Cut Aid To israel — Not Social Security — Not Aid To Farmers, Public Schools, Medicare, Students, Defense

All Americans Hit By Deep Domestic Budget Cuts While Aid To Israel is Doubled

America's deficit spending has hit astronomical figures and is now averaging over \$200 billion a year as our nation faces bankruptcy. Our economy will be ruined unless we curtail spending. Thus Pres. Reagan has outlined a program of budget cuts which will hit every single segment of our society. Tax deductions we have taken for granted for years are being curtailed or abolished. Every American is being asked to sacrifice to save our monetary system and preserve our standard of living. Further steps will be taken by the government and everyone believes that vastly increased taxation is just around the corner.

There is only one program which is exempt from the budget cuts and that is - FOREIGN AID TO ISRAEL! Not only are the Jews' gigantic aid sums not going to be cut, Israel is asking that their aid be doubled from \$2.6 billion to between \$4 and \$5 billion! It should be recalled that the U.S. aid program to the entire world is \$14 billion, thus the Jews want nearly one-third of ALL OUR FOREIGN AID! Many people forget that Israel is one of the world's smallest countries with a population of only 4 million and its size is smaller than New Jersey. Why should the Jews receive so much aid? IT IS BECAUSE OF THE ALL POWERFUL JEWISH LOBBY (AIPAC) IN WASHINGTON, D.C.

Israeli Finance Minister Yitzhak Modai seeks more foreign aid

By WOLF BLITZER

Jerusalem Post Correspondent WASHINGTON. — Finance Minister Yitzhak Modai has left Washington confident that Israel eventually will receive a significant sum in additional U.S. economic assistance.

American supplemental economic aid to Israel will be granted without conditions, according to Israeli Minister of Finance Yitzhak Modai, who visited New York this week following meetings with American officials and legislators in Washington.

Modai told a meeting of the Conference of Presidents of Major American Jewish Organizations in Manhattan

Modai, who flew to New York later for meetings with Jewish fund-raisers and businessmen, was clearly upbeat in his remarks. He had spent 30 minutes alone Thursday night in a private one-on-one exchange with Shultz after their larger, more formal session had ended.

Americans Suffer Under Cuts

Every American should be concerned about the huge increases in AID TO ISRAEL. Just take into consideration how our own people here at home are going to suffer for many years to come under the new budget program which may never be lifted. Instead, it will be greatly increased in forthcoming years as more and more budget cuts will be imposed to

trim the national debt. What all this means is a vastly lowered standard of living for most Americans with exemptions for just a small number of elite self-chosen people.

Senior Citizens Hurt

Social Security cut-backs in both Medicaid and cost of living increases have already amounted to a reduction of \$20 billion each year since Reagan took office. He now has requested withholding cost of living increases this year totaling \$6 billion (Note if the proposed \$5 billion to Israel Aid package was scrapped we could cancel the anti-Social Security cuts.)

Farmers Lose Aid

Farm Assistant programs will be cut by \$7.4 billion this year. Since 1978 some 86,000 farms have gone bankrupt. Entire farm communities have been devastated, farm implement factories such as International Harvester and John Deere have laid off thousands of workers. If aid to Israel was stopped much of this money could go to help preserve our farms which will become ever more vital to our survival in the years to come.

Our Children Deprived

The Public School lunch program will be cut by \$50 million but minorities will still receive their lunches free. Under the Reagan's program the lunches for White children will be increased from 75¢ to \$1.20. The state of Tennessee for example will lose \$11.5 million from their lunch program. Again White people will pay the bill.

Other programs which will be cut include food stamps for the poor and loans to college students meaning more working class White youths will be

Pres. Reagan consults with Rabbinical Leaders over increased aid to Israel.

Jew Leaders Viciously Attack U.S. For Holding Up Aid

March 6, Secy. of State George Shultz stated the \$800 million in emergency aid on top of the \$2.6 billion already given Israel would be a waste because Israel had not adopted austerity programs to strengthen its economy. Israel's Minister of Economics, Gad Yaacobi, shot

back, "Israel does not need moral preaching from the United States. The fate of the Jewish people lies in the hands of the Jewish people alone."

No other nation in the world would have such gall to castigate the hand which feeds them but the Jews feel no such restraint. Their influence with the Congress is so great they have threatened an "end around play", bypassing the White House if they don't get all the money they want by pressuring their stooges in the Senate and House to pass the foreign aid to Israel bill and then the Jews will dare Pres. Reagan to veto it.

Jews Denounces Reagan
March 11, Brooklyn Jewish community spokesman Joseph Sutton stated: "Pres. Reagan, why don't you get off Israel's back? Why not spend a little of the time used to harass Israel to clean up our poisonous stink pot, the EPA and its administrator?"

Free Trade To Cause Unemployment

U.S. Industries Hit By "Free Trade"

Israel has built many factories for the specific purpose of working thousands of Palestinian men for around \$1.50 per hour. These people are in effect slave laborers and are not allowed to form unions. Thus "Free Trade" with Israel will greatly damage the following industries because the Jews will be able to ship these products to the U.S. much cheaper than we can produce them here.

The impact will hit the already devastated textile industry, footwear, leather goods, processed foods, jewelry, bromines, CAT scanners, swimwear, frozen chickens, citrus fruit, tomatoes, etc. Many Israeli products receive subsidies from their government (by way of the U.S. taxpayer) and therefore are automatically artificially cheaper than American made goods. They include bedspreads, cosmetics, medical equipment, X-Ray machines, computers and clocks. An example is a comparative American made clock costing \$10 would oppose an Israeli clock selling for \$8.

The U.S. has a limited "Free Trade" agreement with the Caribbean island nations but it exempts such sensitive products as textiles. Now for the first time in history, there will be no such exemptions. The Jews can

ship us anything they wish tax-free. Sen. Strom Thurmond objected that the South Carolina textile industry would be hurt by this unfair competition. AFL-CIO economist Mark A. Anderson said: "We have always been a strong supporter of aid to Israel but Free Trade is simply an additional form of aid. But, the cost of this aid will be borne unequally by the American worker who loses his job."

U.S. Secretly Signs "Free Trade" Agreement U.S. Jobs At Stake

The Jerusalem Post of March 16 reports that the "Free Trade" with Israel bill has already been signed by the Reagan Administration. It still must be ratified by the Congress but because of the great power of the Jewish Lobby the outcome is a foregone conclusion. The daily press has suppressed the grave effect the Free Trade agreement will have on American workers. Israel will be the only country in the world to enjoy free trade with the U.S..

Israel also has cleverly maneuvered itself into a position of being the only country which now has a Free Trade agreement with Europe, but without any of the responsibilities of Common Market membership. Thus firms which want to avoid all duties can build plants in Israel to assemble American exports which can then be sent duty free to Europe. In reverse, European companies will find it cheaper to use Israel firms as the middle man (money changer) by which they can artificially do business through Israel and then ship their goods to the U.S. tax free. The Jew is the world's No. 1 expert on making money without producing labor by simply being the middle man!

U.S. — Israel "Free Trade" Draft Signed In Secrecy
Moda'i last week initialled the U.S.-Israel Free Trade Area draft agreement at a closed-door ceremony with the Special U.S. Trade Representative Bill Brock.

The Americans did not allow any news coverage of the ceremony because Congress must still ratify the draft agreement. Administration officials explained they were sensitive to Congress and, therefore, did not want to leave the impression the agreement had in fact been formally signed. The Israeli Cabinet must also approve the accord.

Moda'i and other Israeli officials were clearly pleased by renewed U.S. assurances that Israel's balance of payments posture will not be allowed to deteriorate to danger level.

The Lavi fighter programme is undergoing yet another basic re-assessment, this one ordered by Defence Minister Yitzhak Rabin, who is still not satisfied that the project is viable.

For the past few weeks officials at the Defence Ministry, the Israel Aircraft Industries and Air Force have been re-evaluating data. They have been weighing the possibility of cancelling the programme, purchasing an American fighter and employing the labour force affected by the cancellation in large-scale offset agreements that will result from a purchase from the U.S.

Israel Is Bankrupt

Israel's Finances Guaranteed
Israeli Finance Minister Yitzhak Modai announced on March 16 before a group of wealthy Jew businessmen in New York City that Pres. Reagan had made a secret commitment that the U.S. will guarantee Israel from financial collapse. Modai said since the U.S. Congress has not officially ratified the Israel-U.S. "Free Trade" agreement details had to remain "Secret."

Israel-Most Bankrupt Nation

The news about the economic disaster of Argentina, Brazil, Mexico and other countries who cannot even repay the interest on their debts to the U.S. Government or banks is well known. But the fact that the

Farmers place crosses in front of White House. One for each of 250 U.S. farmers who go bankrupt daily. Some 350,000 are in trouble!

Under Secretary of State for Economic Affairs, Allen Wallis, said after meeting with Moda'i: "I want to reiterate that the U.S. Government is prepared to work together with the Government of Israel to help avert balance of payments problems."

Moda'i denied that Israel's dwindling foreign currency reserves were near the so-called "red line" which could lead to a crash. Still, he conceded, no one knew exactly where that "red line" existed. That was why statements from Washington about securing Israel's balance of payments position were so welcome.

President Ronald Reagan had originally made such a commitment last October during Peres's visit to Washington.

Rabin is said to be worried that while the development of the fighter can be completed given an American decision (subject to annual renewal) to provide \$450m. in funding, Israel may not be able to pull together the money for production of the plane — a figure that could run as high as \$10 billion over the next decade.

