer their country. Ethiopian leaders say the communists have armed the guerrilla bands which have infiltrated across her borders. Ethiopia has been torn by civil war and is at a serious disadvantage because of the powerful Soviet arms buildup in Somalia. That country has already claimed Ethiopia's eastern Ogaden region as part of Somalia.

## Cuba Frightens South America

James Nelson Goodsell of the "Christian Science Monitor" reports that Venezuela Pres. Perez considers the Cuban invasion and takeover of Angola a grave threat to all of South America. He fears that non-communist countries might continue to fall one at a time. Perez says that there is no reason why Cuba needs 100 men at its Caracas Embassy when his country only has 5 men in their Havana office. Perez has also turned down Cuban requests to establish 3 more consulates in cities outside Caracas.

Mr. Goodsell also reports that many South American countries want the U. S. to hold on to the Panama Canal because if we surrender it to Panama, that country could fall to Cuban forces. One said: "The canal might as well stay in American hands where it is at least honestly and efficiently administered."

Officials in Barbados, Jamaica, Trinidad and Tobago have also expressed concern over Cuban subversion of their countries.

## Torture In Mozambique

A "Chicago Sun-Times" report tells that the British supported

Marxist government of Mozambique is continuing its program of torture of political dissidents. A Portuguese prisoner just released gave a hair raising account of life in the "political re-education camps" in Mozambique. He said that thousands of prisoners have been "beaten, starved and killed."

He added: "I have seen guards bury Africans up to their necks

## Illegal Immigrants Threaten To Destroy America

Gen. Leonard Chapman, Jr., head of the U.S. Immigration Dept., estimates that there are as many as 12 million illegal immigrants in America. At least 8 million of this number are Mexicans. This does not count the 450,000 LEGAL immigrants who enter America every year to become citizens. Two thirds of this number are non-White and 100,000 of them are Mexicans.

Illegal immigrants cause many problems and we will list some of them below:

1) Illegal immigrants are responsible for much of the dope smuggled into America from Mexico. Last year alien Mexicans were caught with 263,199 pounds of marijuana and 579 ounces of heroin. It is estimated that many times over this amount was successfully brought into the country.

2) The AFL-CIO estimates that the illegals hold down as many as 4 million jobs that

and stick knives in their mouths. Both African and White women are forced to work in the fields with nothing covering their breasts." He said that White men were suffering much worse conditions in six camps in the northern part of the country.

could go to unemployed citizens. They drain off over \$10 billion from U.S. workers annually. Much of the money is sent home to their families.

3) Federal courts have ruled that illegal immigrants are entitled to welfare, food stamps, and free medical care. They represent a heavy burden on the taxpayers. Any children born here automatically become citizens through a quirk in our Constitution. This gives the families the right to apply for permanent residence.

4) Illegal immigrants are responsible for a large percentage of the rise in crime in America. Not having regular jobs they will steal, rob, mug and even kill to obtain money. San Diego police report that bands of Mexicans are once again crossing the border to loot homes and shops and then slip back into the safety of Mexico.

5) Illegal immigrants often exist in unsanitary shacks and slums from which disease develops and spreads to the rest of the community. Many have been found to carry highly contagious diseases at border crossings.

## The Answer To The Problem

House Bill HR 981 would cut Mexican immigration down from 100,000 a year to 40,000. Another bill would make it a crime for employers to knowingly hire

illegal immigrants. Both of these bills have been bottled up in Sen. James Eastland's committee. Unfortunately he and the members of the committee have been influenced by the farm and hotel industry who want these people in America to exploit them as cheap labor.

At the same time the nation faces a growing over population problem, but not because Whites are having too many children! Actually, we have cut our race down to below population zero growth. It is the negroes, Puerto Ricans, Mexicans and other non-White immigrants who are adding to our rapidly growing population. If something is not done in the very near future to force Congress to act on the threat of illegal immigrants and the swarms of legal non-Whites pouring into America, this nation will be destroyed from within.

It is estimated that in less than 25 years under present trends America will be a mostly non-White nation and that means the end of our civilization could well be just around the corner. This can be avoided if we organize our people, spread the truth far and wide, and fight for the preservation of the White Race. We must insure that we do indeed remain the dominant majority in this our own country.

