Communists Behind South African Embassy Protests

Every week we see pictures of black leaders, Jews and ultra-liberal Whites being arrested at the South African Embassy. One was ex-Pres. Carter's brainwashed daughter Amy who was arrested in Washington. This, of course, was a disgrace and an extremely poor example to the nation's youth by Jimmy Carter, who admitted he per-

their book the names of all these "celebrity" demonstrators so that we can weed them out politically in the future.

International Jewry Seeks Whites Downfall in South Africa

Brooklyn Rep. Stephen Solarz most certainly expressed the viewpoint of most Jews when he introduced the House Bill to "disinvest" America from doing business in South Africa. Solarz

sonally gave his daughter permission to arrested and thrown into jail. Others have been Democratic Presidential contenders, Sen. Ted Kennedy, Sen. Gary Hart, children of the Kennedy family and many others.

What Is TransAfrica?

Negro Randall Robinson is the head of the organization known as TransAfrica. They support the communist guerrilla group called the African National Congress which works for the violent overthrow of the White government of South Africa. This White regime is the only force left which can maintain civilization in this last bastion of enlightenment on that otherwise "dark" continent of Africa. Robinson has called for weapons to be shipped to SWAPO which is killing Whites in German South-West Africa.

Robinson has long supported Fidel Castro and calls for the liberation of South America from what he calls "fascist dictatorships". What he refers to is the anti-communist countries which have outlawed the Marxists such as Chile. This is the subversive group which has sponsored all of the demonstrations which we have seen on TV in front of the South African Embassy with hundreds being arrested. The time has come for all Americans to mark down in

wants the White people's government turned over to communist led mobs of uneducated, uncivilized black tribes. Solarz true violent hatred for the White Christian people of South Africa is explicitly described in his statement quoted by the New York Times of Aug. 1, stating, "What we're saying is Kaddish to the policy of South Africa. Kaddish is the Jewish prayer for the dead!"

What Rep. Solarz and organized Jewry are "praying for" is the death of Apartheid (Segregation), and death for the White government of South Africa!

Jew Leaders Demonstrate

The communist TransAfrica organization has been supported by the major Jewish organizations in their efforts to turn the American people against our brothers and sisters in South Africa. Just before last Christmas on the Jew holiday of Hanukkah 300 Jews demonstrated in front of the South African Consulate on Park Ave. in New York City. Their leaders were Jew Anti-Defamation League chairman Kenneth Bialkin, director of the ADL spy network Nathan Perlmutter, ADL overseas spying chief Abraham Foxman and New York ADL kingpin Gary Zaslab.

After a 40 minute demonstration Perlmutter read a statement demanding the total "dis-

Bernard Kalb Overrules Reagan on South Africa

Does Reagan Run U.S. Government?

The bill to impose sanctions upon South Africa sailed through the House and Senate despite Pres. Reagan's opposition to the measure. Then Reagan, who is supposed to be our chief of state, is countered by his Secy. of State, George Schultz, who says he does not know if the Reagan Administration is for or against sanctions! Thus we are left with the question as to just who is running the U.S. Ship of State ???

The following is Pres. Reagan's statement which clearly indicates he feels the communist underground, the outlawed "African National Congress" is responsible for agitating the primitive black tribal groups to revolt against their White benefactors who give them jobs, housing, and food so they will not starve like the rest of black Africa.

"There has been increasing violence by an element in South Africa that does not want a peaceful settlement of this, who want trouble in the streets, and that's what's going on. It is significant that some of those enforcing the law and using guns were also black - black policemen."

Pres. Reagan is against sanctions, and for South Africa's "Emergency Laws". He opposes the Communist African National Congress! How can his aids veto his statements?

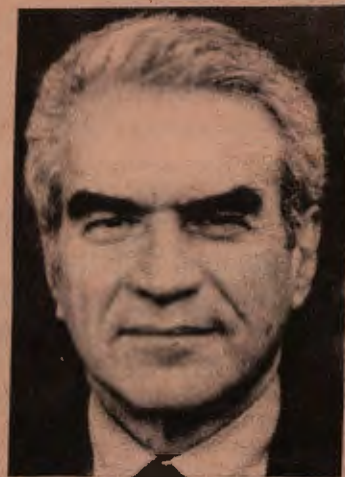

Does Bernard Kalb Run U.S. Government?

On Aug. 5 Pres. Reagan, before an informal news conference on the rioting in South Africa, "I think we have to recognize sometimes when stern actions must be taken in an effort to curb violence." This was in response to a reporters question on the necessity of South Africa's emergency decree.

On Aug. 9, Jew Bernard Kalb, State Dept. spokesman, told the press that Reagan didn't understand what he was talking about and that the U.S. Government still calls for the lifting of the "state of emergency" which gives police extra powers to quell rioting. BUT THIS IS NOT WHAT THE PRESIDENT SAID!

Does Pres. Reagan really run his own administration or do lower echelon Jew appointees hold the real power of government??? Pres. Reagan has openly stated he opposes the proposed economic sanctions against South Africa. Senate GOP leader Sen. Robert Dole says Pres. Reagan will sign the Solarz bill???

America's Ambassador to South Africa is the Jew Herman Nickel who was recently recalled by the State Dept., to protest the "state of emergency." But Reagan is apparently in favor of the "stern measures." Nickel is a millionaire and a personal friend of billionaire Harry Oppenheimer! Thus he should be replaced. He is biased against South Africa and last month met with their Foreign Minister, Pik Botha, demanding an end to Apartheid (Segregation.) The time has come to remove all these Jewish appointees who are taking the exact opposite stand of the man who is supposed to be their boss! Since this is the case we must purge the U.S. government of Jews and others who do not follow the official line established by the President of the United States.

Bernard Kalb, Jew State Dept. spokesman says, Reagan "mis-spoke" and he (Kalb) will explain official U.S. policy!

mantling of the system of racial separation in South Africa." Of course this would swamp the Whites with millions of blacks and immediately bring about black power rule with the immediate flight of the White population ending civilization. This is what occurred in every black nation in Africa where blacks had political rule turned over to them.

Phony "Conservatives" Oppose South Africa

Rep. Gingrich Insults South Africa Ambassador Finds Himself In Trouble With Georgia Voters

Poll Shows Gingrich In Trouble

The Atlanta Constitution of Aug. 18 reported that Gingrich admitted 80% of the people in his Congressional District oppose his stand on South Africa. There can be no doubt that this percentage would hold up in the voting Districts of all 34 other Republicans. Gingrich says he tells all those who object to his stand: "We cannot believe in freedom in the Soviet Union but not care about freedom in South Africa."

Georgia's Rep. Newt Gingrich, Rep. Bob Walker, (Pa.), and Rep. Vin Weber (Minn.) invited South African Ambassador Bernardus Fourie to meet with them in Walker's office. To Fourie's surprise, when he arrived it was no friendly visit at all! They handed him a roughly worded letter signed by 35 Republican congressmen. It was as harsh as anything issued by the communist TransAfrica organization.

It called for an immediate end to Apartheid (Segregation) and if this was not forthcoming threatened economic sanctions. This includes the now infamous policy of "disinvestment" of U.S. business dealings with South Africa, "unless certain economic and civil rights guarantees are in place. "If this was not done the 35 Republican congressmen would join with liberal democrats to "organize international diplomatic and economic sanctions against South Africa."

Thus these congressmen, are obviously ready to sell out South Africa to the communists for a handful of negro votes back in their home district WHICH THEY MOST LIKELY CAN'T GET! This lack of principle makes them a part of the left-wing mob which has been marching up and down in front of the South African Embassy getting themselves arrested on TV. Why not tell blacks here in the U.S. the truth that South Africa's huge food exports to negro nations has kept millions from starving to death. Not only that but South Africa has allowed 1 million illegal blacks in their country and nearly half a million more work there as "guest workers."

Thus millions of dollars have been sent back to black nations as hard currency to buy food. South Africa gives blacks JOBS they would not have if the communists took over that great White industrial power. Instead these GOP opportunists had rather do what they know is WRONG by catering to radicals who WILL NEVER VOTE FOR THEM.

If this is the case why does not Gingrich and company demand economic sanctions against Russia??? Also, what about the destruction of White civilization which would result from this surrender to the communists??? Gingrich's other argument is, "We represent an integrated conservatism, not a segregated conservatism." MR. GINGRICH THERE IS NO SUCH THINGS AS "INTEGRATED CONSERVATISM!"

If you are for racial integration you are for forced race-mixing which is left-wingism and at best is ultra-liberalism! Conservatism certainly includes preservation of the White Race and White civilization as well as White maintained law and order - WHICH THE BLACK RULED NATIONS OF AFRICA CANNOT UPHOLD.

