

Ban All Imports Which Cost U.S. Jobs

"Free Trade" Is Wrecking U.S. Industries-Lowering Our Standard of Living-Let's Stop It Now!!!

Stop All Foreign Imports That Displace One Single American Worker

Firestone Tire Co., is closing a modern tire plant in Albany, Ga., but they recently opened one in Liberia, Africa. They pay slave labor pennies there as one who knows just returned. He reported the Negro worker he met at the new Firestone plant said he hoped to save enough money to buy a radio. He admitted that there was no chance he could ever earn enough to purchase an automobile!

Dr. E. R. Fields recently addressed a group of workers and advocated a program whereby America would become an ISOLATIONIST NATION. He said we should trade only with people inside the borders of our own nation. With our vast resources and expanding growth it is the rest of the world which needs our exports — WE CAN GET ALONG EXCEEDINGLY WELL WITH NO IMPORTS FROM OVERSEAS.

We hear the argument that this will cause a trade war — THEN SO BE IT! But, we do not think it will be of any significance at all. America could still import products which do not replace American workers. We can buy chrome from a loyal ally such as South Africa — we can buy oil from Mexico and the Arabs, but only AFTER we first use all the oil we can produce right here in the USA. Again, the argument is that prices will be higher. FINE AND GOOD BECAUSE WE WILL ALL BE MAKING FAR HIGHER WAGES!

Full Employment For All

Stop and dream for a moment. By banning ALL imported cars, steel, wood, TV sets, appliances, computers, textiles, motorcycles, etc., etc., etc., MILLIONS OF NEW U.S. JOBS WILL BE CREATED OVERNIGHT! New companies will have to be formed to make all of the parts which go into the above right here in the USA. Suppliers who now buy from coolie sweat labor shops in Hong Kong, Singapore, Taiwan, Japan, Korea, etc., will now have to build new plants to make them here. We can have supply and demand right here - high wages, competitive prices by FREE American competition, FREE of foreign slave labor competition. Let us bring an END to competitive imports. BAN ALL IMPORTS OF EVERY KIND that compete IN ANY WAY with American products.

A ban on all competing imports will NOT stop U.S. exports. Those who need certain products will still want to buy them — such as jet airliners and advanced technical equipment. They will have to buy our grain for the collective farm state of Russia - or starve. We will still have plenty of foreign exports because countries overseas NEED US MUCH MORE THAN WE NEED THEM!

Today we are slaves to foreign imports and they are destroying American industry and lowering our standard of living so rapidly that we are going to be impoverished within just a few years. This is the program of The National States Rights Party. Will you support it and spread the message to new people? Write us your views for the new, totally self-contained America of the future. The impoverished European Common Market countries can do the same thing and trade with the U.S. We must cut off competition from the destitute slave THIRD WORLD AND FOURTH WORLD NATIONS - before we are reduced to their miserable existence! Jobs, high wages, fair prices, no competitive imports is the key to security, high living standards and a land of PLENTY FOR OUR OWN PEOPLE!

NEWS SUPPRESSED BY THE DAILY PRESS

ISSUE NO. 307

Depression By January?

Paul A. Volcker head of Federal Reserve Bank, warns of pending financial crisis.

America Is Bankrupt! Disaster Lies Ahead

Suppressed by the Daily Press are the rapidly multiplying signs of a Second Great Depression just over the horizon. The prestigious financial advisory firm of Sindlinger & Co. issued a report predicting a serious recession by January. Mr. Sindlinger said: "I believe this next recession will be more severe. . . a stunner. . . with unemployment rising from the present level of 7% to 12% and that it will be very difficult to get out of."

Paul Volcker Warns Of Disaster

Federal Reserve Bank head Paul Volcker has ordered all banks to increase money held on hand against debt from the present 6% to 9%. Volcker said: "The scenario is there. I cannot predict the timing, but it is not a pretty picture, to say the least."

THE SIGNS ARE EVERYWHERE. If those who study the economy do not put the entire picture together they miss the target. Every arrow points at the U.S. slipping into a depression next year! The following facts lead unavoidably to this conclusion:

1) The national debt will reach \$2 Trillion next year rising at a steady rate of over \$200 billion a year with no means devised to halt this deficit.

2) America became a debtor nation on Sept. 16 owing foreigners more than they owe us. Within 12 months we will owe \$150 billion to make the U.S. the World's No. 1 debtor nation. In 2 years we will owe foreigners more than all the other debtor nations in the world combined. By 1990 we will owe other countries over \$1 TRILLION! How rapidly we are collapsing is seen by the fact that in 1982 we had foreign assets of \$147 billion.

3) Texas Sen. Lloyd Bentsen reports that since last January we have lost 200,000 jobs each month and a total of 1.7 million manufacturing jobs since 1979. Unemployment is 7% in some states but over 10% in many others.

4) The Trade Deficit Last Year was \$123 billion and this year's will be over \$150 billion. In 1981 we had a trade surplus.

5) Federal Deposit Insurance Corp., director, Robert Shumway states, "at least 100 banks failed last year and I think the number will be more like 200 or 300 next year."

6) Business Week reports that \$78 billion of corporate equity vanished last year while \$169 billion in new debt for corporations was added.

7) Private Debt (by corporations and private individuals) more than doubled from \$3.3 Trillion in 1977 to \$7.1 Trillion in 1984.

New Shocking Figures

The Great Depression years of 1931 through 1935 had an average 20,860 business bankruptcies. (Or 126 failures per 10,000 businesses.)

Communist Plan To Destroy U.S. Farmers

The Catastrophe Down On The Farm

The American farmer is feeding three-fourths of the world—America, Africa and Russia. There exists an artificial financial attack aimed at destroying the American farmer — WHY? What was the very first thing Lenin and Stalin had to do before they could consolidate their tyranny over Russia? They had to destroy the independent farmers - the most individualistic and freedom loving people in the world. Lenin and Stalin wanted the collective slave farm system which today cannot even begin to feed the East European people. The Ukraine once fed all of Europe. They murdered millions of Kulak farmers to exterminate this people as a class because they would never accept communism.

In America, the big bank supported CORPORATE FARM, is the new Soviet Collective Farm the enemy of our nation has designed for U.S. But in order to have bank collectives they must first destroy the American farmer. The big question is — ARE WE GOING TO ALLOW THEM TO GET AWAY WITH THIS TREASON???

The Problem In A Nutshell
THE FARMER IS UNDER-PAID! America has 2.3 million farmers and a half-million are in trouble. Some 44,000 farms were sold, abandoned or seized by bankers last year. In the farm state of Iowa one-third of the 111,000 farms faced bankruptcy. Here is the problem - this year corn will fetch only \$2.25 a bushel, \$1 less than two years ago. It costs a farmer \$2.99 a bushel to produce! Simply extend these figures to the other foods produced on the farm and you realize they can't long remain in business.

We have a huge farm subsidy program but it only aids 12% of the farmers and most are the big corporate bank supported farms. They were formed in the first place as tax shelters to make the rich even RICHER!

Here Is The Answer

1) Lower Interest Rates for the farmers. They must borrow for next year's crop but today they can't pay the high interest rates.

2) The artificially over-valued dollar has levied a 30% tax upon farmers against their attempt to sell crops overseas. The value of the dollar must be lowered and it can be done by the government and international banks.

The Independent American farmer is being wiped out and replaced by Jewish dominated "Corporate Farms."

3) Stores are charging more such as Food Giant and Big Star which are owned by the Jew Alterman family. Jews make up a large percentage of food processors and especially the food wholesalers who gobble up much of the profit which should rightfully go to the farmer. We need FARM COOPERATIVES TO ABOLISH THE JEW MIDDLEMEN.

This argument is given that all this will lead to higher food prices — it would be better to pay a few pennies per item more now to aid the farmer than to wait until we only have a giant corporate (collective) farm monopoly! In that event we would see food prices skyrocket and people would soon be standing in line for food as they do in Moscow. Many would go hungry because they could afford to

buy food at the corporate farm premium prices.

We need a TOTAL BAN on all food imports.

We need fair profits for the hardworking farmer so he can earn a decent living from his hard labor. There is a deliberate conspiracy by the banks and the corporate farm to destroy our free system of farming. We are not talking about the small local independent farm community bank - we mean the giant New York International Investment Banks - NEARLY ALL OF WHICH ARE JEW OWNED!

