

BUSING HITS LOS ANGELES, CLEVELAND, OTHERS

MORE CITIES HIT BY BUSING

Forced busing is spreading and more and more children are suffering from this experiment. Here is the latest news omitted from your local daily paper about important events that are happening across the country. They affect the lives of children of concerned parents everywhere.

Los Angeles has been ordered to begin forced busing. This is one of the nation's largest school districts with over 600,000 pupils. On Jan. 15, 1975 the Calif. Supreme Court ruled unconstitutional the people's vote on Proposition 21 which would have banned busing. The court overruled the 2 to 1 vote of the people against busing. Still the fight goes on.

Despite threats by the L.A. school board to arrest those who advocate school boycotts, the first one proved to be a big success. It also pointed out the neighborhoods where the strongest opposition to forced busing exists.

San Fernando Valley school attendance dropped 65% on the day of the boycott. Handbills were distributed by concerned citizens throughout the area which declared in part: "If you believe in neighborhood schools — If you are opposed to forced busing — send the bureaucrats downtown a message loud and clear — join us! Keep your children out of school."

Anti-busing demonstration in Washington proves that Whites oppose busing because it brings on race-mixing.

Predominantly White Woodland Hills had a 70% effective boycott. In South Valley 35% stayed home, and in West Valley 50% were out. In Harbor and San Pedro almost half the children remained home. Los Angeles parents and children are strongly opposed to forced busing and many neighborhoods are like separate towns. Even their post offices have names other than Los Angeles. Beautiful communities face rapid deterioration if young couples with small children are forced to move away because of forced busing. The people have much at stake and they are going to make a determined stand to defeat forced busing.

Cleveland, Ohio is one of the hottest spots in the nation opposed to forced busing. This is a city which is divided by the Cuyahoga River. Blacks live on the east side of the river and Whites on the west side. The school system has 125,000 children and 58% are negro. Some 92% of the blacks attend schools which are 90% black and the figures are the same for the Whites on their side of the river.

This is an industrial city and the people have held many meetings since the first of the year protesting Federal Judge Frank J. Battisti's order for massive long distance busing.

The NAACP has declared that the White suburbs would have to be included because all Whites would flee the city if all surrounding areas are not included in the judge's order. Over 6,000 Whites attended a series of meetings held to discuss community acceptance of busing. Whites protested that the specter of violence in the schools with muggings and attacks upon children going to the bathrooms would not be tolerated. One White father asked: "Who does Judge Battisti think he is — God?" Cleveland is supposed to be a test to determine whether the industrial centers of the North are going to surrender to forced race-mixing. Most observers think not!

Chicago, Illinois has one of the most segregated public school systems in the nation and there is not any specific busing plan — they are still cautiously feeling the people out on the subject. The young Whites with children are moving to the suburbs and the city schools lose an average of 10,000 White children each year. The year 1977 began with Chicago schools having a White enrollment below 25% for the first time in history. At the same time 94% of the black elementary students go to schools which are 90% black. In high schools the figure is 78% for blacks attending schools with their own race. Puerto Rican enrollment is rising the fastest and they now make up 14% of all students in the Chicago school system.

Joseph M. Cronin, Illinois State School Superintendent, states that the only solution is long distance busing between the central city and the suburbs. Due to the falling White birth rate there is increased classroom vacancy in the suburban schools with empty buildings and teacher layoffs. Cronin suggests busing blacks to the suburbs to

listed six CBS affiliates in the Eastern Carolina area for people to view.

The first half of the program was devoted to the plight of the nine negroes and one White woman who were convicted on 18 counts of burning property and conspiring to assault police and firemen. Leroy Gibson was depicted as the White People's Leader but there was no mention about his being in prison or that he was framed. There were three main prosecution witnesses in the "Wilmington 10" case. Allen R. Hall, a large burley negro, was the main witness. He told how the

NON-WHITE IMMIGRANTS BULK OF OUR POPULATION GROWTH

The 1976 birth rate in America was down to 1.8 children per family. This figure includes minorities which have a much higher birth rate in this country such as negroes, asians, etc. Therefore, it is safe to state that the White birth rate is down to 1.5 or lower. In order to replace our own kind and maintain the "Population Zero" level which liberals maintain is ideal we must have a birth rate of at least 2.5 children per family.

While Whites have succumbed to the "don't have children" media propaganda blitz, this nation's population is skyrocketing! Immigration, both legal and illegal, is the cause. Nearly 500,000 legal immigrants enter America each year. Last year only 21 percent were White people. Before the Kennedy Immigration Act of 1965, almost all immigrants were European Whites. Today we have from 10 to 12 million illegal immigrants in America and over 85 percent are non-White.

White Americans are told that they must hold their numbers down because we use up too much of the world's resources. At the very same time the press fails to mention that White people have been responsible for the advancement of civilization world wide. Only 6 percent of our population are farmers yet we are able to feed the starving backward nations in Africa, Asia, China and even the communists in Russia. Wipe out that small number of hard working ingenuous White farmers and the world would face famine, disease, and out right death overnight.

The President's "1976 Report on National Growth" states that the nation's population will grow by 25 million by the year 2,000. It also says half this figure will be immigrants and their offspring. The balance of our growth numbers will be negroes. What this means is that the White population is rapidly declining in numbers with each passing year, and the "colored" peoples are right now on the verge of overwhelming us!

"U.S. News and World Report" magazine states that the World's population will double from its present 4 billion to 8 billion within 30 years. ALL OF THIS GROWTH WILL BE NON-WHITE! While the White people are the most productive and advanced race we are also the world's smallest minority! Today we are only 1 out of every 10 of the people on earth. By the time the world's population doubles we will be less than 1 in 25 due to our rapidly falling birth rate.

Washington columnist Richard L. Strout recently wrote that "with the native birthrate sinking, should America continue to admit huge numbers of immigrants every year? The United States is the only nation I know of whose dominant majority has voluntarily stepped aside to allow a preponderance of immigration from lands of different language, race, and culture to flood in almost unchecked."

IMMIGRANT PRESSURE INCREASES

The population of Mexico is now doubling every 20 years and will reach 140 million by the year 2,000. This is more than half our own population! Tremendous pressure is growing along our Southern boundaries as the U.S. Border Patrol continues to fight a losing battle against illegal immigration.

Throughout South America we find areas with some of the highest birth rates in the world. Mexico has an astounding 3.5

(Continued on Page 2)

Multi-Racial Nation—

(Continued from Page 1)

growth rate and that nation alone makes up 80 percent of the illegal immigration pouring into America. It is now estimated that Spanish is the native language of some 20 percent of the present population residing in the U.S. During this editor's recent speaking tour of California we discovered that over 500,000 illegal immigrants live in the city of Los Angeles alone. More than 100,000 are in San Diego and that city has one of the highest unemployment rates in the nation at 17 percent.

The time has come for the people to demand that Congress enact ALL of the various anti-immigration laws which have been introduced into the House of Representatives. They include laws which would make it a crime to knowingly hire illegal aliens. (This has twice passed the House only to be killed in the Senate by Kennedy and his cohorts.) A new bill to make counterfeit proof Social Security cards has been introduced. Stronger measures requiring the deportation of illegals is not supported by the Carter administration.

This nation continues to issue Social Security cards to anyone who applies with no proof of citizenship required. It is estimated that illegal immigrants receive an estimated \$13 billion in welfare and poverty aid each year. Another study proved that they have deprived U.S. workers of at least 3 million jobs. While West Germany, New Zealand, and Canada, are taking steps to cut back on immigration nothing is being done to stem the tide in America! We are being overrun by this flood tide and drastic action must be taken.

The Supreme Court continues to issue rulings which are hindering the fight against illegal immigration. The court's 5 to 4 ruling allowing non-citizen aliens to take Civil Service examinations was a serious blow. Some time ago the High Court ruled that illegal aliens are eligible for all available welfare, including access to public housing, food stamps, medical aid, etc.

ILLEGALS FAVOR COMMUNISM FOR U.S.A.

Remember that millions more are eagerly awaiting the opportunity to swarm into America. Unless action is taken soon this nation will be inundated with non-Whites whose political views are opposite of ours.

Not only do millions of illegal immigrants pose a threat to the jobs of citizens but threaten our very standard of living and even our political system. The incessant torrent of aliens moving against our borders represents a threat to the very security of the nation. Most of these aliens do not love Americans more for the generosity which our welfare state has given them. Despite all the advantages they illegally gain by our tolerance they still hold a very hostile attitude toward us. The illegal immigrants act as if they have a right to be here and have a right to whatever they can "take" from our system.

Cesar Chavez and his Marxist farm workers union is a good example. Chavez demands a national share the wealth program. What this means is that they want to take from the White working class and give to the non-White immigrants. They have come here to establish a Socialist state and communist Fidel Castro is one of their heroes. This is a complex problem which poses the gravest threat to the very survival of the White majority in America that we have ever faced. Time is running out and everyone must accept the responsibility of telling their friends these facts. This will help to encourage more to write their Congressmen and two Senators immediately on this dangerous silent invasion of our shores.

ILLEGAL ALIENS POUR INTO GRAIN STATES

Most people think of the Southwest when they think about illegal Mexicans flooding across our borders. It is estimated that there are more than 100,000 in Nebraska, Iowa, Wyoming, North Dakota, South Dakota, Kansas, Colorado and Missouri. Colorado has the largest number, estimated at over 30,000.

So-called "refugees" from communism continue to pour in from Thailand. Some 150,000 Vietnamese were allowed in after we lost the war. Former Atty. Gen. Levy "paroled" another 11,000 into America just before he left office. Many in Southeast Asia have aboriginal negro blood in them and are called "Black Thais." Some 600 of these, "refugees from communism," who actually know nothing about communism have been settled in the mostly White state of Iowa. There can be but one reason for this deliberate infusion of non-Whites into states which are mostly all White. The clear purpose is the breakdown of the White stock through planned mongrelization of the races. This is exactly what is happening throughout America and time is running out for a reversal of this situation.

4,000 Soviet Jews To Live In U.S.

The Associated Press

WASHINGTON — About 4,000 emigrant Soviet Jews will be allowed to enter the United States as refugees under a special "parole" status, according to Rep. Joshua Eilberg.

