

Who Controls All 3 T.V. Networks?

HEADS OF ALL THREE TV NETWORKS ARE JEWS

Many Americans are wondering why there are so many films on TV that are anti-White, anti-American and pro-communist. Recently we had "Roots" for seven nights straight on ABC T.V. It portrays all Whites as inhuman and the blacks as warm, loving, peaceful, family people.

At the same time we have "Executive Suite" on CBS-TV. Here is an interracial sex affair in which a young White gets his black girlfriend pregnant. She goes to an abortion clinic to get rid of the fetus. Then the White youth, named Brian, hears about the negress's plans. He runs to the abortion clinic to beg on his knees for her not to go through with it but to marry him so that they can have their black baby.

On NBC-TV we have the three hour outrageous smear attack on the memory of the late Sen. Joe McCarthy. It is called "Tail Gunner Joe." They use the radical, leftist and anti-war activist Peter Boyle to play Sen. McCarthy. This in itself is an unspeakable outrage. How can all this propaganda be on all three TV networks night after night undermining the very fabric of this republic? Could it be that all three TV networks are controlled by alien, non-Christian, Marxists and socialists. Is this the reason? Decide for yourself from the following information.

"Roots" Incites Black Violence Against Whites

Negro Alex Haley's novel on slavery has resulted in a growing wave of violent racial attacks upon innocent White people. Harrisburg, Pa. Principal Frank Korkuch said that black students shouting "Roots, Roots, Roots" had rampaged through high school halls pushing and striking White children. Korkuch said there were 12 separate incidents of black attacks in his school. At Detroit's Ford High School, four White students were severely beaten and had to be taken to the hospital after being attacked by young blacks chanting, "Roots, Roots."

Some 80 million people have viewed the T.V. series, both black and White. It has justified black feelings that they have a "civil right" to attack Whites to get even for supposed injustices inflicted upon them in the past. Many Whites have been instilled with a psychological feeling of guilt. Some have been misled into believing, as White basketball star Bill Walton, that negroes have suffered so much in the past that they are justified in robbing, raping and "even killing Whites including myself" said Walton.

All historians of slavery and pre-civil war conditions state that "Roots" was highly inaccurate and opposite of the truth. Dr. John Reid of Atlanta University says Roots is historically inaccurate because there was a caste system among slaves and house workers never associated with field workers.

Roots Not Based On Facts

Negroes were not hunted down in African jungles by Whites chasing them with nets and ropes. All were either captured by other tribes or members of their own tribes (including sometimes selling their own children from numerous wives.) All negroes sent to the Americas were sold by members of their own race to the slave traders, mostly Jew slave traders.

Roots contends that black women were raped on the slave ships, and later by their slave owners. It even makes it seem common that White plantation owners bought black women for concubines and then made slaves out of their illegitimate children. Southern men were of high honor and cases of rape by Whites of negress slaves was extremely rare. This is the greatest insult of all from this TV show. There are absolutely no known cases of Whitemen personally breeding with black women for the purpose of making slaves. This would be tantamount to making slaves out of your own offspring.

Throughout the Roots film the Whites are portrayed as crude, ruthless, without any feelings of compassion for their slaves. They continually whip and beat them. The truth is that slave owners took care of their blacks because they had a big investment in them. Slaves sold for \$1,000 to \$2,500 which was a great deal of money back then. Also slaves most often worked on their own or under fellow black overseers. Mistreated slaves could easily run away at will.

At the end of Roots, photos of negro writer Alex Haley's parents and grandparents were shown of ABC-TV. Haley then appears on the screen and says that Roots is a true story concerning incidents retold to him by his parents. He claims that he was able to retrace his ancestry back to Africa. This, of course, is totally untrue. Haley says the book took 12 years to write but he turned out many other fiction stories in the meantime. Even ABC-TV ended each segment with a quick disclaimer stating "ABC NOVEL FOR TV."

The truth is that negroes in Africa in the year 1700 had no language or written alphabet and lived a very primitive life in mud huts. They were not organized outside of their own local

History" line and always stress racial equality. CBS also publishes some 25 magazines including "Field and Stream," the only hunter's magazine to take an anti-gun stand.

With our television media in the hands of a hostile anti-White and anti-Christian minority, we will continue to be inundated with films like "Roots", "Executive Suite," and vile smears against Patriots such as Sen. Joe McCarthy.

White Protest Played Down

Everywhere people are talking about "Roots."

The Chicago ABC affiliate got 1,000 calls Sunday and Monday, 65 per cent of which were adverse. WABC in New York got mostly complaints Sunday night, as did KABC in Los Angeles.

NEGROES LEAVING AFRICA

Two black Americans moved to Zambia (The Congo) because they said they wanted to live in their own homeland and offer their skills to help their own people. Robert Yates, his wife and four children, and Tom Whitfield, a former Garfield High basketball star moved to Africa in 1964. They now state that they were treated as foreigners and arrested without due process. All their possessions were confiscated by the government. Sen. Charles Percy and others helped them get back to America and regain their citizenship. Whitfield said that since Belgium gave Zambia its independence, "living conditions have gone downhill." He says that it will be the "little African who will suffer" if blacks take over Rhodesia. This news story was suppressed by the two news wire services and only appeared in the Nov. 6, 1976 edition of "The Seattle Times."

Jews Produced "Roots" Anti-White Show

Communist Published Alex Haley's First Book

ALEX HALEY'S FIRST BOOK

Thunderbolt research files hold the obituary article published in the New York Times on Aug. 5, 1976 covering the death of the Jew Harry Braverman. Braverman was a leading U.S. Communist all his life. In the early 1930s he joined the Jew Trotsky's revolutionary "Socialist Workers Party." For many years he was a member of its national committee. Braverman founded "The American Socialist" magazine in 1954 and most recently directed "The Monthly Review Press," an

avowedly Marxist magazine. The New York Times obituary for Braverman, who died on Aug. 4, further stated that Braverman "From 1960 until 1967 worked for Grove Press, where he was credited with helping to publish 'The Autobiography of Malcolm X.'"

This so-called "autobiography" was negro writer Alex Haley's first novel. It is filled from beginning to end with vicious anti-White passages intended to incite negroes to violence against Whites and at the very same time instill a guilt

complex within Whites who may read it. Grove Press is a Jewish owned publishing house which specializes in pornographic books as well as anti-White pro-communist race mixing books. Most of the Malcolm X book is fiction which Haley tried to foister on the public as "a true life story." This is exactly how the "Roots" book was promoted but most reviewers admit it is pure fiction.

In the meantime the kept press continues to infer that the Haley book is a true story about "poor persecuted Africans and their brutal White masters."

Who Is Alex Haley?

For years negro Alex Haley has been chief interviewer for Playboy magazine. Few people know that it was Haley who wrote "The Autobiography of Malcom X." Malcom X gave Haley permission to write the story so it is not a true autobiography. Malcolm was murdered by his own men shortly after Haley finished the book. His story is violently anti-White and pro-communist. Anyone who wishes to know more about the prejudiced views Haley has long held against Whites should read his "Autobiography of Malcolm X." It urges the killing of Whites just as Roots does throughout its pages. Haley has been on many TV interview shows from coast to coast and the networks happily aided him in the buildup of this hate filled diatribe against White people. He was also allowed to promote his book in speeches before hundreds of White and black schools all across the nation.

It is quite interesting to note that all of those associated with the production of the TV film Roots were Jews. It was produced by the Jew David Wolper. The story contained nudity, foul language, and violence. Still the school children in Los Angeles were ordered to watch the TV story and write reports on it as part of their class assignments. Some 250 colleges make it required viewing for class discussions.

Jewish directors of Roots were Stan Margulies, David Greene, John Erman and Marvin Chomsky. The scenes of Whites supposedly capturing and caging negro slaves in Africa was actually shot on the coast near Brunswick, Ga. Wolper sent a truck to a local negro school and promised young negro girls \$20 a day if they would appear as the half-naked slave girls chained to one another. They were driven from the school without permission of school officials or parents. Mrs. Barbara West has filed a \$25,000 suit against Wolper for using her daughter as an extra in seminude scenes without her consent. The case is still in court.

The Jew Wolper said that he would make the treatment of the slaves look like "Jews who were degraded at Buchenwald." This anti-German slur gives readers an insight into the vicious anti-White thinking of David Wolper. There can be little doubt that those who advocate race mixing and White self-hate have scored a major brainwashing accomplishment through the promotion of Roots. Those who know the truth must coneract.

You can help by ordering extra copies of this issue of The Thunderbolt and distributing them to new people. Then they will learn that Roots is not "Black History" but untruthful and distorted fiction which has been given a slick sales job by Jews over their controlled TV media.

"Black History" Fraud

MORE FAKED "BLACK HISTORY"

Every child in school has been taught that negro George Washington Carver discovered Peanut Butter. All kids love Peanut Butter and every time they eat it some teachers say they should think of that great black Carver. On this page we reproduce a short item from the "Jackson (Miss.) Daily News." They quote the National Peanut Butter Council as stating that their product was invented by an unknown physician in St. Louis Mo., in the year 1890.

George Washington Carver was a mulatto.

Therefore, another myth about "Black History" goes down the drain. But, there can be no doubt that George Washington Carver was indeed a smart negro.

He made a lot of money teaching negroes how to be more productive farmers through diversification of crops, which Carver in turn learned from the Whiteman. He graduated from the agricultural school of Iowa State College in 1894.

What is not revealed to our children is that Carver strongly opposed race mixing and advocated a permanent separation

of the races. He left all his money to the all-negro Tuskegee College where he taught in Alabama. One more item that should not go unnoticed is the fact that Carver was a light skinned mulatto. He was half-white! This fact reminds us of a letter we received from an active supporter in Los Angeles, Mrs. C. K. She wrote:

"There seems too little emphasis given to the fact, that were it not for White blood in the veins of some negroes, they would never have made any progress at all."

PEANUT BUTTER

Dear Jack Sunn:

I'd like to know how long peanut butter has been around. And who invented it. H.L.

According to the National Peanut Butter Council (we didn't even know there was such a thing) peanut butter was invented by a St. Louis, Mo., physician in 1890 who was seeking a "highly digestive, nutritive food for his elderly patients." The physician's name, however, is unknown. Reckon it was Mr. Jiff, Peter Pan or Mr. Planters?

OUTRAGED BY "ROOTS"

Editor, The Thunderbolt:

I'm watching the television presentation of "Roots", I don't know which made me more sick, seeing a tribe of primitive savages eating with utensils or seeing that black jungle-bunny using a stainless steel knife to fight off a leopard.

It is really disgusting to think that films that deal with White racial pride such as the classic "Birth of a Nation", have been barred from being shown on most College Campuses, while Jew-inspired propaganda such as Roots is being taught to White students in exchange for credits toward graduation!

Negro women in Africa: up to 40%, of all negresses in Black ruled countries have some form of venereal disease. Dr. G. M. Africa has the highest VD rate in the world and negro ghetto communities in America have 75% more cases than do White suburbs . . .

HERE IS MORE "ROOTS"

Here we have reproduced an article from the "London Daily Telegraph" of Jan. 7, 1977. This story has not been published by any other newspaper in America — you are reading it for the first time in THE THUNDERBOLT.

This represents the true negro "Roots." Primitive, savage, unmerciful jungle life which has not changed one iota in 2,000 years. Our children are being brainwashed by TV when the fact is that negroes who were burned to death when fingered by the "witch-doctors" would have given anything to live in our welfare paradise in America. Every last negro slave who was brought to America was better off being here as are their descendants. The time has come for us Whites to make a true "Black History Study." Our children would be appalled if they could see life as it really exists in "Darkest Africa" where the Whiteman's civilization still has not penetrated or has been rejected. Please show this article to your children and their school age friends so that they will know the real "Roots" — African heritage of their black classmates.

Witch-doctors order burning to death of seven

By RAY KENNEDY
in Johannesburg

SEVEN Africans have been ritually burned to death in savage "executions" ordered by witch-doctors in villages within 150 miles of Johannesburg.

In a series of crimes that have police in the Pietersburg area, northern Transvaal, bewildered if not baffled, 20th century sport has become mixed up with customs as old and as

primitive as many parts of Africa itself.

The seven who died were linked by the villagers with the deaths of three African football fans in a car crash. Apparently the villagers consulted their local witch-doctors about the "cause" of the accident.

Two witch-doctors "identified" a 60-year-old man and his wife as the "cause of the accident." On Christmas Day the

couple were bound hand and foot and thrown into a fire.

On Tuesday a 60-year-old man and two married women, aged 44 and 45, were burned alive in a hut, watched by hundreds

in another village near by, a witch-doctor "pointed out" a 58-year-old man and his wife, 50, as being "responsible" for the deaths of the football fans. They were locked in a hut and burned alive.

Andrew Young's Anti-American Record

NEGRO YOUNG WILL BACK ISRAEL IN U.N.

On this page we reproduce an important article which appeared in the Jan. 8, issue of "Jewish Week". It notes in detail that Andy Young is a "firm supporter of the Black-Jewish Alliance."