The time for action is now and the real issues must be faced. Are we going to allow the Zionist Collective Kibbutz (Marxist Communal Farm) to take hold here or are we going to put a stop to this high treason? The solutions are simple - LET'S IMPLEMENT THEM NOW!

Firestone Lays Off 3,500
Albany, Ga., Firestone Tire Co., announced that their new and efficient plant there would close. This means 2,000 workers out of jobs not including the great harm this will do to local businesses. At the same time Firestone announced their Des Moines, Iowa plant will lay off 500 workers. The importation of foreign tires is at the heart of the problem.

2 Million Textile Jobs In The Balance

Today foreign textile imports are 50% of the market. U.S. textile workers ARE NOT OVERPAID! They earn between \$4 and \$5.50 per hour. But compare this to only 16¢ in Red China and \$1.18 in Hong Kong! Do they want to turn our workers into starving coolies???

In 1984 alone 46,000 textile jobs were lost to imports. Before the end of 1985 some 66,000 textile jobs will vanish. In 1950 there were 264,000 textile workers in New England, today they only number 62,000. There are today still some 2 million people employed in textile mills. If this industry is allowed to die - WHERE WILL THESE WORKERS FIND JOBS?

Shoe Industry Near Extinction

In 1970 some 215,000 Americans were employed in the shoe industry. Today there are only 120,000 left working. Some 100 U.S. shoe factories closed in 1984 alone. Today imports account for 71% of all shoes sold here. If this is not stopped all 100% of the apparel will be from overseas slave labor sources. Both the shoe and textile industry are mostly Jewish owned. They are moving their operations overseas at a rapid rate!

Miller Beer Lays Off 375

Miller Beer is owned by the Jewish Philip Morris Cigarette Co. On Sept. 1 they announced the lay off of 375 workers which is 8.5% of their total staff with more layoffs expected.

(Continued from page 1)

Depression by January?

From 1946 through 1950 the average annual business failures was only 5,301. (Or only 21 per 1,000 — ONE THOUSAND.) During the two years of 1983 and 1984 the average failure rate had climbed to 29,610. (Or 104 per 10,000) - or four-fifths that of the Great Depression!

The farm crisis, the collapse of U.S. manufacturing, businesses losses, foreclosures are near the highest rate in history! Some 68% of all corporate debt is short term and much of it cannot be repaid on time. Corporations equity, money on hand, compared to what they owe is at an all time low.

Who Benefits From U.S. Collapse?

The United Nations has endorsed to international bankers' plan for the establishment of the "New International Economic Order," (NIEO). This organization will control all private banking interests. A new international monetary system will be established by which the present International Monetary Fund (IMF) which orders extreme austerity measures against Mexico, Brazil, Argentina, etc., will soon apply to Americans. Our standard of living will be greatly lowered and the present high value of the dollar will be reduced to the point where the average American will be as poor and broke as today's farmer. The "Greenmailers" who are buying up American businesses, Jews such as Saul Steinberg, will complete their power grab of U.S. industry and business. This is what happened during the tragic depression which impoverished Germany after World War One when the money rich Jews flooded in buying up factories, buildings, property, businesses, and everything in sight. This is exactly what brought about the rise of Adolf Hitler to power.

Today the international "investment banking firms" are almost entirely Jewish. They are the only ones who will be in a position to profit and seize control of our finances in the coming PLANNED Second Great Depression - WHICH IS NEAR AT HAND!

Saul Steinberg, multi-millionaire Jew is buying up U.S. corporations like candy in a store.

THE MISSION IS A SUCCESS! THE EVIL FARMER HAS BEEN PUNISHED. NOW OTHER CITIZENS WILL LEARN TO GIVE UP THEIR LAND AND PROPERTY TO THE USURER WITHOUT PROTEST. AMERICA MUST BE MADE A BETTER PLACE FOR USURY BANKERS!

Gallup Poll Shows Only 8% Favor Sanctions

We Support Apartheid!

Falwell Again Misleads The People

Rev. Jerry Falwell has appointed himself as the spokesman for South Africa. The media has gleefully given him national publicity over his vicious attacks against Apartheid (Segregation) which is the chief reason why we support South Africa. What Falwell and his ilk call for is eventual full voting rights for all blacks that would result in a communist takeover of the present anti-communist government. Not only that but it would result in all the Whites being driven out of the country along with the destruction of civilization itself in that part of the world.

On Aug. 25 Falwell stated, "We hate Apartheid, but we believe we can cut out the cancer without killing the patient." He has repeated this statement over and over again to make it appear as though all

Rev. Jerry Falwell's policy would lead to Black Power Rule.

White Americans are opposed to Apartheid. Rev. Falwell is a turncoat just like a lot of politicians who once supported segregation in the South. In the 1960s Falwell operated a private all-White school and stated that Segregation was "God's Law." In Newsweek on Sept. 2, Falwell stated that, "no Christian can support Apartheid. The South African

government must eventually grant total civil rights to all South Africans."

The Thunderbolt and all sincere right-wing anti-communist Patriots fully support Apartheid in South Africa. Also, we want this form of Segregation reinstated in the U.S. just as it was here in the Southern and Western States before 1960. Hundreds of I.Q. and intelligence tests have been given in America to Blacks and Whites by state departments of education, by police and fireman's civil service boards, by the U.S. Army and college research teams. Every single comparative test ever taken on this subject shows White people ALWAYS testing higher than blacks. Why not admit to the truth! There are vast mental and physical differences between the races. The White Race is the superior race - it is as simple as this undeniable truth.

Suppressed Poll Proves Sanctions Opposed

A Gallup Poll released on Aug. 31 proved that the vast majority of all Americans oppose economic sanctions against South Africa. Its results showed that only 8% of our people support sanctions and a mere 3% favor disinvestment (removing U.S. investments from South Africa.) Not one single daily newspaper has dared to publish this vital news — it is being DELIBERATELY SUPPRESSED.

Thus the raw power of the left-wing press and TV, combined with the powerful minority political machine are telling Washington everyone wants sanctions when this is a BIG LIE! calling the shots in Washington and other capitols of the world. There is no public support whatsoever for sanctions against South Africa. Still the U.S. House voted for sanctions. Even Georgia's Rep. Newt Gingrich admitted 80% of his home district was opposed to sanctions — STILL HE VOTED FOR IT???

When a majority in the Senate said they would override any veto against sanctions Pres. Reagan came out with a somewhat milder sanctions act. Still, this was against the wishes of 92% of the American people! Then the Senate tried to vote through stronger sanctions and the result was along party lines with all the democrats voting against Pres. Reagan with a notable exception — Sen. Robert Byrd of West Virginia, the democratic leader in the Senate, voted against his own party's stronger measure. It should be remembered that during the 1950s Mr. Byrd was then Grand Kleagle of the Ku Klux Klan in West Virginia. Perhaps his inner instincts came through.

Aug. 26, 1985, "U.S. News" reported that White House aids were surprised that Pres. Reagan did not object when told that South Africa would not make major concessions to street rioters. The story said that Secy. of State George Shultz, told Reagan to "tone down his official statement to make it slightly less optimistic," which said he was satisfied with the South African stand. Once again we must ask why the President is being muzzled and forced to make statements that evidence shows are against his true feelings. WHO IS RUNNING THE U.S. GOVERNMENT???

Civilization Ceases Under Black Rule.

What Would Happen Under Black Rule

None of the media people or political leaders have explained to us what they think would occur should South Africa be forced to accept Black Power Rule. There are many different tribes in South Africa. One is the warrior Zulu tribe which will fight any other black tribe seeking to rule over them.

There are many black political groups which are fighting among themselves. The United Democratic Front opposes the Black Consciousness Alliance. The latter seeks to remove all Whites from any role in a future revolutionary government. It must be remembered that the White people first founded South Africa over 300 years ago. There were no blacks there at that time. After a civilization was begun the blacks came down from the north seeking work, food, medical care, housing, etc.