The emigrants left the Soviet Union in 1976 and are now in Rome. They were traveling with visas for Israel but have decided they would prefer to come to the United States, said Eilberg, a Pennsylvania Democrat.

Eilberg said the State and Justice departments have agreed to deviate from normal immigration laws to let the emigres in under the same special "parole" authority that has permitted political refugees from Hungary, Cuba and Indochina to enter the United States.

600 Refugees From Laos Being Settled in Iowa

BANGKOK, Thailand, June 22 (AP)—More than 600 Black Thai tribesmen are among some 10,000 Indochinese refugees that will be flown to the United States over the next four months, American officials said today.

The Black Thai, or Thai Dam, fled Laos last year and have been awaiting sponsors in other countries at a refugee camp in northeast Thailand.

An initial group of 116 was flown to the United States over the weekend and the rest will follow in the next month or two, the officials said. Most of 600 will be settled in Iowa.

Mexican Aliens Voting?

Caren Daniels of the California Secretary of State's office is investigating charges that Cesar Chavez' Farm Workers Union has registered large numbers of Mexicans who are supposed to be temporary workers here. Spanish surnamed registrants are being run-through a computer to be checked against some 1.1 million aliens residing in California. This was supposed to be part of Chavez' drive to pass controversial "Proposition 14" as well as to elect Sen. John Tunney. Both were soundly defeated.

FACTS ON THE NON-WHITE IMMIGRATION FLOOD DANGER

Atlanta, Ga., has an estimated 142,000 illegal aliens according to the U.S. Immigration office. Last year aliens from 79 different countries were arrested in Atlanta. Most were negroes from the West Indies in the Caribbean. Others were asians from India, Turks, Ghanans and Thais. Many are students or visitors who simply disappear into the community when their visas expire.

Gen. Leonard Chapman head of the immigration service states: "The desire for persons from poverty-ridden nations to come to this country to find jobs and enjoy the benefits of this great nation is overwhelming. There is literally no hardship they won't endure or price too high for them to achieve their goal."

Gen. Chapman reported that last year alone 9,600 smugglers of aliens were arrested. These vultures charge the aliens from \$700 to \$4,000 to get them into the country. One criminal on the Mexican border had arranged 3,500 fraudulent marriages at a price of \$1,600 each. A few women would marry many different men. One couple was found in which the Latin woman had married 15 men and her real husband had wed 6 women to make them "citizens by marriage."

URGENT ACTION NEEDED

Gen. Chapman states that: "We are seeing only the beginning of a flood — a human tide that is going to engulf our country — unless something is done to stop or at least slow it." Without improved controls against illegal immigration, this nation will sink under the weight of never ending hordes of non-White welfare cases!

ASIANS SWARM INTO ATLANTA

Just a few years ago it was a very rare sight indeed to see an Asiatic on the streets of Atlanta. Now it has become quite common. Jae Nam, the head of the growing Korean community in Atlanta, stated that when he first came here in 1969 he was almost the only Korean in the city. Now he says there are over 3,000 here. Most are young and in the market for interracial marriage with Whites. Nam says they have their own church on Wieuca Rd., in which the services are conducted in Korean. He says this helps keep the Korean language alive.

Atlanta also has a growing Chinese and Philippino community. There is an estimated quarter of a million Asians from India here in America. Some entered from Uganda when all non-blacks were expelled by negro leader Idi Amin. They are small shopkeepers and are found everywhere in New England operating newsstands, hot dog stands, pretzel stands, etc. Asians particularly are willing to work long hours for low cooley wages and thusly have been able to force many Whites out of such lines of business.

Puerto Ricans Overrun New England

Few people realize the fact that over half the population of Puerto Rico now resides in America. They are descended from African slaves and can only be distinguished from our own blacks by their Spanish accent. An article in "The Advocate" published in Holyoke, Massachusetts describes the blight they have caused in one typical community.

"The Advocate" states that a common saying among the local White residents is that "Holyoke was a beautiful city before the Puerto Ricans came. We should send them all back."

The 7,000 Puerto Ricans in Holyoke make up 11% of the city's 45,000 population. Not long ago this was a very peaceful all White community. Many of the Puerto Ricans moved to Massachusetts in the first place because of its very high welfare payments. They brought with them the high crime statistics and residential filth which plagues all negroidal neighborhoods. Writer Susan A. Garvey of The Advocate says that local Whites consider Puerto Ricans to be "criminals, welfare recipients, dirty, crazy, etc."

Police report daily incidents in the small city of Holyoke. The Puerto Ricans are arrogant, insolent, and protect their own kind when they break the law.

Miss Garvey reports that their attitude toward work is described by a Puerto Rican's statement which seems typical: "I get free groceries, a houseful of furniture, I don't have to pay rent, and I get all these dollars. Why the hell should I work?"

Some 30% of the population in Puerto Rico is unemployed and over half received some form of welfare aid provided by White taxpayers on the mainland. High welfare payments in New England draw this parasitic element to these states.

Police Chief Sullivan has charged the Puerto Rican community with complicity in the recent death of Patrolman James Gatzounas. He sought to quell a domestic disturbance in the Puerto Rican area. He was attacked and disarmed by three young Puerto Ricans. They then proceeded to stomp the officer to death. His ribs were broken and skull crushed. Chief Sullivan said that the most frightening aspect in the case was that a large number of Puerto Ricans gathered to watch the grisly spectacle. They shouted with glee at a man being kicked to death. No one went to his aid or gave evidence to other police when they arrived on the scene. A local Puerto Rican activist, Leonard Polletta, charged that Chief Sullivan was a "Racist" for blaming Puerto Ricans. Still officer Gatzounas would be alive today if these people had any sense of compassion or civic responsibility.

Jews Main Group Pushing Busing

WHO IS BEHIND FORCED BUSING?

Many federal judges have been involved in making unjust and tyrannical busing orders who were not Jews. These include the notorious Judge James Gordon in Louisville, Judge Gariety in Boston, and the Lebanese Judge Meridge in Richmond, Va. At the same time some of the most extreme plans have been pushed by Jewish federal judges. The one big difference is that these Jewish judges have had the 100% cooperation of every single Jewish organization in their community.

It was the Jewish State Judge Alfred Gitelson who first ordered massive busing in Los Angeles. Immediately after his decision, eight Jewish community organizations filed support briefs with the Calif. Court of Appeals upholding Gitelson's ruling as "an appropriate remedy to end serious racial discrimination." The "friend of the court" action was sponsored by the American Jewish Committee, American Jewish Congress, Anti-Defamation League of B'nai B'rith, Board of Rabbis of Southern Calif., the Jewish Community Relations Committee, Jewish Labor Com-

Jewish Judge Stanley Weigel first ordered integration of San Francisco schools.

Jew Attorney Irvin B. Charne masterminded the Milwaukee busing case.

Jew U.S. Judge Stephen Roth first ordered the massive Detroit cross-county busing plan.

Jack Greenberg, Jewish head of the "NAACP Defense Fund," guides all busing cases before Supreme Court.

fill up said empty spaces. Berwyn, Ill. school officials said they opposed the plan and such students would have to pay tuition.

Anti-busing rallies have taken place in Chicago even though there is no court ordered busing. At one rally in Hale Park a placard carrying demonstrator said: "We just want the government and school authorities to know before it starts just how we feel about busing." State Rep. Robert Terzich told the crowd: "We are against forced busing that's rammed down our throats."

Alderman William Lipinski told the cheering throng: "I am unequivocally opposed to forced busing. It has led to chaos, poor education, and violence, and we don't want that here. We don't want any social experiments. This is not a socialist state. It is a democratic republic."

State Sen. LeRoy Lemke charged that many government officials who order busing, such as judges and HEW officials, are not elected. "Let the Supreme Court judges stand up for election and see how long they last."

Dallas, Texas is supposed to be one of the two "model" busing cities. There has been violence involving the 17,328 pupils bused. Parents have been shocked to discover that the city had to purchase 352 more buses at a cost of \$7.3 million a year to the taxpayers — money desperately need for the schools. Whites are rapidly moving out of Dallas and now make up only 41% of school enrollment, blacks are 44% and Mexicans 13%.

St. Louis, Mo., like Chicago, is closely watching Cleveland and Los Angeles to see if the White working class will accept forced busing. St. Louis schools were ordered to bus back in Dec. of 1965 but nothing has happened yet. The district is 71% black and 29% White. The Whites live on the south side and the blacks in the north and northwest. The school board has declared that the suburbs must be included in any busing plan, otherwise massive White flight would empty the city of its remaining Whites. Thus far, no one has dared to implement busing because of the feared wrath of the people. Right now they are working on a busing plan involving 6,000 children in junior high schools. Much resistance to any form of busing is expected in St. Louis.

Detroit busing has been a colossal flop and almost 30% of the small number of Whites left have moved across city lines. Many of the 100 buses especially purchased for busing are all but empty.

Des Moines, Iowa has not been ordered to bus but a leftist Supt. of Schools, Dwight M. Davis, has ordered that no school have more than 33% minority enrollment. He suggest merging Findley, Moulton and Oak Park schools.

Whites are unanimously against the plan. Over 150 attended a meeting to protest at the North High School. Mrs. Linda Smith of 3935 — 15th St. said: "All the White people who can will move. Why consider measures that will drive families out of Des Moines?" Others said the black ghetto will grow and spread if Whites are forced to leave.

Milwaukee, Wisc. taxpayers have been "ripped off" by their "dogooder" busing planners. The city brought in John A. Gronouski from the "Lyndon B. Johnson School for Public Affairs" of the University of Texas. Gronouski is a well known alcoholic who has been arrested for drunken driving. He was paid \$50 an hour to plan forced busing for Milwaukee. This Marxist is so radical he has actually stated that forced busing was the "core of my religion." You can't get much more extreme than that!

After only three days of work, this great "humanitarian" Gronouski billed the city \$1,550.00 for his "services." The NAACP civil rights lawyer, Lloyd Barbee, must also have had larceny in his heart because he took advantage of the court's order that his fees for representing blacks be paid for by the city — his bill came to a whopping \$677,587. The city refused to pay that much but it still proves that forced busing is also a financial ripoff of the taxpayers.

mittee, National Council of Jewish Women and the Union of American Hebrew Congregations. This included every important Jewish organization in Southern California.