The article tells how closely Young worked with the Rabbinical Assembly in organizing Martin Luther King's Selma to Montgomery civil rights march. The Jews have been able to mobilize the voter registration of huge numbers of blacks for the promotion of Jewish causes. Andy Young worked with the Jews in the Carter drive for President and he lined up local black political leaders behind Carter.

Jews and negroes have supported one another in all activities designed to tear down the White people's traditions and heritage which in the past prevented socializing between the races. Both the laws separating the races as well as the common sense traditions where Whites did not fraternize with blacks have been successfully torn asunder by the Black-Jewish alliance. All of this is designed to bring about the mongrelization of the White race. "The Jewish Week" lists the many votes taken by Andy Young while a Congressman. Each and every one served the interest of the Jews and they want their people to know about it. It should be noted that the ACU rating of the percentage of pro-American and anti-socialist votes in Congress gave Young a rating of ZERO!

Andy Young is an extreme left winger and has long supported radical communist causes. He was Martin Luther King's right hand man in traveling all across the nation inciting civil violence. He later joined as an activist in opposing U.S. victory in Vietnam. Young has long advocated a U.S. boycott of both Rhodesia and South Africa. He advocates a new plan to bring black revolutionists to America to be trained on how to run the South

Andrew Young, U.S. Ambassador to the U.N. has issued a statement approving the Cuban Communist takeover of Angola, saying "it brought stability to the country."

African government once the Whites are overthrown. He actually has in his Atlanta home two children of a Marxist guerrilla fighting South Africa. He is looking after them until the Reds take over that great White civilization which means it will be destroyed for all time to come.

Pres. Carter's appointment of Andy Young as our U.N. Ambassador is the greatest insult he could heap upon our anti-communist brothers in arms in South Africa. Carter is making it plain to all concerned that America will join with Soviet forces to bring the White governments of Southern Africa to their knees with surrender under black Marxist domination. This, of course, will bring about the flight of millions of Whites from that part of the world if Carter and the Communists succeed.

This will mean the end of the greatest civilization that exists in all of Southern Africa. It is vital that the American people realize exactly how anti-White Jimmy Carter really is. This nation and its people face four perilous years under Carter and it will take prayer, political pressure and men of courage to stand up and challenge Carter's plans to promote communism both here and abroad. Distribution of extra copies of this issue of The Thunderbolt can do a great deal in helping to awaken our folk to the dangers facing us in the days ahead.

WEEK OF JANUARY 2-8, 1977 THE JEWISH WEEK-AMERICAN EXAMINER PAGE 10

Young, new UN envoy, firm as supporter of Black-Jewish alliance

By STAFF REPORTER

Is Andrew Jackson Young, Jr., who has been chosen by President-elect Jimmy Carter to head the American Mission to the United Nations, "good for the Jews?"

The consensus among Jewish leaders is that he is not only good for the Jews, but good for America and good for the U.N. as well.

A theologian by training and a politician by choice, Mr. Young has enjoyed a close friendship with Jews which dates, generally, to 1965 and the March on Selma (Alabama). It was then that he called the Rabbinical Assembly which was holding its convention in the Catskills, and asked for its help in the march, and whether or not Rabbi Abraham Joshua Heschel would join it. Rabbi Heschel said "yes" immediately, and he and a large group of his fellow Conservative rabbis left the convention that evening for Selma where they marched arm-in-arm. It was the start of a long and close friendship between Young and Dr. Heschel which lasted until the latter's death.

Associated with Dr. Martin Luther King in the Southern Christian Leadership Conference, Young accompanied Dr. King to another Rabbinical Association convention which honored Dr. Heschel on his 60th birthday. And as Dr. King and Mr. Young walked into the large meeting room, some 300 rabbis and their wives stood and sang "Anu Nitgaben" — "We shall overcome" — in Hebrew.

On hearing of Young's appointment, Rabbi Wolfe Kelman, executive vice president of the Rabbinical Assembly, who participated in the Selma March, wrote to Young to congratulate him and asked whether the time had not come for a "reformation and reaffirmation of the coalition which made Selma possible."

As for the record of this first Black man to be elected to Congress from Georgia since the end

of the Civil War, it is impeccable on all counts, including questions relating to Israel and Jews generally.

He sponsored the O'Neill-Yates resolution calling for reassessment of America's relationship with the U.N. if Israel was expelled or suspended, and co-sponsored the following, as compiled by the America Israel Public Affairs Committee:

- The Mills-Vanick Bill to prohibit most-favored nation treatment and export credits to states denying their citizens the right or opportunity to emigrate;

- The O'Neill Resolution during the Yom Kippur War urging the continued transfer of Phantom aircraft and support equipment to Israel;

- O'Neill-Rhodes Resolution condemning the Arab terrorist attack on Ma'alot;

- O'Neill Resolution condemning General Assembly resolution equating Zionism with racism;

Young voted "Yes" on the following:

- Emergency Security Assistance Act authorizing \$2.2 billion in military aid to Israel;

- Foreign Assistance Authorization Act for fiscal 1975 which included authorization for \$624.5 million in economic and military aid to Israel.

- Resolution to station U.S. technicians in Sinai.

- International Security Assistance Act for fiscal 1976 which included \$2.3 billion for Israel.

- International Security Assistance Act for fiscal 1976 and 1977, including \$4.6 billion for Israel.

- Foreign Assistance Appropriations Act for fiscal 1976 which included \$2.2 billion for Israel.

He voted against an amendment to a foreign aid bill which would have cut \$200 million for Israel.

tribes and there were no negro national borders at all until European colonialists established them. Negroes never built a single city in Africa, road, bridge, factory of any kind, no boat outside of a hollow log. The world's greatest historian of our age, the late Arnold Toynbee, stated that "The White Race has been responsible for the establishment of 15 civilizations, the Oriental races 4 civilizations and as of today the negro races have not contributed toward the creation of a single civilization."

These are the true facts and to this day blacks have been a financial drain for the Whites, costing us billions each year in welfare. At the same time they have wrecked our inner cities and turned them into lawless jungles. The fact that the negro has an I.Q. averaging 15 to 20 points lower than that of the average White is no doubt partially responsible for the negroes backwardness. At the same time all of this means that Roots is the biggest fraud ever foisted on the American people.

No TV Shows About White "Indentured" Slaves!

WHY NOT A FILM ON THE WHITE REDLEGS?

White history is not being taught in the schools or shown over TV.

How many of our children know that large numbers of our forefathers came to America as "indentured servants." They were not treated nearly as good as negro slaves because their's was a temporary servitude, usually for 7 years. But if they misbehaved they could be forced to serve another 7 years. Having a much more permanent investment in slaves the negroes were given better housing, food, and working conditions than the Whites.

How many indentured servants were shipped out of Scotland, England, and Ireland? No one knows for sure but their numbers ran into the hundreds of thousands. It is estimated that something like 100,000 in-

dentured White slaves were sent to the West Indies (Caribbean Islands) alone. They were so harshly treated that fewer than 25,000 of their descendants are still alive today. They are called "Redlegs" because they wear short pants due to the hot sun and their legs are red. They have refused to intermarry with the black majority in the West Indies despite the fact that most are illiterate and have little contact with the world outside their small islands. (For more on our "Redleg" kinsmen write The Thunderbolt for free literature.

Whites in the South who labored as indentured servants were likewise often called "Rednecks" because the sun in the fields made their necks red. This today is a term spoken of in a proud manner because it represents part of our past heritage. Most of Savannah, Ga. was settled by debtors who were on the same level in society as

indentured servants. They had a very difficult time working their way back to full freedom and citizenship. Why do not the Jew film moguls make TV shows based around the poor White "Redlegs," "Indentured White slaves" and how our ancestors suffered during the Reconstruction period after the Civil War.

There can be no doubt that TV and Hollywood are deliberately slanting such public broadcasting against the White race. They are trying to so "beat us down" mentally that we will allow the blacks to run over us and trample under our rights and enslave our children in the future. That is what The Thunderbolt is all about. We are standing up for the RIGHTS OF WHITES and we need your help today in getting the Whiteman's side of the story out to the general public in order to overcome the brutal anti-White lies on TV.

ATLANTA NEWSPAPERS CUT STORIES HARMFUL TO NEGROES

On Nov. 19, 1974 one of the most sensational murder stories in the annals of police files took place in Philadelphia, Pa. Only two newspapers in America carried the horrifying news of the "Caesarian Murder Case." They were the local "Philadelphia Evening Bulletin" and "The Thunderbolt." The newswire services refused to carry the story because its content might prove "harmful" to the image of the negro race. All daily newspapers outside the community where the crime took place silenced the news.

PROOF: How "Atlanta Papers" Suppress News

Thunderbolt readers in Philadelphia sent us the clippings and we reproduced them so that our subscribers, spanning the entire nation, could spread the truth about this shocking killing. The fact was clear that such could be perpetrated by any African with their natural instinct for savagery.

Most of the big-wigs in the newswire rooms are off on weekends and somehow the Associated Press carried a short dispatch stating that the negress killer was about to be released from a mental hospital. She had used a kitchen knife to cut a baby out of the stomach of a White woman. She butchered the White woman with 20 hatchet flows to the head and then shot her 3 times. Now psychiatrists say she is "sane" — they have cured her!

"The Atlanta Journal Constitution" Sunday newspaper of Jan. 9, 1977

carried the Ransom woman's photo and brief news report which did not give the racial identity of the White victim. The paper was on the press for a short run when a supervisor (censor) for the Atlanta daily noted the story. He quickly pulled it because it might "show negroes in a poor light." This super-sensational news story was removed from the plates in an emergency stoppage of the press run.

The so-called "emergency" was that White people must not learn the true nature of the negro! In its place they ran an insignificant story on a Congressman from another state going to the hospital. It in no way compared with the newsworthiness of the pending release, after only two years in a mental hospital, of the "Caesarian Killer." An employee of the Atlanta newspapers furnished us one of the rare copies of the few copies which carried the suppressed story. We closely examined the entire paper from both press runs and there were no other changes outside the pulling of the Ransom woman story.

There you have it! Such news that is vital to warning the American people from knowing the truth about the horrors of negro crime which threaten the lives of thousands of White Americans who are murdered annually by negroes.

Since we have many thousands of new Thunderbolt readers today who did not take our newspaper in November of 1974, we are re-running the story in full. We hope that you will use this vital information to show your friends how our daily press is censored by race mixers who want our people to be kept in the dark about the brutal truth concerning negro crime. The shocking story speaks for itself and should have been printed on page one of every daily newspaper in America. The only way we can get the truth out and blast down the barriers of the controlled newsmedia is with your help. Why not order a few extra copies of this issue today so that you can awaken your friends. Please note our low extra copy rates on the back page. Only with your help in building the circulation of The Thunderbolt can we awaken America and start our people on the road back to controlling this nation for the future security of our own people.

Caesarian-Murder Brings 2d Arrest

By ELMER SMITH
and THOMAS J. GIBBONS Jr.
Of The Bulletin Staff

Police last night charged a West Philadelphia man with being an accomplice in the murder of a Frankford woman after her baby was removed in a cesarian section in a private home Wednesday.

Robert Bullard, 27, of the 3900 block of Wallace st., was accused of helping his aunt, Mrs. Winifred Ransom, 38, bury the victim's body in Mrs. Ransom's home in the 4500 block of Hoopes st., West Philadelphia.

Police on Saturday charged Mrs. Ransom with the murder of Mrs. Margaret Sweeney, 27, of 4448 Paul st., Frankford.

Mrs. Ransom was held without bail on the murder charge after a hearing before Municipal Judge Edward Mehel. She also was held in lieu of \$25,000 bail on a charge of recklessly endangering another person.

The Crime

Police said Mrs. Ransom, who is childless, knocked Mrs. Sweeney out in a bedroom at her home Wednesday and removed an 8½-month-old female fetus from Mrs. Sweeney's uterus by cesarian section.

After the operation, police said, Mrs. Ransom beat Mrs. Sweeney with a hatchet and shot her in the head.

Police said Bullard helped Mrs. Ransom bury Mrs. Sweeney's body under floorboards in a kitchen shed at the back of the house.

Police said Bullard later put Mrs. Sweeney's daughter, Tammy, 18 months, in her

mother's car and drove it to 11th and Norris sts., North Philadelphia, where he parked it and left the baby on the front seat. Police found the girl Thursday.

Her Condition

The abandoned child had bruises of the face, head and neck, but police said they did not know whether she had been beaten. She was reported in good condition at the Stenton Child Care Center, 7100 Stenton ave., Mt. Airy.

Police last night charged Bullard with conspiracy, recklessly endangering another person, and hindering the apprehension of a criminal. He was held in lieu of \$10,000 bail for a hearing Friday.

Police were alerted to the murder Saturday afternoon by Mrs. Ransom's husband, John, 40. Ransom had smelled the decomposing body and questioned his wife. She told him where Mrs. Sweeney's body was buried and he called police.