The South African Communist Party, which is run by the Jew Joe Solvo controls the African National Congress (ANC.) This group is financed and armed by the Soviets. On Aug. 28 a press statement was

A mob accused this man of being a "collaborator" because he drove a government bus. White police saved him just before he was to be "retired". This is the barbaric practice of tying the left arm, around the tire, behind the back and then setting the tire on fire. It is a slow and very agonizing death.

released by Chris Hani the military head of ANC. He said they are arming for guerrilla action from bases in Botswana and Angola. Hani said targets of bombings will be the homes of White police officers, soldiers, government employees and farmers, adding: "Naturally, as the war expands there is no way of avoiding a higher incidence of

civilian casualties." He claims 5,000 men under arms ready to attack.

This is not what Americans for South Africa. They send us much in the way of minerals we need for our industry. They guard the Cape of Good Hope for the passage of some 24,000 oil bearing ships from the Arab states providing the U.S. and Europe with 80%

Pres. Reagan stated on a national radio show that he was satisfied with the "reforms" made in South Africa. The very next day Assistant Secy. of State for African Affairs, a mulatto named Chester Crocker, came out saying Pres. Reagan didn't understand the question. Crocker added, "The changes proposed are not adequate. We want to see Apartheid ended, the sooner the better."

But, the President didn't say this - we want to hear from the President and not from Crocker, McFarland, or Schultz, etc. The American people deserve better representation from the Congress and the White House because the voice of the overwhelming majority is not being heard!

Lies By The Media

The Atlanta Constitution — Journal of Sept. 10th carried an editorial which is typical of what the public has been fed nationwide about South Africa. It stated; "A reluctant Pres. Reagan, bending to the strong anti-Apartheid mood of the Congress and the public has imposed limited economic sanctions." This is another BIG LIE - the public is against sanctions!

Prof. Robert I. Rotberg (Jew) of MIT and self-proclaimed expert on South Africa said Aug. 17, "Pres. Reagan has harmed America in the eyes of the world by tarring us with the brush of support for Apartheid."

It is our belief that the vast majority of White Europeans, Canadians, New Zealanders and Australians support White South Africa just as strongly as do us grass roots Americans. Help us spread the news about the Suppressed Results of the Gallup Poll.

Stand Up For White South Africa

of our oil. We want to preserve South Africa's great White civilization as the last bastion of anti-communism in that vital part of the world. Most of all we want to preserve the White Race itself because this holds the brilliant mind which created all that we uphold as progress, law and order, inventions, science, learning, art, etc. Can anyone list any contribution, of any kind at all, that has come out of Darkest Black Africa!

Black Africa Collapses To Fourth World Level

Africa Slips From Third World Status To Fourth World Level

The black African nations no longer function as organized societies. Alan Waters, former chief of AID to Africa, says the help we sent them has been to no avail. He says it has only helped keep black civil servants in power longer and encourages the people to wait for more free food instead of fending for themselves. The problems all began right after the flight of the White Colonial powers who were pressured by "world opinion" into granting "freedom" to the blacks. Now individual Negroes wish they had their White "bossmen" back. Here is what has happened:

Much of Central Africa has reverted back to savagery including witch doctors, voodoo and even cannibalism. The press reported last year that a member of the Ivory Coast Parliament was captured by a hostile neighboring tribe, tortured by skinning alive, cooked and eaten!

The Wall Street Journal issued a shocking series on Black Africa in July. Their report found:

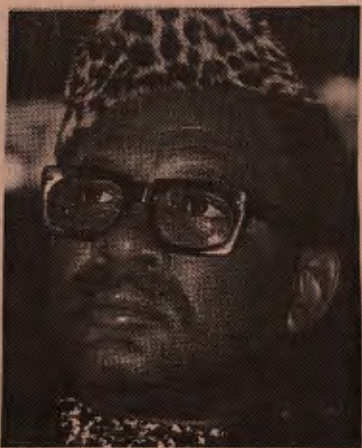

1) There is no way any Black African country can repay the debt they owe the West. In 16 countries foreign aid makes up to 50% of their co-called "Gross National Product." The U.S. pays the interest on many countries debt.

2) Under White Colonial rule Africa exported food. Today all countries must import food and they can't pay for it. Plants and railroads under black rule have fallen into disrepair and closed down.

3) More than \$60 billion has been poured into Africa for development projects and there are fewer operating factories existing with each passing year. Still Africa has the fastest growing population in the world with Kenya families averaging 10 to 14 children.

4) Even Russia got into the act and constructed a huge milk bottling plant in the Sudan. The problem is that tribesmen drink milk straight from the cow. Not a single bottle of milk has ever been produced.

5) African bureaucrats do not function and seek bribes from all visitors for even the smallest act such as stamping your passport. A fifth of the Ivory Coast's borrowings went into the building of two giant sugar mills four years ago. They are now closed. Half of

Pres. Mobutu of the Congo "Zaire" has \$3 billion in foreign aid money in his Swiss bank account. He keeps jet at ready to escape to Europe if a revolt occurs.

Zaire's (The Congo) debt is owed for the giant Shaba Power line which is little used.

6) France keeps its former colony of Senegal alive with \$500 million a year in aid, that comes to \$100 a person. Under White rule Ghana's major export, cocoa, amounted to 550,000 tons in 1965. Today it is down to 140,000 tons. The Whites had some 12,000 employees on the Government Cocoa Marketing Board. The blacks hired 110,000 people for the Board but they do no work.

Zimbabwe's (Rhodesia) official newspaper, "The Weekly People" of July 24 stated that the country's roads have fallen into such serious disrepair that the distribution of food has been disrupted. Even the mail can't get through nor doctors trying to find their way to outlying clinics. They want the West to bring in helicopters to drop food to the starving blacks. Black Africa has slipped into the position of becoming a land of non-functioning governments where only the black dictators, heads of the military, and secret police can live high off corruption. Black Africa has collapsed never to rise again. Do we want this for South Africa? Do we want this for the USA?

(Below from "Wall Street Journal," July 26.)

Bring Back The British! Hopeful Outlook

Now, the government budget says, production will rise to 200,000 tons this year. "That's a fairy tale," counters a leading businessman. Most cocoa trees are 50 years old and the farmers' average age is 60, he says.

Here in Asuoka, Kofi Mensah, 70, says things haven't been good for cocoa farmers since the British left. He pours a few drops from a bottle of White Horse scotch onto his dusty courtyard as an offering to the gods and begins to chant. "He's praying for the British to come back and make everyone rich," one of Mr. Mensah's sons explains as a thirsty circle of men waits for the prayer to end so the bottle can be passed around. Scotch isn't an everyday drink in Asuoka.

AS PRESIDENT MOBUTU of Zaire was told last week by the World Bank and the IMF that aid to his near-bankrupt country would only follow a curb on corruption there, the Belgian magazine "Choc" listed Mobutu as the world's second wealthiest ruler

The President, who recently appealed to Zaire's civil servants and company executives not to

embezzle or steal "in large lumps," owns homes, land and apartment blocks in Belgium, France, Switzerland, Spain and Africa.

His chateau at Uccle, a select Brussels suburb (above) cost nearly £2 million. Almost as costly was his chalet-like villa at Rhode St Genese, outside Brussels, where the Mobutu children are living under strong but discreet police protection.

Jews against apartheid

By Sidney Rosenbaum of the New Jewish Agenda!

Growing up as a Jew in South Africa, it was clear to me that the oppression of Blacks had many parallels to the Holocaust. Isn't the law requiring Blacks to carry a pass in "White areas" similar to the law forcing Jews to wear yellow stars in Europe? With my own eyes I saw many mothers in the "Black homelands" burying their children, most less than a year old. Isn't the death of these Black children reminiscent of those Jews who died from starvation in the death camps?

As Jews we cannot remain silent in the face of poverty, exploitation, massive arrests and murder. It is we who should most understand the genocidal nature of South Africa.

I know many South African Jews who put their lives on the line to oppose the racist policies of the government — despite the organized Jewish community's lack of forceful opposition to apartheid. Between 1963 and 1965, the government brought leaders of the resistance to trial and a high proportion of them were Jewish. At the trial these Jews testified that their heritage inspired their commitment to justice for their fellow humans. Dennis Goldberg, who has just recently been released, spent 22 years in prison!

Over and over again on my recent visit, those involved in anti-apartheid work in South Africa told me that they wanted America to remove its support for this bloody system through disinvestment and sanctions.

I want to invite you to join other Agenda members on Friday, June 21, in Washington, D.C. at the South African Embassy at 3 p.m. Along with members of the Black community, we will be arrested in an act of civil disobedience.