San Francisco school integration was first ordered by Jew Federal Judge Stanley Weigel. This was in 1972 and as a result there has been massive White flight from San Francisco and the school population today is majority non-White. Even before the date Weigel had

the transportation of 85,000 children from the mostly White counties of Wayne, Oakland and Macomb into negro Detroit. This would have cost millions and forced the purchase of 350 more buses along with the great mental and bodily harm which would come to many of the White children. Judge Roth was born in Hungary of Marxist Jew parents. He was appointed a federal judge by President John F. Kennedy in 1962. Roth's ruling was so radical that even the Supreme Court thought he went too far and reversed him. Jew

already faltering attempts to desegregate schools in the northern and border states . . . and would divert the country from our national goal of an integrated society."

This clearly shows that the major Jewish organizations in America are united in their public support of forced busing. Another extremely interesting report appeared in the "Detroit Jewish News" and was headlined "Study Shows School Busing Has Little Affect on Jews." It went on to state that the Jews long ago moved into exclusive areas of the suburbs. Others send their children to the hundreds of private "Jew Day Schools" which have sprung up throughout the nation.

"The Detroit Jewish News" added that in 5 cities studied very few Jews were being bused. These cities were Louisville which has a population of 5,000 Jews, Boston with 180,000 Jews, Pittsburgh with 45,000 Jews, Wilmington, Del. with 8,500 Jews and Detroit with 80,000 Jews. What is even more important is the part of the study which states that: "Jewish communal involvement (for busing) in the five cities has ranged from active to keeping a low public profile on the issue. The most intense Jewish participation in the five cities appears to have taken place in Boston. The Detroit Jewish Council has Lewis Grossman on the Coalition for Peaceful Integration which is financed by a federal grant."

While Jews want all other races mixed they do everything within their power to see to it that Jews marry within their own fold.

Last but not least we must cover Jew Jack Greenberg who has been head of the NAACP Legal Defense Fund ever since the Supreme Court first handed down its infamous integration decision in 1954. Greenberg has personally masterminded every single important integration and busing suit which was appealed to the Supreme Court. When schools opened last September, Jack Greenberg wrote an interesting article on busing for the "New York Daily News" of Sunday, Sept. 12, 1976. It said in part:

"Race is the real issue in busing and not distance . . . a White woman dared to reveal her reason for opposing busing, she said: 'it's not the distance; it's the niggers.' Opposition to busing is opposition to racial integration. Without busing there can be no meaningful integration in the larger cities. We do not see them fighting for racially integrated low income housing in the suburbs . . . Busing has not been tried in cities like New York and Chicago where White opposition is strong. Jimmy Carter had his daughter Amy in a predominantly black school in Plains, Ga. and will place her in a mostly black school in Washington, D.C. Such examples to the people will help."

Jewish group tells Congress 'End anti-busing amendments,'

NEW YORK, Oct. 16 — The American Jewish Committee has called on Congress to remove anti-busing amendments adopted by the Senate from an appropriation bill now being considered in a House-Senate conference committee.

They would prohibit HEW from providing local school districts with any federal funds where children are being bused to a school farther than the one closest to their homes.

In calling for the removal of these amendments, AJC executive vice president Bertram H. Gold

told members of the conference committee, that the amendments, if maintained in the bill, would "gravely endanger already faltering attempts to desegregate schools in the northern and border states."

Gold declared that "we neither ignore nor minimize the many practical difficulties involved in achieving quality integrated education. But these amendments will compound those difficulties and will divert the country from our national goal of an integrated society."

Roth and his allies had to finally settle for the North Detroit busing plan which is rapidly driving all the Whites out of the city.

In Milwaukee, the Jewish lawyer, Irvin B. Charne, was the architect behind the Milwaukee busing plan. Along with Atty. Lloyd Barbee, he formulated the busing and integration demands which were finally approved by the court. Charne is a former president of the Milwaukee Jewish Council and is now president of the Milwaukee Jewish Center.

Jews For Busing Nation-Wide

On this page we reproduce an article which is self-explanatory. The powerful American Jewish Committee in New York has called on the Congress not to approve any anti-busing amendments. Bertram Gold, representing the group, said in part that said amendments would "gravely endanger

ordered that no White School personnel be hired by the school board until the employment of non-Whites became a majority. Even the "Los Angeles Times" stated that Weigel was a most abrasive judge who was despised by lawyers who had to practice in his court. The Times stated: "Many attorneys who have appeared before Weigel have been the victims of his frequent scathing lectures in court and consider him irascible, tyrannical, and unnecessarily demeaning in his treatment of them."

This is the kind of man who has been responsible for the destruction of our public school system throughout America. They are arrogant, insolent federal judges whose attitude is — "the public be damned!"

"Wilmington 10" Case And Leroy Gibson—

(Continued from Page 1)

Wilmington riots broke out on Feb. 5, and 6, 1971.

Hall detailed how negro agitator Ben Chavis had urged black youths at "Gregory's Congregational Church" to fire bomb a local grocery store owned by Mike Poulas. After they burned "Mike's Grocery" Ben Chavis led the black mob in firing on police and firemen who came to put down the disturbance. The firemen were hemmed in by the fire and two more houses burned to the ground. One officer was wounded and one negro shot dead by police.

Ben Chavis was sent to Wilmington, N.C. by the United Church of Christ. He was accompanied by Miss Anne Sheppard of the federal Office of Economic Opportunity. Chavis began holding meetings of young blacks demanding more black studies in local schools and a holiday on Martin Luther King's birthday. Hall testified that Chavis had urged the mob on with shouts of "we're going to show these crackers that we mean business."

Now Hall has changed his testimony and says he lied about Ben Chavis! He went on the CBS "Sixty Minute" Show and claimed he had lied. He says that he helped frame Ben Chavis. All this was broadcast on the Mike Wallace, and Morley Safer, Sixty Minutes Show. Both are left-wing Jews. This is part of the national movement to free the "Wilmington 10." Every time some radical black revolutionaries are arrested or imprisoned, there is always a "National Committee" organized to free them. According to the Jews, they are always victims of "vicious" Whites and of course they are innocent!

Even U. S. Atty. Gen. Griffin Bell has been dragged into the case. He had a federal grand jury investigate the case and turned the information over to North Carolina Atty. Gen. Rufus Edmisten. It is obvious that the Justice Department believes that Ben Chavis and his cohorts should be exonerated. On May 9th a hearing will be held on whether or not they will be given a new trial. This editor has in his possession a copy of a letter by Hall describing how Ben Chavis murdered a Whiteman in Wilmington. Nothing is said about this in the news media. No doubt all charges against the Wilmington 10 will soon be dropped and they will go scott free. It should be remembered that the U.S. Supreme Court felt that their case had so little merit that they refused to even hear their appeal. Usually they bend over backward to hear radical negro cases.

Leroy Gibson Is Still In Prison

"The Wilmington 10" were able to drag their case out in the courts for 5 years. They only entered prison this past December. During this same tense period, Leroy Gibson, head of the "Rights of White People" organization, was arrested under highly unusual cir-

cumstances. He was charged with bombing a communist book store just outside the gates to a Marine Base, Camp Lejeune at Jacksonville, North Carolina.

Mr. Gibson was sentenced to 10 years in prison for illegal possession of explosives. The facts in the case show that he was arrested some three days after the bombing by federal ATF agents. They refused his request for a lawyer or witnesses and forced him to submit to a palm swab test. They wipe the hand with a swab of cotton and then use laboratory tests to find specks of nitroglycerine. They claimed they found the "speck" and during Leroy Gibson's trial the Justice Department claimed that this constituted a "bomb!" Believe it or not, a jury actually went along with this theory and convicted Mr. Gibson.

Leroy Gibson will have been in prison three years this coming December. He is incarcerated in the Atlanta Federal Penitentiary. His case is right now being appealed on the grounds that similar cases have held the palm "TLC" tests are not acceptable evidence in courts of law. This was verified by an expert in this work, Mr. W. A. Bridgers, Sr., President of the "Aqua Service Division Testing Laboratory," of Wilson, N.C.

ATF officials have now admitted that the swab palm test is not valid after 60 hours have passed and that the situation must be "ideal" even after 36 hours. On top of all this the prosecution has now admitted that they have lost the swab of cotton which was used as evidence to convict Mr. Gibson!

There is no cry in the daily press of North Carolina for freedom for Leroy Gibson. On the CBS "Sixty Minutes" show they actually used film clips of Leroy speaking to a White crowd and stated that he led the White opposition to Ben Chavis. Nothing on the Sixty Minutes Show show reported anything about the fact that Leroy Gibson is still in prison TODAY!

Leroy Gibson is a completely innocent man. All the evidence now available shows that he was the victim of a despicable frameup. He should be free and back at home with his wife Virginia and their 5 lovely children. On the other hand the Wilmington 10 are guilty and 38 prosecution witnesses attested to this fact. Yet, the national news media, the U. S. Communist Party, and, yes, even the Justice Department itself are calling for freedom of the revolutionaries known as the "Wilmington 10."

There is no call for justice in the Leroy Gibson case. He continues to languish in a federal prison. His attorney, William J. Morgan of Jacksonville, N.C. filed an appeal on the new evidence concerning the invalid use of the swab palm test in Mr. Gibson's trial. A three judge federal appeals court in Richmond, Va. agreed to hear his case. BUT THIS WAS 20 MONTHS AGO!

Busing Doomed To Failure

WHY BUSING WILL NEVER WORK

Almost everyone is against busing except a small number of radical Marxists. So-called pro-busing marches and meetings never draw more than a handful while anti-busing demonstrations have drawn thousands. All polls report the vast majority of the American people, including most all politicians, claim they are opposed to forced busing. STILL THE PEOPLE ARE COMPELLED TO BUS THEIR KIDS — EVEN AT THE POINT

OF A GUN!!!!

Studies show busing will not work! The following are brief summations from reports we have recently received which were not carried by the news wire services because they would damage the cause of forced busing.