The staff of some 3,000 who will be directly linked to the Lavi are highly qualified in specific technologies not in use by any firm in Israel outside the IAI. The decision would also have repercussions for the IAI's 14 subsidiaries in the country, each of which, together with dozens of other Israeli industries, will be subcontracting on the Lavi.

International Monetary Foundation (IMF), which is bailing out the above nations with taxpayers money, does not have to aid Israel is because all the aid we now give the Jews is a "free grant." This means a free gift which does not have to be repaid.

Israel is the only country in the entire world which enjoys such special privileges. The only reason is the all-powerful Jewish Lobby which is able to obtain all the money Israel needs to keep afloat. This finances their military occupation over more than a million Palestinian people as well as frequent military attacks against its neighbors. Here are the financial problems which make the Jew state the most bankrupt nation in the entire world.

1) The highest per capital debt in the world is owed by Israel and comes to \$7,000 per every man, woman and child. Their debt is \$23 billion and will reach \$41 billion by 1988.

2) Israel's Army has received \$28 billion from the U.S. or 67.6% of all its funding. Thus Americans have financed all of the Jews' wars against their neighbors.

3) Israel's government budget deficits, a major source of their shocking 1,000% annual inflation rate, equals 17% of their gross national product compared with 5% for the U.S.

4) The Gross National Product (how much a country produces) declined last year from \$24.2 billion to \$24 billion. No other western country ever experiences such a decline. Only a people who harbor an aversion to work could have such a record.

5) Foreign Currency Reserves dropped by \$900 thousand to \$2 billion (all the Jew government has left is the bank.) The "red line" rule is that a nation must have a minimum of 3 months reserves in the bank and Israel has less than 2 months reserves! Still the U.S. guarantees the Jews from collapse! These reserves are continuing to drop at the rate of \$200 million to \$300 million PER MONTH!

6) Unemployment has gone over 7% to 100,000 people out of work and on welfare.

7) Indexing has caused a "devil may care attitude" in that all wages, savings, stocks, etc. are indexed to the inflation rate. Thus the faster inflation rises so does wages, stocks, prices which are "indexed" to keep up with inflation. Thus the Jew printing presses must turn out worthless money by running 24 hours a day.

Cut Aid To Israel

Continued from page 1

for poor budget planning!

Other cuts will hit defense spending of \$25 to \$40 billion and even pensions for U.S. veterans will be cut back.

One would think AID TO ISRAEL is a sacred cow according to our politicians. They want it increased every year while our own people back home must suffer from a lowered standard of living. The time has come for us to take matters into our own hands and tell those in the Senate and House that their votes to increase AID TO ISRAEL will be noted and remembered in next year's elections. We will make sure the general public knows exactly who is placing the interests of the Jews ahead of native Americans. This is the greatest outrage of our era and if we allow it to pass without vigorous protest then we are not worthy of being Americans. Stand up now and voice your outrage.

U.S. Money Wasted Again

Israel Scrapping Billion Dollar Jet

The media has not carried a single word about the pending cancellation of the construction of what was hailed as one of the world's most modern Jet fighters. Financed with nearly \$1 billion in U.S. foreign aid the Jewish Lavi fighter was to be sold world-wide and provide a great boost to the Israeli aircraft industry.

Now Defense Minister Yitzhak Rabin has placed the project on hold. He says they are not sure if enough aid will arrive to complete the project. But, most interesting of all, he states THE JEW MAY HAVE NO BUYERS!

There are 3,000 Israelis working on the Lavi project along with 14 subsidiary companies involved in this pending financial disaster which will once again have to be paid for by the American taxpayers.

Jew Trade Competition Begins With Smears

Jews Slander U.S. Products

The ink was hardly dry when Reagan signed the Free Trade agreement before the Israeli Agrexco import firm in New York City began running ads in northeast newspapers charging that Florida tomatoes are "weaned too early," "forced fed," and "gassed with poisons." The ad urged Americans to buy "more wholesome Israeli tomatoes."

When David Gustafson of Waukegan, Wisc., whose public relations firm represents Florida tomato growers responded that these allegations were pure fabrications, the Agrexco trade group attacked him as being "anti-Semitic." Gustafson said he objected strongly to the Jews dredging up visions of the holocaust against anyone who objected to their vicious attacks against American made products.

Thus we can already see how the Jews plan to market their slave produced products in the U.S. They plan to smear and undermine public confidence in U.S. goods. Jews could care less if entire U.S. industries failed just so they can crash our markets bringing unemployment to thousands of American workers and wrecking private businesses. Florida farmers are up in arms over this outrage but thus far no news wire service has picked up the story nor have any of the three TV networks.

Israel worried over farm exports once Spain, Portugal join the EEC

BRUSSELS (JTA) — Israel is making clear to its European trading partners the serious concern it has for its agricultural exports once Spain and Portugal become members of the European Economic Community (EEC) little more than a year from now.

A delegation representing Hamerkaz Hakhaklat, the central organization of agricultural cooperatives in Israel, had a series of meetings here recently with representatives of Belgian and European agricultural interests generally.

Overseas sales of Israeli textiles are going up by a steady 5 to 6 percent each year and in 1984 reached \$390 million — over 10 percent of the country's total industrial exports. Therefore, they are eagerly looking forward to the establishment of a free trade zone with the United States. American companies, fearful of competition, Gad Alon assured managers of American clothing firms, many of them Jews, as he pointed out, that they had nothing to worry about.

Thousands of farmers protest unfair Israeli competition and cuts in federal farm supports.

Israel Puts Americans Out of Work

Pennsylvania Farmer magazine says 270 workers at one Susquehanna Valley tomato canning plant find their jobs jeopardized by the Jews. This does not take into account all of the farmers who grow tomatoes which are sold to the cannery. **WAKE UP AMERICANS BEFORE IT IS TOO LATE!**

The Free Trade bill still needs

to be ratified by the Senate and House. All those in farm states and especially the hard hit tomato growing areas should phone your Congressman today. Let them know if they vote for the Free Trade for Israel bill we will Free Ourselves from such politicians come next election day.

Aid To Israel Hurts U.S. Farmers

Reagan aid package to Israel may prove a disaster for area vegetable growers.

Latest bad news was brought to Pennsylvania Council of Farm Organization's attention by Foster Furman of Furman's Canning Company.

According to this Montour County canner an import duty of \$1.41 per case on Israeli crushed tomatoes is soon to be removed. And what's worse, Israel already ships tomatoes into New York City for 7¢ a case cheaper than Furman's actual costs.

"It doesn't take much arithmetic to see our tomatoes will be \$1.48 more expensive per case in New York if the import duty is dropped," Furman told Pennsylvania Farmer.

The deal would be hard blow to Susquehanna Valley, where Furman Canning employs some 270 workers, plus buys \$4.2 million worth of valley veggies a year.

Israel Launches Attack On U.S. Grown Tomatoes

By Joe Schabo
News Tribune Agriculture Editor

Israel has declared war on the Florida tomato industry.

Sunshine State growers and packers are ready to fight back.

A press release from the Florida Tomato Exchange outlined the dilemma last week. According to the release, full page ads in The New York Times accuse American growers of engaging in "chemical warfare," say American tomatoes are being "gassed" and "crammed into semis" for shipment, "force fed" and "weaned too early from the vine."

David A. Gustafson, who authored the release for Communication Resources Inc., the Waukegan, Wis., public relations firm for the Florida tomato growers, said he had been accused of being anti-Semitic by the law firm for the importers, Agrexco of New York.

He said he has had positive reactions from all over the country since the Feb. 26 news release hit the mail.

The exchange's press release charged that the Israeli ad program was dredging up illusions of the Holocaust.

American tomatoes 'are garbage'

"And even worse," said Gustafson, "it is tearing down an American industry which, in Florida, is the lifeblood of more than 7,000 hard-working people."

Wayne Hawkins, executive vice president of the exchange, said "Israel is as welcome into our markets as anyone else, but resorting to slurs, intentional distortions, and outright lies about tomato production in the United States is an affront, it's counter-productive. I think we should re-examine the grounds for our traditional support of Israel."

When questioned about the content of the ads, Agrexco President Amit Schwartz told Gustafson, "American tomatoes are garbage. Americans don't know how to grow a good tomato. They should come to Israel," Gustafson reported.

County tomatomen steaming

Livid is a mild word to describe St. Lucie County reaction to the Israeli ad program. Agriculture Extension Director Jim Cummings said, "This is all the Florida tomato industry needs, right on the heels of a hard freeze. This really frosts me. Florida has an excellent checking program on tomato production, especially the use of pesticides. Heaven only knows what kind of chemicals they (the Israelis) are using over there."

Fort Pierce's David Neill, secretary for the Tomato Exchange, was shocked that Israel was flying in tomato loads on ELAL jetliners. "We can't afford to air freight Caribbean tomatoes into Florida, say nothing about transatlantic shipments," said Neill, president of Fort Pierce's Big Red Tomato Packers.

Ads called 'bunch of half-truths'

"Certainly American farmers use gas on their tomatoes, ethogen, the same gas that the fruit produces naturally in its maturing process. And sure, we ship by truck, just the way every other American farmer ships his produce. The Israeli claims appear to be a batch of half-truths."

Neill, who recently returned from Mexico where he got a in-depth look at the U.S. major tomato competitor, wondered about Israeli production methods.

"I have to wonder about Israel. They are successfully growing tomatoes in a desert climate, using drip-irrigation methods, which means they must be crowding their tomatoes, something we try to avoid," Neill said.