Why are we picking the day of June 21 for this demonstration? Because 21 years ago on that date, three civil rights workers — Goodman, Shwerner and Chaney — two Jews and one Black — were murdered in Mississippi while investigating the bombing of a Black church.

(Below Reproduced from "The Chicago Jewish Sentinel", Aug. 15)

NATIONAL South African Jews worried

WASHINGTON (JTA) — The South African Jewish community is becoming increasingly concerned about the strong vocal opposition to the South African government by American Jewish groups, which it fears could endanger that community, a leader of South African Jewry warned here.

As for the position of South African Jewry, "we are obliged to maintain a cautious stance,"

Abramowitz said. He said there was always the danger of an anti-Semitic backlash.

Abramowitz said that while there is a "tremendous amount of concern and anxiety" in the Jewish community about the future, most are optimistic that change will come peacefully.

The 119,220 Jews in South Africa make up 2.6 percent of the white population and .04 percent of the overall population, Abramowitz said. He said the Jewish community is a "declining community" and the population would have decreased since 1970 because of emigration to Israel, the U.S., Canada, Britain and Australia, if it were not for an influx of Jews from Zimbabwe and Israel. There are an estimated 15,000 Israelis in South Africa.

Sidney Rosenbaum Secretary of "The New Jewish Agenda"

India Refuses To Recognize Israel

Prime Minister Rajiv Gandhi of India has stated he will continue his mother's policy of refusing to recognize Israel. The French daily, "Le Monde" quoted Gandhi stating: "We consider that the Israelis are too bellicose and they fail to take into considerations the existing problems. Israel must change its attitude on a number of issues."

The Multi-Millionaire Jews Who Own America

Who Are The Investment Bankers?

Small town and national banks are different from Investment Banks. The latter do not deal with the public and have no checking, no savings accounts, etc. They deal in the sale of corporate stocks, bonds, and trading in international currency.

The Investment Banks are nearly all owned by Jews. They include the giants such as Kuhn, Loeb and Co., followed by Goldman, Sachs & Co., Salomon Brothers Bank, Lehman Brothers, and the Rothschild Bank of New York, London and Paris. These are the Investment Banks which will buy up American industry, property, and business during the next depression EXACTLY AS THEY DID IN GERMANY AFTER WORLD WAR ONE.

Jew "Greenmailers" Takeovers

Every week we read in the newspaper about another multi-millionaire Jew buying controlling stock interest in yet another Christian owned business. Quickly the Christian corporate directors and officers are fired and replaced by Jews. Jews control more wealth in America today than they have

Baron Guy de Rothschild
The Rothschild Bank is the world's largest, richest, and most influential bank.

in every other country in the history of the world combined! Their power and influence is awesome but when faced by the awakened eyes and ears of a concerned Gentile America all of this can evaporate overnight.

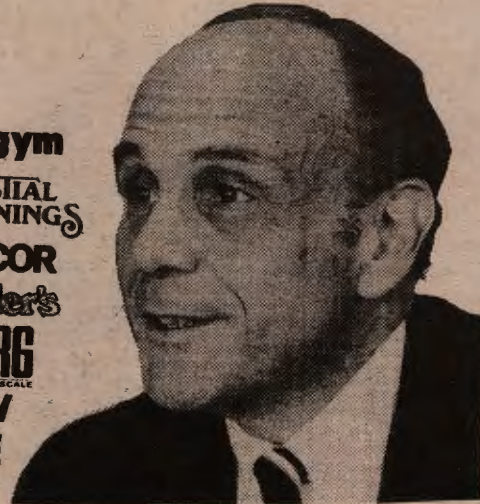

But as things now stand, before that day of reckoning, the following Jews will continue to work day and night to buy up every single U.S. Corporation which is showing profit or which has considerable assets. These are the super-rich Jews who play games with your livelihood just so they can count more gold in their vaults:

Once John Richman took over Kraft Foods he used their assets to buy up one company after another.

Ivan F. Boesky, 48, is one of America's richest Jews worth \$250 million. He didn't get started until 1975 when he borrowed \$700,000 from relatives and began bidding wars for large companies such as Conair, CBS Inc., etc. The son of Russian Jews he is called "the corporate pirate of Wall Street." Boesky lives on a vast estate in Westchester County, N.Y., larger than many average cities.

John M. Richman operates his empire worth \$10 Billion out of Northbrook, Ill. He started out as the lawyer for Kraft Foods but today is its chairman. Richman is buying up one corporation after another using assets sold off from previous corporate buyouts. He continues an octopus like snaring of one corporation after another. Richman owns many food companies from which he hogs in huge profits while the farmers from whom he buys are

losing money, and Kraft cheeses, and Velveeta cheeses, Parkay margarine, both Breyers and Sealtest Ice Cream, Light N' Lively yogurt, Miracle Whip, Tupperware, Duracell and food distribution services nation-wide. It is of interest to note that Tupperware is sold at parties by women who earn very little but Richman took in \$776 million last year.

Boesky has been accused of using illegal inside information from other Jews about companies who are prime targets for takeovers. Those who object are told by Boesky; "shares are out there to be bought. The greatest thing about this country is that anyone can gamble and make a profit. I am proud to be called a corporate raider even if that's a dirty word."

Boesky is a very secretive person who rarely allows interviews and usually forbids photos of himself. The one on this page is a rare shot. Boesky says he can only sleep about 3 hours a night because his thoughts are always on money. He is active in Jewish political causes and during this interview lashed out at a waiter: "I told you to put only half a pack of sweetener in my iced tea and stir it before you arrive in my presence!" Ordering the downcast waiter out of the room Boesky responded to the AP reporter doing this interview, "that's how I run my business." Jews refer to the whiz-kid Boesky in reverent terms as the kind of man they want their children to grow up to be like.

Barry Diller is also one of the richest Jews in America.

Barry Diller, only 43, controls an astounding \$1.4 billion in wealth including Paramount Pictures, Simon & Schuster, largest book publisher in the U.S., Famous Music Corp., record company, Madison Square Garden which took in \$177 million last year, Famous Players Theatres which own movie theatres throughout the U.S. and Canada and took in \$141 million last year, Sega Vedio games sold world-wide earning \$214 million. Diller is one of those unknown multi-millionaires who is buying up America.

Carl Icahn shocked the business community by his brazen takeover of TWA.

Carl Icahn, 48, is called "The Prowler" who strikes at a new giant corporation every six months. Icahn is worth over \$100 million and just recently bought out TWA Airlines. He also lives in Westchester County, N.Y.

Do we want America ruled by multi-millionaire Jews who have never done an honest day's work in their lives? You can help awaken America to the threat these money-hungry parasites pose to our free enterprise system. If the Jews succeed in buying up America we will be their slaves and they will treat our descendants with the arrogance that Ivan "The Terrible" Boesky treats his servants.

Famous Quotes

Jew Money Power Vs. Christianity

by Fyodor Dostoevsky, philosopher, before World War One
"The master of the whole of Europe is the Jew and his bank. The Jew and his bank now dominate everything; Europe and enlightenment, the whole civilization, especially socialism, for with its help the Jew will eradicate Christianity and destroy the Christian civilization. Then nothing is left but anarchy."

Congress Should Act

U.S. Congress could pass legislation banning - Jew "Greenmailers" but they live "in fear of the Jews" as the Apostles, were described in the Holy Bible. Knowledge, plus boldness, can dethrone these money-mad monopolists.

Frederick R. Adler, 56, worth over \$100 million, of German Jew parentage, has interests in real estate, building development, etc.

Jews Advocate Interracial Marriage Bet

Aaron Goldman speaking before the National Council of Jewish Women: "We Jews have played a significant part in securing laws for Negroes that guarantee equality. We have raised the expectations of American Negroes and must not allow them to become frustrated, angry, and desperate if their dreams fail to materialize. The Negro must enter the mainstream of American Life."

Rabbi Arthur Lelyveld addressing the American Jewish Congress convention in Miami Beach: "All of us must be prepared to make any sacrifice necessary to achieve an effective program aimed at achieving economic justice for the negro. We must make the economic sacrifice of paying higher taxes to win the more important war on poverty at home."