Mrs. Winifred Ransom
... charged in murder

According to Homicide Lt. James O'Neill, Mrs. Sweeney met Mrs. Ransom several weeks ago at the Sandy Jay Millinery Store in the 4400 block on Frankford ave., a block from Mrs. Sweeney's home. Mrs. Ransom was employed at the store. The two women became friendly and exchanged addresses, O'Neill said.

Mrs. Sweeney drove with her daughter to Mrs. Ransom's home last Wednesday to have lunch with her, O'Neill said. He said Mrs. Sweeney complained of feeling sick and went upstairs.

Mrs. Ransom followed her, O'Neill said, and knocked her unconscious. She then took a knife, O'Neill said, sliced open Mrs. Sweeney's stomach and removed a two-week premature fetus from the victim's uterus.

Pistol Found

As soon as the infant girl was born, O'Neill said, Mrs. Ransom struck Mrs. Sweeney's head with 20 blows with a hatchet, then shot her three times in the head.

Police said the hatchet and

knife used to kill Mrs. Sweeney and to perform the operation on her were thrown away and collected in Thursday's trash pickup. They did find a .32-caliber pistol which, police say, Mrs. Ransom used to shoot her victim.

The new-born baby was admitted to Philadelphia General Hospital, where her condition is listed as satisfactory. A hospital spokesman said the infant had a jaundiced appearance and suffered a body rash, but was not in danger.

He said the infant weighed more than five pounds, was taking baby food and bottled milk and required no medication.

Husband Is Told

O'Neill said that when Ransom returned home from work late Wednesday, Mrs. Ransom told him the new-born child was theirs. When Ransom asked why the baby was white and not black like them, she said the child was albino, O'Neill said.

Neighbors said they never had heard Mrs. Ransom say anything about being pregnant. But one neighbor said, "She was a big woman, maybe 200 pounds. I guess she could have been pregnant without anybody knowing it."

Police said that Mrs. Ransom apparently planned to keep the infant.

Philadelphia Medical Examiner Dr. Marvin Aronson said the specific cause of Mrs. Sweeney's death has not been determined. He said it could have been loss of blood during the operation before being bludgeoned and shot.

Mrs. Sweeney, was the mother of two other children also, Kim, 5, and Michele, 3.

Rapes, Robberies, Beatings Common At Reformatory

By BYRON C. WELLS
Another In A Series

Young males, described by officials as tender-looking, are being raped, robbed and beaten by roving gangs of black inmates at the Indiana State Reformatory almost on a daily basis. The Indianapolis Star has learned.

Inmates have been raped even while under the "protection" of extra security in the reformatory's multi-celled disciplinary unit — despite the fact that they are housed there, to prevent perverted sexual assaults.

Recently, one 19-year-old blond-haired inmate was raped — even though he was forewarned by his assailant and had begged not to be forced to leave his cell when it came time to take a shower — limited to twice a week by prison regulations.

"WHEN THE DOOR opened I refused to come out," the inmate, who is indigent and illiterate, related. "But the guard did not lock my door back up — he left it open. All of a sudden four blacks were in my cell. Three held me while the fourth did it." the youth said as he nervously bit his lip.

A civilian official — who by happenstance was inside the security unit — said he heard the inmate scream for help. "He screamed that he was being raped — but the guard yelled for the inmate to wait until the man was finished and let him know — then something should be done," the civilian said.

George W. Phend, superintendent of the reformatory at Pendleton, said he was told that the guard who was supposed to be on that side of the two-sided security unit ran to another section in response to a false report of a fight in progress.

The youth, named Billy, had been placed in the unit after being raped repeatedly in the reformatory's school by one of the roving gangs of blacks.

Because of the repeated sexual assaults on this inmate, he is expected to spend all of his time locked in a small cell — where he may or may not be raped again.

Another youth, Robert, had a similar encounter with rape — this time by coercion rather than violence — in the same isolation unit where he sought refuge.

IT HAPPENED on the day he was told he was to be paroled. He was serving time on a theft conviction.

"I was told by several blacks that 'it was my turn today' (for the assault)" the youth said. "I asked to be locked up — placed in the isolation unit — because of the threats, but the guards refused," he said.

"Man, I was scared. I hid in the barber shop and wasn't found by the guards (called whitehats by the inmates) until about 11:30 that night," he recounted.

"Then—when it was too late—I was thrown into the segregation unit for 90 days and lost my parole," he added.

"While I was locked up, a black came to the door of my cell with a cup of what he said was lighter fluid. He told me I would be burned alive if I did not submit. I backed up to the bars . . ."

The perverse deed was done.

HE SAID HE THEN became a "punk"— a sexual partner against his will—for about three months after successfully fighting the advances of the other inmates for more than a year.

He said he was a "punk" for the same inmate — although others also tried to rape him —

Likewise, inmates complain—and staff members confirm that they are told that punishment for fighting to resist rape is severe.

THE INMATES are told that it is "better to give a little (submit to rape) than face the punishment (for fighting)"

Because of the increased problems with sexual assaults, a special 27-man holding unit was constructed. Wire mesh is used to prevent access to the young-looking inmates who have asked for protection.

But official administrative policy is to discourage the use of the protective facility.

THIS IS accomplished by keeping an inmate in his cell 23 hours a day if he has been in protective custody more than 30 days and by allowing him only two showers a week, rather than a chance to bathe daily.

In addition, protective custody inmates lose some of their commissary privileges and—because they cannot hold prison jobs—have no way to earn money to buy cigarettes and other items anyway.

Thus they must either rely on their families, most of whom live in poverty, for spending money or must borrow from other inmates and repay the loans any way they can.

Most often the only way to repay such a loan is to consent to homosexual acts — thus defeating the purpose of seeking shelter in the protective holding area.

Most cells in the protective holding area are shared by two men. All those held there when a reporter toured the facility last week were white, the majority of them there for their own protection.

Officials say it may be just as bad for a young black male — but that situation is not as frequent.

ENGLAND BANS DISEASED NEGRO BLOOD

Dr. Thomas Cleghorn, director of the medical center in north London, has banned the transfusion of non-White blood into White people at Britain's largest blood collection station. He said tests show that non-Whites are much more likely to be carriers of hepatitis than Whites. This is a disease with a high mortality rate if transmitted through blood transfusion.

Dr. Cleghorn did not go into the subject of Sickle-Cell Anemia which is a deadly disease which only exists among people who are negroes or part negro. There are other very important differences in blood types which we will go into in a longer article later. Scientists agree that a close blood relative is the best donor. Next best is someone from your own racial and nationality group.

IRS AFTER NEGRO PIMPS

"The Chicago Daily News" reports that the IRS is preparing charges against 10 of that city's leading pimps. They are negroes with estimated incomes of over \$200,000 per year. Most live in Chicago's posh Lake Shore Drive apartments. One recently plunked down \$15,000 for his new Cadillac. Others drive expensive foreign cars, own boats, and live far above their reported incomes. They take 90% of the money their prostitutes make which include both streetwalkers and call girl operations. IRS agents have been monitoring their activities and the number of girls in their "stables"

PRISON INTEGRATION INHUMANE TO WHITES

On this page we reproduce an article from the conservative "Indianapolis Star." No other newspaper in America has carried this story. It graphically tells of the horrors White prisoners, locked in cages with negroes, have to contend with. These shocking truths should be enough to force the courts of America to order that our prisoners be segregated once again. As of today nothing has been done, and nothing will be done, until the American people as a whole wake up and recognize that we are indeed our brothers' keeper and we are responsible for the hell holes they are being locked in.

JULIAN BONDS SAYS BLACKS RAPE BLACKS

Recently Georgia negro State Senator Julian Bond issued an appeal letter to raise money for a new trial for negro Johnny Ross, 16. He was sentenced to prison for raping a 25 year old White woman. Although there were blacks on the jury, Bond contends that "racism" undoubtedly played a part in his conviction.

He says that his proof for such a statement is that of 455 men executed for rape in America since 1930, some 405 were negroes. Bond fails to mention that despite the fact that negroes are 13% of the population, they commit over 70% of all rapes! The letter was mailed out under the letterhead of the "Southern Poverty Law Center," 1001 So. Hull St., Montgomery, Ala., 36101. This is the organization operated by two young and wealthy Jew lawyers, Joe Levin and Morris Dees. The latter was Jimmy Carter's chief fund raiser during the recent election and is slated for an important job in his new administration.

The main importance of this case is that Julian Bond says that Johnny Ross, 16, must be saved from prison through a new trial because he is locked up with "three adult (negro) convicts in a cell with only one bed. Bond continues, stating: "The state prison at Angola, La. has one of the highest rates of violence and homosexual rape in the country. Take a look at the enclosed photograph and you'll see why Johnny urgently needs your help and the Center's right now."

What he means is that young rapist Johnny is now himself being raped, repeatedly, nightly, by his fellow black prisoners. If this is the situation for a young negro, why is there not some tax exempt foundation like the "Southern Poverty Law Center" looking out after the rights and protection of Whites who have been thrown by the thousands into the same bestial cells with negroes? No White human being should have to endure such an inhumane situation. If you could read some of the letters we receive at The Thunderbolt on this problem, your hair would stand on end. You can help by simply distributing this newspaper to friends and co-workers and help us weld a nation-wide chain of concerned Patriots who will demonstrate in the streets if necessary to correct this wrong.

Negroes Butchered Own Slaves In Africa

— Lucky Ones Were Sent To America

DRAWING BY an eye witness of a mass butchering of slaves in Dahomey, Africa. Such heinous scenes were common place. Here the Tribal Chief is being entertained by the executioner. Hundreds of

thousands perished in similar orgies of blood rituals. Those who were sold to White slave traders and reached America were extremely happy with the Life of ease they found here.

THE TRUTH ABOUT NEGRO SLAVES IN AMERICA — THEY WERE WELL CARED FOR — MOST LIVED BETTER THAN WHITES

For years school text books used in both Northern and Southern schools have taught that slavery as practiced in the South prior to the Civil War was one of the most evil horrors ever perpetrated by man. Abolitionists like Thaddeus Stevens spread horror stories about families being divided on the slave block, black harems, and "stud farms" established for the breeding of additional slaves. Stories were told and retold until they were accepted as truth and were written into all of our history books. They exuded with tales of the torture and whipping of slaves and have long been used to instill a guilt complex within Whites for the "terrible" way in which are forefathers treated the slaves.

The truth is just now beginning to come out. Two new books have been published which painstakingly document the real story of the negro slaves in America. The authors are Robert William Fogel and Stanley L. Engerman, and the two volume set is entitled "Time On The Cross: The Economics of American Negro Slavery," and Vol. II, "Time

On The Cross: Evidence and Methods," available from your local bookstore and published by the Little, Brown Co., for \$12.50 per set.

The chief thrust of the work is to clarify the following main propositions:

1) That slavery was unprofitable except when they were bred for resale.

2) That slavery was economically moribund

3) That slaves were mistreated.

4) That slavery caused the economy of the South to stagnate.

Engerman and Fogel found that the vast majority of slaves were fed a "Quite substantial diet" and its energy value "exceeded that of free men in 1879 by more than 10 percent." Far from being inadequate, "it actually exceeded modern (1964) recommended daily levels of the chief nutrients" of protein by 110 percent.

As far as living space the Black slaves lived in typical cabins of pioneer Whites, "probably containing more sleeping space per person than was available to most of New York City's free workers half a century later."

Medical care must have been substantial because records show that remarkably few days were lost from illness by the slaves. Planter concern for the

welfare of pregnant negro slave women paid off with a lower mortality rate in childbearing than that of Southern White women. They found that "slaves had a much longer life expectancy than free urban White industrial workers. While there was occasional whipping of disobedient slaves the authors discovered that this practice was quickly discontinued. It was found that the negro slaves were more productive when a system of rewards was developed. They ranged from prizes in goods, cash or unscheduled holidays. Slaves with good records were given promotions and bonuses and their economics and social status rose accordingly.

The two volumes point out that only 7.4 percent of slaves were used as domestic servants. About 12% were trained to be semi-skilled craftsmen and 7 percent held managerial posts. The two books further prove that the vast majority of the overseers of the plantations were negroes, as were most foreman. Negroes ran the field operations and supply purchasing for the plantations.

Perhaps even more conclusive proof that negro slaves were very well treated by plantation owners is their comparison with the black slaves brought to South America by the Spanish and Portuguese. In

South America the slaves could not sustain their population by natural increase and had a very high death rate. At the same time the slaves in America multiplied at unprecedented rates.

Had the South duplicated the demographic experience of the West Indies, it would have had only 186,000 slaves by 1800 instead of over a million. During the next 60 years American slaves quadrupled in number. Fogel and Engerman state that these tests show the reproduction rate of American slaves had no equal or rival anywhere in history. The only conclusion that can be deducted from these facts is that negro slaves were extremely well cared for in the South.