To add insult to injury Gingrich stated, "American businesses in South Africa should be the most aggressive

Leaders of the "Conservative Opportunity Society", from left, Rep. Newt Gingrich, Rep. Vin Weber, and Rep. Bob Walker. They surprised South African Ambassador Fourie with a vicious letter threatening sanctions and signed by 35 phony "conservatives".

Roll Call

Anti-Apartheid Act

On June 5, the House voted 295 to 127 in favor of the so-called "Anti-Apartheid Act of 1985" (HR 1460), which imposes a series of sweeping economic sanctions on South Africa. This deadly legislation was supported by 56 House Republicans—including prominent GOP conservatives like Rep. Henson Moore (La.) and Conservative Opportunity Society leader Rep. Vin Weber (Minn.).

advocates of integration. They should have middle-management and upper management blacks." The reason these positions do not exist is because the blacks are not qualified to hold such jobs. The South Africa Whites have better sense than to artificially create positions which have wasted millions of dollars in the U.S.

Dump Gingrich In 1986

If there is a good right-wing Patriotic leader in Gingrich's district who would like to run and win a seat in the U.S. Congress here is the opportunity. Some 80% of the people in that District want a change and Gingrich is not the type of "conservative" Republican they thought they elected to office.

Reagan Against Sanctions

Blacks Would Be Hurt by Economic Sanctions

WASHINGTON, Aug. 5 — President Reagan said today that economic sanctions against the white minority Government of South Africa would hurt blacks in South Africa and in neighboring countries.

Mr. Reagan, speaking at a news conference attended by five reporters, said his policy of "constructive engagement" toward the Pretoria Government had wrought changes leading to a more equitable life for black South Africans. He said he did not intend to change the policy, which rests on diplomatic persuasion rather than hostility.

Republicans in Congress Don't Back Reagan

Brooklyn Rep. Stephen Solarz, the most powerful Jew in the House, sponsored a measure imposing severe economic sanctions against South Africa. The bill has been approved by the House after much media promotion to the effect that anyone who dared oppose it was a "racist." The bill would ban future bank loans to South Africa, ban the sale of gold krugerrand coins and stop the sale of nuclear material and computers.

Solarz stated he was pleased to have the support of 35 "Gingrich Republicans." Of course, he is referring to Georgia's strongly pro-race mixing Rep. Newt Gingrich who sponsored the M. L. King Holiday Bill as well as the bill to erect a statue of King in the Capitol rotunda surrounded by monuments to famous national leaders including past presidents. Gingrich poses as a "conservative republican" but his actual voting record is as far to the left as one can get. We list in this issue all those who voted against the White people of South Africa by supporting the pro-communist TransAfrica organization bill.

In the Senate the sanctions against South Africa were only stalled for a month by courageous Sen. Jesse Helms - the only man who had the guts to stand up and announce he would filibuster against the communist measure. Republican Senate Leader, Richard Lugar of Indiana, sponsored the Senate version of the Solarz House bill. Tremendous pressure may well force Pres. Reagan to once again reverse his true feelings on the matter and sign this vicious anti-White and pro-communist piece of legislation into law. Still loyal Patriotic White Americans can distribute large quantities of this issue of The Thunderbolt so that more and more of our people in the street can awaken to the true facts.

South Africa Feeds Half the Continent of South Africa

Sanctions Will hurt Blacks South African Assistant Foreign Minister, Casper Venter, states there are some 350,000 foreign blacks registered in the country. The truth is that blacks are literally fighting to get into South Africa to find any kind of work. On top of that he estimates there are over 1 million illegal black immigrants working also. Venter added: "Should the disinvestment campaign be successful, and should there be a withdrawal of American investments in South Africa, it could effect the South African economy and could lead to unemployment. It that event the government may well have to deport the over 1 million blacks illegally in the country."

Foreign black workers earned \$1.1 billion last year and sent half this money home to their families. Most workers are from the bankrupt black nation of Mozambique and their South African earnings make up 12% of the Mozambique's income. Not only that but the reliable South African railroad system provides for the export routes of several black nations. Zaire (The Congo) ships 40% of its exports by rail over 2,200 miles to South African ports. Zambia (Northern Rhodesia) ships 70% of its exports through South Africa and receives 40% of its imports. Zimbabwe (Rhodesia) ships

65% of its exports and 68% of its imports through South Africa. Malawi, Botswana, Lesotho depend totally on Rhodesia for ALL of their imports and export routes.

The jobs of millions of blacks are at stake in South Africa over the Jews and communists conspiracy to impose economic sanctions. All the black nations around South Africa would be economically destroyed. If not stopped the only winner in this game will be the Communists.

The communists see the opportunity of installing their Red Front, the African National Congress in power. The Jews want destabilization of all nations to bring totalitarian regimes into power. This is where the Jews use their money power to have laws adopted banning freedom of the press, assembly and speech. Thus all opposition to the twin evils of Zionism and Communism can be outlawed.

Whites Burned

The Associated Press

JOHANNESBURG, South Africa — Anti-apartheid violence broke out Thursday night in a white neighborhood in riot-torn eastern Cape province, and police said a black mob seized two white men and set one of them on fire.

They said the one white man was critically burned and the second apparently fled.

A police spokesman also said officers opened fire on a threatening crowd near the Indian Ocean city of Port Elizabeth after nightfall, killing three blacks. Further details were not immediately available.

The police spokesman reported these other incidents Thursday:

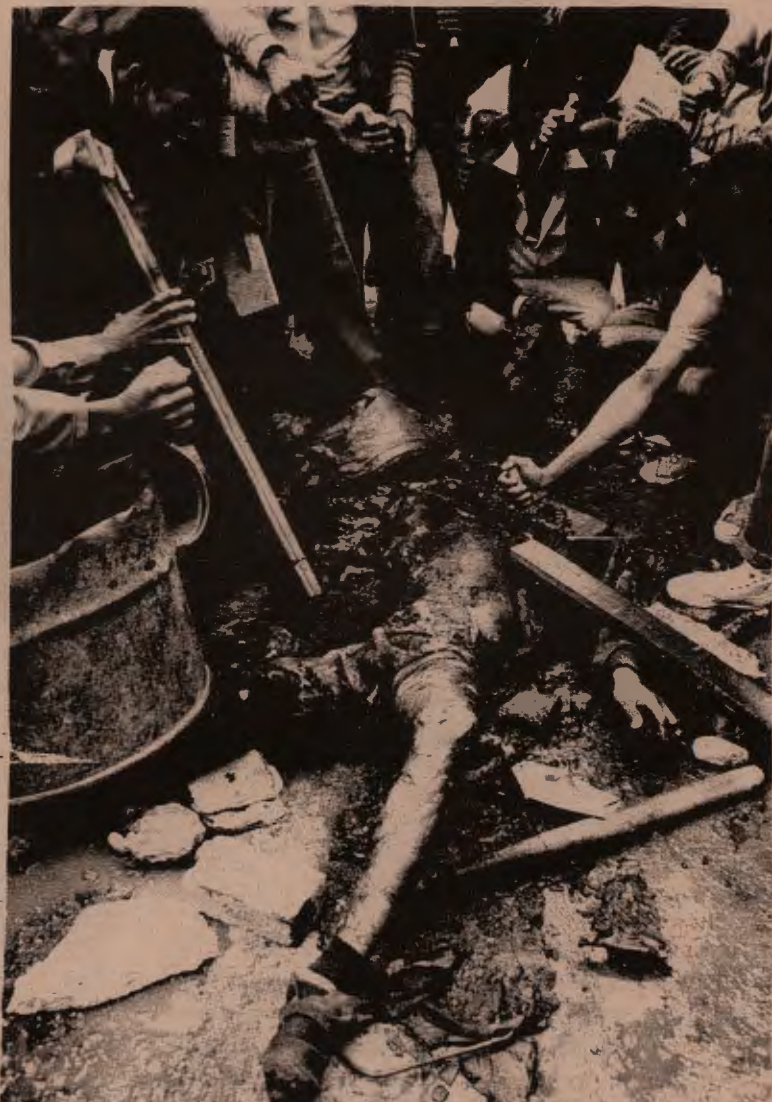

■ A white woman suffered minor injuries when struck by a stone in a second day of black unrest in Alexandra, a black ghetto set amid northern Johannesburg's plush white suburbs.

■ A black mob near Potchefstroom, southwest of Johannesburg, seized a black police officer, tied him to a telephone pole and tried to kill him, but another group of blacks set the officer free.

The attack on the white men took place on the northern fringe of Uitenhage, which borders the black shantytown of Langa, site of the March 21 shooting. Uitenhage residents reached by telephone said there were rumors that the whites were pulled from their car. Police could not confirm this.

Ocean. Some 24,000 ships travel this route annually. Most are bringing Arab oil to Europe and the U.S. - in fact we receive 90% of our oil this way. South Africa has the only ports which can service these ships.