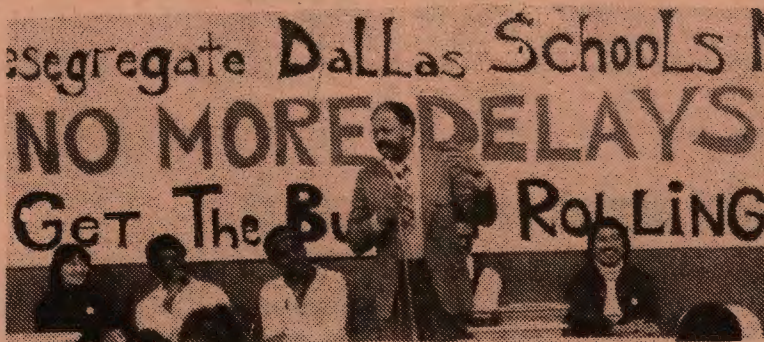

1) Sociologist David Armor, a senior social scientist at the Rand Corp in Santa Monica, has released a study on the results of busing in Boston, White Plains, N.Y., Ann Arbor, Mich., Riverside, Calif., and New Haven and Hartford, Conn. His findings are

2) The New York Legislature's "Commission To Study Educational Unrest" released a 194 page report which said racial integration had caused "discord, friction, polarization and unrest." Such unrest, they added, resulted in an astounding "50% student dropout rate." The report said these dropouts turned to drugs, robberies, formed gangs and engaged in other anti-social behavior. School violence caused "fears and emotional trauma" which hinders the educational process.

3) England has been engulfed with "colored" immigrants since W.W. II. Their number is now approaching 4 million and entire communities which not long ago were all White are today mostly colored. Southall and Bradford are areas where busing has been tried in an effort to duplicate the American experiment. Andrew Stepen of the "Daily Telegraph" who quotes Tom Rees, deputy director of the Runnymede Trust, says "absolutely nothing can be said in favor of the policy of busing."

Stephen found that: "At least 75% of the headmasters interviewed in the Inner London Education Area thought that academic standards were adversely affected by the presence of non-English speaking pupils. Some local authorities, such as West Bromwich have tried busing, but are now phasing it out. Others are Blackburn, Huddersfield, Luton and Walsall."

There can be no getting around the basic truth that there is an hereditary difference existing between the races. When such opposite racial groups are forced together there can be but one end result — friction, violence, and the cessation of education!

DALLAS, TEXAS, NAACP Pres. H. Rhett James addresses pro-busing rally supported by the Communist Socialist Workers Party.

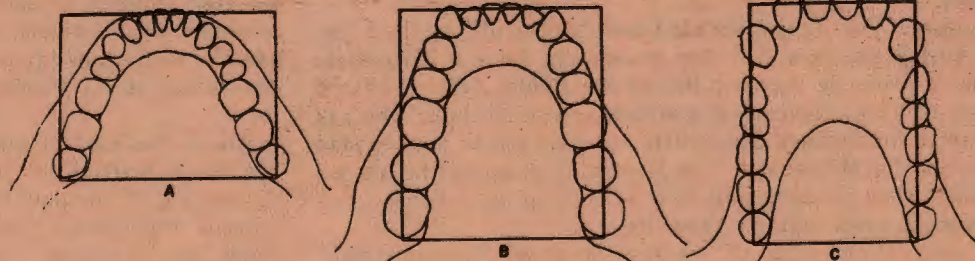

As we go to press no date has been set for his hearing. Federal Judge Larkins in New Bern, N.C. told Mrs. Gibson that he never has heard of an appeal taking more than 18 months to be heard — BUT GIBSON STILL LANGUISHES IN PRISON!

Everyone in the media and government wants the "Wilmington 10" exonerated but not one word is said about the tragic fate of Leroy Gibson and his family. It should be noted that the "Patriotic Legal Fund" P. O. Box 1211, Marietta, Ga. helps support Mrs. Virginia Gibson and her children. We aided with his defense and have sent the family \$200 every month since Leroy was imprisoned. Your additional contributions for this fund are invited.

In the meantime we urgently urge Thunderbolt readers in North Carolina and Virginia (where his appeal will be heard) to mass distribute extra copies of this issue of The Thunderbolt and help us awaken our people. Public demands must be made for the freedom of Leroy Gibson so that he may obtain justice. Freeing the "Wilmington 10" is an outrage in light of the treatment Mr. Gibson has received and we cannot allow this injustice to go unchallenged.

WHAT ARE SACRAL SPOTS?

90% of Negro and Mongolian babies have on their backs when they are born, dark brown spots varying in size. These are known as "Mongolian" or "sacral" spots. They disappear in three or four months. What these spots are and what causes them nobody knows. Can it be that they are atavistic, reverting to a primitive type — similar to the white spots which we see on the backside of monkeys at the zoo?

News Of Sub-Human Races Suppressed

Two-Toed Tribe

(Below reproduced from "The San Francisco Chronicle" of Sept. 21, 1969)

COPLEY NEWS SERVICE is known worldwide for accuracy yet this story was censored out of other daily papers.

Extraordinary News Of Unusual People

By George Nicholas
Copley News Service

Salisbury, Rhodesia

REMARKABLE evidence of the existence of a strange tribe of two-toed people who can run like the wind on a staple diet of honey, corn and mushrooms, has been obtained by a few European travelers who independently ventured into the wild, tsetse-infested region of the steaming Zambezi Valley on the remote northwestern borders of Rhodesia.

For many years the existence of the tribe has been regarded by most Rhodesians as simply a sundowner myth and a topic to get strangers talking at social functions.

The first concrete proof of their existence has come in the form of X-ray photographs showing the splayed feet. The plates were taken in Salisbury by a radiologist when a hunter, fascinated by the peculiarly shaped feet of one of his black carriers, brought the man with him on his return from the region.

The man was later taken back to his habitat, but left behind him an anthropological controversy, with some leading specialists contending that the case was an isolated one of a deformity known in America and Britain as "lobster feet." Others held an equally strong view that the splayed feet were hereditary.

★ ★ ★

THEN a pilot, Flying Officer Mark McLean of the Royal Rhodesian Air Force, produced a photo he had taken of a member of the Vadoma tribe inhabiting an area west of Kanyemba, a remote Rhodesian outpost between the Portuguese border and the confluence of the Hunyani and Zambezi rivers. The photo clearly showed a two-toed tribesman with feet not unlike those of an ostrich.

"I know of two of them at Kanyemba. One is seen fairly regularly near the airstrip. They are shy, expert trackers, and their tribe lives in the hills between Kanyemba and the Chewore river," said Flying Officer McLean.

★ ★ ★

ANOTHER to produce a photo of the two-toed tribe is Goggie Olsson, a borehole engineer of the Midlands town of Hartley. He says he first heard of the tribe many years ago when he was working in the valley. After making many attempts to find the tribe, he eventually surprised a group of 50 or 60, who fled from him at fantastic speed.

"They don't climb trees," he said. "They run up them. I am convinced they can outrun and outclimb baboons."

A former Rhodesian miner, "Buster" Phillips, who now lives in Salisbury, had a two-toed tribesman working for him while he was mining mica in the Mpata Gorge near the river town of Feira. He claims he met several of the tribesmen in the area.

"These sturdy two-toed men spoke in a corrupted Chinyanja dialect and told me they lived in the hills," he said. "It seems their staple diet consists of honey and mushrooms, although they also grow some corn up in the hills."

Phillips says the tribesmen have normal feet but, instead of the normal five toes, they have two, one bigger than the other and splayed.

"The men were about six feet tall, very shy and reticent. The first group I saw were up a tree. As soon as I got near them in the small clearing they were down and off. Their speed over the rough ground was astonishing; they ran like the wind."

It was some time before he saw them again but when he did he examined their feet.

★ ★ ★

A MASHONA tribesman who worked in the area for two months and is now also living in Salisbury has confirmed the report by Phillips. The man, Linos Mozozo, says he came across the tribesmen in the wild hilly country "when they were looking for honey in the valleys. Some of them could understand a little Shona and told me they occasionally traded dried caterpillars and other foods for cloth with the Zambezi fishermen."

Mozozo says the two-toed men wore a piece of loincloth which they fastened around their bodies with gut. He tried to find their villages high up in the hills but there were no paths to guide him and he came to the conclusion that the tribesmen deliberately took a different route each time they came into the valleys.

They also claim that Vadomas have no fixed villages but live in caves, trees and ant-bear holes; and that they can creep up on a man without being noticed. Occasionally they venture from their wild domain to find a wife among nearby tribes.

★ ★ ★

OLSSON, the borehole engineer, disagrees with the claim that toes are removed from babies. "Their toes are definitely not chopped off nor affected by any disease," he says.

"Their bone structure is quite different from the normal because their feet split high up on the instep and splay out in two big toes like an ostrich foot." He says the toes of the tribesmen he saw were the size of sausages.

"I believe that the youngsters of this tribe have a web between their toes from birth until they grow up and start climbing trees. Originally the tribe probably lived in swamps and marshes far up the Zambezi Basin and later trekked down to avoid civilization.

Another view of the two-toed tribe comes from a former history lecturer at Rhodesia's university, D. P. Abraham, who claims he met the Vadoma some years ago, spoke with them and studied their history.

"Their condition is actually an environmental asset," he said. "They can outrun any five-toed man because they can get a much better purchase with their feet. The condition is definitely hereditary."

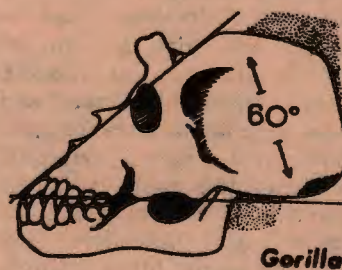

Negro Vadomas' feet are similar to Ostrich feet.

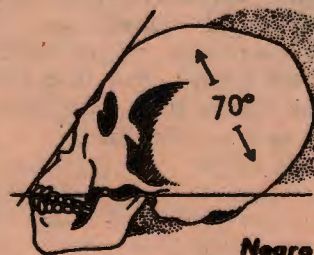

A RARE PHOTO of one of the two-toed tribesmen. They can run like the wind. (Note Archaic facial features, clothing was loaned for photo, animal skins are regularly worn.)

DIFFERENT RACES ON EARTH

For the first time we reproduce in full the original "Copley News Service" article by George Nicholas on the two toed Vadoma tribe in Africa.