NEGRO SLAVES IN AFRICA

There is very little in our history books on how negroes first became slaves in Africa for delivery to the slave traders. Most were already prisoners of brutal and even murderous rival tribal chiefs and witch doctors. Some of the most atrocious mass murders in history were performed by these Black tribal chiefs upon their own slaves. Sometimes the acts were done as sacrifices to some pagan god, or at the time of the death of a tribal leader, but often as simple

entertainment for a bloodthirsty chief or his guests. Tens of thousands of negro slaves consequently perished in "Darkest Africa." Such gory events are well recorded by Christian missionaries and White settlers in Africa. This justified the early slave traders, who felt they were "saving" negroes from torture and slow heinous death which was such a common fiendish practice of tribal chiefs in native Africa.

The Blacks who were lucky enough to be sold into slavery by such chiefs tremendously benefited from being shipped to America. here they really enjoyed a life of comfort and ease compared to their treatment by members of their own race in the jungles of Africa. It is important to keep in mind that all authorities on negroes in slavery in America agree that these slaves of pre-civil war days enjoyed a far higher standard of living than does the average negro living TODAY in Africa.

This information is extremely important to us during this period with civil rights groups and the federal government demanding job quotas to make up for past "mistreatment" of blacks. The true facts are that we have given the negroes every possible assistance to raise

OKLAHOMA football coach murdered.

Tulsa, Oklahoma Sapulpa High School football coach Jerry Ray Bailey, 34, was found stabbed to death and locked in the trunk of negro vice principal Paul Reagor's car. Mr. Bailey had been stabbed in the abdomen and in the back several times by the powerful negro whose weapon was a large screwdriver. From the way Bailey positioned himself in the trunk it was obvious that he lived several hours in excruciating pain before slowly bleeding to death. His wife, Beverly, is a math teacher in the Tulsa school system. Reagor was sent to a mental hospital for treatment and will no doubt be returned to the street to menace other innocent Whites in the near future.

THAXTON SCHNEIDER murdered by hate crazed negro.

Saginaw, Mich., has had more than its share of negro murders. Last year 35 people were killed by blacks and that was up from 24 for the previous year in this small city. The case of the cold-blooded killings of Thaxton Schneider, 47, his wife Eleanore, 47, and son Danny, 24, sent shock waves through the community. A young negro robber held up the family during mid-day. Danny came home for lunch and was killed after all had turned over their cash. Two other children survived, Dennis, 17 and Carol, 18, who drove up and saw the young negro leaving the house. He had an Afro-

The family had planned on moving from the neighborhood soon because negroes were moving into the area. The murdered couple had just celebrated their 25th wedding anniversary at St. Mary's church. Mr. Schneider had been employed at the Michigan National Bank and was assistant vice president. He had just accepted the post of real estate officer for the City of Saginaw. MOTHER OF 5 MURDERED

Michigan has been the scene of much bloody carnage which has spilled over from the anarchy which reigns in Detroit. Last year 500 negroes were slain by 500 other negroes in that city. As this slaughter grows so does that of the Whites who are victims of the negroes' blind rage against our race. The murder of Mrs. Fryda Dobrosielski of Hamtramck, Mich., is an important case in point. Mrs. Dobrosielski was a 50 year old widow and the sole provider for her 5 children. It was 6:30 a.m. when she left her home to get into her car to drive to work. Two negro men walked up to her and shot her dead without provocation and took her purse. This is an example of the slaughter which continues to spread and grow without rhyme or reason.

Rev. Temperance Wright, a prominent Miami negro minister and politician has been arrested for selling cocaine. Wright, 60, sought to run from the police and had to be stopped with a gun. He is accused of being a kingpin in Florida's largest negro dope gang. Police said the mob is responsible for several murders and Wright regularly posts bond for their members when arrested. The Back To Africa Plan

THERE IS A SOLUTION

Many Americans throw up their hands in despair and say "What can we do, the blacks are here and we are stuck with them." That is not true. Negroes are extremely dissatisfied with America. We have given them every conceivable type of welfare and poverty aid benefit and they demand more and more. In fact the more we do for the negroes the more intensive their hatred for all White people becomes.

more. This problem is aggravated by the fact that vote seeking politicians continue to promise the blacks more than the White working producing majority can afford to give them. Our children are brainwashed into thinking that we should feel guilty over the "poor blacks" and that we should sacrifice so that they can benefit at our expense. The time has come to expose this folly for what it really is and that is sheer nonsense! The time has come for White Americans to inform the negro and pro-negro appeasers that we have had enough of this insane program of making second class citizens out of Whites and giving preferential treatment to shiftless negro parasites.

The National States Rights Party has an indepth, workable, program which has been carefully and thoughtfully drawn up by the noted New Orleans lawyer, Drew L. Smith. It calls for the repatriation of all blacks in America back to Africa. It quotes former U. S. Presidents and even black leaders who have advocated this solution. Remember that even in recent times millions of people have been shifted out of their native homelands for political and

social reasons. India moved millions of Pakistan's people out from its borders. The Jews forced over a million Arabs out of Palestine and the negroes themselves have moved hundreds of thousands of opposing tribesmen from one area to another (and killing those who failed to move) Brundi and Uganda are prime examples as well as Nigeria.

NEBRASKA'S OVER REACTION TO MOCK HANGING

When the Nebraska National Guard was at Ft. Gordon, Ga., for its summer training program, an insignificant incident took place. During a drinking party a few White troops placed a hangman's noose around the neck of negro Pvt. Dan Briscoe. It was not tied to anything on the ceiling and removed after the Whites kidded Briscoe about it. Even Briscoe did not take it seriously but word of it leaked to the press and one would have thought an actual lynching had taken place.

Gov. J. J. Exon of Nebraska announced the dismissal of National Guard Adj. Gen. Francis L. Winner effective Jan. 1, 1977. Gen. Winner did not even know of the incident at the time. Gov. Exon practically went into hysterics about the case, blowing it up out of all proportion. he said it was "despicable and serious" and fired Winner for not taking action against the White soldiers. Perhaps Gov. Exon believes that this act, sacrificing the career of Gen. Winner, will win him a few more black votes in the next election. On the other hand, there are not many negroes living in Nebraska and there could well be a backlash against Exon which may well sweep him out of office.

CARTER APPOINTS MARXIST

"SECOND STRING" JEWS

The last issue of THE THUNDERBOLT (Jan. #213) listed the four Jews picked by Pres. Carter for the highest and most important positions in the government. Since that time the Jew Ted Sorensen's nomination to head the CIA was withdrawn when his defeat before the Senate Intelligence Committee was certain. This still leaves three Jews holding the most vital positions in government. They are as follows:

Harold Brown, Secretary of Defense, and member of the extremist "Jewish Anti-Defamation League."

Mike Blumenthal, Secretary of the Treasury, and one time "shill" at a gambling casino at Lake Tahoe, Calif.

James Schlesinger, Energy Czar, was responsible for the stripping of U. S. forces in West Germany of their arms so that they could be rushed to Israel during their last war with the Arabs. He places the interests of Israel above those of the U. S.

HOLD JEWS DOWN TO 3% IN GOVERNMENT

Jewish civil rights organizations in America have long fought for job quotas and affirmative action hiring programs for minorities. When it comes to government positions in which Jews hold a numerical position vastly higher than their percentage of the population, they are violently opposed to such quotas. Jews make up almost 40% of all teachers in New York City. They also have an extremely high percentage of professors in all the Ivy league colleges. Jews make up from 25% to 60% of all students in many university schools of medicine and law. The A.D.L. has gone to court when Jews were kept out of college under quota enrollment plans for blacks that would cut back the huge number of Jews enrolled. The same holds true with Jews in government. Few Americans realize that our government is permeated with Jews holding high ranking government jobs. Many are under civil service and do not change with administrations. Since Jews claim they support "quotas" in other job categories why shouldn't they be cut back to 3% so Christians would have a chance at these influential positions.

CARTER APPOINTING MORE JEWS THAN ANY OTHER PRESIDENT

From a study we have just made, Jimmy Carter is appointing Jews to just about every position second in importance to that of Cabinet rank. If Jewish appointments were held to their percentage of just 3% of the population, then our government would not be so pro-Israeli. The Jewish lobby in Washington is actually an organization called "The Jewish Agency." It is an official arm of the Israeli government. This is the lobby which directs the efforts of every Jewish pressure organization in America on the local level. At the very same time they maintain a direct line with all Jews in government who are appointed to positions of power. This is the sole reason why the so-called state of Israel has such influence in Washington and is able to have their way on every military and money request. Israel receives almost half of all our foreign aid. This has caused our government to reject the Arabs who are all anti-communist and who have great reserves of fuel oil our nation desperately needs. Below is our study of Jews in high positions in the Carter administration:

Long ago the Jews issued a report which stated that while most of the top officials in communist Poland were Gentiles the real power which guided the nation from behind the scenes were Jews who were supposedly under the publicized leaders. The real force behind the communizing of Poland were Jews said the report. Study the following remembering that the Marxist socialist state of Israel has the loyalty of Jews.

1) **David Aaron** will head the staff of the National Security Council. The formal head of the Council is Zbigniew Brzezinski, a Pole. Brzezinski once signed a Brookings Institute study which urged a separate Palestinian state as the only way to peace in the Middle East. Before Brzezinski was named as Carter's national security adviser, he had to personally contact Jewish leaders and apologize for signing said report and inform them that this was no longer his view. Columnists Evans and Novak reported that; "The National Security Council now being newly formed from top to bottom, will be run by David Aaron, Vice Pres. Mondale's long time legislative assistant, and reflects the desires of the pro-Israel lobby here."

2) **Marshall D. Shulman** has been named "principal adviser" to Secretary of State Cyrus Vance. Shulman has the title of "special consultant on Soviet and Israeli affairs." It should be noted that Vance also had formerly stated that he favored a separate Palestinian state on the West Bank. Shulman will be sure that Vance acts in accordance with the wishes of "The Jewish Agency" in Washington. Shulman is also a supporter of disarmament and was formerly director of "Russian Studies" at Columbia University which is a totally Jewish run Marxist institution.

"Newsweek" Lets Cat Out Of Bag

The Jan. 31, issue of "Newsweek Magazine" had a two page spread entitled "Who's Who In No. 2" positions in the Carter Administration. The article begins; "Cabinet members get the headlines, but economic policy is often determined by Under Secretaries and deputies in the key agencies." In other words the real power in government often lies in the number two men who sit quietly behind the scenes pulling the strings.

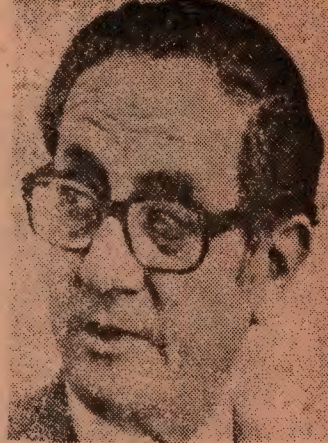

The Newsweek "Who's Who In No. 2" is a sensational revelation to those who are aware of the importance of the racial makeup of those guiding the destiny of the nation. Of the six second string men covered in this Newsweek article, five are JEWS! In other words here is clear proof that the 3% Jewish minority clearly play a disproportionate role in running our government.

This is why the needs of Israel overshadow all other considerations in the field of foreign policy. When it comes to confronting Cuba's Castro, Vietnam aggression, or the communist takeover of Angola the Culprits in Washington are doves ready for immediate surrender. When it comes to the Middle East, the U.S. is ready to go to war for the Jews and give them our top secret weapons and all the economic aid they desire. The

Now that the election is over these three have moved into the highest echelons on Carter's inner staff. Here is their background:

Robert Lipshutz was Carter's national campaign treasurer. Now he has been named the president's personal counsel (an in-house lawyer). Lipshutz was with Carter from the beginning when he pretended to be a segregationist while running for governor in his first unsuccessful bid in 1966. Who's Who in No. 2

Cabinet members get the headlines, but economic policy is often determined by Under Secretaries and deputies in the key agencies. By selecting most of his economic second team last week Jimmy Carter revealed some insight into his priorities. Most appointments are moderate men whose Keynesian leanings are tempered by a pragmatic focus on solving problems. There are few financial or marketing experts to manage the huge Federal deficit. Instead, Carter's choices seem to reflect a concern for international problems—and a determination to end the institutional friction between State and Treasury by naming respected economists to both departments. Profiles of the key aides named so far:

The new No. 2 man at Treasury must be an appointment that has surprised the administration. Kenneth Axelson, 54, as Deputy Secretary there last year, was respected by political standards; he had never met either Jimmy Carter or Secretary Michael Blumenthal, his one boss. Axelson, an old even a registered Democrat, though he said he voted for Carter. But Axelson, an accountant, will bring to the Administration the kind of expertise it badly needs. A \$180,000-a-year senior vice president of the J.C. Penney Co., he helped build Penney into one of the nation's largest retailers. More than any other new appointee, he understands the financial sector. Ken looks like Blumenthal's man in Wall Street, says one New York banker. He was a most popular appointee, named by two Cabinet Secretaries. Now as the new Under Secretary of State for Economic Affairs, Yale's Richard Cooper will have the powerful backing of both of them. Secretary of State Cyrus Vance and Treasury Secretary Blumenthal. Cooper, a boyish 42, is considered a leading international monetary economist. He was Deputy Assistant Secretary of State for International Monetary Affairs in the Johnson Administration and served on the Trilateral Commission with Carter and Vance. into the inside, having just completed a one-year stint as deputy mayor for a couple in New York. He is credited with installing a modern system of accounting and financial control that has brought order to the city's anarchic book-keeping. Axelson can help Blumenthal handle New York and other cities, says an associate who has observed the job he has done as a 34-year aide to New York's Mayor Abraham Ericson. But that hardly means New York will get a blank check, however much it might want one. "It's completely up to the president's choice. New York must balance its own books as soon as possible," says the associate. Like Blumenthal, Axelson is regarded as a socially conscious executive. He and his wife serve as directors of the Jewish Senior Citizens' Center, a self-help group in a recently opened area of Manhattan's West Side. In all, Axelson is expected to be Blumenthal's right-hand man. "My job," he says, "will be to serve as the alter ego for the Secretary."