If the communists seized South Africa most of the West's oil supply could easily be shut off at any time. Therefore, it is mere common sense and a duty toward our own self-preservation as well as our obligation to stand besides our fellow White kinsmen in this struggle. We must preserve this great White civilization and its anti-communist stand for our own national security.

This grisly photo is from Germany's "Der Spiegel Magazine". No U.S. paper has dared to publish it. Here a black youth has been "retired" — burned alive! Now the mob is ripping his body apart with bicycle spokes. His "crime" — he is the son of a police officer!

It should be remembered that most of the deaths in South Africa have been a result of extremely brutal murders of black officials of tribal townships and their wives and children. Radical negro agitators accuse them of being "collaborators" with the Government. At the same time most of these people were elected by the black members of the township before the riots began. Many of the murders have been committed by wild gangs who become drunk on bootleg alcohol.

The township of Soweto has more cases of paralysis than any other city in the world. The reason why is that black gangs will grab another black someone has rumored may be a "collaborator." The victim is held screaming on his stomach while others take a bicycle spoke and shove it into his spine. This causes irreversible paralysis from that point down. Still he is luckier than most victims of these brutal mobs which find "retiring" as their favorite method of murder. The victim is bound hand and foot and then an old automobile tire is placed around his neck. As he begs for his life the laughing mob in a festive mood sets the tire on fire. This brings about a very slow and the most torturous death one can imagine. Any black observer who objects risks being the next victim to be "retired" because they are the next "traitor" in line!

Facts About South Africa

The Dutch first landed in South Africa over 300 years ago. There were no blacks living in that part of the continent at that time. Years later both the Dutch and English built one of the most modern civilizations in the world and millions of blacks began their move South to seek work and a liveable standard of living. Every single country in all of black Africa which has been granted independence by the British, French, Belgians and Portuguese have totally lost their civilization and been reduced to dire poverty and starvation. It has been reported in Kenya that blacks have stated, if a referendum were held, they would overwhelmingly vote to bring back British colonial rule.

Today there are 31.3 million people living in South Africa. Some 22.8 million are blacks, 2.8 million are "coloreds" (Part black and part White), 876,000 Asians from India and 4.5 million Whites. We have already witnessed how rapidly Rhodesia has declined under black rule which has been marked by a mass flight of White people (down from

Whites Support Apartheid

Polls Show Whites Saw Trouble Brewing

"Behind The News" published by Patriot Ivor Benson, reported back in Oct. 1984 that 90% of the Whites believe blacks have it so good there is no reason for them to take up arms against the White people. Still 63% believe that guerrilla war can be expected because of Soviet arming of the African National Congress in the nation of Botswana to their Northwest. Another 59% believe that in an all out war black soldiers and police cannot be depended upon to protect White people.

A poll on the subject of Apartheid found that 92% of the Dutch favor its full retention and 64% of the English also are in favor. Another very interesting study showed that 23% of the coloreds and Asians favor Apartheid which insures their status and security. After the recent brutal attacks by rampaging mobs of blacks against the Asians we believe that the vast majority today would fully support Apartheid.

PICKETING AGAINST APARTHEID ARE RABBI A. JAMES RUDIN (l.), director of interreligious affairs, AJC; and Hyman Bookbinder, AJC Washington representative.

AJC Leaders Picket South Africa Embassy

The American Jewish Committee leader, Hyman Bookbinder, led a group of 300 Jews with negro Rep. Walter

300,000 to about 65,000 and still dropping). Rhodesia now has Mugabe as president who wants a one man, one party, Marxist state with no rights for anyone except his hand picked government potentates, military leaders and secret police officers. IS THIS WHAT WE WANT FOR SOUTH AFRICA?

Asians fear a mass slaughter if blacks should ever gain power. Some people have reported the blacks have a more violent hatred for the Asians from India than for White people because of their sharp business practices.

South African writer, Ivor Benson -

Political analyst, writer and lecturer on African and international affairs, Ivor Benson came into prominence when he was appointed Information Adviser to the Rhodesian government in 1964, resigning after two years when he found that the Rhodesian Front Party and its leaders were not to be persuaded of the appalling consequences to be expected from their "settlement" policy.

"Behind the News" is available for a 12-month period at \$25 surface mail, \$30 airmail. Send \$2 for sample copy to Ivor Benson, 26 Meadow Lane, Sudbury, Suffolk, CO10 6TD England.

Bookbinder Threatens Reporter

Conservative Republican newspaper, "Human Events", sent a reporter to question Hyman Bookbinder about why he had joined with the communist TransAfrica organization in this demonstration. The interview appeared in the Jan. 12 issue of Human Events and is quite revealing. Bookbinder is quoted as telling the young reporter:

"I've been around a long time and I don't like to be cross examined. If you're going to do a job of character assassination by linking me with TransAfrica

then go ahead but don't do a job on me. I ask you not to do it, because I will have to publicly criticize you. I don't want to have to do that."

Are these innocent "threats" from this powerful Jew leader or do they have more substance? In the wording of "to do a job" on someone usually means either violent action or at least seeking to ruin a person's occupation. Thus Bookbinder means if he is exposed he will do a job on you! The light of truth and public scrutiny is something the Jews cannot afford to face! They have too much to hide.

Rabbis For Black Rule

All Branches of Judaism Can Oppose Apartheid

To the Editor:

In "Rights Coalition Seen as Reviving in New York City" (news article, Dec. 6), on a black-Jewish alliance against South African apartheid. As a matter of fact, let me state for the record that as long ago as 1976, the Synagogue Council, representing the lay and rabbinic bodies of Conservative, Orthodox and Reform Jewry, issued a statement using clear and unequivocal language condemning "the injustice of white supremacy rule in that country" and "the degrading policy of apartheid which denies blacks the vote and subjects them to a variety of disenfranchisements and repressions."

These, in part, could be the words only of a people motivated by nothing other than the ethical and religious teachings of Judaism.

Jewish leaders reject apartheid

JOHANNESBURG (JTA)—The South African Jewish Board of Deputies has rejected apartheid and condemned racial discrimination.

In a resolution adopted after a three-day debate at its biennial national assembly here, the board, which represents South Africa's 120,000 Jews, endorsed "removal of all provision in the laws of South Africa which discriminate on grounds of color and race."

The Board of Deputies, an affiliate of the World Jewish Congress, adopted the resolution in response

to a request from the congress which earlier this year asked its affiliates in 70 countries to join the worldwide campaign against racism and apartheid.

As part of this campaign, the congress reported that the United Nations Human Rights Commission in Geneva had been informed of world Jewry's opposition to apartheid and all forms of racism, including anti-Semitism.

According to Aleck Goldberg, executive director of the Board of Deputies, the wording of the resolution his group adopted, in its explicit rejection of apartheid, "is more far-reaching than that of previous resolutions passed." The Jewish community is believed to be the only ethnic segment of South Africa's white minority to call publicly for an end to apartheid.

New York Times Blasts South Africa

Jews Undermine South Africa Synagogues Oppose South Africa

The Synagogue Council of America's vice-president, Rabbi Henry Michelman, wrote on Dec. 11, that all three rabbinic bodies, Conservative, Reform and Orthodox Synagogue are against South Africa's "Apartheid". He said they all demand an equal vote for blacks. This, of course, would mean the end of White Christian civilization in that country for all time to come, but the Jews could care less.

But, wait a minute. Why don't the Jews practice what they preach and allow all the Arabs in Palestine the right to an equal vote? This would mean the end of Jew rule with the election of an Arab majority. The Jews say Palestine will remain a Jewish state even if they become a numerical minority. Why can't White Christians in South Africa enjoy the same privilege since they built that civilization!

Radio Free Europe Violates Unspoken Rule

USA Today of July 2 reported that Jews have demanded an investigation of remarks made over Radio Free Europe. A Polish broadcaster stated that an official in Poland was "a hooked nosed Jew." Another broadcast into Russia stated that the Communist revolutionary who assassinated The Czar's Prime Minister Stolypin in 1911 was a Jew. (This is the truth yet to say this is forbidden!) The Jews declared that anti-communist broadcasters had committed a total of 18 "violations," but by whose definition?

(Sulzberger family), declared; "This is all the more reason to keep up the pressure" and the Rep. Solarz bill banning some \$400 million in new U.S. bank loans will help bring the South African Whites to their knees.

Oppenheimer Undermines White Rule In Africa

by Dr. E.R. Fields

Despite vast inherited wealth Harry Oppenheimer still works with the powerful Johannesburg Jewish community to bring about a Black Power Marxist Dictatorship!

Oppenheimer - Richest Man In The World Owns South Africa

If South Africa has an achilles heel it is in the Jew Harry Oppenheimer. He demands an end to Apartheid and believes his money can dominate the nation even if it is under Black Communist rule. One reason for this is that Oppenheimer already controls gold and diamond mining in the Marxist nations of Mozambique, Angola, Botswana, Zambia and Rhodesia. Who is this man they call "The King of Diamonds"?