We have published the photo of the two toed negro in the past but not the full article. It should be stressed that Copley News Service is an international agency of foreign correspondents and has one of the highest reputations for accurate journalistic reporting. This article "was first published by the "San Francisco Chronicle" on Sept. 21, 1969 and this is a reproduction of that exact article. It should be stressed that very few daily papers ever carried the story although it was a super-sensation. It was quickly suppressed. Never again has the Vadoma tribe ever been mentioned on TV or in any magazine.

The vadoma are very primitive; they have no housing, written alphabet, or even clothing.

Note the other skull photos on this page which show that the negro facial angle is 12 degrees less than that of the Whiteman. Thus, the frontal lobes of the negro brain are severely restricted in their development. This is the area in which the intelligence and reasoning centers of the brain exist.

Another interesting comparison is the "Basic Retangle of the Mandible." This shows the rectangle of the jaw of the negro to be much closer to that of the Chimpanzee than to the Whiteman.

One reason why negroes excell in prizefighting has been tendered by Prof. Mildred Trotter who wrote on the subject of morphological skeletal differences between the races that: "The bones of the Negro skeleton are denser than bones of the White skeleton."

The "Sacral Spots" are another phenomonon which exist only in the negro race. The very same sacral spots are found on the backside of monkeys. (Note illustration on page 4.) What all this proves is that the negro race is very primitive. Reknowned anthropologist Dr. Carlton Coon states that the negro race is more than 200,000 years behind the White Race in development. There can be no doubt that interracial marriage with such sub-beings can only cause the regression of the White Race. If interracial breeding becomes widespread, then it could possibly stunt all further development of civilization. It is a serious reflection on our nation's goals when our U.S. space exploration program is curtailed by the government so that this money can be spent on the welfare and poverty aid programs.

Remember that downbreeding with lower races results in the pollution of the creative genes of the White Race.

"Suppressed News" From Inside South Africa

True "Black history"
And "Black Culture"
In Africa

We here in South Africa read your newspaper with great understanding in our hearts. Since the American government does not have the wisdom to see that the white and black and coloured races are different from one another and tend to kill one another if there is too much contact, you Americans are having to carry the brunt of the nature of the blackman. Our people, the white Boers (descended from German and Dutch settlers in 1700, and all Protestant Christians), have had a long history of strife with black tribes. If the blacks weren't murdering our women and children brutally, they were being put up to it by misguided missionaries, such as in the case of Piet Retief, a Voortrekker (pioneer of Boer stock) who tried to make a settlement with the brutal Dingaan, king of the Zulus, who lured Piet Retief and his men into his village where they were brutally murdered by thousands of black tribesmen.

The blackman is so completely different from the white, that it is difficult for a white man to understand their ways and it is always better to avoid contact with them. The South African blacks are very well off, because we keep feeding them food and other necessities in their own homelands. Two of their tribes (there are many different tribes here) have already gained their own independent homelands, namely the Transkei and the Tswana peoples. One thing the white man in America refuses to acknowledge is the fact that the tribes among themselves are extremely cruel to one another; it's their way of life. They do not think it is cruelty to kill other tribal men, because they are only loyal to people in their own tribes and they consider people who cannot or refuse to defend themselves, WEAK.

Idi Amin of Uganda, whom everyone in the West now denounces as the "cruel ruler of Uganda" is a big hero among the blacks here in South Africa, because he is the strong man who shows white people where to get off. He threatens the English, and they have to go on their knees to him. He threatens the Americans, and President Carter prays for him. No wonder that Idi Amin can get away with murdering thousands and thousands of members of other tribes. And this is nothing new, believe me! When the White Voortrekkers (the Boer Pioneers) were trekking north to Natal, they found nothing but burnt homesteads and rotting bodies, because Dingaan had murdered all the surrounding tribes and carried off their cattle. This is their way of life. Another famous cruel black leader is Mosilikatse, who was so saddened by the death of his mother that he had 500 women thrown off a cliff so that she would not be alone in the hereafter.

In the more modern times, we

BEAUTIFUL Johannesburg, South Africa, will be lost if Black take over.

still have many problems facing the whites in South Africa, because the blacks now appear to look more "westernized", but this is only a very thin veneer. If it wasn't for the black woman, the black tribes would have died out long ago. They work and bring in money. Above all, they breed rapidly, they usually have one child per year. The black man only has two passions: to gamble and to drink. He buys his women, even today, through the "lobola" system, which means that the women are owned by their fathers until their husbands have paid for them. All these customs, and there are many, many more which are totally incomprehensible to the whites with their history of Christianity, are still maintained today! The South African government encourages the different tribes to maintain their own tribal backgrounds, because if you allow them to "detrribalize" in other words, become a black without a background, then they become thieves, murderers and very unhappy. Those detrribalized blacks are called TSOTSIS here, which in their languages mean MAD DOG.

These mad dogs we have owe a fair share of thanks to white dogooders who think they can bring Christianity and Western ways to these unfortunates and make their minds more confused than ever. We have a perfect example of this problem in the township of Soweto where the Jewish mine magnates have brought their black miners without considering their tribal backgrounds. That's why, if there is trouble in South Africa, it will always occur in Soweto first, because there, many of the blacks are detrribalized."

One of our chief problems is the Jewish Oppenheimer family which owns most all of our diamond and gold mines through their "De Beers Anglo-American Corp. They use their great wealth to promote integration of the races.

Israel's Influence Over South Africa

Many of our friends also read Thunderbolt, and we truly wish that you would put in a bulletin about what is really happening in South Africa on a regular basis. If you like, I will send you what I know. I enclose a newspaper clipping which will

tell you what is really going on in South Africa at the present time. We Boers are fighting for our very survival, because our Government has been sold out to the Jews. Do you know that our head of the Bureau of State Security (we call it BOSS), is General van der Berg, and that he considers his best friends to be Jews? He suffers from migraine headaches, and even had treatment for it at MAYO clinic in the United States. Recently, he went on a secret trip to Israel, and upon his return he had to be carried from the plane because of his migraines. The Jews were very unhappy about this, because now everyone knows he was in Israel. We know about this because his brother, who works at the T.V. towers in Brixton Johannesburg as head of security, and let the cat out of the bag! So how can we expect a fair treatment from the head of State Security if he considers his best friends to be Jewish?

Thank you.

Negroes Chief Cause Of Crime In England

ENGLAND AND AMERICA
HAVE THE SAME
PROBLEM

Editor, The Thunderbolt:

A copy of The Thunderbolt has recently come into my hands, and I would like to congratulate you for producing such a well laid-out, courageous and informative newspaper.

I was particularly pleased to see that you found the space to devote a whole page to the National Front (of which I am proud to be a member) in spite of the enormous problems facing your own Nation. Apart from our own publications we do not receive such an amount of favorable publicity in Britain in a year: many thanks.

As you so rightly stated, mugging is rife in London now. The police recently revealed that over 80% of these attacks were committed by blacks upon Whites. They then duly had their

knuckles rapped for disclosing this fact, on the grounds that it was not "in the interest of furthering racial harmony."

The London police force as a whole is seriously undermined, as it has been for some time, but you may be interested to hear that the London Borough of Brixton now boasts a force 200 men stronger than its officially allocated level. And who lives in Brixton? Why, the sunny West Indians (Negroes), man, who do so much to "enrich our culture." (We see them on TV with nauseating regularity, banging sticks on empty oil drums — this being the only "culture" they appear to have developed thus far.) Alas, poor London.

My thanks once again for producing such a fine newspaper.

With Best Wishes,

Blacks Admit They Are "Racists"

WHITE DANCER BARRED
FROM AFRICAN FESTIVAL

A White girl, 26 year old Mari Winsor, joined a 300 member negro dance troupe and flew 6,000 miles to Nigeria. There she was to have performed in the World African Festival of Arts and Culture. Once there her director told Miss Winsor that she would not be allowed to dance because she is White. Negro Carole Morisseau of Detroit said that "Of course it was racism but I was under extreme pressure from other members of the troupe. There were insinuations of violence and nasty remarks. I would do it again under the same circumstances."

Miss Winsor said that she was ostracized and even had to eat her meals alone. She said that she gave up teaching lessons which would have earned her \$500 when she decided to make

the trip. Perhaps this will be a lesson to Whites who have been lulled into supporting race mixing. In reality they are not welcomed in the Black community and most certainly will not be approved of by the White community. Separation of the races is a natural instinct and its violation goes against the laws of God who created the vastly different races on this planet.

... Larry Goldberg of the ACLU is trying to locate all 1,300 Marxist pro-Vietcong demonstrators who rioted in Washington in 1971 trying to close down the U.S. Government. Goldberg's group won a suit against the government for \$10,000 for each of the arrested 1,300 rioters. Only 800 have picked up their \$10,000 awards thus far and he is trying to locate the others. We law abiding taxpayers are footing the bill, of course.

Race Survival Is All

I recently had a most discouraging discussion with a White Aryan. He is an Irishman, about 45 yrs. old, tall and lanky. I just could not convince him that the offspring of a black/white union are forever more non-white! He said, "No, you're wrong, they are just browner!". Such blockheads constitute a far greater threat to White survival than any number of Jewish traitors or black breeders!

As we become more and more riled over the dissolution of America, we should recall the late Mayor Daley's dictum for handling opponents — "Don't get mad, get even!"

NSRP MEETINGS COAST TO COAST

The National States Rights Party held a series of meetings recently in California. Ray Reimer, NSRP Organizer in the San Francisco Bay Area turned out a standing room only crowd to hear Party Secretary, Dr.

Edward R. Fields, speak out on the subject of how best to reach new people with our message. Mr. Reimer and his co-workers have been engaged in massive distribution of extra copies of The Thunderbolt.

San Diego NSRP supporters met with Dr. Fields and Robert

Rhody to plan new activity here where the city faces busing for the first time. Local supporters are going to distribute this edition of the Thunderbolt in the area to awaken new people.