Gustafson said the Israeli produce sale has been confined chiefly to the New York City area, but plans call for expanded marketing in Boston and other Northeast areas, a hotbed for Florida tomato growers.

"Big Lie" That Syria Is Communist Debunked

Israel's Excuse For Arms Aid Is To "Defend The West From A Communist Syria"

Jew Admits Syria Not Soviet Puppet

"The American-Israel Public Affairs Committee," (AIPAC) known in Washington as "The Jewish Lobby" has been able to blackmail 62 U.S. Senators into signing a petition to President Reagan demanding that we do not sell F-16 Fighter Jets to our best ally in the Middle East Saudi Arabia. Our government has forced Jordan's anti-Communist King Hussein to go to Russia for arms. We did the very same thing with Syria and Iraq. By some miracle all these countries are still staunchly anti-communist.

These Senators are not placing the interests of America First when they force our Arab allies to seek arms from Russia in order to defend themselves from sneak attacks from Israel. Anthony Lewis is a Jew columnist from Boston who does not support Zionism. Thus he is able to write articles Gentile columnists would fear to write out of fear they would be branded anti-Semitic.

Lewis Interviews Syria's Vice-President

May 16, 1984, Anthony Lewis sent a dispatch on his visit with Syria's Vice President Abdel Halim Khaddam. He asked what can be done to improve relations with the U.S. Khaddam replied: "Very simply, the U.S. should follow an American policy in the Middle East."

Lewis said this is the same theme heard in every Arab state. America is following an Israel First program which is extremely detrimental to our vital interests in this important part of the world. Khaddam said when Pres. Reagan asked Syria to agree to a cease fire in Lebanon they did

Syrian Pres. Assam has never been a Communist.

so. Reagan said Israel told him in that event they would withdraw from Lebanon. Instead they pulled a surprise sneak attack and drove north striking at Beirut with devastating bombing and shelling resulting in great loss of civilian life.

Anthony Lewis, Jewish writer, says aiding Israel against a "Red" Syria is a hoax!

Khaddam says that Israel seeks to secretly finance and arm pro-Israel Lebanese militias to further civil war in order to keep that wrecked and bloodied nation in a destabilized state.

Lewis commented, "The Reagan administration has often denounced Syria as a Soviet pawn. No Western diplomat I met in Damascus believes that. The relationship with the Soviet Union is no more than a co-habitation of convenience one said, based on Syria's need for weapons to counter Israel's great power."

U.S. Boys Died In Vain

264 American Boys Died For Israel

For 35 years Israel's leaders have proclaimed - "Give us money and arms and we will defend ourselves - no American boy will ever have to die for the Jews."

Israel invaded Lebanon against America's wishes. Pres. Reagan said he was angry and withheld arms shipments to Israel for a few weeks as a very weak "punishment." We asked Israel not to attack the heavily civilian populated city of Beirut. The Jews attacked anyway killing large numbers of civilians.

We sent in U.S. Marines to get PLO soldiers out of Lebanon. We bowed to the Jews demands that our Marines form a buffer zone between Arabs and Jews.

We pulled our troops out and Israel moves in and allows her Lebanese mercenaries to massacre hundreds of men, women and children in the Sabra and Shatilla refugee camps. Israel then pulls back once again and we move back in again but are forced to pull out after losing 264 U.S. Marines killed, 137

'Sixty Minutes' star Wallace says Syria doesn't treat its Jews badly

By ARNOLD AGES

Mike Wallace, one of the CBS regulars on the network's popular "Sixty Minutes," says in a new book entitled "Close Encounters" (Morrow) that his 1975 program on Syria in which the Jewish community was featured — was an essentially accurate depiction, despite assertions to the contrary by officials of the American Jewish Congress.

MIKE WALLACE

— found that Syria is not persecuting Jews.

Before he left on the Syrian trip Wallace had received highly negative impressions of Syria and its treatment of Syrian Jews. "I had heard the same stories over and over again: The Jews in Syria were confined to ghettos and were constant victims of persecution. A tight curfew was imposed on them and they were not allowed to have telephones or drive automobiles. Nor were they permitted to worship in synagogues or study in their traditional language."

In Damascus, reports Wallace, he found a situation quite different from what he had anticipated. He found Jews living not only in the Jewish quarter but in Muslim enclaves as well. Government officials told him that there were 14 synagogues in the city and Hebrew instruction was permitted.

A Jewish teacher also interviewed in Damascus told Wallace that Jews in Syria "were allowed to study Hebrew, attend synagogue and observe other traditions of their faith and culture." Stories about how badly Jews were being treated in Syria were the product, she said, of "Zionist propaganda."

wounded at a cost to the American taxpayer of \$59.7 million. On March 30, 1984, Reagan announced that the peace mission to Lebanon was a success??? Still to this day there is no peace in the area and innocent people die in Israeli commando raids in a land they invaded and have occupied for over two years.

(Below from "Jewish Sentinel" Sept. 27, 1984)

While acknowledging that Jews did experience certain disabilities in Syria (no government jobs, lack of movement within Syria and no emigration possibilities) Wallace says that some degree all Syrians suffered from the same restrictions.

The "Sixty Minutes" segment on Syria entitled "Israel's Toughest Enemy" was aired in February of 1975. Protests against the episode came both from individuals and from an "organized mail campaign." Wallace says that a representative of the American Jewish Congress "came on all sweetness and light" in asking Wallace to discuss the program.

Although he had extended an invitation to the American Jewish Congress caller alone, a whole delegation walked in to the meeting. Wallace says that the tone of the meeting was set by a Congress official who aspersed the Jewishness of a CBS executive who had Anglicized his name.

Wallace says that during a return trip to Syria in February 1976 he met with a Jewish physician named Hasbani who boasted about seeing 60 non-Jewish patients a day. They came to see him precisely because he was Jewish. In an interview with Assad himself the Syrian leader said: "I think that the Syrian Jews love their country, and they are satisfied with their way of life. The instructions to our ministers is to treat Jews like all other Syrian citizens. If there are individual cases, they will be treated as would similar cases of non-Jews. But this does not change the general rule, which is: Jews are citizens of this country."

Wallace says that the American Jewish Congress was less hostile when the Syrian update program was aired in 1976 but accuses the organization of resorting to a cheap shot by drawing an analogy "that I found obscene, — they compared our broadcasts to films in which Goebbels portrayed the clean and tidy barracks in the idyllic concentration camps."

Thus America supports a bandit state against the Arab peoples who have always been anti-communists and friends of the U.S. Israel's promises can never be relied upon and the time has come for us to demand that our politicians stop listening to the outrageous demands of "The Jewish Lobby" (AIPAC) and begin placing the interests of America first!

History Rewritten

Jews Demand Word "Palestine" Be Abolished!

When does a nation and its people cease to exist? Apparently it is when the Jew magician says it has disappeared. Just recently it was revealed that an official CIA map named Palestine in referring to the areas of the West Bank and Israeli parts of that ancient land. Jew organizations quickly protested and the CIA instantly - overnight - remarked its maps to read Israel and blotted out the word Palestine.

The Arab East Jerusalem daily, "Ai Fajr," on Aug. 24 reported, "an earthquake hit some cities in northern Palestine." It did not mention Israel! Thus the oddly named Justice Committee for Jewish Settlers petitioned the government to ban the newspaper. They said it was an "outrage to refer to any part of Israel as Palestine." (This is freedom of press Jewish style!)

Vice President George Bush, during his debate with Geraldine Ferraro, stated, "the answer to terrorism in the Middle East lies in a solution to the Palestine question." Not only did Jews object to the suggestion Arabs are not wholly at fault but they also demanded he refrain from using the word Palestine! This shows the contempt Jews hold for our sacred Constitutional Guarantee of Freedom of Speech.

U.S. Not Christian?

Jews Wage Anti-Christian Campaign In U.S.

Rabbi Marc Tanenbaum states that, "America is not a Christian nation" according to Jewish Week of Oct. 19, 1984. Tanenbaum denounced this accepted tradition as nothing more "than myths and lies." He added, "spokesman for the new Christian Right seek to Christianize America by promoting dangerous anti-democratic myths."

Tanenbaum went on to claim that the founding fathers were indifferent to Christianity and that during the 17th and 18th centuries only 10% of our people were affiliated with any Christian Church. The truth is that the father of our country George Washington declared this a Christian country. (It certainly is not a Jewish country!) Tanenbaum denounced Christian Rightist leaders who urge that "born-again Christians" be elected to political office calling this a detestable curse!

Study Shows Arabs True U.S. Allies — Israel Is Marxist State And Only Wants Our Money.

By Dr. E. R. Fields

Is Israel Really Our "Best Ally" In The Middle East?

New York Sen. Alfonse D'Amato says aid to Israel should be removed from our Foreign Aid program and made part of NATO expenses thus removing the program from criticism and annual debate. D'Amato said aid to Israel "strengthens America's strategic position in the Middle East."

Rebuttal: Aid to Israel has alienated every single Arab country in the Middle East and has greatly strengthened the influence of Russia. Our military position is not aided because Saudi Arabia has allowed us to build U.S. bases on their territory but Israel has not.

Delaware Sen. Joseph Biden speaking before Herut Zionists in New York stated: "There are three myths in the Middle East. One is that Saudi Arabia can be a broker for Peace. Second, that King Hussein of Jordan is ready to negotiate for peace. Thirdly, that the PLO can deliver a consensus for peace. My first order of business in the 1985 Senate will be to educate my colleagues on the financial sacrifices Israel made in giving the Sinai back to Egypt."