The De Beers gold and diamond mining company was founded by Cecil Rhodes the ruthless "empire builder" who forged the monopoly over the mining of metals in Southern Africa. He died at the early age of 49 from tuberculosis. Sir Ernest Oppenheimer was the son of a Jew in Germany who was a cigar maker. He became a diamond dealer and was hired by the Rothschilds to go to South Africa immediately after Rhodes' death in 1902. By 1929 he had total control of all diamond mining and was made head of the De Beers monopoly.

Harry Oppenheimer was born in 1908 and took over the company from his father in 1945. His son Nicky, 39, will be the next chairman of De Beers.

Oppenheimer is the richest man in the world - a multi-billionaire. His fleet of private planes is the second largest airline south of the Equator in Africa. He lives in splendor in palaces which dot the map in South Africa, Europe and England. Following in the footsteps of the Rothschilds, who closely kept all money in the hands of close relatives, Oppenheimer holds controlling interest in his two corporations, De Beers (the diamond company) and Anglo American Corp. (gold company) by having his daughter, Mary, on the board, her current husband Hank Slack, her former husband Gordon Waddell and son Nicky. Also, Nicky is deputy chairman of both De Beers and Anglo. The business is worth over \$16 billion and its earnings last year were \$800 million.

This is just the beginning. The Oppenheimer organization controls 20% of all companies traded on the South African stock exchange! They have a quarter of a million

employees and own companies involved in banking, insurance, real estate, newspapers, construction, food, timber, pulp and paper, makes Ford cars in South Africa, chemicals, explosives, wine and more. In America Harry has a 29% controlling interest in Engelhard Corp., and 22% interest in Philbro-Salomon Inc., the largest Jew investment bank in America.

Oppenheimer is 76 but still keeps up with his holdings of gold, diamonds, uranium, coal, platinum, copper, nickel, iron and steel. His real power lies in his monopoly of the sale and distribution of 85% of all diamonds mined in the world. To try and mine and sell your own diamonds could quickly lead to an assassins bullet because Harry does not like competition. He is not called "Goldfinger" for nothing!

Supports Black Revolution

This short, stocky, loud talking Jew has long been involved in left-wing politics. The Marxist Progressive Party has long had at least one member in the South African Parliament. Johannesburg's Jews ghetto district always elects a Progressive Party Marxist to Parliament. There are up to 150,000 Jews in South Africa and they dominate that nation's commerce. In 1948 Oppenheimer was elected from Johannesburg's Jew district. There he spoke out against Apartheid (Segregation). Upon his fathers death in 1957 he stepped down from Parliament and took over the family monopoly full time. He was succeeded in office by Progressive Party Jew - Helen Susman who has held that office down through this day disrupting Parliament with her "Bella Abzug" rantings about black rights. Oppenheimer has been criticized for the aid he has given Marxists in surrounding countries. They all give him exclusive rights to mine gold and diamonds in their countries.

Even Russia Does Business With Oppenheimer

Very few people, including communists ever see anything in print about the Soviet Union granting De Beers exclusive marketing rights to all diamonds mined in Russia's Siberian slave labor camps. They amount to a whopping 25% of the world's production of diamonds. This is a chief

Sir Ernest Oppenheimer, left, with son Harry in 1949 photo. The Rothschild bankers in London sent Ernest to South Africa to take control of Cecil Rhode's De Beers diamond monopoly immediately after Rhodes death in 1902.

source of hard currency by which the communists purchase grain and high technology. This cozy arrangement between Harry and Moscow has been going on for 30 years now. If the Soviets had ever turned against Jew monopoly why would they not break off this relationship and go it alone on the world diamond market and keep all the profits for their "socialist workers paradise?"

Oppenheimer brags, "If anybody sells big quantities of diamonds, whether directly to us or not, in the nature of this business they will tend to end up in our hands."

Oppenheimer has made that nation his main diamond cutting and polishing center before they are exported for sale. A tight reign on diamond release to the market remains in order to help Israel keep prices exorbitantly high.

Works With Reds And Blacks

Oppenheimer says that if the radicals do seize power in South Africa, "I hope the blacks will treat the Whites better than the Whites treated them." Of course Oppenheimer fails to mention he pays the thousands of negroes who work in his mines only 50¢ per hour. Even if a black dictator seized power "Goldfinger" Oppenheimer could easily buy him off because the diamonds could not be sold anywhere in the world except through his exclusive monopoly marketing organization. He has already accomplished this with other Marxist black nations mentioned herein.

With his own private police force Oppenheimer and his family will remain safe and retain their wealth. As noted in the article on this page Oppenheimer calls for all blacks to be granted full

Mr Harry Oppenheimer . . . a constitutional solution is possible, if the Government accepts that Blacks as well as Coloureds and Indians should have a voice in the Central Government.

citizenship as South Africans. An equal vote would end White civilization. The South African plan is for the blacks to have a vote only in their own tribal lands and this is the only sensible plan which will work. In the meantime the communists and Jews continue to advocate a policy of disaster for not only all the countries in Africa but those of Europe and North America as well. These are the questions our politicians in Washington are ignoring! South African Patriots must work for the nationalization of the De Beers Diamond Co., and Anglo-American Gold Co. for the benefit of the South African people. Next the entire Oppenheimer family should be expelled from South Africa!

Maurice Samuel, the famous Jewish writer in his book "You Gentiles," (available from The Thunderbolt), may well have explained exactly what is going on in South Africa in this quote:

"We Jews are accused of being destroyers. We are a homeless mass seeking satisfaction. We cannot find it. We are destroyers - even in the instruments of destruction to which we turn for relief. Jews will remain destroyers forever. Nothing you do will meet our demands."

Communist Jews Plot The Violent Over

by Dr. E.R. Fields

South African Communist Party Run By Jews

Karl Marx, the founder of communism was descended from a long line of rabbis. The original founders of the Soviet Communist Party which overthrew the Christian Czar of Russia were six men - five Jews and one Gentile. The Jews were Zinoviev, Trotsky, Sverdlov, Damenev, and the half-Jew Lenin (on his father's side.) All Soviet spy rings run by ideological dedicated men have been led by Jews. Here we had the Rosenberg — Gold spy ring in England the Klaus Fukes spy ring and in South Africa the Goldberg spy ring.

Israel Frees Red Terrorist In South Africa

The Press deliberately carried a brief notice that Denis Goldberg had been released after serving 22 years of a life sentence for, (as the press explained it), "being a member of the underground African National Congress, a civil rights organization." There was not a word about Goldberg being a leader in the Jew run underground Communist Party of South Africa! It was the official leadership of the Israeli government which worked secretly to arrange Goldberg's release, "because he is a member of the Jewish race."

Goldberg's Red Background

Denis Goldberg was born in England and came to South Africa to work ostensibly as an engineer. Both his parents had been life long members of the British Communist Party. Goldberg was on a secret mission for the Soviet Military Intelligence. He was to work for the outlawed South African Communist Party. The underground leaders of the Communist Party came out of Johannesburg's vast Jewish district where some 85,000 Jews live.

They included Arthur Goldreich an expert in the use of explosives. Lionel Bernstein whose job it was to organize negroes into front groups to work for the overthrow of the government. The head of the Communist Party was Harold Wolpe, a lawyer in the prominent firm of "James Kanton and Partners". They represented radical Jews and blacks. Wolpe operated a clandestine Hallicrafter radio to keep in close contact with his superiors in Moscow. Also, all money from Russia to finance this violent organization was transmitted by Soviet spies through Wolpe's hands. Today, the head of the South Africa Communist Party is still a Jew, Joe Slovo. He operates out of a guerrilla base in the neighboring black nation of Botswana.

The Capture of Goldberg

Goldberg, at age 29, was given the task of obtaining 48,000 land mines and 210,000 hand grenades. He operated a secret military camp in the bushland for black terrorists. The text book he used on guerrilla warfare was written by Fidel Castro. At that time their front group for blacks was called the National Liberation Movement. Later this was changed to today's African National Congress which is openly supported by liberal Whites in America along with such black politicians as Atlanta's negro mayor Andrew Young.

Goldberg worked full time training blacks in his military wing called, "The Spear of The Nation." On this page are pictures of the trains which were torn apart when passing over Goldberg's planted mines. Also, the South African passport office which his men bombed. Many incidents of violence took place under Goldberg's directions which resulted in the killing and maiming of many innocent civilians.

The Rivonia Case stands out as the most famous raid resulting in the arrest of the largest number of communist saboteurs in South Africa's history. With this event suppressed by the daily press today it must be reviewed because the present head of the African National Congress, negro Nelson Mandela, praised by liberal media as a hero was captured at Rivonia. Many liberals want Mandela to be the future ruler of South Africa which would mean turning that vital area of the world over to the Soviet Union!