Ex-Supreme Court Justice Abe Fortas before a dinner of the American Jewish Committee in July, 1968: "The battles of the non-Whites for equality in America are essentially the same as those of the Jew, and the Jews must help in this struggle."

The New York Times, (owned by Jew Sulzberger family) on Sept. 19, 1966: "The Jewish community has long been the financial backbone of the civil rights movement. No special commission on race is needed to arouse Jewish support for civil rights activity in the South. Jewish support for civil rights is still high."

Communists Use Civil Rights Cause

Joseph Pogany's real Jew name was Schwartz. He was born in Hungary and was part of the short lived Communist Revolution of the Jew Bela Kun of 1918 in Hungary. Thousands of Christians were butchered! He fled to Moscow and was later sent to America in 1922 to try and recruit Negroes into the U.S. Communist Party. Pogany wrote the official 1928 Communist Party Civil Rights Platform. It called for:

- 1) To fight against all forms of national oppression, discrimination and segregation, and all ideological influences and practices of "racial" theories.
- 2) To fight for the full social, political and economic equality of the Negro, for Negro and White unity.

Today this program has been made the "Law of the Land" by the NAACP and Supreme Court!

Israel Cohen was a Communist spokesman in England in 1912. He wrote a book entitled, "A Racial Program For The Twentieth Century". It is reprinted below from its reproduction from the U.S. Congressional Record of June 7, 1957 (Page No. 7633.)

"We must realize that our party's most powerful weapon is racial tension, by propounding into the consciousness of the dark races that for centuries they have been oppressed by the Whites, we can mold them to the program of the Communist Party. In America, we will aim for subtle victory. While inflaming the Negro minority against the Whites, we will endeavor to instill in the Whites a guilt

complex for their exploitation of the Negroes. We will aid the Negroes to rise in prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige the Negro will be able to intermarry with the Whites and begin a process which will deliver America to our cause."

No Mixed Marriage For Jews

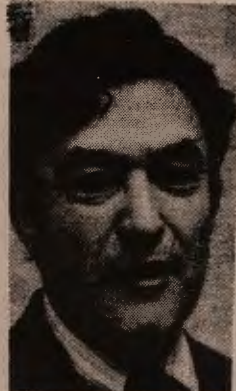

There is a different story for Jews when it comes to interracial dating and marriage. While they urge this between Negroes and White Christians it is forbidden for Jews!

Dr. Immanuel Jakobovits, Chief Rabbi of England, as quoted from The New York Times: "Intensive Jewish education must cover youths between ages 13 and 18. They must be warned of the dangers of intermarriage. The whole fabric of the Jewish structure will suffer irreparable harm and damage. Jewish teen-agers shouldn't date non-Jews. Interfaith marriage is something we view with horror, almost as apostasy. For Jews the problem of intermarriage is the problem of sheer survival. Countless Jewish martyrs did not die for their faith so that we might fritter away our heritage."

Kivie Kaplan, third Jew to be president of the NAACP, speaks with Henry Williams officer of Florida NAACP.

Jack Greenberg has headed NAACP Legal Fund since 1954. JACK GREENBERG of New York. Mr. Greenberg participated in the School Desegregation cases of 1954 under Thurgood Marshall. Succeeding him as Director-Counsel, Jack Greenberg today directs LDF's broad attacks on discrimination—in jobs, schools, housing, and the administration of justice.

"We conclude that in the field of public education the doctrine of 'separate but equal' has no place. Separate facilities are inherently unequal."

With those words on May 17, 1954, a new Chief Justice of the United States, Earl Warren, began an American social revolution. Few then imagined how long it would take to end the separate black and white school systems of the South. The Supreme Court left the timing open-ended. In its opinion on compliance, a year later, it used the fateful phrase "with all deliberate speed."

In any case, the Supreme Court is quite plainly weary of the years of ingenious litigation, disingenuous delay and outright resistance. And it recognizes what Jack Greenberg of the N.A.A.C.P. Legal Defense Fund said in the argument of this case, that an entire generation of children in much of the South has gone all the way through school since 1954 without vindication of their constitutional rights.

Jewish Plan For The Future

Mixed Marriages Called Threat

Jews have proved they can survive persecution. But in the United States today the

question is whether they can survive the equality and acceptance for which they have striven through recorded time.

This is the historical irony bemusing many Jewish leaders.

Children Christians

And in 70 per cent of Jewish intermarriages the children are raised as Christians.

From his middle-of-the-road vantage point Dr. Siegel has given much thought both to intermarriage and to assimilation, which he defines as living as though, or pretending, one is not a Jew.

MIXED MARRIAGES ASSAILED BY RABBI

Levovitz Tells the Orthodox 'Disappearance' Results

By IRVING SPIEGEL
Special to The New York Times

FALLSBURG, N. Y., June 24 —The head of the largest Orthodox rabbinical body in the Western Hemisphere called on religious leaders today to exercise all of their influence to stop mixed marriages between Jews and non-Jews and to restrain Jewish groups from "deviating from the fundamental principles of Jewish religious laws" that govern marriages.

The leader, Rabbi Pesach Z. Levovitz, is president of the Rabbinical Council of America, numbering more than 900 Orthodox rabbis

Dr. Slawson

Rabbi P. Z. Levovitz, president of the Rabbinical Council of America, also in the New York Times, "Jewish religious leaders must exercise all of their influence to stop mixed marriages between Jews and non-Jews. Those who wed out of the faith disappear within the preponderant Christian religious and cultural community."

The NAACP A Jewish Organization

Remember, the NAACP was a totally Jewish run organization for over 60 years and its separate defense fund is still Jew controlled today.

Jews visualize themselves in a never ending cold war with the White Christian people. They know that we are an independent and freedom loving people. The Jew knows that our individualism springs from the restless creative spirit of our racial heritage. They realize that if we can maintain our basic racial purity the White people capable of casting off the Jewish chains of financial domination of business, Hollywood, investment banking, the media and their insidious influence in politics.

The Jews have but one long-range plan and that is to put the White race to sleep through assimilation with the lazy, mindless, leaderless, and slave-like Negro race. If our future descendants are to be mixed-blood Mulattoes they would make obedient workers under Jewish masters. The Jews are highly organized against integration of their own racial blood-line with either us White Christians or the Blacks. They want to be the only race left in the future which will be mentally alert enough to rule should mongrelization conquer our unborn descendants.

Remember, that your life upon this earth is but a very short one. We are placed here to create a decent and wholesome society in which our children can be raised and propagate for the continuation of civilization and Christianity itself. It is our God ordained duty to keep the White Race separate so as to enable the continuation of the mission God has given us upon this earth. The very concepts of Liberty, Law and Order and Civilization have been given to the entire world by the White Race.

Always remember the following quotation from the late Sen. Theodore G. Bilbo of Mississippi as taken from his monumental book, "Take Your Choice - Segregation or Mongrelization." (Available from The Thunderbolt, \$7 per copy.) Here Sen. Bilbo stresses the vital importance of maintaining the separation of the races:

"If our buildings, our highways, our railroads should be wrecked, we could rebuild them. If our cities should be destroyed, out of the very ruins we could erect newer and greater ones. Even if our armed might should be crushed, we could rear sons who would redeem our power. But if the blood of our White race should become corrupted and mingled with the blood of Africa, then the present greatness of the United States of America would be destroyed and all hope for civilization would be as impossible for a negroid America as would be redemption and restoration of the Whiteman's blood which has been mixed with that of the Negro!"

Chief Rabbi of Britain Urges Drive to Reduce Intermarriage

LAKESWOOD, N. J., Feb. 6 —The Chief Rabbi of Great Britain called today for a conference of Jewish leaders to set up an intensive program of Jewish education to cope with "the critical problem of intermarriage."

The rabbi, Dr. Immanuel Jakobovits, whose title is Chief Rabbi of the United Hebrew Congregations of the British Commonwealth, said intermarriage among Jewish college students in the United States and Britain had reached "catastrophic proportions."

While unable to give exact percentages, Rabbi Jakobovits said "it now sometimes amounts to over 30 per cent of marriages by all Jews."

Rabbi Levovitz, opening the council's 32d annual convention at the Pine View Hotel, said that Jews in the United States represented 3 per cent of the population. He warned that the "inevitable result for those who marry out of the faith is to disappear within the preponderant Christian religious and cultural community."