Rebuttal: The recent trip to the U.S. by Saudi King Fahd proved he is ready to go to any length for peace. Also, the recent agreement between PLO leader Yasser Arafat, King Hussein, and Egypt's President Mubarak prove they have given more conciliation for peace than Israel which has made no peace proposals of any kind. As to the Jew's continuing crying spell over the loss of the oil rich Sinai to Egypt — THEY NEVER HAD ANY CLAIM TO THIS LAND IN THE FIRST PLACE.

A true test of a thief is if he believes anything he has stolen actually belongs to him along with the measure of his resentment over returning stolen property. Thus the Jews are actually telling the world they are a nation of thieves!

Minnesota Sen. Rudy Boschwitz (Jew) uses the Yiddish word "metziyeh" meaning bargain because "Israel is doing more than its share to provide security for the West, thus saving the U.S. money."

Rebuttal: Israel is not an anti-communist country and its socialist government has stated their goal is cooperation with Russia. See other detailed article on this subject in this issue.

Atlanta Israeli Consul, Issachar Katzir on Dec. 16 declared: "Israel's request for increased aid is essential for two reasons: A) To bolster the defense capability of America's main strategic ally in the Middle East. B) To enhance the viability of the only democratic society in the region."

Rebuttal: Israel is not a "strategic ally" because they have stated they would not fight Russia. Does Katzir mean they are our "ally" against the Arabs? The Arabs are far more anti-communist than the Jews and are much more pro-American than the Jews who only see this country as a source bleeding white for all the money they can drain out of us.

The Washington Post, influential paper read by most of our Senators and Congressmen, but is owned by the Jew Meyer family states: "Israel should be aided because it is a democracy, friendly and strategically useful to America."

Rebuttal: Israel is NOT a democracy because the Arabs are denied most civil rights commonly accepted here. Israeli leaders are not friendly to the U.S. and hold us in contempt and often denounce our leaders but such news is suppressed by the daily press. Israel is not "strategically useful" because Jew Leaders have stated they will not help us in a war with Russia because they want to stay neutral.

Kansas Sen. Robert Dole addressing the Jew ADL in Palm Beach in Jan. said: "Aid to Israel is our best investment in fostering stability in the Middle East and is the right thing to do for one of our staunchest friends."

Rebuttal: Aid to Israel has only increased their belligerence and enabled the Jews to wage war after war against her neighbors and finances the illegal occupation of the West Bank.

New Jersey Gov. Kean (who has ambitions for higher office) on Dec. 10 told a meeting of Hadassah Jewish women's Zionist organization: "Write Pres. Reagan and tell him it is America's civic responsibility to increase aid to Israel. We must be vigilant against State Dept. bureaucrats who oppose moving the U.S. Embassy to Jerusalem. The Golan Heights should never be given back to Syria." (Note: Kean is the only Governor to force a Jew ADL designed holocaust studies program into his public schools.)

Sen. Bob Dole claim of "Israel our staunch friend," debunked.

Sen. Alfonse D'Amato statement, "Israel strengthens U.S.," opposite of truth.

Below from "Jerusalem Post," March 14, show after "agreement" on U.S. radio they still block its implementation!

VOA officials to visit Israel about the transmitter

TEL AVIV (JTA) — Officials of Voice of America Radio will come to Israel at the end of this month to begin discussions with Israeli officials on the technical aspects of a powerful transmitter the U.S. wants to erect in Israel to boost its broadcasts to the Soviet Union.

Maariv reported that the American technicians had hoped to come here sooner but were asked by the Israelis to postpone their visit. The paper said Israeli officials stressed that the delay was not due to any desire to postpone the negotiations for political reasons but simply to allow more time for internal discussions of the project.

The Israelis were under considerable pressure from the Reagan administration to allow a VOA transmitter on their soil. Some officials here expressed concern that Israel could become embroiled in the superpower conflict. They were assured that no VOA programs would be prepared in Israel.

Rebuttal: Christian Patriots should do the opposite of Gov. Kean's advice and write Pres. Reagan, your two Senators and Congressmen to vote AGAINST aid to Israel. The U.N. and all but two other countries in the world are against recognizing Jerusalem as the capitol of Israel because all agree it should be an "international city" for all people as the center of the three religious faiths located there. The Jewish Lobby has such great influence that we dare not allow it to continue to direct American foreign policy which has alienated us from all our formerly close Arab friends in the Middle East.

Jews Want No Part Of Anti-Communist Radio

Israel Stalled On Voice of America Radio

If Israel is such a "loyal ally" why did the Jews stall for months our simple request to build in Israel a radio relay station to broadcast unbiased news into Southern Russia. Finally, it was reluctantly approved in a secret meeting of the Israeli cabinet and announced by Amnon Rubenstein, Minister of Communication who said, "considering our dependence on America for economic survival, well, BEGGARS CAN'T BE CHOOSERS!"

Voice of America workers installing antenna in West Europe. Thus far our so-called "best ally" Israel has halted this program.

Jews In The Red Army

The Jerusalem Post of Oct. 15 reports that during World War II more than 500,000 Jews served in the Red Army. The Lithuanian Division of the Red Army had a majority of Jews in its ranks according to Don Levin an expert on the subject. (Note: Most Christian Lithuanians fought as volunteers in the German army to try and save their country from the bloody horrors of communism.) "One third of all Jewish soldiers in the Soviet army won decorations, and 142 received the title, 'Hero of the Soviet Union.'"

Does this sound like a "friend" who we can depend on in time of crisis FOR OUR COUNTRY?

Hebrew University of Jerusalem Prof. Shlomo Avineri on Jan. 12 states: "The Voice of America is a spearhead of the global American crusade against Communism. It has an explicit anti-Communism propaganda message seeking to de-stabilize Eastern Europe. Foreign Minister Yitzhak Shamir assured Soviet Foreign Minister Gromyko in their recent meeting in New York that Israel is interested in normalizing relations with the Soviet Union and that is Israel's policy. Most Jews do not see Israel's mission to "liberate" the Russian people or to "free" Eastern Europe from the Soviet yoke.

"The Israeli agenda is much more limited. Israel would like to see some sort of normalization on the diplomatic front with the Soviet Union and its allies. Thus it would be counterproductive for Israel to broaden the range of possible friction with Russia."

Mapan Israeli Parliament members joined Citizen's Rights Movement leader Yossi Sarid in a declaration stating, "It is risky to involve Israel in a super-power propaganda war that could expose Jews in Russia to reprisals. Why should we enter such a sensitive area in boots."

With Allies Like This We Don't Need Enemies

American taxpayers have been hit with a barrage of propaganda to the effect that Israel is some sort of bastion in the Middle East against communism. That it is an outpost (or base) from which we could fight a war with Russia with the Jews as "dependable" allies. This is not true at all! The Jews only want us in the Middle East as a bastion FOR THEM to fall back on in future wars against Arab nations who in reality are far more friendly to us than the Jews! Israel is actually a socialist-Marxist state. Why should they fight communism? The Jews are not now, nor have they ever been, anti-communist! They are totally self-centered and are only using America for their own political goals. Who ever heard of Jews allowing anyone else to use them in anything that was not first and foremost a program which would benefit Jews?

Pro-Israel Lobby: Jewish PACs Emerged in 1984 As a Force to Reckon With in U.S. Election Races

They Gave \$3.6 Million in '84 And Helped Beat Percy;

By JOHN J. FIALKA
And BROOKS JACKSON

Staff Reporters of THE WALL STREET JOURNAL

WASHINGTON—There are three essential things to a political race, the leader of the pro-Israel lobby recently told the Council of Jewish Federations: "Early money, middle money and late money."

Thomas Dine, the director of the American Israel Public Affairs Committee, went on to claim that heavy campaign giving by American Jews defeated Sen. Charles Percy, the former chairman of the Senate Foreign Relations Committee, swayed the outcome of several other races and produced what Mr. Dine described as the most "pro-Israel" Congress in history.

That last claim is about to be tested. The pro-Israel lobby is preparing to back Israel's request for a record \$2.2 billion increase in U.S. economic and military aid over the next 18 months. It also will push Congress to block proposed U.S. arms sales to Saudi Arabia, Kuwait and Jordan.

Giving Almost Doubles

Mr. Dine's speech, which he made in Toronto shortly after the election, wasn't widely reported outside the Jewish press. It may have somewhat exaggerated the power of Jewish campaign money, but a Wall Street Journal review of Federal Election Commission records shows that the network of Jewish political-action committees has greatly multiplied its clout since the 1982 elections.

Measured in their dollar-generating power, the Jewish PACs are emerging as one of the most potent single-issue lobbies in the U.S. Their overall giving to federal candidates and party organizations in the 1984 campaign almost doubled from 1982, to nearly \$3.6 million. Their number also doubled, to more than 70 PACs.

Under federal spending limits, a single PAC is limited to giving \$10,000 per candidate. The Jewish PACs pumped over \$100,000 into each of seven congressional races.

In an interview, Mr. Dine said that, legally, the Jewish PACs can't be lumped together because they are "all unrelated to each other." But the spending patterns of the Jewish PACs show that their giving is tightly focused:

—Of \$1.82 million given to Senate candidates, 44% went to opponents of five Republican senators who voted for the contro-

Arabia, which the Senate approved. Sens. Percy of Illinois and Roger Jepsen of Iowa lost reelection. Sens. Jesse Helms of North Carolina, Thad Cochran of Mississippi and Gordon Humphrey of New Hampshire won. Other senators who voted for Awacs may be targets when they come up for reelection in 1986. "Like the Indian elephant, we don't forget," Mr. Dine said in his Toronto speech.