CUM BURNS'S SHOP

Lyle Gramley, newly picked for the Council of Economic Advisors by Chairman Charles Schultz, is a monetary expert who has spent most of his career at the Federal Reserve Board in Washington. But Gramley, 50, is no economist. He once tangled on the Fed's behalf with those who contended that the growth rate of the money supply is the most important factor in determining the economy's pace—the "Chicago school" led by Newsweek columnist Milton Friedman. Instead, like many neo-Schumpeterian economists, Gramley argues that money growth is more a result than a cause of other policies. A Midwesterner who earned his doctorate at Indiana University, Gramley has been director of research and statistics for the Fed—making the CEA job "not barely a promotion," according to associates. "But it gets him out from under Arthur Burns and gives him a shot at a higher job later." He will specialize in monetary affairs and domestic economic forecasting.

reason for this imbalance in favor of the Zionist state is because of the huge number of Jews holding down key jobs in our government. This is not a new problem but one which began way back under Roosevelt. Today Carter has passed up all his predecessors by simply turning the entire government administration over to Jewish appointees. Just look at the Newsweek line up of "Who's Who." Only Richard Cooper is not a Jew. Still Cooper is a leftist who was

on the Trilateral Commission working for Interdependence. He is interested mainly in U. S. aid to under-developed (non-White) countries. JEWS LISTED IN THE NEWSWEEK ARTICLE ARE: Kenneth Axelson, Deputy Secretary of the Treasury under fellow Jew Blumenthal. He had never met Jimmy Carter before his appointment according to Newsweek. They do not say who picked him out for this extremely important job. Axelson was a former deputy mayor for

Stuart Eizenstat

Gerald Rafshoon

Next he was research director for Hubert Humphrey's presidential campaign which lost in 1968. New York Times writer Robert Reinhold calls Eizenstat a "disillusioned liberal" who now hopes that Carter will be able to establish a true socialist state in America. He worked in Carter's successful 1970 race for governor along side of Lipshutz.

Eizenstat worked in the campaign of Andy Young for Congress who is now Carter's Ambassador to the U.N. He also aided the campaign to elect Maynard Jackson the first negro mayor of Atlanta. During the Carter campaign for President, Eizenstat "worked behind the scenes compiling issues, positions and briefing books for Carter" wrote Reinhold. Eizenstat is very active in Atlanta's Zionist circles and is expected to be Carter's contact man with "The Jewish Agency." This is the same position the Jew Leonard Garment held under both the Nixon and Ford Administrations.

Gerald Rafshoon, 42, ran the advertising agency which was responsible for handling all of Carter's campaign ads. He was with Carter back when he first ran for Governor in his unsuccessful bid in 1966. When Carter won in 1970 he gave Rafshoon lucrative contracts to advertise for the state of Georgia. Rafshoon has now moved to Washington and opened a new advertising agency office near the White House. He will promote Carter's ideas about reorganization of the federal government. (A similar plan enacted in Georgia had to be revamped by the present governor because of confusion and costly waste.)

He is another fanatical pro-negro Jew in office who will work hard to undermine white Southern Africa.

Anthony Solomon is the new Under Secretary for Monetary Affairs.

He is another Jewish professor from Harvard. Newsweek states that his appointment came as a surprise because he has had "little experience in high finance." It is no surprise to us because the positions controlling finance in Washington almost always go to Jews.

William Nordhaus will head the Council of Economic Advisers for Schultz. This 35 year old Yale professor favors programs to limit population growth in White nations. He claims we use up too much of the world's natural resources.

Thus, without realizing it, the Jewish owned Newsweek (Meyer family) has revealed the totality of Marxist Jewish domination of the Carter Administration.

OTHER CARTER JEW APPOINTEES

David Berg, 34, wrote Carter's pardon program for draft evaders. He is a former chairman of the A.C.L.U. in Houston, Texas. He will now be employed in the Justice Dept.

Bruce Kirschenbaum, formerly with the National Legal Aid and Defender Assn., will be with H.E.W. His radical lawyers' group fought for abortion, busing, and "rights" for criminals.

Harvard Law School appears to be a breeding ground for Carter's search for Jewish intellectuals. The following Jews have been picked by Carter to run the inner offices of the White House, all are former Harvard Law professors. They include Steve Stark, 24, graduated from Harvard in 1973. He will head the Carter "think tank." Charles Haar who served under both Kennedy and LBJ will head the land use program. Foreign policy advisors will be Prof. Milton Katz, Stanley Surrey, Abram Chayes, Jerome Cohen and Ruth Morgenthau. The latter is from Jewish Brandeis University and will head Carter's political science dept. She urges that U.S. military aid go to Marxist forces fighting against Rhodesia and South Africa.

Jerome Cohen is the Jew who recently went to South Korea as a sort of "ambassador" for Carter. There he insulted Pres. Park and actually called for his overthrow. Writing in the leftist magazine "Foreign Affairs" in an article entitled, "China Policy for the Next Administration" Cohen's advice is to dump Taiwan (anti-communist Nationalist China). He advocates building friendship and trade with Red China, continue detente, and promise both that "we will not exploit the rift between the two Communist powers." In other words more of the same defeatist, give the communists everything, policy.

Alan Dershowitz is another Harvard Law professor who urges soft handling of criminals. Carter has asked him to join his task force on criminal justice.

Jules Sugarman, former head of New York City's bankrupt welfare bureau, and then city administrator under

negro Mayor Jackson of Atlanta, will work in HEW.

Joe Levin, co-founder with Carter money raiser Morris Dees, will go to work in the civil rights division of the Justice Dept. Levin and Dees are the two young Jewish lawyers from Montgomery, Ala., who run the "Southern Poverty Law Center." That outfit raised half a million to defend negress killer Joanne Little and other negro rapists and murderers.

Others include Bob Ginsburg, advisor on International Economics, Alfred Stern, he wants to expand the federal government's base of "involvement, Sam Bleicher from Ohio goes into the civil rights dept. Harry Schwartz will coordinate "national issues." Harriet Aimmerman will work on so-called "womens rights." Wilbur Cohen who headed HEW under LBJ is Carter's advisor on National Education. No doubt he will want "Roots" taught in every school!

This still is just a partial listing of our new Jewish Administration. There are many more and they will be listed in future issues of The Thunderbolt.

What all this means is that the White Christian majority is continuing to sleep away while alien Zionist Jews have literally seized control of our government from within. There has been a silent palace guard revolution inside our government and men like Gen. George Brown, who wish to place America First, are now under the heel of Zionist Jews. The nation is in desperate straights because of the fanaticism of Jimmy Carter who is simply flooding the government with Jews. There is no reason for it other than he has no mind of his own and cannot govern. Thus, his early advisors have made Carter a figure head. This is a position the "mentally insufficient" president is most pleased to accept because he does not have the intelligence nor the experience to run the government. Carter is a pathetic, dull witted, and incapable man who will make the perfect stooge for the Jews who now effectively rule the White House.

REDS CAN'T BE OVERTHROWN

Harvard Russian Research Center head, Dr. A. Bergson, says Western nations have acted in the past to aid in the overthrow or downfall of right-wing anti-communist governments such as in Portugal, Greece, and today in Spain, Korea, and Rhodesia. Yet, Dr. Bergson states, "when you look at the left, it seems to be terribly difficult to throw the rascals out. Once you get the party or the

group in power in Communist societies, once the party has nationalized property on a wholesale scale and seized the levers of power, including radio, press, TV, and the arts, there is no record that gives hope that that party can be thrown out."

In America Marxists already have control of our news media and the so-called arts. It is only a matter of time until they seek to impose total dictatorial control over the once proud, free, White Americans.

which did not have blacks or Jews as members. There was no comment when Lipshutz said that he was resigning from Atlanta's exclusive Jewish "Standard Club" which does not allow either blacks or White Christians to join. There were no editorials charging that Lipshutz was thusly unfit for his post as

was Griffin Bell. Stuart Eizenstat will be Carter's chief speech writer. Eizenstat has a long record of leftist credentials. He is a 33 year old lawyer from Harvard.

Right out of law school he went to work for Lyndon Johnson as a speech writer.

WISDOM OF CARTER ADMINISTRATION

THE TREASURY GETS MAVERICK ENVOY

Dr. Fred Bergsten is hardly a maverick, but he is a maverick in the eyes of many. When tapped as Assistant Secretary for International Affairs at the Treasury, Bergsten mustered the single-spaced pages of biographic information with surprising care and a history of Roosevelt. At 35, he sampled a hefty resume of government and academic jobs. Carter transitioned from State Department and Treasury to the State Department, where he served as Assistant Secretary for International Affairs at the Brookings Institution, an economic adviser to Henry Kissinger in 1969 to 1971. And, similar to most mavericks, Bergsten included international relations in his doctoral studies. He is not afraid to be a maverick, after Henry Kissinger, Bergsten described himself as having a "disruptive" record in economic. And he has shared his view that Third World commodity products may one day create

A MONETARY EXPERT WITH LOTS TO LEARN

"Did you hear they're appointing a hippie as Under Secretary for Monetary Affairs?" an outgoing Treasury Department official asked a newsmen at a breakfast party for Ford Administration staff last week. "No kidding—he's got a head and he's been a sculptor for the past two years." Anthony M. Solomon does have a head and he is a serious sculptor—but he's hardly a hippie. The 37-year-old New Jersey native taught at the Harvard Business School, and became a millionaire when he bought a struggling young soap company and later sold it to General Foods. And, for much of the past thirteen years, he has served as a member of important government jobs concerned with foreign aid, trade and economic development. Still, Solomon's appointment to the monetary post at the Treasury Department is considered something of a surprise since he has had little experience in

high finance, which will be a primary objective. Pored with his business career, Solomon began casting about for a government job during the Kennedy years. But he got the attention of the State Department and eventually re-orientation came in the form of a letter addressed "Dear Mr. M.D. Crowley"—the name of the street he was living on in Mexico City. The result was entry to the public service career, and he joined the Harvard faculty. Harvard provided better connections, and state finally hired him in 1963. Solomon served in the diplomatic corps and soon to be Assistant Secretary of State for Economic Affairs post has brought him in contact with international, now he is in the Treasury. For the past year, Solomon has directed much of his time to press and create a tighter Washington, D.C.'s original justice system. The effort began as a working personal tragedy, but it is his daughter, Adele Nicole, a student at George Washington University, was raped and murdered in her room in Washington. The man arrested for the crime, a parole violator from West Virginia, was convicted only of breaking and entering. Since the tragedy, Solomon has lobbied for a bill that permits D.C. officials to hold repeat offenders without bail. He hopes to persuade Congress to pass it this year. For relaxation, the chunky, graduated Solomon fashions "armchair" sculpture in a well-equipped studio in his Virginia home—but last week he declined to be photographed with his work. "If you don't mind," he said with a smile, "I'd prefer that the New York bankers not see their first pictures of me with the scriptures."

SCHULTZE CATCHES A STAR FROM YALE

In choosing William Nordhaus for his Council of Economic Advisers, Chairman Schultz has caught a rising star. Nordhaus, 35, is a brilliant, and he is classed as a center in the economic world. Although he calls himself a theoretical economist, Nordhaus has concentrated his research on current problems for the past few years, producing broad studies on the international wage explosion, natural resources, energy and taxes. His recent study on stock prices and the future of the broader sector caught Carter's eye—and he will probably be the CEA's resident energy expert, focusing his ideas on Schultz. "I expect it to be a very harmonious committee," says Nordhaus.

finance of New York City under Mayor Beame. Newsweek says Axelson is "socially conscious" and ran a welfare group in his "racially mixed" neighborhood in Manhattan's West Side. In other words Axelson is another MARXIST JEW!

Lyle Gramley, Council of Economic Advisers monetary expert under Charles Schultz, will wield great influence. He was trained by Keynesian economist Milton Friedman (a Jew) and previously worked under the present Jewish head of

the Federal Reserve Board, Arthur Burns (real Jewish name Burnsrig.)