Speaking at the same session as Dr. Jakobovits, Rabbi Joseph Karasick, president of the Union of Jewish Orthodox Congregations of America, warned that if the increasing trend of intermarriage by Jewish college students "is not reversed, the whole fabric of the Jewish structure will suffer irreparable harm and damage."

Between Whites and Blacks-But Not Jews!

Why Do Jews Promote Integration?

One of the most suppressed news events of our time is the real history of the civil rights movement. In this treatise we will study why Jews, not blacks, founded, financed and guided the drive for integration of the races in America since 1909. It is a great paradox that the Jews do not believe in "integration" for their own race protecting themselves with a vast system of private social clubs, swimming pools, Jewish Day schools, singles clubs, synagogues which bar all others!

The reasons Jews promote racial integration for White, negro, Asiatic and other groups is complex. Jews are very wealthy and influential as a group but are weak in numbers. They desperately need allies. For decades they have bought off one black leader after another who are called "the Jews' Uncle Toms!" They have long been able to guide the black bloc vote behind their chosen candidates. Another important reason is to try and prevent Negroes from forming a coalition with Whites and other groups against the Jews!

Today the Jews are extremely worried over the fact that they are losing control of the blacks. Louis Farakkan, a dynamic black leader, continually warns his growing members about the danger of Judaism and Zionism. Many blacks who support him and others are not trusted by the Jews, such as Rev. Hosea Williams, Rev. Jesse Jackson and even Mayor Andrew Young. Those totally bought off by the Jews include former communist leader and convicted sodomist Bayard Rustin, and his friends Vernon Jordan, John Lewis, Ozell Sutton, Mayors Tom Bradley, Harold Washington, etc.

History of The NAACP

Negroes did not start the NAACP. The main original leaders of the NAACP were Rabbi Stephen S. Wise who once said, "The ideals of the NAACP and the American Jewish Congress are common efforts." But, his most famous saying was, "Some call it communism, but I call it Judaism." Two others were the millionaire Jewish brothers, Joel and Arthur Spingarn. All of the others were Marxists.

In fact the first formal president of the NAACP was Joel Spingarn who was elected in 1930 and severed until his death in 1939. His brother Arthur was then elected and served until stepping down because of age in 1966. At that time the millionaire Jew shoe manufacturer, Kivie Kaplan was elected and served until 1975. Then for the first time a black, Benjamin Hooks, was elected president of the NAACP.

Arthur Spingarn died at age 93, and "The Jewish Post" of Dec. 10, 1971 noted in his obituary: "Mr. Spingarn refused an interview by the Post some years ago on the grounds that spreading knowledge that the NAACP was headed by a Jew was not in its best interest. In the long obituary in the New York Times there was no mention of his Jewishness."

Jews Seize Money - Cause Split With Blacks

Real trouble broke out after Benjamin Hooks took over control of the NAACP. He quickly found the treasury empty. All the money had been siphoned off into their legal arm which had been incorporated separately by the Jews. All the money was in the so-called "NAACP Legal Defense and Educational Fund, Inc.," which has been headed since 1954 by Jack Greenberg down through this very day!

Jews give money to the tax-exempt NAACP Legal Fund and not to the regular NAACP which is broke and often cannot pay salaries or expenses. Still, in the late 1960s Greenberg's legal fund spent over \$3 million to break down segregation and enforce the mixing of black and White children. (But not Jew children who they are ever so careful to keep separate from all other races.) Greenberg stated in the New York Times of 1970 that one of his chief aims was to expand the fight for racial integration into the Northern States.

The NAACP was in trouble when they lost a \$1.2 million damage suit over their boycott of White stores in Mississippi. It was the American Jewish

Congress which paid for their legal appeal on Aug. 13, 1976. Julius Rosenwald, who bought out Sears Roebuck and became super rich established "The Rosenwald Fund". He spent \$63 million promoting racial equality for blacks from Sears' money. A fund established by the late multi-millionaire Jewish banker and New York Senator, Herbert H. Lehman, provides \$50 million a year in scholarships for black students to attend White colleges instead of Negro colleges.

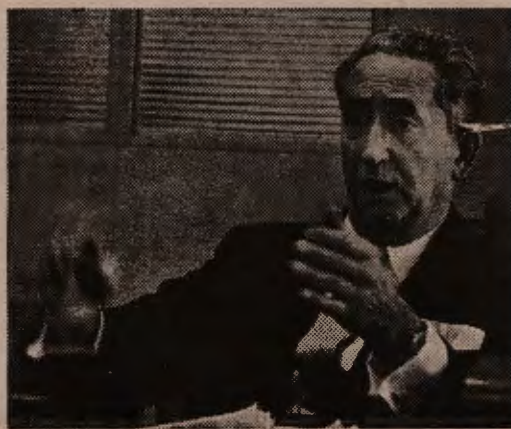

Quotes From Jews Supporting Race-Mixing

Jewish leadership of the civil rights movement and promotion of race-mixing between Negroes and White Christians is a divide and conquer tactic of both Zionists and Communists as the following will

(Below reproduced from Canada's "MacLean's Reviews" magazine. Rabbi Abraham Feinberg of Toronto's Holy Blossom Temple has been cited as a member of eight Communist Fronts and is referred to as "The Red Rabbi.")

MACLEAN'S REVIEWS

SEPTEMBER 5,

RABBI ABRAHAM L. FEINBERG says the one solution to racial conflict is interracial marriage

Most Canadians who talk equality have seldom been on close terms with a Negro. Many women supporters of the civil rights movement feel a little uneasy when a young Negro sits down beside them on a bus. And many of the most enlightened of us would, in all honesty, have to answer "no" when confronted with the old question that segregationists always use to clinch an argument: "Would you want your sister to marry one?"

This "no," this refusal to sanction the mixing of the races, is the final bastion of race hostility. Until we learn to fight our ingrown fears of sexual relations between the races, the end of the race problem will not be in sight. Only when we no longer raise our eyebrows at the sight of a Negro holding hands with a white girl will the West have begun to tear the racial poison from its vitals. Such a change will involve an inside-out remodelling of the white psyche, for our fear of mixed marriages is deeply rooted. But the change must begin sometime. Why not now?

One reason why not, according to those who bridle at the thought of miscegenation, is that there is some basic, physiological incompatibility between the races. Allied to this notion is the fear, seldom expressed but nevertheless real, that "mongrelization" of the races would somehow result in an inferior human product. Neither notion stands up to close analysis.

Finally, there is the objection (and perhaps "objection" is the wrong word to apply to such an emotional attitude) that some races are innately savage. According to this view — and it's surprising how many earnest liberals half-believe it — the chaos in the Congo and the mob violence in Harlem spring from a single black source. History shows, however, that no race, regardless of its technological progress,

show. It should be remembered that a long era of peace and understanding between the black and White races existed until the Jewish led NAACP bombshell in 1954. Then they obtained the broad decree from the Warren Supreme Court which tore the social order of America apart from which we have never recovered.

The Jewish Encyclopedia quotes Dr. Fred Lachman's answer to the question: "What is the history of Negro-Jewish relations in the U.S.?"

Lachman's answer: "In the 1954 Supreme Court school desegregation decision Jewish leadership played an important part in defending and helping the blacks. Jews were also active in the leadership of the original radical black organization, the NAACP."

has a monopoly on savagery.

By emphasizing these unhappy similarities between the races, I do not mean to suggest that there are no differences. Of course there are. Races do differ — in the frequency of blood-type distribution, in taste sensitivity, in hairiness and perhaps in body smell (to cite only a few areas where variations have been scientifically verified).

Furthermore, there are racial differences which at first glance seem to support the segregationist view that some races are inferior. On intelligence tests involving symbolic analysis, Negroes and Indians are said to perform less well than Whites. And during the Second World War, the percentage of Negroes rejected by the draft on mental grounds was six times the white percentage. These are real disabilities, and leaders of the U. S. civil rights movement must recognize them and try to overcome them. But Negro disabilities have their roots in generations of systematic, ghettoized, all-pervasive rejection and repression by the whites.

Certainly, the mixed couple contemplating marriage faces a whole sea of troubles that couples of the same race never encounter. So do their children. But there is some evidence to suggest that the barriers imposed by society are beginning to crumble. In New York, interracial marriages appear to be on the increase, although precise statistics are difficult to obtain because applicants for marriage licences are not required to state their racial origin.