—Combined giving to defeat Sen. Percy alone totaled \$321,825. Some 21 Jewish PACs gave \$51,150 to former Illinois Rep. Tom Corcoran, a conservative Republican, in his unsuccessful primary race against Sen. Percy. Then 19 of these groups crossed party lines to join 40 other Jewish PACs in giving \$270,675 to Rep. Paul Simon, a liberal Democrat, who beat Sen. Percy in the general election. In addition, Michael R. Goland, a California real-estate investor with ties to one of the Jewish PACs, spent \$1.1 million in an "independent" television, direct-mail and billboard campaign against Sen. Percy.

79% to Democrats

—Democrats got 79% of Jewish PACs' largess. Of \$340,725 spent in behalf of Senate Republican candidates, 36%, or \$123,175, went to one senator, Rudy Boschwitz of Minnesota. Sen. Boschwitz, who was re-elected, is Jewish and heads the Senate Foreign Relations subcommittee that deals with Middle East issues. Mr. Dine said in his speech that Sen. Boschwitz is "the political rabbi for Republicans on the Senate floor."

—Of \$1.55 million spent on House candidates, 36% went to members of the House Foreign Affairs Committees or of the House Appropriations Committee's foreign-operations subcommittee. These are the committees that originate foreign-aid bills. The House Appropriations panel's former chairman, Democratic Rep. Clarence Long, took in \$158,825 from 49 Jewish PACs. He lost, but winner Helen Bentley voices strong support for Israel, too.

Growth Is Planned

Most of the leaders of Jewish PACs, however, say their groups plan to grow larger. "Jews are very politically active. It seems to be something that we've taken to," says Morris Amitay, the chairman of the third-largest Jewish PAC—the Washington PAC—which gave \$202,900 for 1984.

American Jews have always been open-handed political givers, especially to Democratic candidates. But post-Watergate restrictions have made it illegal for individuals to give more than \$1,000 per election to any federal candidate. "The days of the \$250,000 check were over," says Mark Siegel, who helped set up the first pro-Israel PAC, National Bipartisan PAC, in 1978.

Scarcely any of the Jewish PACs bears a name that indicates its purpose. Typical are "Delaware Valley PAC" and "Desert Caucus." Some of these PACs explain that Jewish donors, after centuries of persecution around the world, are extremely cautious about drawing attention to themselves.

One manager of a Jewish PAC sums up his fears this way: "You now have in the United States of America the most affluent group of Jews that ever existed. If they're ever going to get us, they're going to get us now."

The Largest

The largest Jewish PAC is National PAC, which spent \$784,000 for 1984, making it the nation's 24th-largest single PAC. It is headed by Marvin Josephson, the chairman of International Creative Manage-

ment, one of the nation's largest theatrical and literary talent agencies.

While most of the group's 35,000 members are Jews, Mr. Josephson says it is currently prospecting among Christian fundamentalists using a letter from singer Pat Boone that says: "We support Israel because it is God's command. . . ."

The second-largest Jewish PAC is Joint Action Committee for Political Affairs (Jacpac). Its president, Adrienna Glazov of Highland Park, Ill., says its members are 15,000 Jewish women, organized through coffee klatches held across the country.

Jacpac gave \$281,550 for 1984, and Mrs. Glazov says 75 congressmen who got money have each received personal visits from Jacpac constituents regarding coming votes on aid to Israel. "We go in there and we really interview them," she says.

Mr. Dine says that his 50,000-member American Israel Public Affairs Committee is not a PAC but an "information-gathering group. This organization doesn't touch political money." He adds, though, that many of the PAC leaders receive his group's newsletter, which regularly reports on how lawmakers and candidates stand on Israel. "I know them as activists," he says, "I don't know them as the head of a PAC."

But Mr. Dine is a key contact for candidates seeking donations from Jewish PACs. Another key man is Mr. Dine's predecessor at Aipac, Mr. Amitay, the head of the Washington PAC. Not only did Mr. Amitay's PAC donate the legal maximum of \$5,000 to Rep. Corcoran and \$4,350 to Mr. Simon against former Sen. Percy; Mr. Amitay also wrote a favorable column in Jewish newspapers about the conservative Mr. Corcoran that the candidate mailed to Jewish voters asking for money.

Mr. Amitay also is connected with Mr. Goland, the Californian who reported spending \$1.1 million of his own money urging Mr. Percy's defeat. The total is a record for independent political spending by an individual. Under federal law, individuals can't donate more than \$1,000 to any federal campaign but may spend without limit for or against a candidate if there isn't any coordination with any of the candidates.

Michael Goland multi-millionaire Los Angeles property owner, under AIPAC direction, single handedly defeated Sen. Charles Percy by spending \$1.1 million in a vicious T.V. smear campaign blitz.

Complaint Filed

Mr. Percy filed a complaint with the Federal Election Commission accusing Mr. Goland of being under the control of Mr. Amitay. Mr. Goland and Mr. Amitay denied it, although Mr. Amitay admits giving Mr. Goland legal advice and steering him to a direct-mail company specializing in finding Jewish donors. Mr. Goland, described in news accounts as a polio victim and former janitor who struck it rich in real estate, also once was on the advisory board of Mr. Amitay's PAC.

The election commission dismissed Mr. Percy's complaint after a brief investigation. Mr. Percy says he is considering suing to try to force the commission to reopen the case.

More than half of Mr. Goland's spending came in the month leading up to the election, with much of the money used to buy negative advertising. In a campaign-finance report filed last week with the election commission, Mr. Goland reported spending \$681,167 against Mr. Percy during October. Mr. Percy says the Goland money had a "major impact" on the race, which was decided by 89,000 votes. He still is bitter about the organized activity against him.

"A U.S. senator," he says, "should have the same right as a member of the Knesset [Israel's parliament] or the editorial board of an Israeli media outlet to disagree with any government when its actions may not be in the United States's interest."

In his Toronto speech, Mr. Dine said that the Jewish community had soured on Mr. Percy because the senator had come "down on the side of the Arabs" whenever he had a choice in the Senate. Mr. Dine said a burst of Jewish money late in the race was "essential" to Rep. Simon's defeat of Sen. Percy.

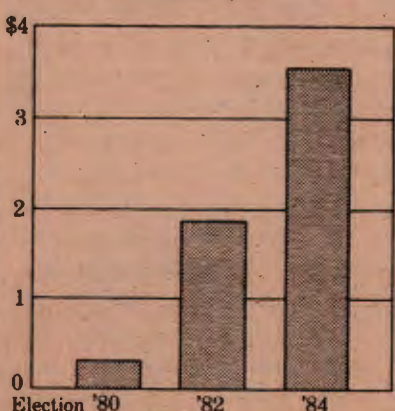

Sen. Simon, a lifelong supporter of Israel, spent \$4.4 million during his race. He says early money from Jewish PACs also played a part in it. "Before I announced my candidacy," he says, "I did consult with leaders in the Jewish community and they indicated they would support me." He says he thinks he recalls a promise of \$1.5 million but adds, "I didn't become a candidate on that basis." Sen. Simon says he repeatedly asked Mr. Goland to drop his independent campaign, fearing a backlash from Mr. Goland's negative advertising.

Past targets of the Jewish lobby also wouldn't dispute its strength. In 1982, Illinois Rep. Paul Findlay, then the ranking Republican on the House Foreign Affairs subcommittee that earmarked aid to Israel, angered Jewish groups by occasionally championing pro-Palestinian causes. He was defeated after his politically little-known opponent received \$104,325 from 31 Jewish PACs, at that time the only race in which combined giving by such PACs had exceeded \$100,000.

Mr. Findlay is currently working on a book that he says is about people and institutions who have tangled with the Jewish lobby. The title is "They Dared to Speak Out."

Sen. Percy Sues FEC TO Investigate Goland

Wall Street Journal Exposes Zionist PACs

The Wall Street Journal has the largest circulation of any newspaper in America. It is primarily read by businessmen and political leaders. With highly unusual journalistic courage they provided the nation on Feb. 26 with a first hand look inside the operation of 70 Jewish Political Action Committees (PACs).

These were single issue committees whose sole criteria of support or condemnation was whether or not a Senator or Congressman supported Israel on EVERY SINGLE ISSUE! The Jew PACs spent a grand total of \$321,825 plus \$1.1 million from Los Angeles real estate magnet Michael Goland just to defeat Sen. Charles Percy. Goland takes his orders from Morris Amitay, the former head of the American-Israeli Public Affairs Committee, (AIPAC). Known as "The Jewish Lobby" AIPAC should be registered as a foreign agent of the state of Israel. The new head of AIPAC is the Jew Thomas Dine who works closely with Amitay and directs the money spent by all 70 of the Jew PAC's.

Who Is Michael Goland?

Michael Goland is a mystery man. Age 37, he refuses interviews and does not allow his photo to be taken. Goland is crippled, hunch-backed, has a shriveled arm and crippled legs. He is confined to a wheel chair but able to use a phone. Goland has been able to make a fortune buying Los Angeles property and renting it out at high profit margins. Goland is a member of AIPAC and Amitay tells him who needs to be defeated because they have dared to "cross" Israel.

The arrogant Dine brags that his organization and money power beat the entrenched Sen. Charles Percy. In the meantime Percy demanded the Federal Election Committee investigate Goland's activities. Percy claims much of Goland's money is tied up in real estate that he does not have enough liquid cash to throw over \$1 million away on a single election race. The FEC threw out his complaint and Percy is now considering going into Federal Court to force a real FEC investigation. Sen. Percy is understandably bitter about his being singled out for political extermination because he opposed Israel's orders on just one issue - and that was the sale of U.S. AWACS jets to our loyal ally Saudi Arabia.