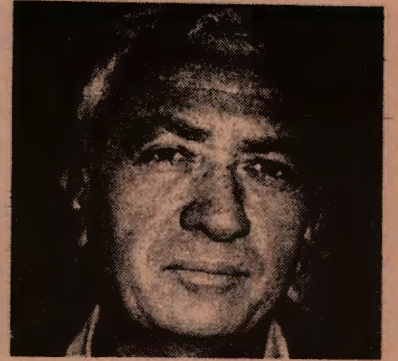

Money from Moscow was given to Arthur Goldreich for the purpose of buying the farm house in Rivonia on the outskirts of Johannesburg. Here the underground communist leaders would meet and plot the violent overthrow of the South African government. Fortunately, South African Security Forces learned that an important meeting of the Communist Party and black leaders was to be held on June 11, 1963 in the Goldreich/Rivonia house. Assembled there were Denis Goldberg

Denis Goldberg, at age 29, his underground code name was "Comrad Commandant" when he trained guerrillas to kill White Christians. After spending nearly half his life in prison he is eager to join his fellow Reds in London and continue their plans to destroy the White South African Government and turn that country into a Soviet puppet state.

and 16 other top communists including Harold Wolpe, Arthur Goldreich and Lionel Bernstein. Also nearly the entire leadership of today's African National Congress were all arrested including Nelson Mandela, Walter Sisulu and Govan Mbeki. They were sentenced to life imprisonment for "planning and plotting to overthrow the government by force". All were charged with 189 counts of sabotage between Dec. 1960 and July 1964.

Unfortunately, both Goldreich and Wolpe were able to escape from prison before the trial with the aid of the underground. Goldreich was granted asylum in Israel in 1964 and immediately went to work on the long term task of obtaining the release of Goldberg.

Lionel Bernstein had been a dedicated member of the Communist Party since 1939. Bragging in court he was a revolutionary and dedicated to the violent overthrow of existing society explaining this was for the establishment of a communist utopian society of the future.

Jews Planned To Bomb Their Own Synagogue

Arthur Goldreich drew up the sabotage plans and decided the targets. Using his architects office as a cover in Johannesburg. Goldreich outligned the main attacks would be against roads, bridges, buildings, railroads, arms dumps and gasoline storage tanks.

MOST INTERESTING OF ALL were detailed plans Goldreich had made for bombing "Old Synagogue" in Pretoria which the police discovered in his office. The conspiracy was to make it appear as if Right-Wing Christian Patriots were guilty in order to turn the general public against his most dedicated enemy!

Israeli Officials Pressure South Africa To Release Goldberg

Israel maintains an organization called "The Prisoner Rehabilitation Committee" headed by Herut Lapid. They work world-wide for the release of Jews who have been sent to prison in any country for serious crimes. As in this case, Lapid admitted they worked for Goldberg's freedom, not over any concern for his crimes, but just because he is a Jew! Unlike other races the Jews maintain a fanatic loyalty to one another because they feel a bond of RACIAL UNITY where other races do not.

Goldberg and Lapid contacted Israel's President Chaim Herzog. Israel's Intelligence Service, MOSSAD, reported that South African Pres. P.W. Botha would visit British leaders and they quickly contacted Jewish members of Parliament and the Jew Malcolm Rivkin of the British Foreign Office. Botha met this international Jew Lobby and told them he would agree to free both Goldberg and Nelson Mandela if they would both sign an affidavit "renouncing violence". Mandela rejected the plea declaring that "South Africa can only be liberated from White control through armed struggle."

Israel's Ambassador to South Africa, Eliahu Lankin, "enthusiastically embraced the project to free Goldberg," related The Jerusalem Post of March 16. Lankin arranged for Lapid to meet with Goldberg in his cell along with Hilary Kuny the wife of prominent Johannesburg lawyer Denis Kuny who are both supporters of the illegal Communist Party. They urged Goldberg to sign the promise of non-violence. But Goldberg resisted because Nelson Mandela's refusal would make it appear as if he had sold out his comrades. Lapid reminded him of the "Kol Nidrie Oath" which all Jews take at the first of their new year whereby they disavow all promises and oaths they might make during the forthcoming year.

Here was the excuse Goldberg was looking for which could clear his Jewish conscience. Also, he was invited to live in Israel with his daughter in the Ma'ayan Baruch Kibbutz because here is practiced the purest form of communism in the world. Everyone works for the Kibbutz and the Kibbutz takes care of all your worldly needs. It should be noted that the Jews in Israel constitute the only race of people on earth who have voluntarily accepted the communist communal farm and factory concept of living. (An interesting point should be made that most all of Israel's Kibbutz settlements are losing huge sums of money. This loss is made up by free enterprise, hard working, American taxpayers' foreign aid money!)

Goldberg Hailed As Hero In Israel

When Goldberg and Goldreich reached the Ma'ayan Baruch kibbutz the members of the Marxist Kibbutz "rose to the occasion to greet Goldberg. The Kibbutz dining room was decorated with 'Welcome' signs and the children presented him with an album of drawings. On Friday night, he was the guest of honor at a party, during which the story of his jailing and release was recounted. Goldberg said, 'these people are my people.'" - as quoted from The Jerusalem Post.)

Goldberg has been separated from his wife who has lived in London during most of his 22 years in prison. Goldberg said his stay in the Kibbutz will be short because he will soon rejoin his wife in London where she was deported by South Africa long ago. Goldberg says he will rejoin the staff of the African National Congress office in London and resume his activities for the overthrow of the South African government.

The most important part of this study of the South African Communist Party is that organization would not exist at all if not for Marxist Jews. This can be said for the organization of Communist Parties in Russia, Poland, Germany, Hungary, Rumania, France, England, Canada, Spain and America. For the full documented history of this international Jewish created problem read the books, "Behind Communism" and "Know Your Enemy" listed on our book page. Jew Heads South African Communist Party Today

The head of the outlawed South African Communist Party today is the Jew Joe Slovo. He fled South Africa after the Rivonia raid in 1963 which resulted in the arrest of the top Jew and black communist leaders. Slovo has spent the years since that time rebuilding the infrastructure of the Party from exile in Mozambique and Botswana, (both Marxist black nations.) Slovo, 58, is considered "Public Enemy No. 1" by South African authorities and the "evil mastermind" behind the banned African National Congress.

Slovo heads the terrorist Zulu group, "Spear of The Nation," which Denis Goldberg once ran. He brags

Press Report On Denis Goldberg

MA'AYAN BARUCH, Israel—When Denis Goldberg looks back on his life as the top-ranking white South African revolutionary

Goldberg and five others, including national ANC chief Nelson Mandela, were sentenced to life in prison for plotting to overthrow the Pretoria government by force.

For the next 22 years he languished in prison, his devout Marxism and violent revolutionary convictions unshaken.

Today, in another irony, the balding, 51-year-old Goldberg is sampling his first taste of freedom at this kibbutz farm settlement in northern Israel where his daughter now lives.

His ideological side is comfortable with the collective's pure communism.

"When the Israelis were negotiating my release and begging me to agree to sign the non-violence undertaking, they said my freedom was not a political question," Goldberg said in a recent interview here.

"They said because I'm Jewish, it was a simple matter of family.

Goldberg plans to resume work for the African National Congress in London.

Harold Wolpe was one of the many Johannesburg Jew lawyers who regularly offer their legal services to revolutionary blacks arrested by the police. It was Wolpe's Jew law firm of "James Kantor and Partners" which arranged for the Communist Party to purchase the Rivonia farm house as a headquarters. Wolpe was called the "mastermind" behind the banned South African Communist Party.

his orders resulted in numerous bombings in South Africa of government buildings and strategic locations over the past 5 years which resulted in more than two dozen deaths. Today Slovo says; "a single well placed spark, like a policeman killing a black in Soweto on a hot weekend, could set off the final conflagration!"

Slovo married the well known communist Jewess Ruth First. She came from a wealthy Jewish family in Johannesburg. Her father was a wealthy furniture manufacturer. Still, both her mother and father were communists despite all their personal money. Slovo's parents were communist immigrants from Lithuania and arrived in South Africa in 1909. Joe and Ruth Slovo were

Press Report On Joe Slovo

JOHANNESBURG — For most of his adult life, Joe Slovo, the white Marxist and former Johannesburg lawyer who has been trying for a generation to overthrow the white-minority government of South Africa, has been on the run.

To the South African government, the 58-year-old Slovo is Public Enemy Number One, the evil white mastermind directing a crusade of terrorism and murder and manipulating blacks inside his movement with a script written in Moscow.