Los Angeles friends of the NSRP packed a meeting hall at the Holiday Inn in Glendale. An anti-busing campaign was planned and a large number of supporters volunteered to help distribute extra copies of this issue of The Thunderbolt. Mrs. Agnes Klein opened the meeting and pledged to lead the anti-busing drive. This is the largest city in America to be hit with forced busing and recent school boycott demonstrations have proven that the vast majority of the White people there are against "busing for racial balance." In fact we thought we were back in Louisville, Ky., after we heard the comments of our people during the question and answer period. We hope to be back out for new anti-busing demonstrations and meetings soon.

Kinston, N.C. was the site of a dinner-meeting set up by Ken Poole and local area supporters. The photos of the young NSRP men in uniform on this page show just some of the youths who are joining the NSRP to work with us for the survival of the White Race. We were able to visit with Mrs. Leroy Gibson who told us the full story of the frustration she has encountered in seeking a new trial for her

husband (See "Wilmington 10" & Leroy Gibson story on page 1.) We certainly hope that the people of North Carolina will unite with us to demand justice for Leroy Gibson, especially in light of the outrageous campaign to free the "Wilmington 10" negro revolutionaries.

Dillon, S.C., was the scene of our first meeting in this small but racially aware community. A new NSRP chapter was

launched and will deliver a free literature to the doorstep of every White household in their county.

Additional meetings for next month have already been set for Louisville, Cincinnati, and Indianapolis. More will be added to the list and supporters in the areas concerned will receive special invitations through the mail.

White Resistance — Worldwide Report

Whites Sickened By Interracial Couples

Harlan, Kentucky had two divorced sisters who both believed in race-mixing. They are Vivian Couch, 29, and Carolyn Cusik, 32. Neighbors called them "White trash" because they threw interracial parties for negroes and other degenerate Whites. Local police said it was common knowledge that narcotics were used during the boisterous sex orgies that took place. Now their house of ill fame has been burned to the ground.

Sheriff Billy Williams said that it was probably arson and that "neighbors in general are to blame but they just couldn't swallow the girls life style." Sheriff Williams said that he doubted there would be any arrests because no one was seen at the site of the fire.

Chicagoans oppose interracial couples moving into their neighborhoods more than they do blockbusting blacks. Charles Sloan is White and was so depraved that he married a negress named Suzette. Sloan, 26, works for the Illinois Dept. of Mental Health (where he should have applied for treatment!)

Recently a Molotov cocktail came crashing through the couple's picture window. Much damage was inflicted and Sloan told police that he had been warned in a letter to "get out before we burn you out."

Bronx, New York has a mostly White section called Pelham Bay. Nicholas Troiano who is White, and his black wife Louise, bought a \$60,000 frame house there. Troiano said, "We haven't had a moment's peace since." Their windows have been shot out with silent pellet guns. Sugar has been poured in the gas tank of their car and rubbish set afire beside their house. Words such as "Nigger Lover Move Out" have been written on the sidewalk of their home. Troiano and his black wife do not believe in all the birth control and abortion which White people are supposed to practice as they have 6 mongrel children. Most of the opposition comes from Patriotic White youths who have gathered from time to time in front of their house to shout slogans at the debauched couple. Thus far a 15 and 16 year old have been arrested and charged with mischief — but the protests against the interracial couple continue.

It is a natural instinct for White people to seek to protect their community from interracial pollution. Race-mixing is the chief enemy of the White race along with those who promote such destructive theories. It behooves all Patriots to do everything within their power to discourage ignorant Whites from socializing with blacks in the first place because that is what leads to interracial marriage.

ALL THAT IS left of the interracial "Massage Parlor" in Lewisville, Texas.

HERE TODAY — GONE TOMORROW

Three so-called massage parlors were opened in Lewisville, Texas amidst much local opposition. They catered to the trade provided by busy Highway 121. Then one night all

three mysteriously burned to the ground. The houses of prostitution included The Foxy Lady, Body Creation, and LaCasa Massage parlor. Denton County officials said it looked like arson but they were not going to push the investigation.

White Youths Clean Up Village

PRESS SUPPRESSES NEW YORK RESISTANCE

Greenwich Village's "Washington Square Park" had become a crime center. Negro and Puerto Rican pimps and dope pushers stood on every corner. No White girl could walk through the area without fear of rape. Muggings and assaults were common. Then one night last Spring, White resentment crystallized. About 30 White youths gathered on one side of the park. They carried baseball bats, chains, and lead pipes. Then they spread out through the park and smashed every black they could get their hands on. Negroes and Puerto Ricans ran screaming out of the park. This area was once a fashionable residential area. It is still mostly White. For years now the park has been turned into a hangout for non-Whites. They occupy their time sleeping in the park, drinking booze, using and pushing dope. They attack White people inflicting serious bodily injuries on the innocent. They rob the elderly! This went on at all hours of the day or night. City officials consistently have refused to move in and protect the rights of the legitimate White residents. Today the park is a much safer place because of the action on the part of young Patriots.

Unfortunately detectives out of Jewish Mayor Beam's office posed as decent White men. They infiltrated the neighborhood and succeeded in conning a few Whites into bragging about how they cleaned up the park. Thus ten White youths were arrested. Next came the big surprise for New York leftists. Over 500 chanting, sign waving, White Greenwich Village residents gathered at Our Lady of Pompeii Church and marched to the police stationhouse on West 10th St. There the White youths were released on bond. More than 100 White supporters overflowed the courtroom. A cheer went up each time the judge released one of the youths. During the march traffic jams occurred and police had to bring in reinforcements because they were surprised by the size of the crowd of White demonstrators.

One of the demonstrators, Mary Rindino, shouted that the youths had helped the community; "They went in to clean up the park of the bums, the pimps, the pushers, the gun and knife carriers. We can't even use our own park." Another carried a sign reading, "Cops — lock up the junkies, not innocent boys."

The Communist Young Workers Liberation League later held a much smaller

FOREIGN RESISTANCE NEWS REPORTS

Overseas we find the fight against Marxism becoming much more intensified than here in America. The struggle in countries such as Argentina, Portugal, Spain and Indochina is one of life and death. Communism is on the march and the Right Wing is forced to fight against the enemy with every means at its command.

Argentina reports that two members of the Jewish family of Juan Gelman have been kidnapped by the "Argentine Anti-communist Alliance" (AAA). Gelman is in Europe in exile where he has led an international campaign of libel against the right wing Argentine government. The AAA has fought against the Red revolutionaries and killed many leaders of the enemy camp.

Portugal's socialist and communist parties are concerned about the growing activity of the "Pro-Patria Movement." It recently held a mass for the death of former anti-communist premier Antonio Salazar. Later the communist Angolan and Mozambique offices were bombed. Another group called the "Committee For The Defense of Liberty" was formed within the military and circulated literature urging the preparation of a military coup to oust the Marxists from power.

Cambodia is ruled by the murderous communist Khmer-Rouge who have slaughtered over 1,000,000 of their own people. French reporter Yves-Guy Berges entered Cambodia with anti-communist guerrillas. He found them to be strong and in control of large parts of the jungle areas. One group he was with was headed by a Col. Rithysac. His group of 100 men coordinated their efforts with others and freely entered many villages and talked with the friendly people. He quoted the Colonel as saying: "We are where the Khmer Rouge was before they took over. The initiative is now in our hands." Journalist Berges is the first Westerner to have accompanied

counter-demonstration demanding an "end to outrageous racist violence by White gangs." The Communist Daily World denounced the White youths for what they called a "vigilante attack." The Jewish editor of the communist paper Carl Winter (real name Weinstein) printed the slogan "we don't want a South Boston here."

Despite the howling of the Reds and their sympathizers more and more people are awakening to the fact that the White majority is no longer going to allow organized minorities to run over our rights! The White people realize that their backs are now up against the wall. It's simply a case of turning around, facing the enemy, and fighting for the very preservation of the White Race.

anti-communist forces inside Cambodia.

Vietnam reports that half a million people are being forced to move out of Saigon to work in the countryside. Many lives have been lost in this forced eviction. Kom Chau, 41, a chemist who left the country said that reports continue to circulate in the city that many armed forces of deposed Gen. Nguyen Van Thieu are still fighting the communists in the jungles. It is very unfortunate that our government refuses to send in aid to help them just as the Red Chinese and Soviets helped the Viet Cong during their successful war to enslave that Asian nation.

Spain is threatened with a second Civil War. A number of conservative leaders have been killed by Marxist guerrillas. Recently an advisor to the king, and member of the Council of the Realm, Maria de Araluce Villar, 59, was gunned down along with four of his police bodyguards. After his funeral a huge throng, members of the right-wing Spanish National Union Party, demanded that the government crackdown on communist terrorists.

Communist radicals have kidnapped and perhaps killed Lt. Gen. Emillio Quilis, 64, a former army Chief of Staff in Spain. Also kidnapped was Antonio de Orquijo, a conservative former Justice Minister. Then last month in counter-guerrilla warfare, two members of the super-secret underground "Fascist International" entered the office of the Communist Party in Madrid. They were described by a survivor to be in their mid-20's. They coolly ripped out the telephone wires and then opened fire with submachine guns mounted with silencers. Executed were two communist lawyers and their secretary. The struggle for freedom in Spain has boiled down to whether or not the King is going to surrender the hard fought victorious four year struggle in the civil war of the 1930s to the enemy. Over one million people died in that struggle against communism and the Patriotic Right Wing Christian forces in Spain are not going to surrender their liberty and freedom to the anti-Christ enemy without a life and death struggle.

Mississippi Chancellor George Haynes awarded 12 Claiborne County White owned businesses \$1,250,000 in damages in their suit against the NAACP. The suit was over a four year long boycott operated by the NAACP. The decision is being appealed. In the meantime the "American Jewish Congress" has offered the NAACP its legal assistance for the appeal.

Fixing the gold price in London: A reference point for the entire world

Rothschilds Set Price Of Gold

"I don't think it's unreasonable, in a world where there is so much uncertainty, to want to have a little piece of gold," says chairman Harry Oppenheimer of Anglo-American Corp., the world's largest gold miner.

The gold that everyone is talking about comes mostly from South Africa, where this year 400,000 blacks supervised by 36,000 whites mined about 799 metric tons, or about 23 million ounces, worth \$4.2 billion. That is more than half of the world's total yearly output. Six powerful financial houses run the apartheid nation's 42 gold mines, and they make a good profit mainly because of the abundance of cheap, black African labor.