Fred Bergsten new Assistant Secretary for International Affairs of the Treasury, will also be under Blumenthal. This young 35 year old Jew was an economic adviser to Kissinger from 1969 to 1971 and a member of both the Trilateral Commission and the Council on Foreign Relations. He says non-White "Third World" nations will be a power in the future, a theory Newsweek says experts reject.

Spread The Truth

THIS IS YOUR NEWSPAPER

The Thunderbolt is a non-profit corporation which is strictly a reader supported newspaper. There are no wealthy "angels" financing this publication. We are here for the sole purpose of providing you with a vehicle by which you can in turn awaken others to the threat which exists in America to the continued survival of the White Race. Very few people realize the great differences which exist between the races and many have lost sight of their racial heritage. They have been instilled with the false theory of racial equality.

The schools do not teach that the White Race is now only 1 out of 10 in the World's population. That intermarriage means the off-spring will favor the non-White parent because "colored" genes are dominant at a 4 to 1 ratio over a White person's genes. Today society says that it is not important, but the Jewish race is certainly trying to keep down intermarriage of their own people. The Jews say that their existence is threatened — **THIS IS EVEN MORE TRUE IN THE CASE OF THE WHITE RACE.**

We do not have the cooperation of the churches and politicians that we once had. They have today been cowed by the forces of equality and racial assimilation. Many have fervently joined the decadent cause of interbreeding the White Race with the lower races of the world. It is no mere accident that every so-called "underdeveloped" or "backward" nation is non-White. The White Race has a higher I. Q. than the "coloreds", (15 to 20 points more than the negro I. Q.), and we have been responsible for the building of the world's greatest civilizations. Today in Africa the blacks still do not have a civilization which compares with even the poorest Western industrialized nation.

These are RACIAL TRUTHS which you can find only in The Thunderbolt. It is vital that America has at least one large

national publication standing up loud and strong for the PRESERVATION OF THE WHITE RACE! That is our one single most important stand and here is the only place you will find the up to the minute news about the Jews and the blacks.

They want to weaken and mongrelize the two races into a mixed hodge-podge which can be easily controlled. We need your help in reaching new people. You can best do that by subscribing for yourself right now if you do not already. At the same time we urge you to send in a gift sub for anyone who you know leans our way and wants to be so informed to spread the word to others. Another big way in which many help is by ordering extra copies for distribution to friends, neighbors and co-workers.

Here is the opportunity and the right moment in life to actually do something effective to help your own race. Here is the only place you will find the open, hard hitting, no-punches pulled facts on what is really going on behind the scenes in America against the White Race. We are here to provide you with the facts by which others can be awakened. Thousands have already cast aside artificial restraints and are helping us get the truth out to the people as fast as we can run it off the

COLORED POPULATION EXPLOSION

Population Bomb Fuse Is Burning

Carla Hills, Secretary of Housing and Urban Development, issued the 1976 "Report on National Growth" to the United Nations Conference on Human Settlements in Vancouver, Canada. It stated that America's population would grow by 50 million more people by the year 2,000. Mrs. Hills stated that "at least 25 million will be immigrants and their offspring." She added that this will pose many new problems because "high unemployment rates among blacks, Mexicans and Puerto Ricans in the central cities may persist as competition for jobs intensifies."

Americans must realize that 80% of all immigrants to America are non-White as a result of the Kennedy Immigration Act of 1965 which deliberately holds down White immigration. At the same time non-Whites presently in America are

responsible for ALL of our present population growth because Whites have already cut their birth rate down below the "population zero" goal of the abortion and birth control advocates. In other words we face a growth of 50 million more non-Whites in America within the next 23 years!

America is rapidly becoming a non-White nation. Anglo - Saxon - Caucasian traditions, heritage and culture will be overwhelmed if this trend is not reversed. The above figures are conservative to say the least. For further details on the pending population explosion which will place non-Whites in a majority by the year 2070, when most of our grandchildren will still be alive, we urge you to study last month's "Thunderbolt" (issue #213) of which extra copies are still available.

VETERAN PROTESTS PARDON

Editor, The Thunderbolt:

Jimmy Carter hadn't been in office one week when he confirmed my suspicions that he will be the worst crud masquerading as a President we've ever had. I'm talking, of course, about his pardon of the miserable commie swine and downright yellow curs who are commonly called draft dodgers and deserters. As one who served with the Army in Vietnam, I think this stinks worse than an unflushed commode! 55,000 Americans in that no-win Vietnam mess gave their life's blood while two-timing, four-flushing political hacks at home stabbed them in the back! Now, Jimmy Carter comes along and adds his

press. Your help is needed and together we can still turn America around despite the tremendous forces we face. Never forget that one ounce of truth will offset a ton of lies. We await your letters of support and are ready to furnish you with the means to eventually turn the tide as more and more people join this cause daily.

INSIDE THE MARINE CORPS

Dear Mr. Stoner,

I'm currently doing my time in the Marine Corps and I'd like to take the opportunity to inform you about a few things going on in the service these days. I'm sure you're aware of many of them.

I'm stationed at Camp Lejeune, N.C. and have been here for 14 months. I'm exactly sure what percentage of niggers we have here but I've heard that it was 40% black. I do know there are entirely too many and it's ruining the Corps.

What once had a reputation for being the world's finest fighting machine has turned into the worlds blackest, drug abusing, communist machine.

REPORT FROM RHODESIAN READER

Read in The Thunderbolt about Cuban invasion of Rhodesia. Comparing enemy intentions with enemy capabilities some of us are expecting another type of invasion. The propaganda machine keeps bringing up that one subject of "mercenaries" all the time. One reason is to get people to thinking we Whites in Africa have no intention of defending women, property and homeland. Somebody pays us money to fight. They don't explain that a field grade officer in our forces doesn't earn what a Pfc does in the U. S. I think what the propaganda machine is trying to do is to set off a chain reaction among communists to send in more Castro communists as mercenaries to join the FRELIMO of Mosambique. Russian ships are unloading tons and tons of Soviet, Czech and Chinese arms, ammo and land mines at the port of Beira. Our Rhodesian troops are capturing more than what the terrorists try to use on us. They know how to point a weapon and they know how to pull a trigger. If America doesn't help the communists we will win.

SOUTH AFRICAN APPALLED BY YOUNG APPOINTMENT

Editor, The Thunderbolt:

How can one be in favor of the Soviets when they infiltrate Africa, but against them when they threaten Europe? Yet that is precisely, what so many Western Nations and so many Western Newspapers are wishing on Southern Africa. Yet it is also what they want to spare their own countries at all costs — the setting up through force, openly or concealed, of a Communist region controlled by Russia.

Irresponsible commentators continue to indulge in such double standards and your Andrew Young, the U.S. Ambassador, to the United Nations is no exception. His arrogance is becoming appalling — His hate for the White man is apparent — He is obviously one of those who has never been able to accept the fact that ordinary White men from Europe were able to tame Southern Africa and build one of the world's best civilizations without the help of blacks and largely without the guidance of intellectuals.

I have a message for Andrew Young who wants to teach blacks how to court and govern us, any that is that one need not be particularly intelligent to be the U.S. Ambassador to the United Nations, but that it is not so easy to go out to work and create a civilisation.

sole purpose of trying to keep from having to work and it turns my stomach. And the bad part of it all is that they have intimidated the good White people into bending the rules to make it easier for them.

Why Black Police Pose Such A Problem

NEGRO COPS ARE DANGEROUS

Editor, The Thunderbolt:

The negro magazine "Encore" has a rather startling quote. It verifies the Thunderbolt's statement that the Whiteman must protect himself from negro police. From page 18: "In New York City one out of every 38 black policemen were involved in fatal shooting incidents from December 1971 to April 1975. During the same period, only one out of every 250 White cops participated in a fatal incident."

The nationwide black arrest rate for murder is more than five times that of the national average. Despite the fact that blacks comprise only 13 percent of the U. S. population, they account for better than 65 percent of all those arrested for murder nationwide. In many major cities blacks commit up to 95% of all murders. It is more than just a coincidence that niggers

behave in the same manner as cops as they do as non-cops!

Not only is this the most violent race in America, it is also the most stupid. Even the Jew author Nathaniel Weyl states, "based on armed forces examinations, about four-fifths of the American negro population is mentally subnormal or massively retarded."

The Whites of this country must stop the insanity of seeking police candidates from a criminal cast. The organization that gives our local community security and protection must be free of blacks. We must demand the end to quotas and lower requirement standards designed to recruit negro cops. We must demand legislation to keep the least intelligent and the most violent segment of our population from becoming cops. Our lives may depend on it.

Negro Cops Protected

Meridian, Miss., was the scene of an unprovoked shooting of a White youth by a black police officer. Craig Murphy was stopped for speeding by negro patrolman Johnny Trotter. Murphy, 15, got out of the car and Trotter said he shot him because he thought he was trying to run away. The youth was seriously injured and almost died. The family hired attorney Joe Odom and he filed a \$150,000 damage suit against Trotter and the Meridian police department.

It should be noted that at the time of the original incident the pro-negro and extremely pro-Jewish "Meridian Star" did not even report the story of the negro shooting of the White youth. For a small community, Meridian has a large, vocal, and influential Jewish community which dominates the local newspaper, politicians and especially the Meridian police department. This problem has existed for a long time and is the main reason why negroes believe that they can run roughshod over Whites in this Southern city.

NEW YORK City Detective Robert Davis, with 17 years on the force, hides his face. He was arrested for accepting \$5000 to be a "hit-man." He murdered a Denver, Colo. business executive.

White Officers Harassed

PROBLEMS OF WHITE POLICE

Minneapolis police officer George Kasat, 27, has been rehired after "administrative leave" over his shooting of negro Eric Benford, 21. It seems that Kasat had to shoot Benford when he resisted arrest after trying to rob a local service station. Unfortunately for officer Eagan, Benford's father was a director of the Minneapolis Civil Rights Dept. from 1969 to 1974. He charged that Kasat killed his son just because he was black. This charge was not substantiated by the facts in the case.

Student Defends White Girls

Dear Dr. Fields:

I'm writing to tell you that I have been a subscriber to *The Thunderbolt* for a couple of years. I have enjoyed reading a newspaper that takes a stand for the White people.

I am a sophomore student at a local junior college. I am looking forward to starting the fall term, but I am expecting trouble with negroes.

Last May I had trouble with a negro who stood 6'8" and weighed about 240. We were at odds because he was trying to get some of the White girls to sleep with him. One girl told me some of the things he had said to her and this made me offer to defend her against him. Perhaps a married man, like myself, with two children shouldn't make a big nigger mad by opposing his advances toward White girls but I couldn't help it.

I explained the situation to the counselor what caused the fight. I had witnesses who came forward to say that the negro started the fight and had hit me first for no reason. However, I was told by the counselor and other school officials, that I had better not retaliate against the negro or I would be in more trouble than I could ever get out of. This surprised me a little.

I was treated unfairly by the school but I picked up a lot of support from the White people in the community.

G. N.
Illinois

under way when White officers Jay Brubaker and Ron Napier tried to arrest negro Watson Jones, 23, for drinking whiskey on a city street. Suddenly they were set upon by what an A.P. reporter called: "A whole crowd of black people."

The mob freed Jones who was later rearrested and also charged with inciting a riot. Both White officers had to be taken to the hospital after being kicked and beaten by the mob. The parade was held up for a while until the mob quieted down. No other arrests were made.

Plainfield, N.J. police officer Thomas Harney was charged in a departmental hearing with using a "racial epithet" during a race riot in the West End Gardens public housing project. Both he and another officer were assaulted while trying to quell a melee. One black, Isaac Howard, 18, refused to get into the patrol car and charged that officer Barney made the "horrible" statement — "Come on nigger, get in the car." Black leaders demanded that Barney be fired but city officials would not go that far. Such is the harassment law officers have to go through trying to make blacks obey the law.

Proper Breeding Urged

MYTH OF RACIAL EQUALITY

Negroes, as a race, have an I.Q. 15% to 20 points less than that of Whites. They just do not have the mental capabilities needed for positions of authority. For the same reason, any organizations, industrial or commercial, forced by Zionists to promote Negroes regardless of their capacity, experience lower production and higher costs.

Zionists claim that genetic features have nothing to do with people's ability, and that only their environment makes a difference between negroes and White people. The millions betting their money on winning horse races don't agree; they study pedigrees. Horses with the best ancestors win the races. A prize-winning stallion is removed from the track and kept for breeding purposes only. This is profitable; his colts bring higher prices.

Did you ever hear of Paclamar Astronaut? He is a black and white spotted 2,400-pound Hols-

tein, said to be the greatest bull that ever lived. Government test data show Astronaut daughters produce an average of 6% more milk and 0.5% more butterfat a year than other cows in the same herd. The above suggests that it is race, and not environment, which determines qualifications of not only cattle but also horses, dogs, chickens and even field corn and apples.