Slovo also confirmed publicly for the first time that as chief of staff of the ANC's secret military wing Umkonto we Sizwe — "Spear of the Nation" in Zulu — he has been involved in planning the various bombings of government buildings and strategic installations that have killed more than two dozen persons and shaken South Africa over the last five years.

As a militant protest organizer, he endured a decade of legal harassment inside South Africa before fleeing in 1963. Since then he has conducted a campaign of violent sabotage from exile as a top military official of the outlawed African National Congress. He has survived assassination attempts, the murder of his wife, South African academic Ruth First, and his own expulsion last year from Mozambique, where he had operated for a half-dozen years.

Although both Jewish, he and his wife came from far different backgrounds. She was the daughter of a prosperous furniture manufacturing family whose father and mother passed on their socialist beliefs to her. He was the son of poor Lithuanian immigrants who came to South Africa when he was 9.

They were a complicated couple. She made enemies easily, although her friends remain extremely loyal to her. "She was abrasive, meticulous, demanding, extremely critical, yet very loved," recalls Albie Sachs, a close friend and fellow exile who lives in Maputo, the capital of Mozambique. "She insisted on the highest quality work and thought. There's not a single important decision of the movement in the last 30 years that doesn't bear her imprint in some way."

married in one of the biggest communist weddings ever held in Johannesburg. Together they edited 5 communist publications over a 15 year period. All directed at the violent overthrow of the South Africa government.

Slovo's communist apparatus is tightly cemented to the Soviet Union and entirely financed by them. The training, weapons and propaganda material are all funneled to Slovo from Russia.

South Africa Strikes Back

The Communist Party has not carried out these violent acts without reprisal from White South African commandoes. In Jan. 1981, they attacked the Communist Party training center near Maputo, the capitol of Mozambique. Three buildings were blown up and 13 Reds killed. Unfortunately, they did not get Slovo. In the meantime his wife Ruth was running a communist think tank at the Maputo University. One day in Aug. 1982 she received a package in the mail. When she opened it the room was blown apart. Slovo blames the South African Security Service - they deny the charge. In 1983 Slovo's agents exploded a car bomb outside the South African air force headquarters in Pretoria killing 19. Slovo said this was revenge for his wife's death. Then South Africa bombed from the air the Communist terrorist training center in Matola, Mozambique.

In the meantime Mozambique was forced by economic reasons to sign a non-aggression pact with South Africa. This required them to bannish Slovo and his Red terrorists from the country. Today they operate out of Botswana. The fight against communism requires eternal vigilance and the White people of South Africa see how their kinsmen in Rhodesia have been murdered, property confiscated, and then driven out of the country by wild African Marxists. They have absolutely no intention of allowing that to occur in South Africa.

The important point is that every politician in America or in any Western nation which supports sanctions against South Africa, is aiding Slovo and his murderous band of communist revolutionaries. The security and friendship of South Africa with America is of the very HIGHEST IMPORTANCE TO THE FREE WORLD!

Jews New Schemes To Wreck South Africa

Fink Would Punish U.S. Firms

Brooklyn Jew State Rep. Stanley Fink says, "South Africa's Apartheid is repugnant to the spirit of the laws of New York." He has authored a bill which would withdraw the state public employee pension fund money from any company which does business in South Africa. This is a \$24 billion fund with money in IBM, General Motors, G.E., ...etc. They employ 472,000 New Yorkers (or 12.6% of the state's work force.)

Fink says this does not matter as South Africa's Whites must be made to give up Apartheid. The State Comptroller is Republican Edward Regan. He opposes the bill and says the GOP is a majority in the state senate and Fink's measure will never be adopted. In the mean-time Fink has announced his interest in running for the U.S. Congress from a racially-mixed district.

Why not cut off the \$4.5 billion we give Jew Glickman's tiny country of Israel when our total foreign aid budget for the entire world is only \$12 billion? Is this fair? Are the Jews being fair toward South Africa? Have they treated the Palestine people fairly during their long 18 year occupation of the West Bank? ARE THE JEWS A FAIR PEOPLE IN ANY CATEGORY AT ALL???

Jews Promote Black Unrest

Below from "Sothern Israelite", Oct. 5

by Joseph Polakoff
TST's Washington correspondent

WASHINGTON—South Africa's Jewish community solidly supports the aspirations of their black countrymen to wipe out apartheid and attain equality with the white minority in political and social spheres, according to a leading voice among the blacks.

"The Jewish people's relationship with the black people in South Africa is where the Jewish people were with the blacks in America in the 1960s," Percy Queboza, editor of the Golden City Press, said in an interview with this reporter. Jews and blacks fought together in that decade for civil rights in a historic chapter in black-Jewish associations.

Queboza was in Washington with another South African black journalist, Stanley Motjuwadi, editor of Drum magazine, to attend a media conference sponsored by the African-American Institute and the Wilson International Center for Scholars.

Asked to comment on relations between Jews and blacks in his country, Queboza said, "The Jewish people have always been our allies. They always have been well disposed to the African national movement. The Jewish legal fraternity always is in the forefront for our political liberties."

Queboza, said Helen Susman, a veteran member of South Africa's Parliament, is "Wonderful" and that Tony Bloom, a businessman, "really supports black programs." He named them when asked to identify South African Jews who lead in the community's support for blacks.

At Witwatersrand University in Johannesburg, one of South Africa's more liberal institutions, a large percentage of its 19,000 students are Jewish. Most are actively opposed to apartheid and help the approximately 200 black students there.

South African Jews Support Radical Blacks

The negro editor of Golden City Press in South Africa, Percy Queboza, interviewed by Jew writer Joseph Polakoff on Oct. 5, 1984 stated, *"the Jewish people have always been our allies . . . The Jewish legal fraternity always is in the forefront for our political liberties."* He said the only Marxist member of South Africa's Parliament, Helen Susman, from a mostly Jewish district, supports radical black revolutionaries. The large number of Jew college students who staged street sitdown demonstrations with blacks in South Africa got major TV coverage in the U.S. The problem is that the American public does not know it is Jew money, Jew Lawyers, Jew Marxists and Jew students behind the trouble in South Africa.

What About Israel's Apartheid?

Israel And South Africa Compared

Very few Americans have any idea at all as to the plight of the Palestinian people under Jewish rule in the occupied territories. In South Africa blacks must return to their townships from their jobs in the White cities at night. White people thusly are protected from black street crime which we know has wrecked our downtown areas in majority black cities in the U.S.A. Note on this page an article from The Jerusalem Post of July 20 about 40,000 to 50,000 Arabs who

must sleep in the streets if they do not return to their townships at night in Palestine. Arabs are not allowed to vote in national or local elections but the blacks in South Africa do have the right to elect their township leaders.

There is no censorship of blacks in their own areas in South Africa but in Palestine the Arabs are under a strict military censorship which can lead to prison or the closing down of your publication. In South Africa there is no censorship so long as you do not advocate violence.

In Israel people can be picked up in the middle of the night and thrown across the border out of their own country. This has never happened in South Africa.

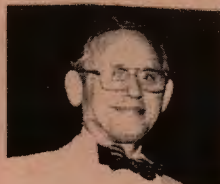

In Israel, if any member of your family is even suspected of

being a supporter of the PLO, your home will be dynamited and the remains bulldozed to the ground. This has never happened in South Africa.

The blacks of South Africa have many more rights and actual police protection which the Arabs do not have at all in Palestine.

There is no body of people anywhere in the world who have been more persecuted than the Palestinian people right in their own homeland. Why are not the liberals and civil rights leaders and presidential candidates such as Gary Hart and Teddy Kennedy out picketing the Embassy of Israel in Washington? This is where the real oppression of a people has gone on for 18 years in a brutality unmatched in history which cries out for justice!

ADL leaders protest South Africa policy

Braving a cold rain and carrying placards denouncing apartheid, more than 20 leaders and members of the Anti-Defamation League of B'nai B'rith demonstrated across from the South African Consulate on Park Avenue in Manhattan.

Among the demonstrators were Kenneth Bialkin, the ADL's national chairman; Nathan Perlmutter, national director; Abraham Foxman, associate national director; and Gary Zaslab, chairman of the ADL's New York regional board. The demonstrators carried signs reading "Freedom and Human Dignity — End Apartheid Now" and "Apartheid Denies Liberty."

The vigil and demonstration began with the lighting of candles on a large menorah marking Hanukkah. In a written statement issued at the demonstration, Bialkin and Perlmutter said:

"No government can in truth call

itself free and democratic while at the same time denying millions of its citizens the basic freedoms of a democracy. Yet, this is the condition that exists today in South Africa where black citizens are not accorded the rights which we who live in democratic societies take for granted.

"We call on the Pretoria government to immediately begin the implementation of substantive, rather than cosmetic, changes that will see its system of racial separation dismantled. We are under no illusions about this being an organized process, but the transition toward a change in which all South Africans will have a voice in their country's internal and external affairs should begin in earnest."