Charles Percy

Says Jewish Lobby Crooked.

What he means is the Jews have now reached the pinnacle of their power and are rapidly moving to consolidate their control over America. They want the Genocide Treaty passed by their stooge Senators so all opposition by Christian Right-Wing forces can be outlawed. They want to establish a total iron hand hold over the American nation.

Just think what this means - a tiny band of self-described "Chosen People" (their own brand of "Master Race") intends to take over and dictate both our domestic and foreign policy. This threat is quite awesome but it is a challenge. Either we have the guts and fortitude to defeat ZOG and free America of its sinister tentacles which have wormed their way into every faucet of our daily lives, or we do not deserve to continue to live on as a free people! Our forefathers fought, bled and died so that we would be given our birthright of liberty and freedom. If we are too cowardly to stand up for our sacred rights then the Jew ZOG forces deserve all.

Time To Stand

Statements By Famous Men

Camus wrote: "It is better to die on one's feet than to live on one's knees!"

Mussolini spoke: "It is better to live one day as a Lion than a lifetime as a sheep!"

H. L. Mencken wrote: "The most dangerous man, to any government, is the man who is able to think things out for himself, without regard to the prevailing superstitions and taboos. Almost inevitable he comes to the conclusion that the government he lives under is dishonest, insane, and intolerable, and so, if he is romantic, he tries to change it. And even if he is not romantic personally he is very apt to spread discontent among those who are!"

Dine Is Secret Leader of ZOG

We continue to receive letters from people seeking more information on the Zionist Occupation Government (ZOG). The term ZOG does not refer to elected officials now holding office or the heads of the Democratic or Republican Party. ZOG is the power which directs Jewish money in the control and manipulation of government and political organizations.

Thomas Dine is indeed the leader of the Zionist Occupation Government which today rules America. Note where Dine states, "we are like an elephant, we don't forget." The true Jewish saying is "Never Forgive - Never Forget!"

This is the most anti-Christian slogan of all time because it is opposite every other religion in the world which believes in "turning the other cheek and forgiving ones enemies." The Jews believe in an "Eye For An Eye - A Tooth For A Tooth" as

Thomas Dine, AIPAC-ZOG head will not rest until every last opponent of Isreal is driven out of the U.S. Congress.

is witnessed by their mass slayings of innocent civilians in Lebanon. This is their natural instinct manifesting itself in their barbarous treatment of the Arabs in the Middle East!

AIPAC instructs the rich Jewish PACs as to which political figures are to be destroyed and which are to be given money. AIPAC gives orders to the Jewish Anti-Defamation League as to which

Right-Wing Patriots are to be smeared, ridiculed, harassed by the IRS, local police and even framed on phony legal charges. AIPAC covers for the Israeli secret intelligence service called MOSSAD on infiltrating any current Administration, Defense Dept., State Dept. etc.

Note that one Jew PAC head says, "You now have the most affluent (wealthy) group of Jews that ever existed. If they're ever going to get us, they're going to get us now."

ONE MAN HOLDS ALL THIS POWER! This man is Thomas Dine who is only in his late 30s. Thus the most powerful behind the scenes figure in America - one who political leaders tremble with fear when his name is mentioned is THOMAS DINE. Yes, Mr. Dine is the head of ZOG forces in America and without a doubt the most dangerous subversive individual alive today in OUR LAND!

Isreal Defies World—Will Keep West Bank.

Israel's Leaders Will Give Back Nothing

The Cat Out of The Bag occurred again on Feb. 11, when Israel's new Ambassador to the U.N. Benjamin Netanyahu, told the "N.Y. Post" that Israel would not withdraw from the Palestinian West Bank. They have illegally occupied for this land for 18 years against all world opinion. In return for vast sums of American foreign aid the Jews are supposed to sit down with the Arabs and negotiate eventual independence and freedom for the enslaved West Bank Arabs.

Netanyahu stated - "We're not going to survive if we get out of that territory - we'll die. For Israel to withdraw from the West Bank is an unrealistic call for Israel to commit suicide. We are not about to accommodate them."

Israel's Vice-Premier, Yitzhak Shamir was asked to repudiate Netanyahu's remarks but instead he arrogantly reaffirmed them. Shamir declared, "his statements concur completely with government policy which says retention of the West Bank is a military necessity."

If this is the case, WHY NOT CUT OFF ALL U.S. FOREIGN AID TO THIS BANDIT STATE WHICH

Benjamin Netanyahu, Isreal's new U.N. Ambassador, reveals hidden plans for Palestinan people's future.

STANDS IN DEFIANCE OF THE ENTIRE WORLD???

"We Will Not Give Back Golan Heights" - Shamir
Peace with Syria is contingent on Israel returning the Golan Heights. This area has always been a part of Syria and since that nation is Israel's most powerful adversary it's return is part of the peace agreement all agree must be included in any final settlement.

Arrogantly, the little dwarf, Yitzhak Shamir, 4 feet 10 inches tall, stated, "I hear that our friends think we will give back the Golan Heights - that is ridiculous because this issue is

non-negotiable. Israeli law has already been expanded to cover the territory and our settlers already live there, thus, the area is non-negotiable."

All this was announced immediately after a U.S. official said that the Golan Heights were subject to a negotiated peace plan. But for the Jews there is no such thing as negotiating something they have already stolen. Thus America continues to be made the subject of international ridicule because we continue to feed aid into the treacherous monster which would devour the hand that feeds it.

News Flashes Millionaires In Israel

Israel's Office of Revenues, head Benny Friedman, estimates there are some 4,000 millionaires in Israel, "at a minimum." Many are government bureaucrats. Friedman states that Israel lacks computers for catching tax cheats and adds, "the state's economic position would be quite improved if we could tap the billions of dollars of the underground market." Still there is no pressure from Jewish powers that be to use computers - a product Israel exports to other countries.

Jew Groups Fight Over Money

Jews Argue Over Fund Raising

United Jewish Appeal fund raiser, Rabbi Harold Schulweis charges that too many Jew leaders use "fear tactics" when asking for money. He said the "centerpiece for the appeal is usually exploiting the fear of anti-Semitism." Schulweis says Jews are made to be suspicious of Gentiles and are instilled with the belief that, "if you scratch a goy (derogatory term for Gentile) you are going to find an anti-Semite. Thus Jews have become paralyzed with cynicism and despair."

Countering Schulweis was William Kahn, a fund raiser for the Federation of Jewish Philanthropies of New York. He admitted that it is true that anti-Semitism is used as a rallying point to elicit pledges from Jews. Kahn said that the fear of anti-Jew outbreaks often is a prime motivation in Jewish giftgiving.

ADL And Wiesenthal Fight Over Money

The Jew Anti-Defamation League has long been the prime organization collecting millions of dollars from frightened Jews to "defend them from anti-Semitism." Today the Jew from Austria, Simon Wiesenthal, a professional holocaust survivor has set up a Center in Los Angeles which has spent millions of dollars just in mailing out fund raising appeals to every single Jew in the U.S. and Canada.

The Jew ADL resents Wiesenthal cutting in on their take and issued a memorandum in Dec., charging the Center with exaggerating claims that, "a new wave of anti-Semitism is sweeping the U.S. and Europe." (Note, the Wiesenthal appeal letter honors your editor, Dr. Fields by alleging we are a part of this upsurge.)

Justin Finger of the ADL said that the Wiesenthal Center's claim that "anti-Semitism is on the rise and threatening all that we hold dear - is not born out by any meaningful criteria and is a statement long on shock value but short on fact."

Wiesenthal Charges Money Real Issue

Rabbi Marvin Hier, dean of the Wiesenthal Center charged, "no single organization should lay claim to determining the threat of anti-Semitism. I think that the ADL would like to claim having a monopoly as defenders of the Jewish people."

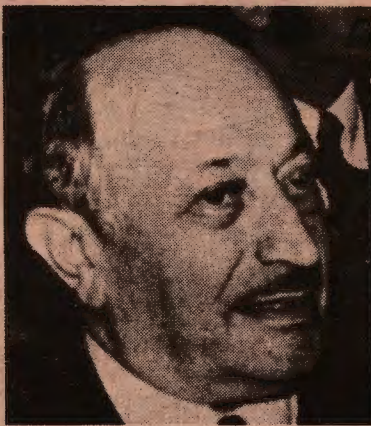

The ADL does have a point when it cites one Morris Dees of the Southern Poverty Law Center in Montgomery, Ala., as providing unsubstantiated data to the Wiesenthal Center on acts of so-called organized racist violence. Dees is the renegade who became a multi-millionaire while fighting "poverty." His latest newsletter cites as evidence of this new rise in "organized" violence a case in Gwinnett County, Ga., where a negro couple's car was burned. Police later arrested some local teenagers in the case. Dees also says a cross was burned in front of a black family's house in which they recently moved in a White neighborhood which "is near the Marietta, Ga., Headquarters of the National States Rights Party." This is the sort of insinuation by which Morris Dees builds his figures as a "statistical data expert" for the Wiesenthal Center.

While the ADL's figures show a much lower number of racist incidents in the U.S. it is known that they count anti-Jewish phone calls to local Jew organizations as "one racist incident for each phone call." Thus, if you want to run up the number of racist incidents in your home town just get on the phone and call every organization listed with the first word being JEW in the phone book. You may break the ADL records next year and put your city in the Guinness Book of World Records.