If anything, the law should encourage, not forbid, the intermingling of "bloods." Then the prestige of the state would buttress a basic scientific fact — and anthropology professors who now whisper their defense of interracial marriages would shout it from the housetops.

Marches and civil-rights demonstrations can dramatize the immediate imperative of justice. Religious teaching can now enunciate the challenge of brotherhood. Education can vitalize, to a degree, the abstract principles of anthropology. Fair-employment laws and other civil rights legislation can protect minorities from overt discrimination.

ONE WORLD, ONE RACE

But legislation cannot change the human heart. The only way we can accomplish that, the only way we can achieve a Final Solution to racial prejudice, is to create a mélange of races so universal that no one can preena himself on his racial "purity" or practise the barbarism to safeguard it.

The deliberate encouragement of interracial marriages is the only way to hasten this process. And it may be that time is growing short. The dominance of our world has begun to shift, like cargo in a listing vessel, from the white races to the colored. The sooner we adjust to this fact, the better it will be for our children. For we might well acknowledge, even the most enlightened of us, that we will never completely eliminate racial prejudice until we eliminate separate races.

Blacks Riot and Loot In England

South Africa Whites Vow Never To Surrender To Black Power Rule

South African Whites Ready To Fight

White Patriots in South Africa are organizing - some for public political action - others for armed combat should Prime Minister P. W. Botha sell-out to a black communist takeover. Reds in Russia, Israel, Europe and America have already turned their economic guns against the embattled White People of South Africa. Sanctions are designed to force a surrender to the slow death of "gradual integration" which has already destroyed the great White civilization of Rhodesia.

The Afrikaner Resistance Movement (ARM) is headed by Eugene Terre Blanche. This 41 year old cattle rancher and former police officer is organizing White farmers to take up arms and fight to save their White state if necessary. He says that Afrikaners (the White Dutch founders of South Africa) are not about to allow politicians to sell out their children's birth-right. Mr. Blanche states:

"We are facing the beginning of the bloodiest revolution between White and black in history. If the blacks start a revolution, if our Government capitulates and hands over our land, if the blacks start a revolution to destroy our property, rape our women, even our children, there will be a White force under the leadership of ARM that will fight back in a kind of counterrevolution. We will take back our lands which are rightfully ours. We will implement a new White people's state." He charges that international Jewish bankers are behind the plot to destroy South Africa!

Right-Wing Parties Grow

The present ruling party of Prime Minister Botha is The National Party. Botha's planned surrender is masked in his philosophy of "change", "adapt", "develop co-responsibility with blacks," etc. We here in the Southern States are quite familiar with such terminology. These are the code words used by those who seek to lull the innocent to sleep while their security and rights are being bartered away.

For this reason White Patriots have broken away from the National Party and formed two right-wing political groups. They

Terre Blanche, leader of the Afrikaner Resistance Movement speaks. Their emblem is the Three Sevens, Biblical symbols of the Angels who will fight the devil who is represented by, "The Mark of the beast," the three sixes - 666.

are the Conservative Party and the Reconstituted National Party. In just a short period these Patriotic groups have been able to elect 18 men to Parliament. **THEIR PERCENTAGE OF THE VOTE INCREASES IN EVERY ELECTION!**

Many believe that is why Botha has not moved further to the left than he already has. The upcoming elections on Oct. 30th are extremely important because the present policies of Botha are at issue. A defeat for the National Party could begin a swing back to Total White control over their own destinies.

Terre Blanche says most White people still do not realize how serious the situation in South Africa actually is. (This same situation holds true for the U.S.) Mr. Blanche says the rights of White people are being slowly but surely undermined by a planned sell-out. But, he adds "the Afrikaner (Whites) are accustomed to fight. The black man is not interested in power-sharing. If you give him just a little bit, he uses that power to demand more power and if you try to share the power in the same country and he's a majority, he'll certainly destroy you."

This is not Miami but Birmingham, England that is, the Handsworth neighborhood. For two days blacks rioted, burned and looted because police tried to arrest their local drug dealer. Blacks remain the same the world over!

Bloody Riots Blamed On Whites

Handsworth, England, suddenly blacks dashed into the streets throwing rocks to drive off a handful of unarmed British Bobbies (police) who sought to arrest a local black Rastafarian drug dealer. The police threatened to remove their local source of drugs. When law and order vanished from the street blacks poured out of their tenement buildings and went after those they hate worse than Whites - Asian merchants from India!

They have flocked into British slums and even White neighborhoods buying up small stores. Blacks openly say they resent the sharp trading tactics of the Asians and are jealous of their monetary success. This is the same complaint which brought black mobs after Asians in South Africa where they quickly took advantage of the chaos to attack, loot and burn down their shops. The black carnage spilled over into England's streets where cars were overturned and set on fire and others were stoned as they fled the street terror. "The London Daily Mail" charged that the police were too soft on

the rioters and should have cracked down harder from the start. The paper actually had the courage to charge blacks with being "the have-nots looting the haves - the Asian shopkeepers."

Both these groups are long standing enemies. Many of England's Asians were driven out of Kenya and Uganda after blacks were given control of these former British colonies. Many of the blacks are from Former British held islands in the West Indies. Whenever a racial nationality group such as the Anglo-Saxon English allow divergent alien colored groups to flood into their country society and civilization itself will eventually break down.

Whites And Police Blamed

While all British newspapers placed the blame for the Handsworth riots on negro street criminals the Jewish owned (Sulzberger family) New York Times of Sept. 12 carried an article quoting two Marxist groups in England. They are the Alliance For Police Accountability and the Greenwich Action

Committee Against Racist Attacks. The first blamed the police stating, they are "rife with racial prejudice, use racial terms, unfit due to drink, dishonest and guilty of using bullying tactics, threaten frightened young blacks during questioning," etc.

The latter group alleges, "organized gangs of fascist White youths attack non-Whites." They quote a liberal judge in Newham last year who

freed 4 Asians who attacked Whites in a pub on the grounds they had been "provoked." White people are quickly awakening to the truths of racial reality. A nation is the people who created it. Look at Japan, Germany and the other great nations of the world! Can anyone point to a single multi-racial state which is a success? Do we wish to become "the White minority" as the media loves to call South African Whites? There is indeed a great danger of America becoming a colored majority nation in which we will find ourselves caught between Marxist blacks threatening brutal Black Power rule and sell-out Jews and liberals who want to give it to them!

Right-Wing Voting Strength In Germany

NPD Gains In Germany
White Nationalist parties make rapid gains in Europe: The French National Front Party polled 11% of the vote last year tying the Communist Party which recently was in a coalition running the government with the Socialist Party. Rightist parties in France, Italy and Greece have elected members to the European Parliament.

Germany's National Democratic Party (NPD) was first formed in 1962. Due to sabotage by agents of MOSSAD, Israel's secret police agency, they were foiled from electing members to the Bundestag in the early days. While just barely existing vote wise for over a decade the NPD scored 90,000 votes, up by 30,000 from the previous count in 1983. In last year's European

Parliament elections the NPD polled 198,000 votes and is again poised toward electing members to office. The NPD is attracting mainly young people to its ranks as are Rightist groups in the U.S. The NPD stands for the reunification of Germany, recognition of racial inequality, and opposes colored immigration. A new dawn, a new day is at last in sight for White Europe.

1,700 White Patriots Rally At Stone Mountain, GA.

White Patriot's Activity Report

The National Knights held their 55th Annual Patriots Reunion at Stone Mountain, Ga. Labor Day weekend. A tremendous amount of work went into organizing the event which was carried out by Dave Holland and Steve Anderson. Patriots from around the nation gathered with the largest contingent led by Glenn Miller, leader of the White Patriot Party from North Carolina.

The Atlanta Newspapers, (The Constitution and Journal) true to their leftist record sought to sabotage this great gathering. First they reported that our parade down Memorial Drive had been banned by Judge Robert Hall. The truth is that Judge Hall ordered DeKalb County officials to permit the parade and provide police protection. After the day long events were concluded we had held one of the most successful rallies in years with some 100 cars and trucks in the motorcade, 300

people marching and a whopping 1,700 people attended the rally!