The demonstration lasted about 40 minutes, and there were no arrests.

Tel Aviv's 50,000 'illegal sleepers'

BY ASHER WALLFISH
Post Knesset Correspondent

Each night between 40,000 and 50,000 Arabs from Judea, Samaria and the Gaza District sleep over in Tel Aviv without legal permits and in unsanitary conditions, members of the Knesset Interior Committee were told last week.

Surveying the nocturnal scene in Tel Aviv under the auspices of district police headquarters, the Knesset members heard that when mig-

rant Arab workers get involved in crime, the police have trouble track-

ing them down because they have no address in Tel Aviv.

The police lack the powers to take legal proceedings against Arabs sleeping over without permits and can only transport them back to their homes in the administered areas, where the military government can take action against them, the MKs were told.

Jewish Persecution of Christians Intensifies

Jews Charge Christian Missionaries Are "Cultists"

The Daily Press has suppressed news about the "Jewish Community Relations Council Task Force on Missionaries and Cults." First organized in Israel to fight Christian missionaries seeking to convert Jews the task force has now spread to New York City and Philadelphia. Its head, Yoel Ben-Avraham, spoke in New York and admitted the work of his organization has not been reported in the press. He says it is "hushed up" but that strong measures must be taken to save Jewish youths from Christian missionaries.

Avraham has told stories of Jews who have committed suicide when they awoke one day and realized what a terrible thing they did when they became a Christian. Still he can provide no names and dates of such cases. Israel has enacted laws "against spiritual fraud." They provide that if any Christian gives a Jew anything of value to entice him to attend a Christian meeting he can be fined and jailed. Thus, it is a crime in Israel for a Christian Missionary to give money, food, or even a free Bible to a Jew if it is part of an invitation to in any way entice the Jew into listening to Christian views.

Missionaries A Threat

Judaism is the only religion in the entire world which has no missionaries and actually discourages converts. The only way one can be a Jew is to be born of a Jewish mother. Orthodox Jews discourage conversions and do not even recognize as Jews those born of a Jew father and a Gentile mother.

On this page Jew Reuven Solomon warns Jews that Christian missionaries disguise themselves in various manners to trick Jews. He charges they drive cabs and hand out

Rabbi Yoel Ben-Avraham charges Christian Missions are "dangerous cults."

Christian tracts to unsuspecting Jews, operate stores like "carpet cleaning companies", etc., just to trick Jews into listening to a Christian message.

Missionaries Same As "Nazies!"

Richard Steinberg charges that Christian Missionaries pose a "destruction of Jews" just like "Nazies." What an outrageous attack - WHAT A LIE! Steinberg actually states such Christians should be declared "persona non-grata aliens" and deported out of Israel.

(COMMENT: What if we called Judaism a cult? Said Zionism is like Nazism? Called Jew Rabbis who gave gifts to Christians "deceivers." Would not the Jews be up in arms! Why should we continue to allow such anti-Christian people to make such attacks without a strong response from our side? The time has come for Christians to cease tolerating that which should not be tolerated. Jews are conducting anti-Christian activity right here in our own Christian nation. If Israel is a Jewish nation then America has the right to declare itself a Christian nation! Let us awaken others to these vile attacks against our religion.)

Hotel Threatened For Allowing Christian Meeting

The Shalom Hotel in Jerusalem allowed the World Evangelist Church to hold a meeting and present a film about Jesus Christ's "Second Coming." Some Jewish area residents attended the free meeting. This brought a scream of outrage from the Chief Rabbi Yitzhak Kolitz who threatened to have the Hotel's Kashrut (Kosher) certificate

cancelled. In this event the hotel would go bankrupt because Jews could not stay there. The Hotel manager, Yehuda Greenbaum, announced that he did not realize these Christian evangelists intended to proselytize among Jews and had he known their meeting hall would have been cancelled.

The Missionary Threat

Dear Editor,
More Jews have been converted by missionaries than most JEWISH PRESS readers can possibly imagine.

This is not just a statement of my opinion. This is a fact of Jewish life in the United States of America in 1983 and 1984.

Who are the missionaries? They include Jews who have converted, life-long Baptists, and members of way-out Christian sects.

Some of them work for non-Christian Churches, such as the followers of a certain Korean minister. They are members of established churches, and members of new groups. Some use a carpet cleaning company as a front. Two that I have encountered drive a cab. Some belong to cults in the strictest sense of the word. Others do not.

And the missionaries operate in many places — including the State of Israel. The inroads made by missionaries have been documented in THE JEWISH PRESS (December 16, 1983). A front page headline states "Kollek With-

draws Support For Missionary Hotel." And Kollek would not have ended his support if it had not been for a concerted campaign by many, including THE JEWISH PRESS.

Why this success? There are many reasons. But two key reasons have been hit upon by Samuel Levine in his book **You Take Jesus, I'll Take G-d.** (Published by Hamoroh Press, P.O. Box 48862, Los Angeles, CA. 90048.)

He says "it is very important to remember and realize two things... Christian missionaries are particularly interested in converting Jews; they are more interested in making a few Jews become Christian, rather than making many pagans into Christians..."

He goes on to speak of the need for support for those institutions that engage in Jewish education and for the need for greater Jewish education in the Jewish home.

Many missionaries claim to be friends of the State of Israel. But, in my opinion, a truly Righteous Gentile does not seek to convert Jews.

"Second Coming" Film Banned In Israel

By JUDY SIEGEL
Jerusalem Post Reporter

Jerusalem Chief Rabbi Yitzhak Kolitz may cancel the *kashrut* certificate of the Shalom Hotel — the largest hotel in the city — because a Christian missionary event was held there last week with a number of Jewish Israelis present.

Rabbi Kolitz told *The Jerusalem Post* that he is investigating the incident, in which the American-based World Evangelist Church-School of Ministry showed a film about Jesus' "Second Coming" in a hall in the Shalom Hotel.

Kolitz had earlier prevented the screening in the nearby Ulamei Nof Hall in the religious Bayit Vegan quarter after receiving a tip that the group intended to carry on missionary activities among Jews and that Jews had received Hebrew-language invitations mailed to their homes.

After Kolitz threatened to revoke Ulamei Nof's *kashrut* certificate, the hall cancelled the event. Activists of Tadir-Matzad, the small religious-nationalist party in the Jerusalem

City Council, were not placated, and they received a police licence to demonstrate outside Ulamei Nof, "just in case."

People who came for the showing were directed to the nearby Shalom Hotel, which is owned by the same company as Ulamei Nof.

Shalom Hotel manager Yehuda Greenbaum, who is an Orthodox Jew, told *The Post* that if he had known that the evangelists intended to proselytize, he would not have allowed them to use his hall. He admitted hearing from Rabbi Kolitz that the group were "missionaries," and that Ulamei Nof had cancelled the screening of the film. Greenbaum said that "we have hundreds of Christian groups coming to the hotel, and we don't check their credentials. They are welcome if they do not violate the law."

Beware of missionaries

In the Jan. 25 edition of *The Jewish Week*, Arthur Einhorn deplores the activities of missionaries in Israel. I fully agree that their aim is the same as the Nazis — destruction of the Jews. Their methods may differ, but their attempt is vicious and deplorable.

Israel is a democracy, and its citizens have certain liberties. In view of the fact that most if not all of these practitioners are not citizens and are, in fact, imported for that very infamous purpose, they should be declared *persona non grata* aliens. It would be best for all Jews that their stay in Israel be terminated and they should be asked to leave as *undesirables*.

A greater danger exists here in America, where these same groups are actively proselytizing. Whatever their success may be, it is due wholly or in part to many of our American Jews whose ambivalence to Judaism has led them to abandon their religion. They have been led astray and caused to take a deviant course away from Judaism.

Jews Promote Iran to Sow Discord In Middle East

Israel Secretly Sends U.S. Arms To Iran Seeks To Continue War
Israel has continued over the past five years a secret and *illegal conspiracy to send U.S. military spare parts to Iran for their American built F-4 Phantom Jets.* The entire European and Arab diplomatic community have all been seeking a way of establishing peace in the Middle East between Iran and Iraq. The fanatical Khomeini has sacrificed the lives of tens-of-thousands of young men in this suicidal war. The chief source of his ability to keep this atrocious war going is military aid from Israel.

The Jews want to keep the Middle East in a state of constant turmoil. In order to destabilize the area they have armed certain religious sects to fight legal government forces in Lebanon. They have sold millions of dollars worth of U.S. military equipment to Iran.

Newsweek magazine of Jan. 28 reported that a defecting Iranian pilot fingered Israel as a major source of crucial spare parts for their F-4 jets. The U.S. has maintained a 5 year embargo against arms sales to Iran. The serial numbers of some key components on the defector's jet proved they came from America via Israel!