The human race is no exception. Compulsory integration of schools, restaurants, neighborhoods, etc., are all devices of the Zionists to mongrelize the White race. Mulatto babies are proof that racial qualities can be lowered by breeding with inferiors.

Why not persuade your neighbors to join you in talking to political candidates about school integration, the Fair housing law, minimum wages and rising taxes? Will they continue the support of bums in idleness?

BACK TO "BLACK AFRICA" OUT OF WHITE AFRICA

Dear Dr. Fields,

I would like to let you know that there are a quite a lot of us who are in favor of your "Back to Africa" plan. The few that want to intergrate can stay behind in Africa and it is for sure that the White Race can take Africa back within a matter of three years, because if they do not murder each other they will die of pest.

In SOWETO, near Johannesburg, they die of sickness and killing (18 per day, as reported to the police) because there are no White Men to prevent their barbarism.

Propaganda

Interracial Marriage is continuously promoted on T.V. On the premier showing of the "Kingston Show" starring Raymond Burr, one actor is shown with a beautiful wife. Later he tells Burr she is part negro, the dialogue continues; "She presents a good argument for mixing of the races!" This had nothing to do with the story and the girl actress was actually all White but still they had to insert this subliminal brain polluting line. It is all part of a very clever Jew campaign to break down the White Race...

CONDOMS FOR BLACKS PROGRAM STOPPED

A test program to provide young negro boys in the Cleveland and Philadelphia areas with free condoms has been scrapped. Diana Altman of the Population Services Bureau said that they wanted to reach selected areas which had a high percentage of illegitimate births because of "sexually active youths." The program would give the youths free condom stamps which they could redeem for the product.

The plan was cancelled when black community leaders said it was racist! Since negroes do have huge numbers of illegitimate children, 52% have their first child **BEFORE MARRIAGE**, the program is certainly justified. It seems as if the only concern is to reduce the White birth rate in America.

Politicians are being elected to office like Jimmy Carter on the basis of the black bloc vote. It is therefore to their selfish advantage to see more and more blacks come into existence. Sen. Ted Kennedy is a prime example. His 1965 immigration bill almost wiped out all Irish immigration and that of other White European countries, but he did all he could to open the floodgates to negroes and Mexicans. Today, the Federal Government is subsidizing and paying black women to produce more and more children while encouraging Whites not to have any babies at all. The tax system penalizes Whites for having children. The time has come for the White people to awaken because we are actually paying for our own destruction. We certainly owe generations of Whites yet to be born a better and more secure nation than this.

Want Whites Overwhelmed

COMMUNISTS AGAINST BIRTH CONTROL FOR MINORITIES

In a policy statement issued by the U.S. Communist Party on Aug. 20, 1976 and written by Red author Julia Barnes, the U.S. Agency for International Development (AID) is attacked for encouraging birth control in the backward nations of the world.

Ms. Barnes wrote that AID "threatens" nations which do not establish some sort of birth control program. She says that many non-White women who submit to "voluntary sterilization" do not realize that it is irreversible and this is a "tragedy" for those who want to have children later. (Note: there is no concern about young White couples who are persuaded to submit to such operations.)

Realizing that a proliferating non-White population could overwhelm the White world, the communist statement concludes

Family Now Unites Behind Jay Rockefeller

ANOTHER ROCKEFELLER TO CONTEND WITH

For years Winthrop Rockefeller was Governor of Arkansas. He moved there from New York and used his money power to buy the governor's office. He was unable to parlay this position into national politics and died after finally being defeated for re-election.

Nelson Rockefeller was far more successful and was able to use his repeated terms as Governor of the Empire State to buy himself the Vice Presidency. Not elected, but appointed, Rockefeller has missed his ambition to run for president when Ford won the primaries and the GOP nomination.

Today we have a new multimillionaire Rockefeller to contend with. It is John D. (Jay) Rockefeller who moved to West Virginia a few years ago simply to gain that governorship to use as his stepping stone to the ultimate Rockefeller family goal of electing one of their members

JAY ROCKEFELLER

President.

Jay Rockefeller totally fooled the voters of West Virginia. The millionaire worked as an anti-poverty worker and most recently served as president of a small college. The former resident of Washington, D.C. was unable to overcome the "carpet-bagger" charge leveled against him when he first sought the governorship four years ago. This time he was successful spending a record \$2 million of his personal funds to buy the

governor's seat.

His previous stands against strip mining, for gun controls, for ERA, and for unions for state employees were totally reversed this time along with other liberal views which observers said cost him votes. His opponent, Jim Sprouse, charged that Rockefeller changes his stand to fit the polls. Without principle he brought in the well known media consultant Joe Napolitan of New York who specializes in advertising for candidates who are vague on all issues like Jimmy Carter. Also, the Jew Tony Schwartz was brought in from New York to advise on radio and press advertising. Rockefeller used country and Western music in his ads despite the fact that he personally hates such music.

Rockefeller's chances for national office within the Democratic Party may come sooner than most people think because Jimmy Carter is expected to be a one term president. Married to Sharon Percy, daughter of Republican Sen. Charles Percy of Illinois,

Separation Of The Races Would Have Prevented This

A SAD, SAD STORY OF NEGLECT

A young White child, Wallace Moseley, 12, has been charged in Miami with stabbing a 9 year old negro boy to death. Wally's mother and stepfather are alcoholics and they live in a negro slum. Wally attended a non-White school. His teacher, Joe Metcalf told reporters, "As far as I could tell, he didn't have a friend — not one friend. This school is 70% black and nearly 30% Latin and we only have 10 Anglo kids."

"The other kids called him names relating to his being White and he couldn't take this. He would just yell back at them. He was not violent with his physical body, just with his voice. He definitely needed help."

Wally Moseley simply needs a new home and a White school to attend. His maternal grandmother who lived in downtown Miami, Mrs. Hazel Coventry, said: "His mother wasn't good to him, wouldn't give him anything to eat. I would feed him."

The child is being held for trial. He is a member of the

with these ominous words:

"The U.S. Government does not wish to see the population of the developing world increase to the point where it could challenge U.S. supremacy. The government chooses to fund sterilization programs rather than providing food."

WALLACE MOSELEY, 12, charged with murdering his tormentor.

White Race and our hearts pour out for him and all other White children who have to endure such treacherous situations which exist in negro dominated schools. We owe a better America to our own kind. We must build a new society which would help poor White youths like Wally because they have so much to give the world if only we raise them in the right type of Wholesome White community.

NEGRO BANK PRESIDENT INDICTED

While blacks constitute over 13% of the U.S. population they own less than 1% of the privately owned businesses in the nation. At the same time this tiny number of negro companies has a rate of failure which surpasses the ratio of White bankruptcies. Last month negro John

Would Rather Join The Minority Block!

IMMIGRANTS FROM INDIA NOT "CAUCASIANS"

A furor has occurred over the U.S. Census policy of continuing to count immigrants from India as "Caucasians." The Association of Indians In America (A.I.A.) claim that this classification would eliminate them from affirmative action hiring programs. (People from India are in no way related to American Indians.)

At one time the great ancient civilizations which existed in In-

Stewart, president of one of the largest black Savings & Loan Assoc., was indicted for misappropriation of saving funds for his own personal use in Raleigh, N.C. It should also be noted that the arrest of negroes holding public office for misuse of public funds has also been many times higher than that of Whites in similar positions of public trust.

Rockefeller, 38, will run a "very slick and professional campaign for president." Thus the specter of outright Rockefeller family control of the U. S. government still looms before us.

ROCKEFELLER'S JEWISH CONNECTION

Last year The Thunderbolt published the documentation, which author Stephen Birmingham revealed in his book "The Grandees" stating that the Rockefeller family were descended from Spanish Marrano Jews who later immigrated from France to America. This caused waves of discussion in right wing political circles as well as by general politicians as well. The Thunderbolt article went into three printings and still requests come in for photostats of the page which was written by the Jewish genealogy expert Malcolm Stern who made the original discovery about the Rockefellers.

It has long been known that Jews try to intermarry with their own kind to hold their race together. The Oct. 17 issue of "Jewish Week" reports that:

"Lucky Rockefeller, one of the three daughters of Laurence S. Rockefeller, brother of Nelson, is married to Dr. Jeremy Walitzky, a Jewish psychiatrist. Her older sister, Laura, also married a Jewish doctor, Dr. Richard Chasin in 1971."

One daughter marrying a Jew would not prove much but when two out of three marry Jews it is considered quite significant due to the fact that Jews do try and marry within their own racial line. Nelson Rockefeller's political support has always come primarily from within the Jewish community and they certainly would never support one of the richest men in the world for President and later Vice President if they did not consider him to be within their own fold.

dia were founded by the Atyans who invaded from the North. Time passed and they mongrelized with the lower non-White negroids that populated the Southern part of India. Today the Aryan super men who built the great cities roads, and temples of India are gone. The AIA members do not want to claim any relationship with them because it might cost them some preferential treatment handed out to minorities. In other words they do not want to be considered a racial entity with the great race which built this great nation and the great nation which once existed in India.

This is a sign of the times and according to the AIA immigrants from India now number a quarter of a million in America. They demand that the 1980 Census count them as "Asian-Indians" and not Caucasians.

White Resistance Spreads Nation-wide

Northern Whites Stongly Oppose Mixed Housing

There has been a great increase in White resistance to negroes moving into White neighborhoods in the North. Those faced with blockbusting no longer are ready to surrender their communities to the plague of negro crime and housing decay which are automatically associated with so-called "transitional neighborhoods." Because of the economic crunch, many White families cannot join the "White flight" to the suburbs and others do not want to leave relatives and friends of long standing. These Whites have decided to do everything within their power to stop negroes from moving into their areas. The following is a nationwide report of this new phenomenon.

Pennsylvania does have a Jewish Governor and two ultra-left Senators but it still has a very large hard core citizenry who simply will not accept race-mixing. This state has had more opposition to black blockbusting than any other.

Upper Darby, Penna., is a White area where people are proud of their peaceful community. Negroes Steven and Jacquelyne Carr purchased a home at 3437 Berkley Ave. from Glendolden Realtor, Charles Rappa. The first evening the black couple left the house, all their windows were smashed, the furniture was broken, and threats painted on the walls. The next night a large crowd gathered on the street and shouted at the Carrs until 3 A.M. The state Human Relations Commission filed civil rights charges against the police department for not dispersing the White crowd. In the meantime the Carrs have moved out and the real estate company has returned their \$2,500 down payment.

Philadelphia's West Mt. Airy section is all-White. An historic home constructed in 1758 in the 400 block East Sedgwick St., was sold to Len and Elizabeth Parker through Abington Realtor, William Brucker. The next day all involved began receiving phone calls from White protestors. Warnings were spray painted on the house. A hangman's noose was thrown over the side door, Brucker said one called saying he was going to blow up the house and another said he would bring charges on other issues to revoke his real estate license. Parker said "who wants to be a martyr. Who wants to live in a neighborhood where they're not wanted!"

In another case, with more ominous overtones involved was the fire bombing of the home of a Puerto Rican family. Five persons died and police arrested Robert (Red) Wilkinson, 26. Wilkinson had asked the Puerto Ricans not to move in and tried to find a White family to purchase the home. During his trial, Jewish Prosecutor David Berman, in an emotional speech, told the jury that Wilkinson "wanted to remove these people, lock, stock, barrel and lives." Berman used a witness who claimed he saw red hair. Wilkinson was convicted last Summer and just recently another party has come forward and confessed. Moves are now underway to free "Red" Wilkinson who was convicted because of the pure viciousness of a Jewish prosecutor. He wanted to convict any White Christian they could find in order to make an example out of someone.

Chicago Resistance

Forest Park is mostly White and negro Ezra Buckner, Jr. says that he and his wife and three children should have known better than to try and blockbust the neighborhood. No sooner had they moved in than 14 windows were broken. A bullet fired from a passing car went through the front plate glass window. Racial graffiti has been painted on the walls and a kerosene bomb hit their garage.

Buckner said he has spent \$3,000 in repairs and accuses Forest Park Police Chief Richard Drane with refusing to give him a 24 hour a day police guard. For a while Mike Chiappetta, of Centurion Security Inc., 1013 W. 18th St. Chicago, furnished Buckner with a free security guard because he personally believes in race mixing. Local Police Chief Dick Drane ordered Chiappetta's men out of his community because, "I don't want a shootout."

Chicago Lawn residents didn't care for negro James Stampley and 62 windows have been knocked out of his house since he moved in. Stampley said that he was going to warn other blacks thinking of moving into the area that "this is not as friendly a neighborhood as the realtor said it was."

Their home faces the railroad tracks on the east edge of Chicago Lawn which tradition holds to be the line which negroes are not to cross. Stampley's daughter Cherly says she sometimes phones the police but they often do not show up. Stampley said they moved out of all black Englewood because of the high crime rate. Thus far, five houses across the tracks are occupied by blacks.