But, all joking aside, we are talking about big money with Jew organizations now squabbling over how the kitty will be divided and with the ADL seeking a monopoly. It is like trafficking in cocaine, there is so much money involved, they are going to use any ammunition available to cut down the competition. One truth is that the demands Israel is placing on America for more and more money is indeed making new enemies for that parasitic state with each passing day.

Jews Flooding Out of Israel

Attention Jerry Falwell: You claim that Jews are fulfilling Bible prophecy by returning to Palestine and thus should be blindly supported regardless of how they treat the rest of the world. Contrary to your statements the TRUE FACT is that Jews are leaving Israel in ever increasing numbers and fewer are moving there each year.

"Jewish Sentinel" editor J. I. Fishbein wrote on Feb. 14 that because of the economic chaos between 400,000 and 500,000 Israelis live (and work) overseas. Yet they are still counted by Israel censors just as if they still reside there because they have not "officially" given up their citizenship. One trick used for publicity reasons is that any Jew who has left Israel for a period of 4 years and then "returns" is counted as a "new emigrant." Jews have always been good at juggling figures to make things turn out in their favor.

Israel proclaimed to the world that 20,000 Jews immigrated there in 1984 but

they fail to state that most were illiterate Falasha negroes from Ethiopia. Most are held in segregated camps on the Arab West Bank part of Palestine and will be used as occupation forces and fighters against the native Palestinian population.

Jews On Israel's Payroll Won't Come Home

The Hebrew daily, "Ha'aretz" charges that Jews employed by Israeli government enterprises move to America with their families and then refuse to return home when their overseas work is completed. Some switch to other overseas jobs or just stay in the U.S. and go into private business while still retaining their Israeli citizenship. These people fall into the following categories.

Israeli government emissaries who failed to return, are between 700 and 1,000 Jews.

Employees of The Jewish Agency, World Zionist Organization and the Jewish National Fund, all headquartered in Israel, around 800 have refused to leave America and go back home.

Missionary Activity Outlawed In Israel

We wish that the pro-Zionist Rev. Jerry Falwell would carefully study the following because if Falwell sought to convert people to Christianity in Israel he could wind up in a Jewish prison. It is against the law in Israel for Christian missionaries to give anything to Jews which might in some way entice them into listening to the views of Jesus Christ. It is against the law for a missionary to give food, clothing, money or even Bibles to Jews.

Israel's Knesset Education and Culture Committee has asked the government to investigate the "Christian Embassy in Jerusalem which has no diplomatic status... Children are enticed to attend their activities by the distribution of sweets, financial assistance to poor families, travel tickets, etc."

The Jews charge that Rev. Jan Van der Hoeven is using such methods to introduce Jews to Jesus through the missionary work of the "Christian Embassy." This is a criminal offense in Israel and Rev. Van der Hoeven described the charges as "a despicable way to treat friends." The Jewish group charged Christians were guilty of subversive activities by trying to infiltrate social kibbutz farms and industries, the army, schools and emigrant centers.

Anderson Apologizes For Being A Christian

Independent candidate for President, former congressman John Anderson, has addressed the all powerful Conference of Presidents of Major Jewish Organizations. While a Congressman in 1962 he sponsored a Constitutional Amendment to formally declare the United States a Christian nation. Anderson told the Jewish gathering: "I was wrong. It was a serious mistake on my part and I apologize." A Jewish publication ran headlines, "Anderson Admits His Error!" (Note: At the same time when addressing Christian groups Anderson claims to be a "born-again" Christian!)

companies such as El-Al airlines, banks, Histadrut Labor Union, etc. from 7,000 to 10,000 of their employees remain in the U.S. in defiance of orders that they return to Israel.

Ha'aretz further charged that there is a government conspiracy to conceal these figures from the public. They want their mouthpieces, such as Jerry Falwell, to continue to preach that Israel is such a wonderful paradise all the Jews of the world are just climbing over themselves to get on the next boat to Israel. THE EXACT OPPOSITE IS THE TRUTH."

Our Ancestors Warned Us About Jewish Usury 770 Years Ago

Jew Hatred For The Great Magna Charta

England's King John signed the document called the Magna Charta (or Great Charter) in 1215 at Runnymede. This document is called the cornerstone of Liberty for mankind. This was the landmark in history which for the very first time granted freemen the following.

No freeman can be arrested, imprisoned or deprived of his property without a trial by a jury of his peers.

Justice shall not be sold, delayed or denied. Thus came the right to a "speedy trial."

No taxes shall be levied or collected by force. This led to the principal of no taxation without representation.

There were a total of 63 provisions of the Great Magna Charta some of which are deleted from school texts and we shall herewith explain WHY!

Jewish Usury Banned

The Jews of England grew rich and powerful through usury. They would charge exorbitant interest for credit or money loaned and the obligation for repayment after a debtor died was passed on to the widow, the children and on down to the grandchildren and great grandchildren, etc. Such loans carried compounding sky high interest rates that could never be repaid. Thus many Christian families found themselves enslaved in bondage to rich Jews.

Thus the great Magna Charta dealt a severe blow to the Jews' use of loans and interests to control the lives of many people who were forced to do Jews' bidding for whatever scheme they were promoting.

Sought To Protect Christians From Jews

Therefore the British Nobles included the following laws in the 10th and 11th Charta Articles declaring:

"If one who has borrowed from the Jews any sum, great or small die before that loan be repaid, the debt shall not bear interest while the heir is under age, of whomsoever he may hold; and if the debt fall into our hands, we will not take anything except the principal sum contained in the bond."

"And if anyone die indebted to the Jews, his wife shall have her dower and pay nothing of that debt; and if any children of the deceased are left under age, necessaries shall be provided for them in keeping with the holding of the deceased; and out of the residue the debt shall be paid, reserving; however, service due to feudal lords; in like manner let it be done touching debts due to others than Jews."

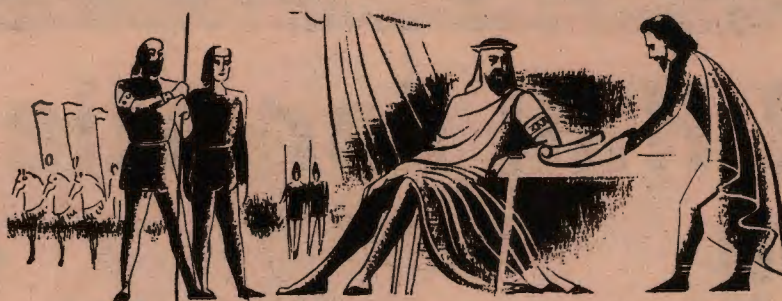

The Jews of England usually charged from 43% to 86% interest on loans. For protection the moneylenders paid the king a "tallage" for the license to engage in this lucrative trade. Jews gained great wealth through loans, mortgages and bonds. Most Jews made their fortunes by acquiring the wealth of those who foolishly borrowed money from them. The Charta in Article 10 protects an underage son from losing his inheritance to the Jew moneylenders. Often by the time a child reached his majority the debt had increased some 20 times and a youth's property would be confiscated by the Jews upon his inability to pay.

Article 11 thwarted the Jew in his attempt to deprive the widow of all her sustenance by barring the usurer from seizing her dower and insure that necessaries required to support her minor children be provided before the Jew can collect any of the debt owed by the deceased husband. Heretofore the widow and her children could be thrown out on to the street and her home and other property would be seized by the Jew moneylender and his agents.

King Henry III Cracks Down On Jews

In the year 1235 King Henry III found that Jews were acquiring many of England's great landed estates and were attempting to "act as lords over Christian tenants." With the backing of the Pope new laws were adopted forbidding Jews from using Christians as servants, fixed large fines for forgery (at which Jews were past masters in changing contracts made with Christians.)

Jews were also forbidden from acting as physicians to Christians. Jews were also forbidden from "adulteration of the coin." Cunning Jews would shave silver and gold off the edges of coins. They could still pass the coins off as spending money but would melt down the shavings into gold and silver bars which they would sell. These were called "Jewish crimes" which became a very serious offense.

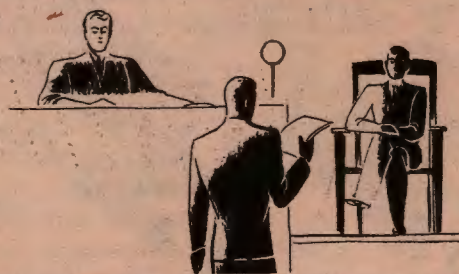

King John signed the Magna Charta in the meadow of Runnymede in 1215.

It Provided that taxes be collected by legal means, not by force. It started the principle of no taxation without representation.

The Charter Guaranteed that justice should not be sold or denied to freemen. It laid the foundation for the important writ of habeas corpus.

It Stated that no man might be imprisoned, or his property taken from him, except by fair and legal trial. Trial by jury of equals followed later.

Israel Not Recognized By Red Cross

All of Israel's ambulances come from U.S.

Red Cross Bans Israel

The Red Magen David is Israel's equivalent to the Red Cross in other countries. But they are the only such organization in the world which is banned from membership in the International Red Cross. The reason is two fold. The Jews refuse to use the Red Cross symbol because they say it is a "Christian emblem." They insist on using a six pointed Red Star which they call "the Red Shield of David."