How did the Atlanta Constitution-Journal report this tremendously successful event? They said only about 50 cars motorcaded, 200 marched and something "...over 150 people attended the rally!" This is the kind of "fair play" patriots can expect from a radical Marxist newspaper whose head is a Jew named Schwartz. Our hats are off to Glenn Miller and the men you see leading this parade. If you look down the long, seemingly endless line, it is easy to see how the Atlanta Newspapers lie because many, many more than 200 marched in the parade they said had been "Banned By A Federal Court!" Glenn Miller is holding the largest marches and rallies in the nation under the banner of THE WHITE PATRIOT PARTY.

Louisiana Demonstrations

Street Action In New Orleans

The National Social Liberation Front (NSFL) is headed by veteran activist Patriot Karl Hand. He has literally set Louisiana on fire. The Jews are so concerned over his public demonstrations that they are appealing to the state legislature for a new law making it a crime to "insult a Jew." Here are but a few of the remarkable events which have taken place because of the leadership of this one man — whose band of followers grows by the week — yes even by the day. Karl Hand held a street literature distribution in New Iberia, La., followed by another literature distribution on New Orleans busy Canal Street and by a march to the White Monument, (erected decades ago to honor the White Patriots who took up arms to drive the scalawags and carpetbaggers out of the city after the Civil War and re-establish White rule.)

Karl Hand has personally led many similar street activities. His men protested con-man Gov. Edwin Edwards recent holocaust commemoration in Baton Rouge which won the NSFL state-wide publicity. Other demonstrations have been aimed at the Jew ADL New Orleans' head A. I. Botnick. He was responsible for raising the money and directing the assassination of the pregnant White Christian school teacher Kathy Ainsworth, (a Segregation Leader) in the 1960s in Meridian, Miss. Karl says that this wanton murder by the Jew ADL will, "NEVER BE FORGOTTEN AND NEVER BE FORGIVEN!"

Karl and Mary Sue King will be married by Pastor Robert Miles on Nov. 9 in what will be the biggest N.S. wedding since the end of World War II.

openly German organization to form a "Political Action Committee" in defense of German rights. Such a group is desperately needed to counter the escalating stream of vicious anti-German HATE propaganda spewed from our TV sets and movie theatres.

The Jewish Defense League (JDL) fire-bombed the GANPAC office in Santa Monica, Calif., on June 4th inflicting extensive damage. Still Mr. Schmidt was able to re-establish the valuable work of GANPAC and their efforts are continuing. BRITISH MOVEMENT-Alive and Growing

The British National Social Movement (BNSM) is a different kind of organization because it is mainly a White Working Class group and proud of it! In fact, they have been so successful in helping so many young people that their methods deserve consideration by Patriots in the U.S. and other countries. The BNSM does not seek publicity and all its activity is "private." They are mainly interested in training, indoctrinating and organizing the White youth of England.

Activities include frequent socials, (dinners and dances), camping, hiking, running and bicycling in competition for awards, exercise including swimming, weightlifting and boxing are included. Physical fitness provides a fit mind which can absorb right-wing education with anti-drug lectures, the

dangers of race-mixing, pornography, colored immigration, the dire threat to freedom from Jewish Zionism and Communism are all part of this well organized program. The BNSM has a "Land Fund" which has raised over \$8,000 to purchase property for camping, training, meetings, etc. Here is an organization which in its quiet, unpublicized way is doing much to help White working class youth to overcome the deprivation which is so common in England. They are making a valuable contribution to the overall movement.

David Rockefeller multi-millionaire Marxist - Loans money to Russia - seeks to strangle South Africa!

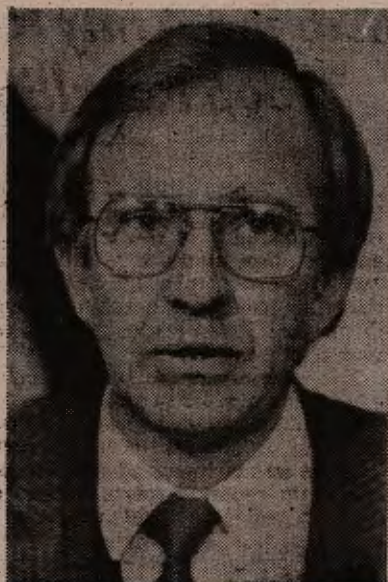

International Banks Seek To Bring Down South Africa

The New York Times let the cat out of the bag on Sept. 2 when they revealed which bank started the move of denying the renewal of loans and the ceasing of new loans to South Africa. It was David Rockefeller's "Chase Manhattan Bank." It is of interest to note that the Rockefeller's are Morrano Jews who left Spain for France and then came here. It was called a "new form of pressure by the big international banks to end Apartheid in South Africa."

What business is that of the big bankers? How can they dictate social policy? South Africa is one of the safest nations in the world to invest in. South Africa has reserves of \$2.1 BILLION in gold and \$250 million in foreign currency. They have credit with the International Monetary Fund of nearly \$800 million and this year has an export trade surplus of \$2 billion. This is a far better record than that of the U.S. which has a trade deficit of \$150 billion and a national debt which will increase by \$210 billion this year alone! America is FLAT BROKE while South Africa is a rich and prosperous nation. Yet the bankers are trying to destroy her and bring to power Black Power Communist rule. The International Banks have forced the Rand (their money) down to an all time low which greatly increases what they must charge for exports. This is more sabotage.

Jewish Financial Pressure

Marshall E. Blume, (Jew), chairman of finance study at the Wharton School in Penna., said "It is almost impossible for Americans to invest in South Africa due to the uncertainty. Banks don't like to invest where they don't have total freedom in

South Africa's Finance Minister Barend du Plessis stopped repayment on all foreign debt after Rockefeller's stab in the back.

the financial world."

Well, the International Jewish Banks have poured billions into communist Poland, Russia and Black African dictatorships where they have absolutely no "total freedom in the financial world." How come the switch in policy when it comes to totally safe and secure loans to South Africa? Once again we see the behind the scenes role played by the banks in the promoting the very chaos and upheaval they claim to oppose.

When you come right down to it two Jewish banks, Kuhn Loeb & Co., and the Warberg Bank of Hamburg financed Lenin and Trotsky's overthrow of the Christian Czar of Russia. This brought Communism to power. It is not amazing that since 1918 nothing has changed??? The Big banks and communists working hand in glove to bring about a system of economic and political slavery for White Christian people. Freedom will ring when we awaken enough people.

Israel Destabilizing South Africa

South Africa created black homelands within their country for two large negro tribes who wanted independence called Ciskei and Bophuthatswana. Eric Marsden of South Africa's "Sunday Times" reports the government is concerned because Jewish businessmen and military advisors are investing money in the

Skids Face Auto Production

American cars may well become relics of the past and museum pieces if the statistics produced by the Arthur Anderson Co., prove correct. He says that by 1990 foreign cars (mostly from Japan) will account for 40% in the U.S. (Already in California 50% of all autos on the road are from Japan.) Today the Japanese market is 20% and this will double within 5 years with over 1 million cars being shipped here annually.

Massive layoffs in the auto industry have already begun. Ford has announced 10,000 workers will be phased out of their jobs by 1990. Strangely enough this same figure was also announced by both General Motors and Chrysler Corp. U.S. auto makers say the only answer is to reduce American workers wages to those of the Japanese thus also lowering our standards to their level.

U.S. Industry Collapsing

Experts predicted we will become, Hi-Tech assemblers of computers, micro-chips, etc. Thus Silicone Valley industries were created in California. The next thing we learned was that most all of their employees were Asiatics! Then the slump hit and even they were laid off when Japan and Korea took over this NEW industry.

How can we continue to be a leading world power if we must rely on far eastern countries for all our steel, automobiles, electronics, etc., etc. The truth is that we will be reduced to a subservient country at the total mercy of the nations of the EAST. Even lower priced goods from Europe are being wiped out by this unfair, growing, Asiatic competition. Soon, a majority of heavy industry products will be shipped to the world from Japan, Korea, Red China, Formosa, Indonesia, Hong Kong and Singapore. Tiny places, but with stupendous production capabilities.

homelands and advising the black militia on "security". They are building international airports which threaten the viability of South Africa's national airline. Foreign Minister Pik Botha warned Israel's Ambassador Eliahu Lankin that, "Pretoria will not accept any responsibility for any bad debts Israeli speculators may incur in the homelands."