The only other gold producer of consequence is the Soviet Union. Experts estimate that it mined 371 tons of gold this year.

MINE TO MARKET

Once it has been mined and refined, most of the world's new gold goes to

the markets of London and Zurich for sale. In recent years, the Swiss have displaced the English as the world's No. 1 gold dealers. But London still occupies a pivotal place in the world of gold: twice each business day, at 10:30 in the morning and at 3 in the afternoon, as they have done for more than half a century, representatives of four London bullion dealers gather at the office of a fifth, N.M. Rothschild & Sons, to fix the price of gold.

There, seated around a large table in a softly lit room under portraits of former Rothschild clients such as Emperor Francis I of Austria and King Frederick Wilhelm III of Prussia, the dealers agree on a price that for the next few hours serves as the worldwide reference point that active gold traders will use. Each member of the gold ring is in telephone contact with his home office, which, in turn, is in touch with clients all over the world who wish to buy or sell gold.

High Finance Dominates U.S.

MONEY MANIPULATORS CONTROL AMERICA

Thomas Jefferson said, "A country which expects to remain ignorant and free, expects that which never has been and never can be." The time is at hand when the American people must be informed as to subtle undermining of our money system.

There can be no Liberty without Economic Freedom — we can have no Economic Freedom without an honest money system; one removed from the controls of the International Money Changers. A people informed as to the source of our trouble can demand of Congress to restore once again a Constitutional money system.

It was Amschel Mayer Rothschild, the organizer of the Zionist International Finances, who said "... permit me to issue the credit of a nation, and I care not who makes its laws."

A careful study of this scheme reveals to us how far down the economic ladder we have gone

until today we see that, the richer we are in goods and services, the poorer we become. Today our government must go to these international money powers for its medium of exchange and then pay a billion dollars a month in interest. This is unscriptural and unconstitutional. Perhaps the greatest violation of any part of the Constitution is when "... the power to coin money and regulate the value thereof..."

was surrendered to the Money Creators. Our present Federal Reserve System is owned by private banks and use our mint to coin and print paper money for their own enrichment.

Lincoln was opposed to the "Bullion Brokers," as the international bankers were called in his day. When he persisted in demanding honest money, he was destroyed.

President Garfield publicly stated that "... the hand that controls the money supply rules the nation..." Benjamin

Franklin, perhaps the wisest man this country has ever produced, spoke out against the alien forces coming into our midst to take over the reigns of power. He stated that if we did not resist the clutches of these manipulators, before the end of time, we would be the slaves and they would be the masters.

Now we have seen that presidential elections do not necessarily solve problems. Our problems become greater as the years wear on. Today we are faced with a cashless society, with the issuance of a credit card, totaling the amount of money you make, to be computed and used entirely in place of money.

There is a provision in the law which allows the Congress the right to buy back the stock of the Federal Reserve Bank from the private banks. This is the most vital initial first step in the Congress regaining its Constitutional right to coin and print money.

WILL SOUTH AFRICA'S DOOM SEAL AMERICA'S FATE

By L. N. Hagood

Black power has become a potent world force. It was sponsored by Marxists to communize the world and by the International Money Lenders for profit on usurious loans and control of African tribal lands.

The Federal Reserve Bank flooded the banks with fiat, debt-backed credit and money. International Bankers used these dollars and eurodollars for the profit in syndicated loans to African tribal nabobs set up by the black power majority rule movement. When the tribal dictators default, United States taxpayers bail them out and pay off the bankers through the Export-Import bank, the Inter-American Development Bank, or other world lending agencies set up by Congress for foreign aid and to pay off foreign private loans to Bankers.

Recently, some of the big bank syndicate leaders have been sued for fraud by their smaller partners according to the Wall Street Journal.

Every six weeks the International Monetary Fund now holds Gold Bullion sales to dispose of 25 million ounces of gold, worth a total of 2½ billion dollars. The proceeds are to be given to a fund for the African tribal nations and to make them long term, low interest loans. The largest share of this gold was paid for by the United States taxpayer, and the scheme shows how the black power movement has been the best one ever invented to fleece United States taxpayers.

When the British Empire disintegrated with the death of its best people in the second world war, the money lenders bought up the titles of the aristocracy. The colonies were relinquished to the tribal chiefs. London remained an international trading and money leading center and sought to retain some control by advocating mongrelization, and money lending to the tribal dictators. It is now bankrupt and seeking a four billion dollar International Monetary Fund loan. But the British plan was exported to America by a shyster decree to mix races and bus school children by the late Earl Warren and his Supreme Court, and was expanded by his name sake Warren Burger, and Associates, resulting in the demoralization of education and the promotion of crime, dope and pornography, as well as worsening and degrading relations between the races in the United States.

The International money lenders caused the fall of civilized, white governments in the Congo (Belgian and French), Kenya, Nigeria, Mozambique, and Angola and stole the rich mines and resources, then turned the countries over to the Mau Mau, cannibals, head hunters, bushmen and their tribal chiefs.

Zaire has recently defaulted on over seven hundred million dollars in private bank loans which are to be rescheduled and extended according to the Wall Street Journal, meaning the United States Taxpayer will be required to pay them and all the other tribal loans of the bankers. The same situation as the New York default which is spreading to all the big cities in the United States.

The Swedes, Marxists and many churches supported the black power ideology and furnish money and arms to the tribal killers for the profit of the money lenders.

Ex-President Ford is a life-long member of the N.A.A.C.P. and a front for the Jewish money changers. Mr. Jimmy Carter is backed by the same one-world-Trilateral internationalists. Genocide, rape and murder of white Rhodesians and overthrow of their government is what is meant by "majority rule" backed by their policy.

Since Russia and Cuba have set-in on the International Bankers game and raised the ante, Mr. Carter pretends he is saving South African Whites by demanding that they surrender their freedom and liberty to the terrorism of Black Power "Majority rule"!

This sounds as fraudulent as his promise to the Rhodesian Whites to pay them two and one half billion dollars for their country, equal to less than two cents on the dollar, even if they would just move out and turn all their possessions over to the primitive blacks.

Denial of freedom of choice, association, privacy, safety and police protection to the White race in the United States and forced mongrelization, and race mixing and discrimination by judicial decree is purely shyster legislation. Such usurpation was never dreamed of by the Authors of the Constitution.

The United States is not far behind the South African condition even if it were possible to continue indefinitely unlimited welfare to pacify the rapidly expanding non-White population which is fast on its way to becoming the dominant ruling body guiding America's destiny toward DOOMS DAY!

All Civilizations Founded By White Race

WHITES FOUNDED EVERY CIVILIZATION

Author: "Clio"

Omaha, Nebraska

The historian Arnold Toynbee has said that the White Race created most of the world's great civilizations and Asiatics created the remainder.

I disagree. Considering the writings of the greatest historian of all time, Laurence Austin Waddell, it can be demonstrated that the Aryan Sumerian vanguard of the White Race created EVERY SINGLE CIVILIZATION IN THE WORLD, including those of Asia!

The Aryans are descendants of the Cro-Magnon Man of Northern Europe. Aryans in the Rhine and Danube Valleys after 8000 B.C. gradually evolved what is called civilization. Civilization is defined as a community of people doing and respecting productive work toward having a permanent means for eternally raising the quality of life.

The Aryan Master Race had evolved the language, writing, agriculture, architecture, and copper tools of the Sumerian World Empire by the time they invaded Asia Minor around 3378 B.C. In his book "The British Edda" Waddell describes the rise of world mythology as an oral history of the Aryans' 34th century B.C. conquest of Asia Minor from the Semitic Chaldeans. The Sumerians built cities like Troy, which is named after their deified king and culture hero, the Thor, Arthur, or Indra of mythology.

In 3336 the Phoenicians, one of the two Sumerian clans, conquered Mesopotamia. The later civilizations there have been wrongly called Semitic because of gradual race-mixing with the vast sea of Semitic aborigines. By 2000 B.C. Semitic Babylonian had replaced the Sumerian language, and many Sumerians had abandoned their sun cult for Chaldean moon worship. But Babylonian was written in the Sumerian cuneiform writing, and Aryan Sumerian dynasties of the Phoenician and Hittite clans ruled in the Middle East continuously from 3378 until the rise of the Semitic Assyrians in 1175 B.C.

About 3100 B.C. the Phoenician Aryans became sea-going. They settled in Egypt, Crete, Persia, and the Pakistan Indus Valley. Menes, the first Egyptian dynastic pharaoh, and Minos, the fabled sea-king of Crete, are both the same man. This greatest seafaring king of the ancient world established the first great White empire stretching in 2641 from Pakistan to Ireland, dwarfing the later Roman Empire.

In 2522 the Sumerian World Empire broke into rival states. From 2800 to 1300, Aryan Phoenician seaport city-states dominated Bronze Age civilization with their Cornish British tin monopoly.

Elamite-Persian invasions destroyed the Indus Valley

ANCIENT WHITE Aryan Sumerian ships like this plowed the seas of the world bringing civilization to India, China, Japan, Mexico, Peru — everywhere.

Pakistani civilizations. Reading Waddell's "Egyptian Civilization" book helped trigger my discovery of what happened to the refugees from the Indus Valley. I believe they fled through Sinkiang and founded the Chinese, Korean, and Ainu civilizations.

Everyone admits that Chinese mythology and pottery are similar to the Sumerian. Linguists are finally admitting the affinity between Sumerian and Chinese. Pagodas and Mesopotamian and Mexican pyramids have seven stories. The Chinese heaven is called T'ien, and is "in the southwest." Pakistan is southwest from Loyang, the first capital of China. And Tien is one of the Sumerian names for the Indus Valley capital city. The first Chinese dynasty, Hsia, pronounced Shah, sounds Persian. The Pakistan civilization ended during King Il Ibil Sin's reign of 2258 to 2232, soon before the 2205 traditional Chinese founding date.

Greek civilization arose from the struggle of two Aryan factions, Ionians and Dorians. The Dorian invasion of Greece drove the Ionians toward the Trojans' Aegean Sea and into the 12th century B.C. Trojan War. Trojan Phoenician Aryan refugees fled from defeated Troy to found Rome and Britain. Their writing was the Hittite-invented, Phoenician-spread alphabet.