The Jews began their Magen David to aid Zionists terrorists in their underground war to drive both the British and Palestinians out of Palestine. For many years it was part of the illegal Jew Haganah army. Today the Magen David has 649 ambulances and 46 stations operating on a 24-hour basis in Israel. It has been said they are fast to respond to calls of aid from Jews but when Palestinians need help they had better call a taxi to take them to the hospital.

Another charge against Magen David is that they carefully separate Gentile blood from Jewish blood in their blood bank. They carefully make sure that no blood from any Gentile is ever injected into the veins of a Jew. This is but another violation of the rule of non-discrimination by the International Red Cross Committee.

King Edward I Expelled the Jews

Regardless of all the laws passed to control Jewish crimes they still found underhanded ways to get around them. Thus the main historians cite as England's greatest King, Edward the First. He had Parliament in 1289 adopt the "Statutum Judaismo" law which forbade Jews from further practice of usury. ((Loaning money at outrageous interest rates.) In 1290 the King decided he could no longer control the Jews and expelled them from England "for all time to come." He granted "safe passage" to all Jews who voluntarily returned loan pledges to Christians. Thus some 20,000 Jews finally packed their bags and left England.

All historians agree from that point on England enjoyed its greatest period of prosperity and greatness in that time of history. Even the famous English jurist, Sir. Edward Cook wrote of the great event that — "the expulsion of the Jews had finally eliminated the theft of English property by the moneylenders, but also put an end to the sins and evils arising from their wicked usury."

In America we see giant corporations being bought up by Jew moneyed wheeler dealers whose fortunes are so great that any Christian company is fair game. Great enterprises are falling into the hands of Jews just because they have the money power to buy controlling stock. They then in turn use the assets of the newly acquired company to buy yet another firm and on and on until if not stopped the entire wealth of America will fall under the control of organized Jewry. It is high time we Christians come out publically and unite to stop this seizure of America's wealth. Our inheritance granted us by our forefathers is for the betterment of our people and not for their enslavement at the hands of the money hungry JEWS!

Packed Hall For Atlanta NSRP Meeting

NSRP Leaders of Atlanta meeting, from left to right, Dr. Fields, Wally Straughn and Robert Bowling.

National Secretary of NSRP, Robert Bowling, addresses audience.

NSRP Meeting in Atlanta

Our recent National States Rights Party meeting in Atlanta turned out to be a reunion of loyal friends who have stood by us for a long time. Not only did we enjoy the plush surroundings of the most stunning and modern hotel in Atlanta but a social after the meeting provided for an informal exchange of ideas which was beneficial to all.

Robert A. Bowling addressed the audience on the need to reach more people with our literature and to take advantage of every political opportunity which arises.

Dr. E. R. Fields spoke on the fact that the nation has already moved to the right and it is up to us to move White people just a bit further to the racial right until they understand exactly WHO is behind the nation's problems.

Frank Johnson delivers fiery speech at NSRP meeting.

Wally Straughn, NSRP National Organizer from Savannah, Ga., spoke about the need to demonstrate in the streets and simply ask new people to join the Party. Often they will join on the spot because when you get right down to it the average person will agree with our point of view once it is explained to them in a reasonable manner.

Meetings are being planned for North Carolina and other states. Those in these areas will

be given advance notice. Besides planning new activities we also build friendships with those who attend meetings for future cooperation. One of the highlights of this meeting was the playing of the only tape recorded speech ever made by Bob Mathews. Mathews was an intense and dynamic speaker and we hope to have this tape available in the near future.

At the end of the meeting we took up a collection for Bob Mathews' widow Debbie and her 4 year old son Clint. It came to \$107.00 and was immediately sent to her. Other Thunderbolt supporters from around the nation have previously sent Mrs. Mathews donations on their own. We understand she has personally acknowledged every gift received. Our prayers go out to this brave young lady who has been subjected to much persecution. We will remain in contact with her to make sure that she is aided in the future.

U. of Ga. Talk On Racial Differences

Georgia Students Give Dr. Fields Standing Ovation

The History Class at the University of Georgia in Athens, invited Dr. Fields to lecture on civil rights history. The meeting took place on March 11th and despite prior threats from Jews and Reds to disrupt any appearance by Dr. Fields on campus the speaking engagement came off without any protests.

Dr. Fields spoke pulling no punches in spite of at least two Jews and three blacks in the audience. We explained that the Southland was a conquered territory after the civil war and occupied by freed slaves who formed the armed Black Militia. Along with Northern Carpetbaggers and Southern Scalawags White people's homes and farms were confiscated, White Confederate veterans lost the right to vote and the blacks seized political power. Crime and corruption nearly destroyed the South but the White people waged a long and often bloody underground war which eventually led to our freedom. Today we are once again living under the Second Reconstruction with blacks and White traitors this time ruling not only the South but most of the Northern and Western states.

Mrs. Bob Mathews

We explained that every I.Q. test ever given by either government or private groups found blacks' always scoring 12 to 15 points lower than Whites. We went into the difference in the black brain weighing less than Whites and the fact they never in history ever established a single civilization in Africa or anywhere else. We stressed that the White race is facing extinction due to our low birth rate and interracial marriage. Race-mixing leads to mongrelized children and the death of the White Race and White civilization.

In a question and answer period Dr. Fields responded to a variety of questions so quickly,

clearly and sensibly that none were rebutted. When the meeting ended we were quite pleased to receive a standing ovation from most of the class members. We were then surrounded by students asking questions and we took down the names and addresses of those wishing to be mailed literature.

The University of Georgia newspaper, "The Red and Black," covered the meeting. We consider this to be an extremely effective way of winning young college students over to our movement. If there is a college speakers bureau in your city which has a program providing for our expenses we will be only too happy to lecture at your college. If you can arrange any radio or TV talk shows during the same visit this will make our trip even more productive because we are ready, willing and able to meet, speak and debate anyone, anywhere, at anytime. Just let us hear from you about the arrangements the college provides for visiting guest speakers.

Thanks Thunderbolt Friends

Open Letter From Mrs. Bob Mathews

Dear Dr. Fields:

I want to thank you for publishing my address which enabled a large number of your friends to write me. Many were kind enough to send small donations and I could tell by their letters these were Patriots who in many cases did not have any extra money to spare. So, for these people to give to someone they did not even know when they barely have enough for themselves makes me proud to be of the same race and blood as they. I have written a thank you letter to each one of them personally and I want this to serve as my feelings of appreciation to all who send me anonymous contributions as well as to those who donated the \$107 to help us at your Atlanta meeting.

Words cannot express my deep gratitude for all the beautiful letters and donations that I have received. It warms my heart that in a time of sorrow and need so many of you came to my aid with your moral and financial support.

Bob was a true warrior. A man who lives his convictions with rare courage no matter what the cost to himself. I know by your letters that his spirit is very much alive and that his death was not in vain. The battle will continue until we have ultimate victory over our enemies. I am proud of my husband and proud to be White.

Thank you again, your letters made my loss easier to bear.

For God, Race and Country

MEMBERSHIP APPLICATION

I am a loyal, White Christian American citizen who believes in the Preservation of the White Race and hereby apply for membership in the National States Rights Party. Upon my word of honor, I pledge my loyalty to this political party and its great patriotic principles and I will never betray same. I support the party platform which calls for the U.S. Congress to limit immigration to White Christians only, Segregation of the Races, for America First, and the elimination of all job quotas and preferential hiring which discriminates against White workers.

RESTORE WHITE PEOPLE'S RIGHTS

I oppose the twin evils of Communism and Zionism which are both Jewish dominated movements aimed at the enslavement of the White Christian Western World. We urge the use of the U.S. Army to protect and defend America's borders from the present onslaught invasion by Third World peoples who now threaten to over-run our land and destroy our standard of living. We oppose the movement of industry out of America to backward foreign nations for cheap labor which costs U.S. workers their jobs. We favor an end to all foreign aid to Israel and stiff trade protection laws to stop any and all imports which compete with U.S. produced goods that results in the loss of any jobs for our people.

I believe that I can best serve my Race and Nation by becoming an active member of this great political party.

Cut Aid To Israel Campaign Spreads Across U.S.

NSRP Supporters Placing Ads Cut Aid To Israel - Not Social Security, bumper stickers, 2 for \$1, write Senior's Rights, P. O. Box 1211, Marietta, Ga. 30061, is the wording of an ad many of you have placed in local daily, weekly and "Thrifty Nickel" shopper newspapers. In many cases you can just phone in your ad and they will bill you later.

The response has been simply sensational. We are receiving orders from people who believe that it is an absolute outrage to cut aid for every domestic program in America and at the same time double aid to Israel. We are hearing from people who have never been connected with this movement before. They can easily see how Israel is taking advantage of the power the "Jewish Lobby" wields over Washington, D.C.

On this page we reproduce just a few of the ads Patriots have run in their areas. Orders from across the nation have been pouring in and our large second printing of bumper stickers is moving quickly. One man in Alabama who owns a trucking firm ordered 12 stickers to place on the back of his 12 trucks which stay on the road all the time.

Mr. Cecil D. Clayton of Slaughters, Ky., simply wrote a letter to the editor of his local newspaper stating:

"Dear Editor:

Since the formation of the so-called state of Israel we have supported them by giving them over \$2 billion a year. This year they want this figure more than doubled! These are GIFTS-not loans and do not have to be repaid. People should protest by writing Pres. Reagan, their Senators and Congressmen.

For \$1 you can get two bumper stickers saying, "Cut Aid To Israel - Not Social Security," from Senior's Rights, P. O. Box 1211, Marietta, Ga., 30061. If we don't cut real waste in Washington soon the U.S.A. will become one of those bankrupt debtor nations.