## Petition Campaign Under Way

# Stop Immigration Flood Deport Illegal Aliens

The National States Rights Party calls upon all of its officers, members and friends to circulate our Petition calling upon Congress to stop the flood of colored immigrants into America. Actually, we are being invaded by blacks, browns, yellows, mongrels and Jews. Most "legal" immigration in non-White and almost all illegal immigration is non-White.

The Jews are trying to change America from having a White majority to having a colored majority in the next few years, through immigration; the Jews, through con-

trol of the media and the schools are telling Whites to have no children while paying the blacks to breed with welfare money. That combined with the invasion by colored immigrants could destroy White America.

That is why we call upon you to help us make immigration an issue in the Congressional elections this year.

Write for a free copy of the Petition To Stop Colored Immigration. Get your friends and neighbors to sign it. If you want more than one copy, send a small donation to take care of postage and handling.

# ONLY WHITE SCHOOLS MUST INTEGRATE — NOT, NEGRO, CHINESE, OR JEWISH

Washington—Federal courts have taken enough time off from drawing busing maps to decide that Negro private schools can discriminate against whites but white private schools must accept Negroes.

The Supreme Court now faces the task of finally deciding whether private white schools, receiving no public funds from any source, will be compelled to integrate.

The federal district and appellate courts, through which the landmark case that could affect every private, segregated secondary school in the country has travelled, has sustained these conclusions so far:

- † Negro schools can exclude whites.
- † Chinese schools can exclude whites.
- † Jewish schools can exclude all others.
- † White schools cannot exclude anybody.

The Supreme Court is expected to decide the issue during this term.

In the case pending before the Supreme Court, a Federal District Court had awarded damages to the parents of a Negro child denied admission to the private, all-white Fairfax-Brewster School in the Fairfax County, Va. suburb of Washington, D.C. The parents' damages were upheld by the U.S. Fourth Circuit Court of Appeals.

The Appeals Court noted with favor the District Court's reasoning that private schools, even when not receiving public funds, must accept Negroes under the Civil Rights Act of 1964 and a Reconstruction-era law of 1866 allowing former slaves to enter contracts but:

"Black academies, Chinese schools and rabbinical schools do not fall within the proscription of the statute giving all persons the same right to make and enforce contracts and to the equal benefit of all laws for the security of persons and property as is enjoyed by white citizens;

"Such, (Negro, Chinese or Jewish) institutions are free to discriminate against whites. . .without running afoul of the statute."

Further in the opinion, also quoted with favor by the appeals court through Chief Judge Clement Haynsworth, the district judge again specifically mentioned "all-black academies, all-Chinese schools, and all-rabbinical schools" and said of them: "Whatever else may be said of their policies, those institutions are free to discriminate against whites."

The Southern Independent School Association, which had joined in the defense of Fairfax-Brewster, argued that the private schools are "academically successful beyond the public school average and have low disciplinary problems, both of which are causally related to segregated policies."

The judge answered this argument with:

"The court finds this testimony to be irrelevant. . ." After noticing that the Supreme Court had said in 1973 that the Constitution does not prohibit "private bias," the court said: "This case does not raise any question as to the right of citizens to maintain private schools with admission limited to students of particular national origins, race or religion. . ."

Haynsworth, in writing the lengthy appeals court opinion sustaining the district court on everything but an award of attorneys' fees, introduced another analogy in groping for a distinction between "public" and "private" schools. "When relations between husband and wife are involved, their purpose to exclude all the rest of the world has no racial connotations."

Haynsworth made headlines in former President Nixon's first term when the Senate refused to confirm him for a Supreme Court seat because he was viewed as a Southern conservative who was not "strong enough" on civil rights.

Judge Donald Russell, in a dissenting opinion, said, "We are bound by no definitive Supreme Court decision" and "the right to make and enforce contracts does not imply the right to coerce an unwilling co-contractor into making any and every variety of contract."

By Rev. Rex Humbard, Akron, Ohio

Religious Leader and  
Private School Head

Russell called the district court opinion "curious" because it states that although the law "forbids discrimination by whites against non-whites, it does not forbid discrimination by non-whites against whites. Such a construction would make the section clearly unconstitutional.

"Simply put, the opinion of the district court is that all races. . .may operate racially segregated schools except the white schools.