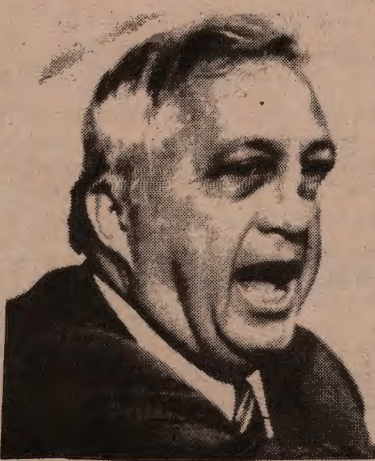

The **Chicago Tribune** reported last June 3 that Saudi Arabian AWACS radar tracked Israeli aircraft heading north over Lebanon across Syria along the southern border of Turkey and Russia into Iran. A scandal broke during the hostage crisis four years ago when the Soviets shot down an Israeli cargo jet over their territory filled with

Vatican aided fleeing Nazis

By LEON HADAR
Jerusalem Post Correspondent
NEW YORK. — New evidence that the Vatican actively helped "scores, if not hundreds" of high-ranking Nazi war criminals to escape postwar Europe in the face of allied efforts to bring them to justice is reported in the current issue of *Reform Judaism*, the quarterly magazine of the Union of American Hebrew Congregations.

In an article titled "The Vatican and the Nazis," Charles Allen Jr. documents this charge, using once top-secret State Department reports obtained under the Freedom of Information Act to support it. Much of his information, detailing the role of numerous Vatican officials in helping SS leaders and other top Nazis flee to

arms bound for Iran.

Later, then Jewish Defense Minister, Ariel Sharon admitted \$50 million worth of captured PLO arms had been sold to Iran against the wishes of the U.S. Still present Israel Defense Minister Moshe Arens has denied such shipments declaring, "I am not aware of such flights and this report does not speak well of Saudi Arabia's radar system." **NO WONDER THE JEWS OPPOSED THE SALE OF AWACS RADAR TO SAUDI ARABIA!**

The **Jewish Sentinel** of Feb. 7 states that in return for "suspected" arms shipments Iran has allowed Jews to immigrate to the U.S. and Israel. The report said that along with millions of dollars received hundreds of Jews have arrived in Israel "as part of the bargain. One such wealthy Iranian Jew newcomer has just purchased the Sheraton Hotel in Jerusalem paying for it in cash."

Jews Join Communist Ryan Attack On Catholics

Jews Continue To Criticize Catholic Church

The Zionist News Service of Jan. 3, 1985 reported that Pope John Paul II has once again refused to grant diplomatic recognition to Israel. The report said that such a move by the Pope was "unlikely to take place soon as the Pope reiterated the Vatican's traditional position on the Middle East which includes international status for Jerusalem." The Pope has also called for a free Palestinian state on the Israeli occupied West Bank. Today the Vatican has diplomatic relations with the following Arab nations, Algeria, Egypt, Kuwait, Lebanon, Morocco, Syria and Tunisia.

South America, South Africa and the Middle East, is taken from a 36-page report by Vincent La Vista, an American military attache who was stationed in Rome. The report was sent to then U.S. Secretary of State George Marshall in May 1947.

Despite the report's startling findings about the Vatican's deliberate role in aiding and abetting the escape of SS and other Nazi genocidists, Allen writes, the State Department "did nothing to bar their flight from justice." Among the escapees who enjoyed the protective benevolence of the Vatican and its "monastery routes," the La Vista report lists Klaus Barbie, recently extradited to France from Bolivia and Edward Roschman, the "Butcher of Riga" who went to Paraguay.

Sees Iran-Iraq peace as threat to Israel

JERUSALEM (JTA) — The end of the war between Iraq and Iran could pose a serious danger for Israel, according to Yitzhak Oron, director of political research at the Foreign Ministry.

As long as the two countries, both sworn enemies of Israel, are at war, Israel's interests benefit, but once the conflict ends, Israel may be faced with a stronger Iraqi army, Oron told the Knesset

Thus Iran must have also agreed to allow its Jew population to take their money with them. How can anyone hold that Israel is any kind of military ally of America? This news certainly proves that Saudi Arabia is a more loyal ally of the U.S. than Israel ever has been!

Pope Pius XII meets Gen. Anders, Commander of anti-Communist Polish army in Italy in 1945. Gen. Anders was never allowed to return to Poland after the War. The Pope has long been attacked by Jews and Reds as being "Pro-Nazi."

U.S. Red China Ban Defied

From "Jerusalem Post"

'Israel arms China'

By HYAM CORNEY

Jerusalem Post Correspondent

Israel Aids Red China
U.S. policy is opposed to selling any type of military equipment to a communist nation. Such actions are not allowed any country in NATO (Europe), or SEATO (Asia). The only country to get around this which receives vast sums of American military hardware is Israel.

Jane's Defense Weekly, the authoritative military journal published in England states that over the past 5 years Israel has furnished Red China with \$3 billion in highly sophisticated tank cannons and rockets. Not only that but Jewish military advisers are attached to the Chinese army and air force to help them learn how to use the equipment. There can be little doubt that the real source of know-how behind this program came from U.S. military aid.

LONDON. — Israel has developed a top-secret arms relationship with China, according to the London *Sunday Times*.

Quoting unnamed "intelligence experts," the newspaper reports that during the Chinese military parade through the streets of Peking on 1 October, to celebrate the country's 35th anniversary, some of the tanks on display were updated with new guns believed to have been supplied by Israel.

A major part of the arms relationship between Israel and China, the report adds, is in "tank collaboration."

China has more than 9,000 main battle tanks, all of a basic 1950s design. The deal to re-equip them is therefore worth "hundreds of millions of pounds" and according to the *Sunday Times* Israel "has beaten Britain" in this commercial battle, even though there are no diplomatic relations between Israel and China.

B'nai B'rith Brags It Controls President

B'nai B'rith is the secret fraternal organization to which most successful Jew businessmen belong. It was back on March 26, 1976 in "The Jewish Gazette," quoting Jack Spitzer, then chairman, who stated: "B'nai B'rith is a powerful political force in the U. S. Proof of this is that B'nai B'rith has a mission to the United Nations headed by Dr. William Korey. (No other fraternal group has such a mission!)

"An indication of B'nai B'rith's influence in America is that at their next convention both the Republican and Democratic nominees will address the delegates. 'We always have an open door to the White House,' Mr. Spitzer said.

American Jewish Committee, Washington, D. C. head, Hyman Bookbinder is quoted in the Feb. 24, 1984 issue of "The Southern Israelite" stating:

"If it's a Reagan vs. Mondale race in November, it will be a stand-off for most American Jews on the Middle East because we will have seen to it by then that all candidates will indeed have made commitments to us!"

Jews Join Red To Attack Catholic Church

The Jerusalem Post states that Charles Allen, Jr., a long time writer for the U.S. Communist Party and lecturer at Communist meetings has written an article for "Reform Judaism." In the article Allen repeats the worn out Soviet charge that the Catholic Church aided leaders in the German government escape to South America. The charges have been repeatedly denied in the past but the Jews and Communists always join together to attack anti-communist leaders and organizations. The time has come for people to realize that there is a very close link between Zionism and Communism.

Communism Rose Up out of the Jewish Ghettes of Moscow, Johannesburg, New York, Toronto, East London,....etc.

When the Communist Party was legal in South Africa the only person on the Communist ticket ever elected to the South African Parliament came from the Jewish district of Johannesburg. He was the Jew Sam Kahn. Later, when Kahn left the scene this same Jew community went from electing a communist Jew to Parliament to electing the capitalist Jew Harry Oppenheimer. He is the "King of Diamonds" and the richest Jew in the world. Still there was little difference between the two because while in office Oppenheimer espoused the same views about breaking down South Africa's Apartheid (Segregation) laws as did Sam Kahn!

When Oppenheimer left office the Marxist Jews of Johannesburg formed the extreme left-wing Progressive Party and elected Helen Suzman who has represented the Jewish district of Johannesburg ever since.

It should be noted that for a short period at the end of World War II Jew Fred Rose was the only person ever elected to the Canadian Parliament on a Communist Party ballot. He won from the Jewish district of Toronto. Likewise, one of the few people ever running for office on the Communist Party ticket to actually be elected in America was negro Benjamin Davis to the New York City Council. Davis was not elected by the black community but by the Jews living on the Lower East Side!

Perhaps the Jewish attraction toward communism can be explained by the following famous quote:

Henry Waton is the Jew who organized the "Committee for the Preservation of the Jews" in New York City and sponsored by the Spinoza Institute. In his brochure entitled "A program for the Jews," Waton wrote:

"The Aryans will enlarge and beautify the earth: but they will settle to enjoy the world which they created only in the tents of the Jews. These tents are communism and internationalism."