These Gothic Trojans of Britain invaded Continental Europe in the 10th century B.C. and laid the cultural foundations among the aborigines for the future French, German, Dutch, Scandinavian, and Anglo-Saxon nations. About 2800, Phoenicians had Aryanized Spain and Portugal as naval bases for the British tin trade. Scandinavian Gothic peoples

civilized the Eastern European Slavs after 100 A.D. and founded Russia in 862 as a Viking domain. The Phoenician Aryan Viking spirit pushed forward after DaGama and Columbus ended the medieval lapse, and conquered the Americas, Africa, Australia, and South Asia.

The civilized, long-skulled "Nordic" Aryans of the Rhine and Danube Valleys moved through the Danube Valley into Asia Minor and the Middle East during the 34th century. Seagoing Trojan refugees from the Aryans' Phoenician clan conquered Britain about 1003 B.C., became a conquering and civilizing aristocracy in France, Belgium, Holland, and Germany after 950, and settled Scandinavia as Vikings by the 5th century B.C. Other waves of Aryan Phoenician seamen from Asia Minor invaded and conquered Chaldean "Leprechaun" Ireland and Chaldean Pictish "Pixie" Scotland during the Irish Gold Rush of approximately 1370 to 390 B.C.

The other of the two Sumerian Aryan clans was the Hittites. They created the Iron Age around 1300 B.C. They remained in Asia Minor, except for certain conquests in Mesopotamia, from 3378 B.C. until the genocidal Semitic Assyrian and in 700 B.C. founded the Ganges Valley Hindu Indian civilization. Their caste system had developed in Mesopotamia during the 23rd century B.C. Hittite Ur Dynasty.

The Chaldeanized moon-worshipping Priest caste persecuted the purer Aryan sun-worshipping Warrior caste. By 680 the Indian Warriors had adopted seafaring from their Phoenician cousins so they could escape to East Asia. They made Kiaochow the chief port of China, and triggered the 6th

through 3rd centuries B.C. Chinese Age of Philosophers, which include Confucius. I figure that in 660 B.C. they founded the Hittite imperial dynasty which still rules Japan. Today Japanese royalty have skulls longer and more Aryan than the Mongoloid commoners. Before Chinese writing was adapted for writing the Korean and Japanese languages, an Indian Aryan Sanskritic alphabet was used in Korea and Japan.

The Phoenicians' westward-most Atlantic activity was the founding of Mexican Indian civilization. The Warrior caste Hindus crossed the Pacific and became the dominant cultural influence in Mexico, Peru, and Southeast Asia. Since they sailed from India, perhaps Columbus' labeling Americans as "In-

dians" isn't so wrong after all.

In Europe there were fewer non-Aryan aborigines, so intermarriage failed to destroy the civilization of the Aryan. But in Egypt, Mesopotamia, India, China, Java, Mexico, and Peru, intermarriage with vast seas of aborigines despite caste restrictions has frozen civilization, and prevented further development by making the Aryan White civilizers disappear. Today's classical Japanese theater portrays ancient aristocrats in white-painted faces.

The Phoenician North African Mediterranean world was destroyed by negroid infiltration so intense that modern historians have even forgotten that Phoenicians are actually Aryan rather than Semitic.

The great instinct of the Aryans created all the civilizations of the world. But eventually they overdid the instinct, and became over tolerant. They forgot how hard it had been to establish civilization as a central kingdom forcibly excluding the ravaging outer non-White barbarians. The unnatural calamities of modern times have resulted from allowing the worst of the unassimilated trash, the Jews, to establish themselves as parasite colonies of inner-barbarian infiltrators within our midst.

The significance of modern White Racism is its being an instinctive uprising by White people of Aryan ancestry. The life and death struggle of the White Race to survive is now underway. The continued existence of civilization itself hinges on the ability of the White Race to seal itself off from the savages of interracial assimilation with the lower racial species within our midst. (For documentation on Whites founding all civilizations in the history of the world read "Makers of Civilization" by Waddell, \$10 per copy, order from "The Thunderbolt.")

Royko Smears The Thunderbolt

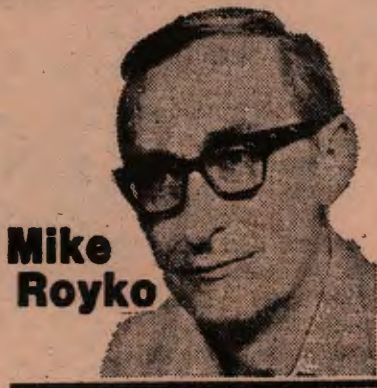

MIKE ROYKO — CHICAGO CREEP

Mike Royko is a seamy columnist who writes for the "Chicago Daily News." His only claim to fame is his sarcastic wit — which is not funny. Sometimes, but not often, his column is picked up by other publications around the nation. This occurs when muck writer Royko does a real hatchet job on the anti-communist right wing. Last month he came out with a real gem — he compared "The Thunderbolt" with pornographic "Hustler Magazine!"

He moaned how awful it was that pervert publisher Larry Flynt got 7 to 25 years in prison while nothing is done to punish the editor of the "anti-Semitic, racist" Thunderbolt! He argued that White Racism (those who work for the preservation of the White Race) is much more "a terrible threat to our moral fiber" than is "Hustler." Royko says the law is "inconsistent" when it places Flynt in prison and allows Dr. Fields to remain free. We hereby print Royko's main insult so that readers will know his mentality.

"The Thunderbolt has been around for a long time... Every so often some moron will send me a coy and urge that I absorb its wisdom so I will know the truth and the truth will make me a moron."

We believe that Royko is too far gone to know the truth. But other editors of the daily press around the country thought that this was such a clever article that it was picked up and published by more papers than any column Royko ever wrote

Mike Royko

before. This included many newspapers which, normally do not carry a Mike Royko article. The Thunderbolt circulates in every state in the union and every city of any size and no doubt our policy of publishing news "SUPPRESSED BY THE DAILY PRESS" gets under the collar of the envious kept press. They gleefully jumped at the opportunity to run this below the belt smear against The Thunderbolt.

We received hundreds of letters from our readers who were angered by the Royko blast. Well, don't worry, because at least the people of Chicago know what kind of journalistic ne're-do-well he is. On Feb. 26, 1977 Mike Royko made Chicago headlines on his own. It seems that he asked a 26 year old actress for a date at a restaurant. When she refused, he smashed a catsup bottle over a table and threatened her and four other persons. Royko was arrested and fined a mere \$100 by his Jewish friend, Judge Ben Edelstein. Thus, this low-lifer remains where he belongs, in the gutter of journalism.

TEAR GAS POPULAR ITEM

A new tear gas called CS GAS has been developed that is far more effective than CN GAS (mace). In fact it is replacing mace in all government depts. It is absolutely guaranteed to drop the toughest criminal in his tracks. It will spray a stream up to 12 feet and makes the attacker feel like he has had a skillet of hot grease thrown in his face. This is something that all Patriots and their families should have in their homes or auto glove compartment. Chemical Shield sells for \$5.00. (Pocket Unit) sprays up to 10 feet. Larger police unit is \$10. Sprays up to 12 feet. Or you can have both units for \$12.

Scientist Says Blacks Inferior

WHY WE OPPOSE FORCED BUSING

Many different and valid reasons have been expressed by those opposing busing. When we look for the basic cause of White resistance we find that RACE is at the core of the problem. People instinctively wish to associate with people of their own kind. It is common knowledge that the high crime rate in America is chiefly caused by negroes. Most school violence occurs in negro schools. Disturbances in schools and the lack of educational progress in ghetto areas is caused by the blacks themselves. Not only that but negroes can turn a fine neighborhood into a ghetto overnight.

William Shockley

Prof. William B. Shockley of Stanford University has scientifically supported his findings that negroes are inherently 15 to 20 I.Q. points behind Whites on the average. He has also found that the more White blood in a negro (meaning the more White genes they have) the higher their I.Q. Still he remains below that of average Whites.

Shockley says that this is caused by heredity and that black women have 3 times as many children as do Whites. They are therefore out breeding the creative White Race at a rapid pace. Further Shockley holds that superior intelligence is passed down to the offspring of parents who have been prominent achievers in life. (Mostly all have been Whites.)

Shockley says that "genes, race and intelligence" are the keys to the continued advancement of civilization. The Thunderbolt has an excellent booklet on this subject "I.Q. and Racial Differences" by Dr. H. E. Garrett, Ph.D. You may order this work direct from The Thunderbolt at \$1 per copy.

This is why we are against forced busing! In a Chicago school a little innocent White child is taught the "bump dance" with a black child!

Therefore, parents fear allowing their children to socialize with blacks in schools. This leads to interracial dating and eventually to interracial marriage. The offspring of such unions are predominantly negroidal because the black's genes are dominant over a White's genes at a 4 to 1 ratio. This means that they can breed us Whites "down" into black animals but there is no way in which we can breed them up to White people.

Prof. Shockley says that we should stop paying low I.Q. negroes higher welfare payments each time they have another baby. Shockley maintains that the lowest I.Q. element in America, (the negroes), have the largest families. We now have 3rd and 4th generation welfare families who have never performed a day's work. This segment of the population is

rapidly growing. Prof. Shockley has come up with a plan by which we would pay these same people for NOT having children. He has worked out a formula whereby they would be paid \$1,000 for each I.Q. point they register below 100 if they will consent to a sterilization operation. When you consider the huge sums in welfare they and their proliferating offspring will draw over a lifetime, this initial expense is a mere pittance in comparison.

We are opposed to forced busing and any form of integration of the races because it leads to mongrelization of our White Race. History proves that every nation which mixed it's White seed with the blood of Africa lost its civilization. That is why we say that the most important reason to fight busing is the PRESERVATION OF THE WHITE RACE."

"Legacy Of The Melting Pot"

By Attorney Drew L. Smith

225 Pages

The only book giving the full story on the Kennedy Immigration Law of 1965 and how it has resulted in a flood of non-White immigration which is inundating America. Drew Smith shows how the White Race will end up being a minority in its own homeland unless this vast tide of blacks, Asians and South America mongrels are not stopped from pouring across our borders. Today two thirds of all arriving immigrants are non-White!