Chicago's section between Ave Beach and Ardmore Beach have been declared an "Area Zoned White" by local youths. For a long time White girls who dared to venture into this section were mugged or raped by negroes. Now all blacks who enter the Rocky Beach area are attacked and beaten. Youthful Whites say that this is a warning to other negroes to stay out. Negroes who are able to run fast enough to get away say that the White kids yell at them to "go back to Africa!" Writer Bob Greene of the "Sun-Times" has written articles about the situation calling for police to investigate the situation because most of the attacks by Whites on the lakefront have taken place in broad daylight.

New York City has been the scene of much opposition to blockbusting despite the city's liberal reputation. Negro Ormistan Spencer and his family moved into an all White area of Rosedale. Members of the local ROAR anti-busing group demonstrated in front of the house. The Spencer home has been firebombed twice. Slogans like "Vive Boston" were spray painted on his front door. During one

CHICAGO'S Marquette Park youths hurl objects driving the "Martin Luther King Movement" marchers out of the park.

NEGRO Charles Stampley and daughter pose in front of their home in a White Chicago neighborhood — note smashed out windows.

NOTES ON WHITE RESISTANCE

Maryland's Seabrook Estates subdivision has experienced difficulties ever since the first black family moved there in 1970. Negro Gale Pollard said he has had his lawn "rolled" with toilet paper on numerous occasions and a bottle thrown through his window. What irks him the most he says is White youths who drive by and shout, "Why don't you move to a nigger neighborhood?"

Wilkinson

"Red" Wilkinson will be freed after frame up by Jew Prosecutor Bergman.

anti-blockbusting demonstration some 40 Whites threw garbage on Spencer's front lawn.

Michael Biggio, a ROAR leader, led the crowd in chants, "Rosedale is White and we're going to keep it that way." It was about that time when Spencer came out on his porch with a .25 caliber hand gun. A police officer tried to disarm him and the pistol went off wounding both Spencer and his wife. The negro Spencer was charged with "reckless endangerment, assault, and possession of an unregistered deadly weapon." No Whites have been charged in the continuing fight over Spencer's presence in Rosedale.

Staten Island's all-White New Drop area was the target of another negro blockbuster named Alberto Charles. He works for the city Dept. of Social Services. His home suffered extensive damage. The house was flooded, windows broken and paint splashed all over the interior walls. Three New York City police officers and a stockbroker have been charged with vandalism. They are Police Sergeant Anthony Vivalo, Sergeant Robert Barberi and Corrections Officer Nicolas Lombardi and the president of the Swiss American Securities brokerage firm, Mr. Albert Anzalone.

The sole witness against them is Patrolman Gerald Maddalone, who took part in the attack on the house himself. He turned pimp in order to collect reward money. The six had earlier tried to raise money to buy the home for a White family. Staten Island remains mainly an all White enclave off the coast of decadent New York City. It is little wonder that patriots exerceze their civil reponsibility in trying to keep their neighborhoods from being destroyed by the "Black Plague!"

Los Angeles has been the scene of numerous protests against blockbusting. Slogans and effigy hangings have taken place in various parts of the city. With new federal court orders for city wide busing resentment against forced race mixing is rapidly growing. Negress Marnesba Rackett of the Los Angeles Chapter of the SCLC charged that "busing is just a code word against integration." We admit to this because the only true reason Whites oppose forced busing is that they do not want their children to mix with blacks.

Struggle For Chicago's Marquette Park

Last Summer negroes and some brainwashed Whites made several marches into the all White Marquette Park area. This section is on the border with a black area which has a very high crime rate. Several of the marches have been stopped by rock and bottle throwing White counter-protestors. After dark police have had to warn negro motorists not to drive by the park. During one march conducted by the "Martin Luther King Movement" 32 marchers were injured and 63 people arrested.

Among those arrested were off duty policeman Kenneth Earner, 32, who was charged with throwing a rock at a black demonstrator. Others included Mike Christy, 18, and Chris Cieslik, 27. The latter fought his way back out of a police van so that he could take out after the blacks again.

U.S. Justice Department investigators were ordered into the riot scene to see if so-called "outside agitators" had incited the trouble. U.S. Attorney Samuel Skinner admitted that none could be found — it was just a natural White people's uprising against blacks who were the real troublemakers. State's Attorney Bernard Carey said he would continue the investigation. Carey is seeking negro support because he has ambitions to run for higher elective office.

Detroit police have been ordered to give negro Gary Melvin round the clock protection since he moved into a Detroit White Northwest neighborhood. His home has been damaged by paint and car loads of White youths drive by chanting "niggers go home!"

This is part of a pattern of national resistance by White working people fighting for the peace and safety of their neighborhoods. They instinctively know that black sections of their city are unsafe. White areas have a much lower rape, robbery and murder rate. It is natural for people to fight to protect their homes and families — THAT IS WHAT AMERICA IS ALL ABOUT!

It should also be noted that the daily press outside the immediate communities involved suppresses all news of the White Resistance Movement. They use their controlled T.V. and press to prevent you from learning of the groundswell of "Racial Separatism" which is sweeping America. Our people do not want to be forced to send their children to integrated schools and they do not want to live next door to blacks. This is the will of the majority and no government body has the right to force such an unnatural situation upon our Whitefolk.

When Negroes Become Judges

MICHIGAN WANTS NEGRO JUDGE REMOVED

The black community of Detroit elected negro James Del Rio judge in 1972. He is not a lawyer and attorneys charge he rules on law when he doesn't know what the law is. Del Rio got the job because he was a champion for civil rights causes in Detroit.

The State Judicial Tenure Commission will hear some 60 witnesses against Judge Del Rio to determine if he should be removed from the bench. He is charged with:

- 1) Arbitrarily releasing negro defendants without hearing the evidence.
- 2) Harassing court employes, lawyers, clients and police.
- 3) Using obscene language in court, ordering police thrown in jail for "contempt."
- 4) Publicly boasting of a sexual relationship with the girl friend of a man he sentenced.
- 5) In the 1st Central Precinct Del Rio assaulted an officer for arresting a dope pusher who was a friend of his. Then he demanded the pusher's case be brought before his court so he could free him.

Even more serious is the charge that he has returned more than \$40,000 in bond money put up by the Jewish, "Goldfarb Bonding Agency," for defendants who did not show up for trial and forfeited bond. It is charged that Goldfarb paid Del Rio kickbacks for his part in the scheme. While awaiting the decision on the charges against him before the Tenure Commission, Judge Del Rio continues to draw his salary of \$44,000 per year.

This is a perfect example of how law and order break down under arbitrary negro rule. Judge Del Rio's district is in one of the highest crime areas of

America and his criminal docket one of the nation's heaviest. His answer to this is not placing criminals in prison but immediately freeing them when lawyers cross his palms. This is a perfect example of why crime is out of control and what the election of more and more black officials to high office holds for America in the future. It means more corruption and crime to the end that our very civilization will be imperiled.

GERMANY THE TARGET OF WORLD WAR III?

Those interested in National Security were shocked when columnists Evans & Novak released the details of Pres. Carter's orders to Gen. George Brown to institute a study looking toward the reduction of our Atomic ICBM missiles from the present 1,400 to about 200 to 250. This request was issued in the presence of Carter's Secretary of Defense Harold Brown, and David Aaron, Deputy Director of Carter's National Security Council. (Both Brown and Aaron are Jews.)

Evans-Novak reported that Gen. Brown believes that the nation's security has been compromised, but in the face of such disarmament doves as Carter, Brown and Aaron, he is powerless to object. What this means is that America under Carter has ruled out any total counter-attack against the Soviet Union if war breaks out. With the immense conventional-arms superiority of the Russians, it would only be a matter of a few weeks or few hours before they could reach the English Channel and occupy all of Western Europe.

Any limited initial response along the lines Carter endorsed would be fought over East and West Germany. Carter and company endorse another Korea-Vietnam type conflict which the

communists love to engage in because they always win. A limited resistance plan would leave Germany — NOT RUSSIA — the battlefield over which the destructive atomic bombs would rain. Thus, the Jew plan of Henry Morgenthau (Secy. of Treasury under Roosevelt) to reduce Germany to a "pastoral state for all time to come" would finally be realized. The vicious anti-German movies and TV films give us an inkling into how intense Jewish hatred for everything German has increased in intensity. The Jew James Wechsler, Editor of the Marxist "New York Post," writes that he is overjoyed that "Carter has quietly but quickly taken the offense against the anti-detente lobby."

No Atom Bomb For West Germany

We have just learned that one of the chief goals of Vice Pres. Mondale's visit to West Ger-

many was to convince that country's leaders that they must not build their planned nuclear reactor plant in Brazil. This would give the Germans the means by which they could build their own atomic bomb. Germany is still an occupied nation and disarmed in so far as developing a powerful fighting force which could stop the Soviets. The Marxists in Moscow, Washington, and Tel Aviv know that the only effective opposition to a communist strike across Europe lies in a fully rearmed West Germany. This is exactly what the communists fear the most as well as those who would betray us in Washington. It is urgent that Patriots everywhere write their congressmen and Senators to vote down any Carter plans to cut our already pitifully weak Armed Forces. We must urge a new policy which calls for a rapid military build up of West Germany as our strongest ally in Europe.

Prof. Butz' New Book Attacked

Below reprinted from —

MILWAUKEE JOURNAL Thursday, January 27, 1977

Northwestern Professor Says Nazis Didn't Kill Jews

Evanston, Ill. —UPI— A book by a Northwestern University faculty member that claims that the Nazi extermination of Jews during World War II is a hoax perpetrated by Zionists has created a tempest on the usually staid campus.

Arthur Butz, 43, an associate professor of electrical engineering, published his book, "The Hoax of the Twentieth Century," in England nine months ago.

Word of its claims reached the campus last month, touching off an uproar.

The university has defended Butz's right to speak his mind, but students and faculty members have protested that the school should still denounce what Butz said.

Ad in Student Paper

The Hillel Jewish youth organization, in a full page ad to appear in Friday's student newspaper, denounces Butz's contentions. Among its signers is Newton Minow, former

FCC chairman and a Northwestern trustee.

Rabbi Mark Gellman, director of the Northwestern Hillel chapter, said the petition of protest carried the names of more than 160 faculty and staff members.

The ad expresses disappointment over the administration's handling of the matter and adds:

"We must thus publicly disassociate ourselves from such distortions of the truth, which have shamed all supporters of this institution."

Has Right to Publish

University Provost Raymond Mack said Wednesday that it was Butz's First Amendment right to publish the book, although noting that it "is a shame when that right is used to insult survivors of concentration camps."

Butz was unavailable for comment Wednesday, but has been quoted in Chicago newspapers as saying:

"There was no extermina-

tion program, and anyone who says there was an extermination program is telling a pack of lies."

Butz's book says "an orchestrated campaign by Zionist groups" led the world to believe a "legend" about concentration camp exterminations.

He says Jews who died at Auschwitz and other concentration camps perished "from natural causes." He said medical supplies and food were in short supply, and so there was a certain number of natural casualties.

Nazis who confessed to gas chamber operations in war crime trials, he said, were "plea bargaining." He added that pictures of concentration camp survivors in the camps were taken at the time of typhus epidemic.

Butz said he had based his book on three years of research and a trip to Germany in 1973.

Negro Crime Can Victimize Anyone

Suppressed Truth On How Terrible Negro Crime Is

Bill Carr, husband of Chapter leader Mary Carr, fell victim to subhuman savages called 'niggers'.

As Bill was walking to the parking lot after work at 4:50 p.m., two niggers walking together ahead of him suddenly separated as to let him walk in between them. Suddenly one pulled a 38 pistol from inside his jacket and slammed it into his side while the other took his watch, wallet, wedding ring of 21 years. Then they forced him into his car two blocks away. They made him lay on the back seat of the stationwagon for three hours. They drove like a maniac in what appeared to be in fields and on railroad tracks. Numerous times they stopped at places. One time to clean out his car of all his tools, electrical instruments, etc. Another time they made him get out and told him that it would be his 'graveyard'. He thought for sure he would die.

During the drive in the car, these subhumans said they could tell he hated them and that he was to blame for their ancestors being slaves. No doubt "Roots" inspired this senseless and vicious attack. Then they talked of abducting a couple of White women to rape.

They finally let him out a couple of blocks from a police station and told him to wait while they went inside some home. They said if he tried to leave they would kill him. After five minutes he took the chance of driving off to report his kidnap and robbery. The police said they were more than likely drug addicts and that he was lucky to be alive. Especially since he had only three dollars in his wallet. They were raving mad over the small amount and would have killed him then if not for a crowded street when they first abducted him.

Bill works, in downtown St. Louis and he sees first hand the destruction of the schools by these apes. The free lunches these animals receive while White children bring cold lunches since they don't qualify for the food program. The fear in the faces of the teachers who cannot control them in any way, but only hope to get through the day in one piece.

The sad part for Bill and Thousands like him is the odds are against him in surviving the intercity jungle he works in. We can put the blame where it belongs. And that is the Jew controlled government, who want total destruction of the White race.
